

The Return of the God of War [The Protector] Chapter 3651

Using one's own apprentice is not good after all.

Levi Garrison couldn't do anything.

Although it is possible to take advantage of Xiao Feng, make sure you catch it.

But this method is not under consideration for the time being.

In the end, maybe it's okay.

However, the harvest was huge, and the enemy was in chaos.

He also exposed himself.

He didn't know the man who ran away.

But there must be someone in Zhen Mosi who knows it.

OK?

Not right!

It seems that this person has absorbed a lot of accumulated aura energy?

Although I don't know exactly what's going on in the Town Demon Tower.

But when Levi Garrison saw those devices, especially when he saw the energy core, he understood that it was for storing spiritual energy.

It's just that most of the aura in the energy core has been lost.

Only about a quarter of it remains.

Obviously, the huge fluctuation just now and the lack of stored aura are enough to indicate that someone has absorbed it.

In a short period of time, it has absorbed so much stored spiritual energy?

Even Levi Garrison couldn't help but open his mouth wide, his face full of astonishment.

As far as he knows, it is impossible to do it according to the strength of the masters of the town demon.

Even if he just saw Dugu Tuo and others.

Neither have this ability.

Once they absorb so much energy, it is absolutely unbearable for the body.

To know that this stored energy is the most pure aura.

It's not the same as the spirit outside.

More terrifying!

This makes it even more unbearable for others.

Not to mention three-quarters.

Even if it is a quarter, someone will explode immediately.

Besides, it is impossible for them to absorb so much spiritual energy in a short period of time.

He can't think of how to do it now?

Except for the great practice of suction power that I have encountered before.

But that set of exercises is obviously a lot lower.

He couldn't absorb the spiritual energy so crazy.

You can't absorb it like that.

correct!

I don't know if Levilia's practice is okay?

Levilia is the fastest absorbing spiritual energy he has ever seen...

No one!

But Levilia's practice can't reach it, right?

Levi Garrison will not interfere with Levilia, so he does not know the true core of Levilia's practice.

Otherwise, he would immediately know that it was swallowed.

Levi Garrison's expression is a little more solemn, it seems that this enemy is a growth type...

Rapid growth in a short period of time!

But this growth rate is a bit scary, isn't it?

In a short period of time, three-quarters of the energy in the energy core was absorbed.

If this enemy continues to grow.

That's trouble.

He could feel that the enemy was already very strong now.

Although not his opponent.

But the strength is approaching itself.

According to this growth rate.

Next, the enemy looks for other sources of energy to boost itself.

If you don't pay attention, it may really grow up.

It is better to find out this enemy before growing up.

Otherwise, there may be trouble.

After all, I have never seen someone who absorbs energy so quickly!

This is definitely a tough challenge.

Soon, the news of Zhen Mosi was found out.

The person who escaped is a traitor to the Tianyi Supervisor!

It's been gone for years!

Levi Garrison frowned, this person is not bad.

It is obvious that he can escape from his hands.

According to the news of the town magician, this person has not appeared for a long time.

Not sure why this is?

But what is certain is that he may have a tendency to take revenge on the Zhen Mosi...

but Levi Garrison feels that this person is not what he is looking for.

There are others!

It's just that the dozens of people he intuitively locked on, even if they died, didn't reveal any clues.

This is impossible!

Are all facing death, do not do the slightest struggle?

That is impossible!

Levi Garrison can't even imagine it!

Levi Garrison can't imagine, who can have such a determined and bloody nature!

He obviously already has the strength to resist, but he doesn't have to come out at the moment of death.

In addition, at such a critical moment, there is no way to think, and any action is subconscious.

No one can do it!

Therefore, this is the fundamental reason for Levi Garrison to dispel his doubts.

But he didn't expect Gong Qianqiu to be such a person who does big things.

In times of crisis, take a gamble!

Even if he knew that his test was over, he would kill him directly on the basis of the principle that he would rather kill him by mistake.

Still no resistance.

Even if you die, you don't want to reveal the slightest.

It doesn't matter if you know you're dead.

All gave up.

This is what Levi Garrison did not expect.

On the other side, after the town magic division placed the wounded.

Someone asked: "No, why did Levi Garrison come here for no reason? He didn't come to fight us!" " Huh

? Yes! Why did he come here?"

.

Just got carried away.

"Levi Garrison seems to be looking for someone in front of him!"

"And he seemed to be near the Demon Town Tower

before..." "There were also terrifying visions and energy fluctuations that happened before, and Levi Garrison came after him, which seems to be related... .."

Everyone's analysis, everyone's face is covered with frost.

"No, the Demon Suppression Tower!"

Everyone rushed towards the Demon Suppression Tower.

Dugu Tuo was at the front, after opening the Town Demon Tower.

Everyone started looking.

"Huh? There is a problem with the core of energy..."

Dugu Tuo saw the core of energy at a glance.

After all, this is the foundation of the Town Demon Division.

If the aura is exhausted, the energy core can release the aura, which is enough for them to practice and use.

"Three-quarters of the pure spiritual energy is gone..."

"His!"

Someone gasped.

"Is this what Levi Garrison did?"

"He actually stole our energy core?"

Someone exclaimed.

"Crack!"

Dugu Tuo slapped his backhand.

"Idiot!!!"

Everyone else stared at him.

