Like everyone else, she slowly raised her head in horror.

Everyone was terrified.

He raised his head, but his eyes were dodging, and he didn't dare to look at Levi Garrison at all.

Raising his head is no different from lowering his head.

At first glance, everything is normal.

When I saw myself, I was so scared that I didn't dare to look at myself.

But he was afraid that some people would hide.

He had to use some means to detect these people.

Levi Garrison's eyes swept across everyone's faces.

It also carries the overwhelming coercion, as if to squeeze everyone out.

At this moment, those who were swept by him felt the ultimate coercion attacking them.

To crush them into blood fog...

this.....

Gong Qianqiu felt the overwhelming coercion coming, and she was stunned.

She knew that this was Levi Garrison's method.

Use this extreme force to oppress, to let yourself leak out.

Once you reveal any power.

Levi Garrison is definitely going to find out.

Levi Garrison's purpose is just like this, to directly give powerful power to force everyone to a desperate situation, even to the point of death.

If someone feels death and wants to fight back or fight, they expose themselves.

This is Levi Garrison's purpose!

Nothing on the surface.

After all, everyone is terrified of themselves.

This person already knew that he was being targeted.

It must be terrifying now.

You can't see anything by that alone.

So Levi Garrison can only force this person to reveal his secrets.

The best way is to give the person a sense of death.

When near death, all actions must be taken.

Because no one knows whether Levi Garrison is a real murderer or a fake murderer...

After all, in front of such a strong man, a few lives are nothing at all.

Kill is kill.

If Gong Qianqiu didn't resist, Levi Garrison would really kill him.

But once she resists, she will expose her power.

"Boom..."

Levi Garrison's overwhelming coercion was imposed on everyone.

stronger!

There was a rumbling sound.

"Clap clap clap clap..."

Everyone's bones began to rattle, and even bloodstains began to appear on their bodies.

"Puff puff....."

There was blood in his mouth.

Their bodies were subjected to extreme strength, and they were about to explode and crack.

And the pressure is getting bigger and bigger.

It felt like every part of my body was starting to crumble.

Gong Qianqiu was naturally attacked by this coercion, and her body was also shattering a little bit.

"what!!!"

The shrill screams spread throughout the town.

All the senior officials of Shentianjian had gloomy faces.

After all, when Levi Garrison did this in front of them, he was provocative.

But they have no choice.

Can only watch.

Everyone asked to look at Dugu Tuo.

asking for his opinion.

Or wait for his order.

After all, when Levi Garrison was in Zhen Mosi, it was the Zhen Mosi who hit him in the face.

He didn't even care about Zhen Mosi at all!

Dugu Tuo also looked at all this with a complicated expression.

No words were spoken, and no orders were given.

The pressure on Gong Qianqiu's people is getting stronger and stronger.

"Crack!"

"Crack!"

...

Cracks burst out one after another on their bodies!

Densely packed, all over the body.

The feeling of death hangs over.

Are you going to die?

Gong Qianqiu is about to despair.

Is Levi Garrison trying to kill them directly?

I would rather kill by mistake than let go...

what to do?

Levi Garrison said to Gong Qianqiu and the others.

Gong Qianqiu felt the overwhelming pressure hit, and she was stunned.

Kill is kill.

But once she resists, she will expose her power.

“Boom...”

Levi Garrison’s overwhelming coercion was exerted on everyone.

stronger!

There was a rumbling sound.

“Kacha Kacha Kacha...”

Everyone’s bones began to rattle, and even bloodstains began to appear on their bodies.

“Puff puff...”

Not all of them were gushing with blood.

Their bodies were subjected to extreme strength, and they were about to explode and crack.

Everyone asked to look at Dugu Tuo.

asking for his opinion.

Or wait for his order.

After all, when Levi Garrison was in Zhen Mosi, it was the Zhen Mosi who hit him in the face.

He didn't even pay attention to Zhen Mosi at all!

Dugu Tuo also looked at all this with a complicated expression.

He never spoke, let alone ordered.

