

The Return of the God of War [The Protector] Chapter 3629

Xiao Feng immediately comforted Gong Qianqiu: "Qianqiu, don't be afraid! I'm here for everything! If you are implicated and exposed, I will explain it to the master!"

"I will prove to them that there is nothing wrong with you! Even if I die, I will prove your innocence!"

This is Xiao Feng's last resort.

Gong Qianqiu knew that he had lost his temper, and nodded immediately: "Okay, you will protect me in the future!"

Gong Qianqiu was already thinking about a strategy.

If you really expose yourself.

Then the only winner is Xiao Feng, the chess piece.

She wants to control Xiao Feng and come to oppress Levi Garrison.

How did Xiao Feng know that Gong Qianqiu had murdered.

He is still analyzing: "I also think that Chu Wu has a high probability. He has been to Tianshen Division before, and he is familiar with everything about us!"

"By the way, I thought about it. The last time Master's whereabouts were exposed... He must have heard you say that it was exposed, right?"

Xiao Feng thought of something, and immediately questioned Gong Qianqiu.

Gong Qianqiu was still thinking about other things, but in front of Xiao Feng, he still had to continue acting.

Gong Qianqiu showed a look of sudden realization: "Yes, when I was forced to say that Master went to destroy the Eternal Kingdom, Brother Chu Wu was also present! It must be him!"

"Sure enough, it's him! I'll just say, this whereabouts will not be leaked for no reason!"

"He is the son of the Lord of the West Pavilion, and his identity is just enough to get in touch with high-level affairs, and he can hide his identity."

"It's confirmed, he definitely did a lot of things. And there must be someone behind him... maybe the Lord of the West Pavilion!"

...

Xiao Feng thought he had analyzed everything.

Gong Qianqiu didn't listen to a word of his analysis.

Gong Qianqiu said anxiously: "Then Xiao Feng, if I am involved and exposed by Chu Wu, then I will go back to the West Pavilion now to see the situation, and don't let the master misunderstand me..."

"It was nothing at all, but because of this incident, I was involved, and I mistakenly thought that I was with you, but I was actually using you!"

Gong Qianqiu is now anxious that Chu Wu is being targeted by Levi Garrison.

It happened that he gave Chu Wu an order to wait for him at a secret location.

Levi Garrison is now staring at Chu Wu, does it mean that his secret location is about to be exposed.

Are you revealing everything about yourself?

That would be a big trouble.

If Levi Garrison came to the secret location, then he would really be exposed.

At least there are too many secrets hidden in the secret place.

For example, as a means of contacting the outside world and so on.

With Levi Garrison's strength, it is enough to find out everything.

not good!

You have to go now!

Xiao Feng also immediately said: "Well, yes! Don't let the master misunderstand! If it really doesn't work, I will confess to the master and introduce you first!"

Before Gong Qianqiu left, he exhorted: "Xiao Feng, just listen to me! Don't act without authorization, we have to unify your voice! I will let you confess, and you will confess!"

Xiao Feng nodded: "Okay, I understand!"

"You go quickly!"

After Gong Qianqiu left.

Xiao Feng frowned.

"What's going on? Qianqiu is so anxious to be like this? It's as if she was exposed!"

Xiao Feng muttered to himself.

This is not normal!

Qianqiu was in such a hurry?

If she was simply exposed in advance, she wouldn't be in such a hurry.

Even Xiao Feng could not help but doubt it.

Gong Qianqiu's anxiety is too abnormal.

wrong!

Qianqiu must care about me too much, for fear that this matter will affect our relationship.

That's why it's so stressful!

Unreasonably nervous!

Xiao Feng smiled.

He must be very happy to be so concerned by Gong Qianqiu.

After Gong Qianqiu left this place, he immediately took remedial measures.

“Chu Wu must not be discovered by Levi Garrison! Do not!”

Miya Chiaki prayed.

Don't let Levi Garrison find out!

Absolutely not!

Gong Qianqiu is in a hurry!

She is now trying to contact Chu Wu by special means.

Soon after, Chu Wu came to the secret location.

This is where he and Gong Qianqiu often discuss things.

There are also many things hidden.

At this time, Gong Qianqiu actually used the most secret communication method to contact him...

Chu Wu's face changed wildly.

Because of this encrypted and re-encrypted contact method, they stipulated that it can only be used when there is the most urgent matter.

Now Gong Qianqiu uses this method to contact himself.

Does that mean something is going to happen?

Chu Wu was sweating all over his body, and his body began to tremble.

An aura of danger came over him.

“Brother Chu Wu, listen! You are now being targeted by Levi Garrison! You are determined not to run away! You have already exposed the secret location!”

“He’s around you now!!!”

Gong Qianqiu’s voice came immediately.

Chu Wu couldn’t help shivering.

The whole person shivered.

It feels like being targeted by a poisonous snake.

Have you been targeted by Levi Garrison?

That’s it!

It’s over now!

“Brother Chu Wu, what should I do next, I don’t need to tell you?”

“I’m sorry, Senior Brother Chu Wu! There’s really no way! I didn’t expect him to follow you!”

Miya Chiaki said.

“Okay! I understand!”

“But I want to ask you one last question...”

Gong Qianqiu wondered: “What?”

“Are you really with Xiao Feng?”

Chu Wu asked.

Because during this time, he contacted Xiao Feng.

I also know that Gong Qianqiu has become Xiao Feng's woman.

During the contact process, Xiao Feng was always tired and crooked.

It made Chu Wu very upset.

Wondering if this is true...

Gong Qianqiu smiled: "Brother Chu Wu, do you think Xiao Feng is worthy of me?"

"At the moment, I don't think anyone is worthy of me! As for Xiao Feng, that's all because I used illusions to confuse him! He wants me? Dream!"

Chu Wu at the other end laughed when he heard the affirmative answer.

I felt relieved immediately.

"Okay, I understand! Qianqiu farewell, but I regret not seeing the day you reach the top!"

Chu Wu smiled.

"Senior brother farewell! See you in the next life!"

Gong Qianqiu also said goodbye immediately.

After breaking the contact, Chu Wu smiled: "It's worth it!"

At this time, Levi Garrison was outside this secret location.

Originally, in his opinion, when Chu Wu came here, there would definitely be other people to meet him.

That person is mostly the boss, or even the target he is looking for.

But after waiting for a long time, no one showed up.

This is the problem.

After another wait.

What did Levi Garrison mean?

“not good!!!”

He rushed into the secret location immediately.

The result was a mess inside.

There were several corpses lying about, almost burning out.

There are many other things, the letters are all burnt.

Everything in the secret location that revealed clues was destroyed.

Oops!

I have been discovered!

Levi Garrison’s face changed greatly.

Soon, he came to the innermost position.

It turned out that Chu Wu had fallen in a pool of blood and had already died.

As for the clues in the secret location, all the clues were destroyed.

Nothing left for me.

“this.....”

Levi Garrison couldn’t understand.

How did you expose yourself?

This is impossible!

How long has he been staring at Chu Wu?

Chu Wu didn’t notice it at all.

Furthermore, with Chu Wu’s strength, unless he appeared in person, he would never have found himself.

But unexpectedly, he was exposed.

Chu Wu committed suicide.

Obviously, he knew that he was eyeing him, and he couldn’t run away.

Only suicide.

This also shows a problem on the side, that is, Chu Wu didn't know that he was staring at him before.

I only know now, then someone told him!
