

The Return of the God of War [The Protector] Chapter 3654 - 3655

"Because these incidents have something to do with you, you leaked it out indirectly!"

"Of course he didn't suspect you, but he was just afraid that after revealing it to you, if you leaked it out and affected his plans..."

"This It seems that someone was almost caught by the master once! What kind of traitor of the Zhen Mosi! It really proves this even more!"

Gong Qianqiu analyzed.

Xiao Feng nodded: "Yeah, these few incidents really have something to do with me! It's my problem!"

"I'm afraid I won't know what Master does or his whereabouts in the future, I'm a little unhappy! The feeling of isolation!"

Xiao Feng was unhappy because of the feeling.

And Gong Qianqiu is unhappy that he will not be able to know any news about Levi Garrison from Xiao Feng in the future.

Not to mention the whereabouts of Levi Garrison.

This is very bad for her.

If Xiao Feng is useful, she can know Levi Garrison's whereabouts in advance, so she can deal with it calmly.

But not now.

A little bit desperate.

Xiao Feng's chess piece is going to be useless.

The chess piece that he laid the groundwork for really played a big role.

But eventually there will be a day when it will lose its effect.

I just didn't expect this day to come so quickly...

and sooner or later Xiao Feng would know his identity.

That's when it really doesn't work.

There is not much that Xiao Feng can do next.

At most, she provokes and turns against Levi Garrison to assassinate Levi Garrison.

As for everything else it's really useless.

She got everything she deserved.

For example, she also knew the location below Levi Garrison's base camp.

This pawn gives up?

Gong Qianqiu was a little hesitant.

But it won't focus on business.

But still keep it, maybe it will come in handy at a critical moment?

Only then will be treated coldly.

Practice when it works, and don't care when it doesn't.

"Xiao Feng, remember, now it's a sensitive period, maybe Master is watching you! And I'm going to recuperate next, let's stop contacting first! To avoid unnecessary misunderstandings!"

Although Xiao Feng was reluctant to give up, he still accepted.

"Remember, you must not expose me! In addition to super emergency situations, don't contact me! This will hurt me!"

“Okay, I understand!”

Gong Qianqiu seemed to think of something at this time, and asked again. : “By the way, I feel that Master may use you! Maybe he will deliberately spread false news or his whereabouts to you!”

“You must be careful to screen! If you are not sure, don’t contact me! I became a ghost!”

If before, Gong Qianqiu said that Levi Garrison would use himself.

Xiao Feng was absolutely angry.

But now that such a thing has happened, Xiao Feng thinks it may be.

The master is now staring at and doubting himself.

Then he said some extremely disgusting words to Gong Qianqiu.

After all, the two were in love.

But Gong Qianqiu was disgusted.

Finally broke off contact with Xiao Feng, Gong Qianqiu looked cold.

“Useless monkey, wasting my time!”

Gong Qianqiu said coldly.

Next, Xiao Feng’s position will become weaker and weaker.

Until this pawn is discarded.

Xiao Feng naturally didn’t know about this.

At this moment, Levi Garrison called everyone together.

Said there was something to tell.

Soon, everyone was gathered together.

Zoey Lopez and Levilia also came.

“The purpose of gathering everyone is very simple – next, we will face a new enemy, and I don’t know exactly how this force is! Anyway, it is approaching me infinitely!”

“Next, you have to be careful, this force may come Take revenge on you, once I’m not there, you will be in danger, be careful in advance...”

After the instructions, Levi Garrison’s eyes fell on Xiao Feng again.

“Xiao Feng, I remember that you don’t like a girl from Zhen Mosi?”

This is not because Levi Garrison deliberately doubts Xiao Feng.

I just paid more attention to Xiao Feng, watching him suddenly come out.

Everyone looked over.

Especially the Azure Dragon (Qinglong) five, they just asked Xiao Feng a question.

“boom!”

This was a bolt from the blue for Xiao Feng.

What are you afraid of?

The master really doubted himself.

Gong Qianqiu also expected it!

But Gong Qianqiu said that she must not be exposed!

For a time, Xiao Feng became nervous.

“I.....”

He stuttered and couldn’t speak.

This looks like a problem.

Levi Garrison’s eyes immediately became a little deeper, staring at Xiao Feng.

Xiao Feng was dumbfounded.

Knowing what to say now is not enough.

There are flaws...

Master is so smart, you can see it!

Not really, just say it clearly.

