If you don't practice, how can you know that this practice method will go crazy?

If this continues, don't you have to expose Gong Qianqiu?

With Master's sense of smell, he would immediately doubt it.

So in order to protect Gong Qianqiu, Xiao Feng still didn't say anything.

Even if someone practiced this kung fu to the point of becoming insane and injured.

After all, in his mind, Gong Qianqiu is the most important.

Everyone else can only lean back.

However, Xiao Feng was still a little worried.

He didn't leave immediately, but hid and watched from a distance.

If anything happens, he can help.

Not completely ignored either.

Seeing this, he was a little stunned.

It seems that Levilia has taught Zoey Lopez their exercises for more than a day or two.

Zoey Lopez and others have been able to use this technique proficiently.

At least it has reached the proficiency used by Gong Qianqiu at that time.

Doesn't this mean that they are going to go crazy?

After Gong Qianqiu has practiced to this step, he has gone crazy.

They are in danger...

Xiao Feng immediately became nervous and stared at the field.

Zoey Lopez and the others started to practice using the exercises.

Time passed by minute by minute.

five minutes.

ten minutes.

half an hour...

No one had an accident, let alone go crazy!

Ok?

Not right!

When Qianqiu used this practice method, he had already gone crazy.

wrong!

Where is the problem?

Qianqiu himself said that this practice was too overbearing.

Only the physique of Levilia can cultivate.

Whoever cultivates will go into the devil's way.

Why are there not the slightest problems with the cultivation of Shi Niang and these people?

In terms of strength, they are not as good as Qianqiu.

Even compared with Qianqiu's spirit root spirit bone, it is far worse.

But why do they have nothing at all when they practice Levilia's exercises?

Are the exercises taught by Levilia different?

But he looked closely, and it was exactly the same in terms of operation and otherwise.

What part went wrong?

Is it just that Qianqiu has become obsessed with practice?

No one else will!

It shouldn't be.

Xiao Feng observed for a while.

Even some beginners practice Levilia's exercise method, and it is unimpeded, and there is no problem at all.

This is so wrong.

Shall I try it myself?

Since Gong Qianqiu went into flames and vomited blood that day, Xiao Feng left Levilia's practice behind and never practiced it again.

Now he couldn't help but have the idea of giving it a try.

Soon, he came to the place where he cultivated by himself.

Start running Levilia's exercises.

"Buzzing..."

For a time, the surrounding spiritual energy and the elements of heaven and earth were swallowed by him continuously.

Xiao Feng was very nervous and careful.

For fear of going crazy.

Soon he came to the link where Gong Qianqiu's practice had an accident.

He became more and more careful, for fear of an accident.

But what he didn't expect was that this link actually passed smoothly.

Go in a deeper direction.

Soon, Xiao Feng felt that everything in the world was gathering towards him.

He is the center of this world.

Absorbing the endless spiritual energy between heaven and earth.

Gradually discovered the mystery of Levilia Gongfa.

The techniques of qi refining he practiced were all aided.

And the law of the monarch is to own it.

In fact, Gong Qianqiu saw it thoroughly, that is, swallowing everything.

This method is not to absorb, but to swallow.

Just practicing the Levilia Gongfa for a while, Xiao Feng is improving wildly.

Xiao Feng is the most savvy and most talented among Levi Garrison's apprentices.

After running Levilia's exercises, it is even more powerful.

In just half an hour, Xiao Feng's strength has risen to a higher level.

Xiao Feng's face was full of disbelief.

I never thought that Levilia's practice was so mysterious, and it would not be as domineering as Gong Qianqiu said to make people go crazy.

"God! This..."

In order to make sure not to go crazy, Xiao Feng practiced several times in a row.

There are none.

"Could it be that Qianqiu lied to me in the first place?"

A terrible idea popped up involuntarily!

Xiao Feng himself was startled.

“Xiao Feng, what are you doing? You suspect Qianqiu?”

Xiao Feng blamed himself.

I can't help but think.

So many people have practiced without going crazy.

Advertisement

It's just that Gong Qianqiu can't do it after practicing?

You must know that Gong Qianqiu is stronger than them.

How can it go crazy?

And her way of exercise is not extreme, it is exactly what he is practicing now.

Advertisement

Exactly the same.

He didn't get carried away.

How could Gong Qianqiu?

Gong Qianqiu also said that this practice is extremely domineering, and whoever practices it goes crazy.

But he just practiced meditation.

Where is the domineering?

Not at all.

Of course, the speed of absorbing spiritual energy is indeed domineering!

Is it Gong Qianqiu's own problem or is she lying to herself at all?

Xiao Feng tried hard not to doubt Gong Qianqiu, but the idea came out involuntarily.

He couldn't control it at all.

Could it be that Gong Qianqiu wanted to practice this practice secretly, but was afraid that he would doubt it.

Therefore, he created a drama of going crazy and let himself know that only Levilia can practice this domineering technique.

I will never doubt that she will practice this technique again!

