

# The Return of the God of War [The Protector] Chapter 3618

Gong Qianqiu is like this.

He still doubted her before?

Xiao Feng swore that no one could slander Gong Qianqiu in the future.

If anyone else wants to slander Gong Qianqiu, he will go all out.

Even if this person is Levi Garrison!

Gong Qianqiu is above everything in his mind.

Whoever slanders, whoever dies!

After comforting Xiao Feng easily.

Gong Qianqiu went to the corpse pit.

Time is up.

The Bone Master is all done.

Just waiting for Gong Qianqiu to transplant the root bone.

Of course, before leaving, Gong Qianqiu also arranged everything in the West Pavilion.

In the mass grave.

The bone master has refined a pair of devouring spirit bones that are very close to Levilia.

Much better than Gong Qianqiu imagined.

It is mainly Chu Qingshuang's spirit root spirit bone, and the other nine legendary spirit root spirit bones of Tianjiao are made of wear-resistant powder.

Even if it's not as good as Levilia's, it's not too far behind.

In addition, Gong Qianqiu has found the correct way to use the exercises.

For her, it was enough.

Gong Qianqiu will also transplant the root bones in front of the top ten talents, completely destroying their hearts.

The top ten arrogances who were indifferent to everything at first, but now they are not calm.

One by one went mad.

They were once again devastated inside.

"this....."

The three of Xu Qingya were also a little disappointed.

Originally, they expected that Levi Garrison would find him before Gong Qianqiu transplanted the root bone.

It was still too late.

Look at Gong Qianqiu's confident look.

Xu Qingya had expected that Gong Qianqiu must have arranged everything.

For the time being, Levi Garrison and the others couldn't find it here at all.

hiss!

They gasped.

If Gong Qianqiu's root bone transplant is completed, will no one be able to stop her?

After she devoured enough power, will Levi Garrison be her opponent?

Not necessarily.

Anyway, she knew that after the root bone transplant was completed, Gong Qianqiu would truly be reborn!

The strength will reach an unprecedented level!

All preparations for root bone grafting are completed.

There were actually five bone masters involved.

People once again have to marvel at the power of Gong Qianqiu.

He even raised a bone master privately.

Soon after, the root bone grafting began.

The top ten geniuses are getting more and more crazy.

They couldn't accept that their spiritual roots and bones were transplanted into other people's bodies.

The key is that the spiritual roots and bones of ten people are all transplanted into Gong Qianqiu's body.

Xu Qingya could only pray that Gong Qianqiu would fail.

...

the other side.

The intelligence department of the North Pavilion told Levi Garrison the information.

"What? Shen Tianjian is checking the Tianshifu? Do you suspect that the Tianshifu is behind everything?"

Levi Garrison was a little stunned.

If you think about it, it is indeed possible.

Can play all parties in the palm of your hand.

For the most part, it is a great power.

Think about it, how could some unknown people in the town of magic be able to do it?

But Levi Garrison frowned.

According to his last inquiry, there is a high probability that it will be the person from the West Pavilion.

But suddenly came to the Tianshi Mansion.

Not much is known about Tianshi Mansion.

But Tianshi Mansion is really possible!

But it's impossible!

After all, Levi Garrison couldn't imagine the motive of Tianshifu.

And for such a long time, the Tianshi Mansion has stopped him at the beginning.

At other times there was no movement.

Could it be used to block a gun?

This just found a little movement, just made progress, and the Tianshifu came out?

This is not normal!

Levi Garrison suspected that it was the other party's smoke bomb.

The reason why Shentianjian did not suspect it was a smoke bomb.

The reason is the Tianshi Mansion that they analyzed by themselves.

Instead of Levi Garrison, someone told him directly.

In this way, Levi Garrison must be suspicious.

"Then you can go check it out, I'll still check Xige!"

Levi Garrison adopts a two-pronged strategy.

Do both.

“Could it be that this force has made a big move? It’s the smoke bomb?”