Just when he was about to say it, the five Azure Dragon (Qinglong) smiled: "Boss, you don't know, Xiao Feng has long since cut off contact with the woman in the town magic department."

"We've seen that woman, and it's not easy to deal with! It's not something Xiao Feng can handle! Besides, the Zhen Mosi is our enemy. Xiao Feng understands this truth!"

"Yeah, Xiao Feng naturally understands that it is easy to be used! How smart he is, he has not been contacted for a long time..."

"In special times, Xiao Feng is more alert than us..."

Xiao Feng also didn't think that Azure Dragon (Qinglong) and several people said casually, and actually helped him to clear the siege.

Xiao Feng pursed his lips: "Yes, Master, I haven't been in touch..."

"I'm afraid of being embarrassed, so I've never dared to say it!"

"Oh, that's alright!"

Levi Garrison smiled.

Indeed, if it wasn't for Azure Dragon (Qinglong) and a few others, Levi Garrison would be suspicious.

After Xiao Feng left from here.

It's dangerous in the dark.

It was almost discovered.

Sure enough, what Qianqiu said was not wrong.

Doubt yourself now.

Once Qianqiu is exposed, Master will directly treat him as an enemy.

So he will do his best to protect Gong Qianqiu.

In any case, Gong Qianqiu cannot be revealed.

They will even deliberately reveal information to themselves to draw people out.

Xiao Feng also knew that the master would not really doubt himself.

What he suspects is the person from the Town Demon Division that he knows!

Be extra careful next time.

Master is staring at himself, then he can't have any mistakes.

After the five Azure Dragon (Qinglong) left, Phoenix suddenly said, "Do you think Xiao Feng is abnormal?"

"Ah? I don't feel it!"

Several others said in surprise.

Phoenix looked suspicious: "Anyway, I always think he's abnormal!"

"Just now, he is definitely not ashamed, but nervous, as if there is something unspeakable!"

Kirin (Qilin) also said: "Yes, I didn't even notice if you didn't say it. The boss's words just seemed to hit him! It's a bit abnormal!"

"Listening to what you guys said, it seems like this is the case! If it weren't for us talking, I wouldn't know what Xiao Feng would answer..."

"It's all our fault for being quick..."

Several people responded.

Xuanwu urn said angrily, "Then shall we tell the boss?"

Azure Dragon (Qinglong) shook his head: "If there is no direct evidence, you can't say anything! Tell the boss, as if we deliberately sow discord!"

"It's... We just think it's abnormal, it's not that Xiao Feng really has a problem."

"If it's really just our illusion, then the problem will be big!"

"Xiao Feng wants to avenge us so much, it's inappropriate for us to say that! It's like we're blaming him! We must not say it!"

...

In the end, everyone agreed that it should not be mentioned.

Can not cause everyone's previous unhappiness and estrangement!

It is Levi Garrison who is so embarrassed!

But Phoenix felt that it was necessary to stare at Xiao Feng next.

See if your feelings are wrong.

The Return of the God of War [The Protector] Chapter 3656 - 3657

She was sensitive and felt that there might be a problem with Xiao Feng, so she had to keep an eye on it.

She even had to ask Tenjinji's friends.

Because as a woman, she has seen Gong Qianqiu, and this woman is not simple.

It seems that Xiao Feng is particularly infatuated with her!

It felt abnormal at the time.

But Xiao Feng later said that it was directly broken, and he was a little unconvinced.

Plus what happened recently, and Xiao Feng's nervousness when he mentioned this woman.

There is something unusual everywhere.

Phoenix is a woman, so she is so suspicious that she thinks carefully.

On the other side, Gong Qianqiu was very nervous.

Although this time escaped.

But she knew she was still in crisis.

Even the crisis is not small.

Next, Levi Garrison will check himself in all directions.

The Bone Master is also exposed.

He was a big help.

And Shen Tianjian and Zhen Mosi couldn't hide it for long.

Soon they will know that there is an internal problem, and once they investigate, their living space will be very, very small.

You have to grow up before you expose yourself.

The initiative must be fully in your own hands!

rather than being led away by others.

Otherwise, you will die miserably!

If Xuanming aliens are discovered, they can also resist for a while.

Otherwise, all attention is now on myself...

Trouble is not small...

Or do you want to improve yourself first?

Gong Qianqiu originally wanted to devour all the master skills of the Zhenmo Division.

But it's not a good time. If you start a snake, it will be troublesome.

But Gong Qianqiu still has a way.

There are many treasures and medicinal herbs in the Shentianjian and Tianyijian.