The pressure on Gong Qianqiu's people is getting stronger and stronger.

"Crack!"

"Crack!"

...

Cracks burst out one after another on their bodies!

Densely packed, all over the body.

The feeling of death hangs over.

Are you going to die?

Gong Qianqiu is about to despair.

Is Levi Garrison trying to kill them directly?

I'd rather kill than misplace...

what should I do?

The situation facing Gong Qianqiu now...

Either resist and escape, so there is still a chance.

Although she knew that Levi Garrison was stronger than him!

But she was still somewhat confident that she could escape from Levi Garrison's hands!

But once you resist, you will directly expose yourself.

The next situation will be very, very difficult...

Maybe sooner or later, he will be chased to death by Levi Garrison and the people from the Zhenmo Division.

Here's how to break a jar.

But if she chooses not to resist, then she will be crushed to death by Levi Garrison.

After all, Levi Garrison's method of this test has not stopped, and it doesn't matter if he kills directly.

If you don't resist, you will face death.

Still a high probability of death.

In the end, he didn't even show his super strength, and he was afraid that he was already dead.

But she naturally knew that Levi Garrison was testing.

The purpose is to force yourself to resist and reveal your strength!

what to do?

Gong Qianqiu is really at a loss...

Is it to resist or bear silently?

Like everyone else, she was suffering the most extreme pain and came to the brink of death...

Take a gamble!!!

Gong Qianqiu is also a person who does great things!

If you resist, you may not escape. If you escape, you will be chased and killed, and I am afraid that sooner or later, you will be planted in Levi Garrison's hands.

It is better to bear it silently. Although there is a high probability of death, if he survives, he will temporarily dispel Levi Garrison's doubts.

She still has opportunities and time to develop.

After weighing the pros and cons, Gong Qianqiu decided to endure.

Come for a chance!

"Kacha!"

"Kacha!"

...

The pressure given by Levi Garrison is getting bigger and bigger, the bloodstains on their bodies are getting wider and wider, and the bones are even more shattered.

The internal organs of the body are slowly cracking open.

Seeing is not alive.

However, Levi Garrison did not intend to stop and continued to exert pressure.

“Ah!!!” A

shrill scream came.

dying!

All are going to die.

Gong Qianqiu and several people couldn't bear the extreme pain directly and passed out.

Because Gong Qianqiu did not use her powerful strength, she is now as vulnerable as ordinary people.

She was completely unconscious.

Just like dead.

Everyone has come to the limit of life and death.

As long as Levi Garrison exerts one more force, they will surely die!

At this moment, the limit point has come.

Even Levi Garrison was shocked.

The limit of this death has come.

Didn't even make the slightest resistance?

Was this person strong-willed and went out of his way, or did he just find the wrong person?

Levi Garrison began to doubt.

Should not be!

You're going to die, why don't you resist?

Unreasonable!

If this person is really strong enough, it is impossible not to resist.

You can really kill yourself!

never mind!

Just kill yourself!

Levi Garrison would rather kill by mistake than let it go.

At this critical moment, Dugu Tuo said, "Isn't that bad? Killing the people of the Demon Suppression Division in front of everyone? Do you really think we are easy to bully?"

"

The entire Zhenmo Division glared at Levi Garrison angrily, "Stop! Quickly stop!"

The senior officials of Shentianjian were even more angry, "If you don't stop, we'll have to do it!"

Although they kept saying that they would do it .

But everyone was still a little scared.

No one dared to rush up first.

Even Dugu Tuo is afraid.

Although what Levi Garrison has done is already frantically provoking the Town Demon Secretary.

But fearing Levi Garrison's strength, they never dared to attack.

"Stop, Levi Garrison! This is not a place where you can go wild!"

Dugu Tuo warned again.

It's just that Levi Garrison ignored them at all.

He still said that, he would rather kill by mistake than let go.

As soon as Gong Qianqiu woke up, he felt that greater coercion was coming.

Death is coming!

**Levi Garrison is going to kill them!**

**Will not let go!**