“I’ll go to the West Pavilion to see...”

Levi Garrison set off.

## The Return of the God of War [The Protector] Chapter 3619

Levi Garrison did not enter the West Pavilion openly and aboveboard, but sneaked in.

With his strength, no one would find out.

He wanted to find out everything in the West Pavilion as soon as possible.

Let’s see if anyone in the West Pavilion has left, or if there is a big move.

This is what Gong Qianqiu did not expect.

She never thought that Levi Garrison would be so firm, so she directly confirmed the West Pavilion.

The key is that the way Levi Garrison got the information from the Tianshifu seems too simple.

If he found it himself, he might still believe it.

But this message is more like someone fed it directly to the mouth.

This made Levi Garrison doubtful.

Therefore, he is still firmly in the West Pavilion.

Tianshi Mansion is just a smoke bomb.

However, Shen Tianjian is naturally looking for Tianshifu.

Today, the appearance of Tianshi Mansion is no secret.

Everyone knows the main activity area of Tianshi Mansion.

The people sent by the Shentianjian soon came to this area and began to inquire about the Tianshifu.

Gong Qianqiu deliberately left clues nearby, of course, making it difficult for Shentianjian to find it.

If it's easy to find, it's a bit too deliberate.

The clues that Gong Qianqiu left behind will only allow them to find out little by little.

At this moment, Shen Tianjian also discovered something inside the Zhenmo Division.

"I found it! I found the inner response of the Tianshifu in the Town Demon Division!"

"At present, four main personnel have been arrested!"

"Yang Zhe from the West Pavilion, Zheng Feng from the South Pavilion, Chen Hesheng from the East Pavilion, Wang Xingyu from the Middle Pavilion..."

The speed of Shen Tianjian is still fast.

The person who was arranged by Gong Qianqiu was found.

These people are willing to die for Gong Qianqiu.

Gong Qianqiu said what they did.

Now let them admit that they are spies of the Tianshi Mansion, and they have no complaints!

Now God Tianjian is convinced of this.

Because the identities of the four are considered to have a certain status in the Sifang Pavilion, not too high, but not too low.

This is the most suitable for introspection.

The masters of the Shentian Supervisor captured the four and escorted them to the former site of the Town Demon Division.

This time Dugu Tuo came to interrogate himself.

“Dugu Tiansi has found evidence of the four people’s contacts with the outside world and how they communicated...”

Soon, others will find evidence one by one.

This further confirmed the fact that Yang Zhe and the four of them colluded with the Tianshi Mansion.

“Bold! As a member of the Town Demon Division, he actually colluded with outsiders!”

“Can you admit to collaborating with the Tianshi Mansion?”

Dugu Tuo’s powerful coercion struck.

Almost crushed the four of them into mashed meat.

However, the four of them stood firm.

“What if you admit it? Kill us!”

The four of them will admit it for Gong Qianqiu.

Now they just want to beg for death to prove their love for Gong Qianqiu!

“It must be easy to die! But I won’t let you die until you tell me!”

Dugu Tuo sneered.

“Speak! Tell everything about your collusion with the Tianshi Mansion!”

It’s just that the four Yang Zhe are all in a state of begging for death: “We won’t say it, kill us! Even if we say it, we will die, it is better to kill us directly!”

“Okay, I have a way for you to explain everything!”

Dugu Tuo ordered: "Come here, take them to the Law Enforcement Prison! Let them taste the most severe torture of my Town Demon Division, I won't believe it or not!"

Hearing this, the four of them looked terrified.

The Law Enforcement Supervisor is the institution in which the Town Demon Division is in charge of punishment.

There are all kinds of strange torture inside.

Anyway, no one who was sent to the law enforcement prison could come out completely.

Soon, the four were escorted to the law enforcement prison.

Dugu Tuo began to wait for the message.

"Tougu Tiansi, and about 20 people have all been arrested, and they are all on their way!"

"The characteristics of these people are also very obvious, their strength is not very strong, and they are easy to be ignored. But most of their positions are to control intelligence and the like."