It is even possible that at the beginning, I suspected that the master was hiding secrets, and Levilia's practice was the technique of refining Qi, and all of this was guided by Gong Qianqiu.

The purpose is to obtain the exercises created by Levilia himself.

If this is the case, her purpose has been achieved.

From beginning to end, Gong Qianqiu just wanted to get Levilia's exercises.

These are all fake.

I was also intimidated.

I thought only Levilia could practice.

...

The more Xiao Feng wanted to put these thoughts behind him, the more he thought about it.

Like going crazy.

Can't doubt Qianqiu!

She is your woman!

How can you doubt her?

Xiao Feng, you are not human!

Xiao Feng blamed himself.

But these thoughts lingered in my mind.

He was going to despair.

The more he thought about it, the more he felt that Gong Qianqiu had deceived him.

right!

He set out to find evidence against this idea.

correct!

If Qianqiu really practiced Levilia's technique, then after so long, her strength should be at its peak.

But he almost met Qian Qiutian.

Although she has been getting stronger, she is still at a normal level.

It is far from the strength of a martial art like Levilia.

And Gong Qianqiu went crazy that day and it was true.

She doesn't lie.

Could it be so?

Can't the people from Zhen Mosi practice?

After all, what they have cultivated from the beginning is different.

The physique is not even the same.

They can't practice.

On the contrary, he and Zoey Lopez can do it!

Absolutely!

Another point, according to Gong Qianqiu he knew.

This is a very straightforward person.

If she really wanted to practice Levilia's exercises, she would tell herself bluntly.

Don't beat around the bush to do this kind of thing.

...

After some psychological struggle.

Xiao Feng finally convinced himself.

"Xiao Feng's family treats you like that, you are the most qualified to doubt them!"

"You should be the one who stood up to defend her when others doubted Qianqiu!"

Xiao Feng blamed himself fiercely.

Putting these thoughts aside, Xiao Feng began to practice.

Because of the re-running of Levilia's practice, he discovered a new continent.

He can get stronger.

Can catch up with Gong Qianqiu.

It can also contribute to the master, and even avenge the five Azure Dragon (Qinglong) people.

Too bad I didn't know.

Otherwise, if he had cultivated earlier, his current strength would have reached a very high level.

As a result, Xiao Feng was going to practice Levilia's exercises like a madman.

Just as he was cultivating vigorously, a voice came: "When did you learn Levilia's practice?"

This sound almost scared Xiao Feng to death.

"Master?"

Xiao Feng turned his head to look, not knowing when Levi Garrison had appeared behind him.

He hurriedly said hello.

"Huh? You can also do Levilia's exercises?"

Levi Garrison asked.

"This... it was passed on to me by Levilia, and she also passed it on to the mistresses to practice! I want everyone to be stronger and help you!"

Xiao Feng said immediately.

"Well, practice hard!"

"Levilia, this method is indeed suitable for you! It's not like my basic method!"

Levi Garrison patted Xiao Feng on the shoulder.

After watching Master leave, Xiao Feng gasped heavily.

Can not be done!

Now every day I live in fear, when will it go on like this?

End it as soon as possible.

He really wanted to introduce Gong Qianqiu to everyone.

Let her integrate into this big family as soon as possible.

And Gong Qianqiu, who he was thinking about, was making various arrangements.

...

the other side.

God Tianjian is still supernatural.

I actually contacted the Shadowguard.

"I want to know where the Three Saints of the North Pavilion were taken by you that day?"

The person from the Shentianjian questioned.

The shadow guard smiled: "I think you all know our rules, you can't say who the employer is..."

"I can only tell you that the Three Saints of the North Pavilion are dead!"

A few people in Shentianjian were surprised: "Ah? Dead? Then why did you hire you to save us? We also wanted to kill the three saints in the North Pavilion. Our goals are the same..."

Shadowguard shook his head: "That's unknown."

"Who the hell hired you, we'll pay ten times their price!"

God supervises everyone.

The shadow guard shook his head: "Every line has its own rules! Not to mention we don't know who the employer is..."

"It's just that the way they approached us was clumsy, as if they weren't from the Demon Suppression Division..."

Hearing this conclusion, everyone was shocked: "What? Isn't it a member of the town magician?"

"Yes! It's also our guess! After all, there are many people in the town of demons who know that we exist. If they want to find us, they must go through the ghost market! But these people don't know the ghost market..."

Shen Tianjian immediately brought the message to Dugu Tuo.

"Isn't it a member of the Town Demon Division? Are our suspicions wrong?"

"Not from within us at all? From outside?"

Even Dugu Tuo was suspicious.

"There is such a possibility! The other party is confusing us, thinking that they are insiders of our Town Magic Division!"

"In the past few days, we have conducted a large-scale investigation of the people in the Town Demon Division, and we have found no one!"

"I'm just wondering if we're going in the wrong direction? It's impossible that no one can find it! Is there only one or two people in this force? Impossible!"

