

The Return of the God of War [The Protector] Chapter 3668 - 3669 - 3670

In a short period of time, Gong Qianqiu was already thinking about where he was exposed.

led to the discovery of the identity.

After taking a few deep breaths, she began to contact Xiao Feng.

“What happened to Xiao Feng? Tell me quickly!”

Although Gong Qianqiu is in control, the whole person is still shaking.

It matters a lot after all.

Xiao Feng here has been uneasy.

I never thought that Gong Qianqiu would really contact him.

He almost screamed in excitement.

“Qianqiu, you finally contacted me, I’m going to die!”

Xiao Feng was about to cry.

He suddenly expressed all his thoughts about Gong Qianqiu.

That is a deep-rooted love!

Crazy to the extreme love!

It's just that Gong Qianqiu doesn't catch these things at all: "Ah? Don't say these! What did you say?"

"Why are you babbling, don't you have a point? Hurry up and say something big?"

Gong Qianqiu was speechless and disgusting.

It's such a difficult time, and I'm still talking about love and love.

idiot!

Advertisement

Extreme stupid!

This made Xiao Feng stunned for a moment: "Ah? Qianqiu, this is a big deal for me to find you? Isn't my love for you a big deal?"

In Xiao Feng's view, his love for Gong Qianqiu is the biggest thing!

It's the most urgent thing!

Presumably Gong Qianqiu also understands it this way!

Their love is the greatest and above all.

"Qianqiu, listen to me, I miss you so much, I want to see you all the time..."

Xiao Feng took the opportunity to say all the words he had held back for so many days in one breath.

Gong Qianqiu must be the same.

Missing yourself very much, saving a lot of words, right?

She must be embarrassed to say it.

Take the initiative to say it first, she will definitely say more.

Xiao Feng took the opportunity to say everything he wanted to say.

The opposite of Gong Qianqiu was silent the whole time, and there was nothing to say.

In fact, she has come to the brink of rage...

But in Xiao Feng's view, Gong Qianqiu is listening carefully to his love.

He felt very sweet and very happy.

Gong Qianqiu is everything to him.

"Qianqiu is up to you next, it's been so long, do you miss me?"

Xiao Feng asked excitedly with anticipation.

What he was waiting for was the expression of Gong Qianqiu's thoughts.

It was only after Gong Qianqiu was silent for a long time, he asked unhurriedly:
"You asked me today to say that there is an urgent matter? Is there anything else?"

Xiao Feng replied: "Yes, Qianqiu, I love you so much, I want to see you all the time. I want to know how you are recovering, and I want to know how you are doing..."

"that's it?"

Gong Qianqiu's voice has become cold.

Look forward to it at the same time.

Gong Qianqiu clearly knows that he misses, and he has to continue talking by himself.

This is to hear a little more sweet talk!

He looked sweet and happy.

Also looking forward to Gong Qianqiu's crazy response!

"Yes! That's all! I want to contact you so much! That's what I said! Otherwise, you won't reply to me! But it's also very interesting. If I don't contact you for so long, I don't even know that I love you so much..."

Xiao Feng quickly smiled.

Still madly expressing his love.

Since Gong Qianqiu likes to listen, then he will talk a little more.

"Stupid! Stupid! I've never seen a fool like you!"

"You're an idiot after all! You're sick in your head! Take it! I really take you! Are you still a man? Can you do great things like you?"

"A man like rubbish! Chunchun has no IQ at all! You are really a rubbish! It's even more rubbish than I thought!"

"Why are you still Levi Garrison's apprentice? Are you embarrassing Levi Garrison? Do you have something like him in you?"

"The talent is high, but the strength is low. Don't you think about your own reasons? You just can't support the wall!"

"I've met so many men, and you're the dumbest I've ever met! Not one of them! You're sick!"

"Is there anything serious in your eyes? You are destined to be a waste of nothing!"

"Don't you have any brains? How did you do such a childish thing?"

"I'm really convinced! Can't prioritize? Can you be worthy of me?"

...

But Xiao Feng did not have the sweet words to wait for Gong Qianqiu after all, but scolded!

Senseless!

Xiao Feng was dumbfounded!

Like a thunderbolt from the blue.

The whole body is flawless!

The brain is buzzing, like being bombarded by thunder continuously!

His body was stiff, standing there stupidly, like a sculpture!

The Walking Dead!

It is Xiao Feng now!

It's just an empty shell!

how could this be?

Will Gong Qianqiu scold himself?

this.....

He had to wonder if he had heard it wrong.

Incredible!

Are you having trouble with your ears?

Is it your own hallucination?

But Gong Qianqiu's scolding still echoed in his ears!

The fierce shouting and scolding sounded like sharp knives, stabbed into Xiao Feng's heart.

right!

I lied to Gong Qianqiu!

It's not a big deal at all, I just miss Gong Qianqiu and lied to her to reply in this way!

But.....

No matter what, you shouldn't scold yourself, right?

That's right!

Now that someone is watching, it is easy to expose Gong Qianqiu, and it is easy to be regarded as an enemy.

But not so harshly, right?

You are her man!

Just because of such a small deception, scolding him like this?

And I contacted her like this because I miss her!

It stands to reason that Gong Qianqiu can understand.

They are in love!

Like glue.

Not seeing each other for a day, let alone not seeing each other for such a long time.

Gong Qianqiu should also miss himself very much.

After not seeing her for such a long time, she should have accumulated a lot of sweet words.

Instead of yelling like that?

Why?

Has Qianqiu changed?

How do you do this to yourself?

“Qianqiu I... I admit that I lied to you, but I just want to talk to you, I want to know your current situation, I miss you so much...”

“What’s wrong with me? I shouldn’t be scolded, right?”

“It was my fault, I apologize to you! But I miss you so much!”

Xiao Feng said.

He was still unwilling to accept the fact that Gong Qianqiu scolded him.

There must be a reason!

Gong Qianqiu must be too impulsive!

Otherwise she wouldn’t do this to herself!

How good is Gong Qianqiu to himself?

There must be a reason to scold him!

It’s blaming him for making contact like this on purpose!

I almost thought I had hurt her, so I got angry like this!

But it’s too out of control, isn’t it?

It is estimated that Gong Qianqiu is afraid of accidents.

I overdid myself.

It scared Gong Qianqiu.

It’s all own fault.

He didn't think well!

In his opinion, Gong Qianqiu blamed it for being too sudden.

Gong Qianqiu was angry, and he subconsciously thought that he had made a mistake.

"Qianqiu, I was wrong! I was really wrong..."

Xiao Feng then started to apologize frantically!

He's making a big deal out of it.

Even if this matter is wrong with Gong Qianqiu.

But he is a man, and he has to take the initiative to take responsibility.

Even if he was right, he had to be wrong.

This will ease the relationship!

In Xiao Feng's opinion, after he apologized like this, Gong Qianqiu's tone would soften.

I even had to say to him – Xiao Feng was just too excited, embarrassed and so on.

After all, they go both ways!

Apologizing himself, Gong Qianqiu must also realize that he was wrong.

After all, based on her understanding of Gong Qianqiu, this woman is very smart.

You must realize you were wrong.

"Are you sick? Did you know this would kill me?"

"Idiot! Extreme idiot! Don't contact me in the future! Get out! Get away! Garbage!"

Gong Qianqiu shouted loudly, and then directly cut off contact.