The subordinates came to report.

"good very good!"

Dugu Tuo was clearly satisfied.

## The Return of the God of War [The Protector] Chapter 3620

In such a short period of time, he had taken all the contents of the Tianshi Mansion.

"If our path is right, we've caught the big guy!"

"It will soon be clear that those people in Tianshi Mansion are controlling!"

Tokuto said.

But soon the news came...

**"Dugu Tiansi is not good, all the inner should be killed on the way to delivery!  
There is a mysterious master who shot in the dark, killing the inner should one by one!"**

**"They move too fast, and our people can't stop it at all!"**

...

**"What? Neiyang is dead?"**

Dugu Tuo's face changed greatly.

He realized something and immediately exclaimed: **"Hurry up! Those four people were in danger just now!"**

He hurried to the location of the law enforcement supervisor.

Soon came to the door of the law enforcement prison.

As a result, four bodies were seen.

All four Yang Zhe were killed.

**"Who did it?"**

Dugu Tuo asked coldly.

**"Dugu Tiansi is too fast, they are all assassins!"**

**"It seems to be the killer of Yan Luodian!"**

"Yes, I also feel that it is the killer organization of Zhen Mosi!"

At this time, people from other places also came.

All their escorts were killed.

"It can be roughly determined to kill Yan Luo Temple, Seven Kills, Hongye, these killer organizations! They shot too fast, and they disappeared after killing people! This is a premeditated plan!"

Some people began to ask suspiciously: "Dugu Tiansi, isn't he from Tianshifu? You see it's the killer organization of Zhenmosi!"

"Yes, this has nothing to do with Tianshi Mansion, right?"

Everyone began to doubt.

Dugu Tuo glared at them: "If you were from the Tianshi Mansion, would you come to kill people in an upright manner?"

"It's the most correct thing to hire a killer from the Town Demon Division!"

Everyone just understood.

Originally, the suspicion of Tianshifu was fifty percent.

Now after these two things, it has come to 10%.

It is roughly determined that it is Tianshifu.

"Tianshifu is good! Dare to move the Demon Suppression Division? You are courting death!"

Dugu Tuo was angry.

"Then what should Tiansi Dugu do? Go directly to the Tianshifu?"

The others asked.

How can the people in the town demons endure this?

"no!"

"This matter has to be discussed, and we have to continue to investigate! These are not enough to be sure! What if we make a mistake?"

"What's more, if we start a war, will Levi Garrison come to deal with us? What about other forces?"

“As far as I know, the strength of this Tianshi Mansion may not be inferior to us at all! If we force a war, we can only lose both!”

...

“Now our purpose is to first determine whether it is Tianshifu! We need all-round evidence to prove this!”

Dugu Tuo is also a cautious person.

Although there is already a lot of evidence.

But he still didn't believe it.

Need to be 100% sure.

“Let's see if we can find anything around Tianshifu...”

Next, Dugu Tuo stepped up the search.

Two days later.

Sure enough, there are results.

The bodies of the Three Saints of the North Pavilion were found around the Tianshi Mansion.

This time, the entire town magic division was shocked.

It turned out that the Three Saints of the North Pavilion were really captured by the Tianshi Mansion.

Still a corpse.

When the body of the three saints in the north pavilion was brought back.

The whole town magic department is going crazy.

Looking at the corpse, it was obvious that he had been brutalized before his death.

One by one is about to become a mummified corpse.

This time, everyone believes that seven seven eight eight.

The basic mountain must be determined to be Tianshifu.

“Not only that, they even sucked the power of the Three Saints of the North Pavilion? This...”

Dugu Tuo said coldly.

the other side.

Levi Garrison also received the news that the corpses of the Three Saints of the North Pavilion were found around the Tianshi Mansion...

“Huh? Something’s wrong! If I were this faction, I would definitely burn the bodies of the Three Saints of the North Pavilion...”

Levi Garrison was suspicious.