Especially the Heavenly Medical Supervisor has stored all the magic medicines in the history of the Zhen Mosi!

Many medicinal herbs are life-changing!

If you take one, your power will increase dramatically!

It's just that the magic medicines of the Tianyi Supervision are not for ordinary people to take!

Like the previous Gong Qianqiu, I am afraid that if he just took a pill, he would explode and die!

Can't stand it at all!

It was made with all the treasures collected by the town magician!

I couldn't bear it before, but now Gong Qianqiu can absolutely bear it.

To take all the magic medicine, her strength must be improved to a level.

At that time, it was really possible to wrestle with Levi Garrison.

Now Gong Qianqiu is a wounded person, but no one pays attention to him.

To check is to check others.

For the time being, she was cleared of suspicion.

Even if she goes out to do something, no one will doubt it.

After all, she is a wounded, and there is an alibi!

Others are still seriously injured, while Gong Qianqiu is fully recovered.

In the middle of the night, Gong Qianqiu left the old site of Zhenmosi.

Came to the place where Shentianjian has been hiding for all these years.

This address is naturally unknown to others, but it can't be concealed from the powerful Gong Qianqiu!

Soon after, Gong Qianqiu came here.

Now with her strength, she can clearly feel the powerful breath or energy source.

She is very sensitive about it.

"Huh? It seems a little wrong? How can the God of Heaven exist so powerfully?"

"Impossible! I know all of their powerful existences, why are there so many?"

"Could it be that this is the background of Shentianjian?"

Gong Qianqiu didn't care about anything else.

Go directly to the Physician.

The day doctor is relatively quiet.

In the most secluded position of the Shentianjian.

No one exists.

That's because Tiansi Yufeng Tiansi of the Tianyi Supervision prefers quietness. He has always been refining medicine alone, and he can't tolerate others' disturbance.

Therefore, Yufeng Tiansi was almost the only one in the hall of the Tianyi Supervisor.

Except for the two apprentices waiting outside, there was no one else.

After Gong Qianqiu came, he directly killed and swallowed the two.

Then he entered the hall of the Heavenly Medical Supervisor.

"Who?"

A cold voice came immediately.

"As expected of Yufeng Tiansi! Did you notice that?"

Gong Qianqiu smiled.

I thought I was sneaking in silently.

But I didn't expect to be discovered as soon as I came in.

Although Yufeng Tiansi is obsessed with refining medicine, his strength is not bad at all.

It is said that it is even above Dugu Tuo.

It's just that he only refines medicine and doesn't care about other things.

Otherwise, God Tianjian is also under his control.

Even the next Tiansi is him.

Now Gong Qianqiu was shocked.

This Yufeng Tiansi is now the first person in the Zhenmo Division.

Dugu Tuo is no match.

Tiansi is not coming, he is the most powerful.

I didn't even think of it, I chose the most powerful one.

Yufengtian Sifeng is handsome, like a teenager.

But his eyes were staring at Gong Qianqiu.

Also noticed something was wrong.

"Who are you? What are you doing here?"

Yufeng Tiansi asked again.

"Nothing else, I'm just here to eat all the magic medicines in the Heavenly Medical Supervisor..."

Gong Qianqiu smiled.

"Can you eat all the magic medicines? Aren't you afraid of bursting yourself?"

Yufeng Tiansi sneered.

No one can swallow all the magic medicine here.

The most extreme fear is only three or four.

Absolutely impossible!

Gong Qianqiu sneered contemptuously: "Hoho, I just swallowed three-quarters of the core of energy not long ago! It's okay to swallow all your magic medicine?"

"what?"

As soon as these words came out, Yufeng Tiansi's face changed greatly.

"It's you? It's you?"

Although he was concentrating on refining medicine, he knew exactly what happened outside.

"it's me!"

Gong Qianqiu's voice just fell, and the whole person moved immediately.

Suppress Yufeng Tianji with absolute power.

Although Yufeng Tiansi is strong, he is not at the same level as Gong Qianqiu.

Gong Qianqiu is now an existence close to Levi Garrison.

It is not something Yufengtiansi's level can fight against.

Yufeng Tiansi has no power to fight back at all.

In an instant, he was under control and couldn't move at all.

"I won't devour you first! Wait until I devour all the magic medicines in your Heavenly Doctor Supervisor!"

Afterwards, Gong Qianqiu washed and scraped all the magical medicines in the hall of the Tianyi Supervisor.

All that can be swallowed.