If it were other circumstances, Levi Garrison might really be.

But now the situation is clear.

Levi Garrison must have felt that powerful energy fluctuation before he came here.

In this way, it is concluded that the source is in the town magic tower.

Levi Garrison is looking for this person.

“Ah? It’s incredible, isn’t it? Three-quarters of the aura of the energy core was sucked away?”

Everyone couldn’t imagine it.

“It must have something to do with the terrifying vision of heaven and earth just now!”

“Could it be that someone directly absorbed so much spiritual energy to strengthen their own strength and cause the vision of heaven and earth?”

As soon as the idea came out, everyone was shocked. Cold sweat.

How much spiritual energy the core of energy has, how many years it has accumulated.

Absorb three-quarters at once?

This is too scary, isn’t it?

How strong is this man?

Everyone also understands what Levi Garrison is looking for...

“Understood, this must be the Tianshi Mansion! Isn’t that how the four major town hall artifacts were absorbed?”

“Tianshi Mansion has such an existence, we are probably in danger!”

Everyone immediately pointed their finger at the Tianshi Mansion.

This time, everyone looked at Dugu Tuo in unison.

Stop seeing him as a temporary fixer.

Instead, he truly became the leader of the Town Demon Division!

“There’s no reason, destroying the foundation of my Demon Suppression Division will definitely not give up!”

“Is it the Tianshi Mansion, but we must discuss an explanation!”

Dugu Tuo’s face showed fury.

He also naturally understands that this moment is when everyone needs him.

He must lead by example!

“Okay!”

Everyone’s blood boiled.

The injured Gong Qianqiu was not idle, but contacted Xiao Feng by special means.

Gong Qianqiu injured himself and was almost killed by Levi Garrison.

“What?”

Xiao Feng’s expression changed greatly, he never expected that the master almost killed Gong Qianqiu.

No wonder Master didn’t say a word after he left and didn’t say where he went.

But how dare you?

Almost killed Gong Qianqiu? ? ?

Xiao Feng was so emotional at this moment that he almost lost control.

That’s his woman.

Almost killed by someone.

How could he not be angry?

If this really kills!

Then he can't imagine!

What will he do?

Is it to ignore the question, or to avenge the master?

He can't say for sure!

Although it is the master!

After all, Gong Qianqiu is his woman.

He was killed for no reason, could he not take revenge?

Even the master...

he's not sure how he will be!

But definitely not silent!

At least you have to ask your master to clarify!

"Is this unreasonable? Innocent people are going to be killed?"

"Isn't it found out in the end? Isn't this nonsense?"

...

Xiao Feng is very angry!

Although Gong Qianqiu did not die, he was seriously injured and passed away at the gate of hell.

This is his anger!

Most importantly, for no reason!

Gong Qianqiu is not at all.

This is hurt!

Was wronged, almost killed.

How can this not be angry?

“How could Master do this? I almost killed you!”

Xiao Feng got more and more angry the more he thought about it.

“Xiao Feng, don’t be angry, am I okay?”

Gong Qianqiu comforted.

At this moment, Xiao Feng is like an angry beast.

irritable!

Bloodthirsty!

Six parents do not recognize!

You can do anything for the people you love!

He will definitely run wild when he starts to go crazy!

“How can this make me calm down? I really want to go to Master and ask why?”

“Not only yours, but other people are all innocent and killed by Master. He is not an indiscriminate killing of innocent people. ”

Xiao Feng was so angry that he couldn’t calm down for a while.

“Should I go to Master to have a theory? I can’t bear this tone!”

Xiao Feng was about to leave in anger.

Gong Qianqiu immediately stopped: “No! If you go to Master, you will expose me immediately! Master will definitely think that I am a traitor and will immediately kill me!”

"Don't believe this! Master doesn't know me now, but once if you know me, you definitely doubt me, you don't need to ask for proof, you will kill me directly!"

This sentence made Xiao Feng calm down immediately.

He also understands this.

At first, the master was suspicious.

If they knew each other, they would kill them even more.

"It's also fortunate that you revealed my identity to Master! If Master knew about my relationship with you, I would die today! It is because of this relationship that I was identified as an enemy, and I was using you!"

"It happened before the key. Some things can involve me!"

Xiao Feng was anxious: "But all this has nothing to do with you? Everything can be explained!"

"Yes, you can explain it! But can you explain it to Master and the others?"

"If you let them know about this, they will immediately treat me as a spy! Fortunately, they don't know my identity!"

"Next Xiao Feng, you can't reveal my identity, even if the master asks, you can't admit it, you have to try to avoid it..."

Gong Qianqiu asked.

She doesn't want problems with this critical node.

If Levi Garrison knew his identity, it would be over immediately.

"This..."

Xiao Feng hesitated a little more.

Originally, he wanted to take this opportunity to directly confess to Levi Garrison.

Officially introduce Gong Qianqiu to everyone, so as to avoid unnecessary misunderstandings.

But Gong Qianqiu said this, he couldn't help it.

"Okay, I understand!"

Xiao Feng said.

“Don’t worry, my injury will be fine!”

Gong Qianqiu comforted again.

“By the way, Qianqiu, not only did he not tell me where Master is going or what he did, but he also seemed to be avoiding me on purpose...”

Xiao Feng said suddenly.

Gong Qianqiu sighed: “In this case, the master should be suspicious!”