"It now seems that it is possible for external forces to control everything! Let's fight in the nest!"

...

Chinese analysis said.

Dugu Tuo was puzzled for a while: "External forces? Now we have a clear understanding of the major forces in the world, and everyone is involved in the game! Who can control everything?"

"By the way, I suddenly remembered that there is an external force!"

"Before the monkeys in the outside world put this force and us as two legends!"

"They are the Tianshi Mansion!"

...

When the name came out, there was an uproar in the audience.

“After the aura recovered from the outside world, Tianshi Mansion and us actually appeared in the outside world together. It’s just that after so long, there is no information from Tianshi Mansion, don’t you think it’s strange?”

“There is such a tyrannical force that all of us have ignored, and no one has mentioned it at all. Does this mean that this force can be hidden?”

Everyone analyzed.

Think about it.

Seriously terrified!

How did such a large force achieve stealth?

Why did no one dare to mention it?

“I think it’s this Tianshifu that controls everything behind the scenes!”

“Well, if this powerful force is deployed, then everything makes sense!”

The Return of the God of War [The Protector] Chapter 3617

[/ The Return of the God of War \[The Protector\]](#)

Although Dugu Tuo was still suspicious.

But this force can do it all.

If you say that some unnamed people in the town magic department control all this.

Who believes?

How is it possible to have this ability?

There must be a superpower behind everything.

Everything is reasonable.

As for the inside of the Town Demon Division?

There must be people for them!

Others are also very sure: "Of course they must have an internal response in the Town Demon Division, otherwise they can't do it!"

Advertisement

"Their purpose is to disintegrate the inner layers of the Town Demon Division, and as a result, they didn't expect the Town Demon Division to be unified."

"Now they can only provoke a conflict between us and Levi Garrison, and let us both kill and die, so they can take advantage of the fisherman!"

"Beijing actually doesn't have anything under this circumstance..."

...

Everyone understands.

Next, the people in the Suppressing Demon Division who were found were all the inner responders of the Tianshi Mansion.

The ancestor of the East Pavilion said: "I now judge that the top ten talents and the four town pavilions have been robbed by them."

"What do the three saints in the north pavilion say? What's the use of the three saints in the north pavilion?"

A question was raised.

Advertisement

"Of course it's the Beige Zhenge artifact and all kinds of secrets! The Beige Three Saints know almost all the secrets of the Zhenmo Division."

"In that case, doesn't it mean that the bodies of the Three Saints of the North Pavilion can be found in the Tianshi Mansion?"

Dugu Tuo immediately ordered: "Send someone to go to the Tianshi Mansion to check and see if there are any corpses of the Three Saints in the North Pavilion!"

"The next focus will be shifted! Send half of the staff to investigate the Tianshi Mansion!"

...

No one would have imagined that the investigation of the Shen Tianjian would change its target so quickly.

All of this is actually under Gong Qianqiu's control.

The Shadowguard was also arranged by her.

Although the Shadowguards can't control them, they follow the rules very much, as long as they give them what they want.

Then they will work for you.

Gong Qianqiu asked them to deliberately disclose information to the Shentianjian.

Guide Shen Tianjian to think about Tianshifu.

Then she left many more clues.

Next, Gong Qianqiu met with some people from the major factions of the Zhenmo Division alone.

These are the people she controls.

Many used the same method as Xiao Feng, fascinated them, and died.

As long as Gong Qianqiu said a word, they were willing to die for Gong Qianqiu.

"It's time for me to need you... Of course you don't have to help, I'll find someone else."

...

Gong Qianqiu said the same thing to everyone.

And he didn't hide it, he probably told them what to do.

It's the back of the pot!

Say it directly!

Instead, these people felt that Gong Qianqiu was sincere, and immediately agreed.

Gong Qianqiu asked them to do whatever they wanted.

These people have been carefully selected by Gong Qianqiu, and their love for her is already terminally ill.

Each one is no less than Xiao Feng.

Even if she knew what she was going to do, she would stand by her side without hesitation.

I have to say that Gong Qianqiu is too scary.

Obviously not a force, but there are so many people working for her!

More than that.

Gong Qianqiu also knew that the North Pavilion intelligence team was serving Levi Garrison.

“Just in time, let me give Levi Garrison a message too!”

Gong Qianqiu smiled.

In the past two or three days, Gong Qianqiu arranged everything.

“The bureaus I set up are enough for Levi Garrison and Shentian to monitor for a while!”

“This is enough for me to complete the root bone transplant!”

“The one who should be comforted the most is Xiao Feng!”

This time, Gong Qianqiu took the risk to see Xiao Feng.

It caused Xiao Feng to hallucinate again and became more dependent on Gong Qianqiu.

Even more tightly tied his heart.

“Xiao Feng, after everything is over, I will give you a baby!”

Gong Qianqiu’s words before leaving completely locked Xiao Feng.

He immediately looked forward to the future.

And more and more guilty.
