

The Return of the God of War [The Protector] Chapter 3697– 3698 – 3699

“It looks like Yufeng Tiansi is long gone!”

“It’s been a long time!”

...

Everyone looked around in the hall of the Tianyi Supervisor, but there was no one at all.

“Not good! The big thing is bad!”

“Come and see! All the magic medicines in the Heavenly Medical Supervisor are gone!”

Advertisement

“It’s been looted!”

The first lady found another big problem.

Sure enough, no one could see the slightest magic medicine on the medicine racks in the main hall or in the dark compartment.

Nothing is left!

Advertisement

Even the storage place for the most precious magic medicine was empty.

“This... hum...”

Dugu Tuo immediately felt a chill in his heart.

In addition to killing Yufeng Tiansi, his purpose here is to control Tianyi Supervision.

With these magical medicines in the sky, the strength of him and the Xuanming alien race has been completely improved by a level.

This is what he wants!

It's just nothing

"What the hell is going on here? What happened? Where did Yufeng Tiansi go? Where did the magic medicine go?"

Dugu Tuo was a little impatient.

Advertisement

"Could it be that Yufeng Tiansi took all the magical medicines? He left the Shentian prison?"

Someone subconsciously said.

Dugu Tuo shook his head: "Impossible! Before Tiansi left, he entrusted the entire town magic division to Yufeng Tiansi! He is the only one who won't leave! Besides, his two apprentices are also dead. There's no way he did it!"

Duguxiao ran outside to inquire again.

"I don't know if I don't check it. It turns out that the Shentian Prison has also been looted, and many treasures have been lost!"

Dugu Tuo and the first lady looked at each other.

Immediately understood what was going on.

Yufeng Tiansi definitely didn't disappear by himself, he might have been kidnapped by others.

By the way, the treasures of Shentianjian and the magic medicine of Tianyijian were taken away.

But who will it be?

Have such a big deal?

Yufeng Tiansi's strength is the number one other than Tiansi.

How strong is it to be able to take him away quietly?

unimaginable!

Levi Garrison is this level, right?

Dugu Tuo and the first lady all broke out in a cold sweat.

Duguxiao said: "I feel like there is no secret in the Shentian Prison!"

"First of all, no one knows that such a big thing happened in the Tianjianjian, and no one knows that the treasures of the Shentianjian are lost. I feel that this group of people is not only powerful, but also familiar with everything about the Shentianjian!"

"Only in this way can we do it without anyone noticing it! No one has known it for so long!"

"Boom..."

Dugu Tuo's body trembled after hearing this message.

A bad premonition came over him.

not good!

Duguxiao's words reminded him!

The force that took away Yufeng Tiansi is not only powerful, but also familiar with everything about Shentianjian.

That means that this power comes from the Town Demon Division!

Levi Garrison's previous reminders were ignored.

What is the focus of Chaxi Pavilion.

He didn't take it seriously.

Now he's going crazy.

Really are!

It means that there is still a power hidden in the town magic department that he does not know.

I thought he was the only undercover infiltrated in the town magic department.

Never thought of there!

Deeper than he hides!

What Levi Garrison said was right!

Hidden in the West Pavilion!

What's even scarier is that they don't even know it.

He has been led by the nose for a long time, thinking it is Tianshifu.

But that's just what people make you think.

The First Lady also thought about it.

After the two looked at each other, their bodies trembled violently.

not good!

Since this force is so familiar with everything about Shentianjian.

They also took away the treasures of Shentianjian and the magic medicine of Tianyijian, they don't know yet.

It is very likely that the settlement of the Xuanming alien race has been completely exposed.

This force has long been discovered.

Now reveal the message little by little.

It's not alarmism, but they know everything.

I finally understood how the Xuanming alien race was exposed.

Only they themselves didn't know, they thought it was safe to hide in the prison of gods.

The results of it?

This force has long known to control everything.

This is too scary!

For them, it is a disaster!

This power is amazing.

At this moment, Dugu Tuo felt like he was being targeted by a poisonous snake.

It was as if all the eyes were looking at him in the dark.

It's just that he can't see...

Who will this force be in the West Pavilion?

The strength of the ancestors of the West Pavilion is also average to him?

Who else is in the West Pavilion?

"Not good! We are in danger!"

Suddenly, Dugu Tuo realized something.

The whole person's face changed wildly.

They want to coax things in the town magic department, and they want to get started before they are exposed.

But this force controls everything, and I definitely knew it long ago.

When they act now, they are exposing themselves.

"Kill!!!"

At this moment, bursts of shouting and killing came from outside.

All the troops of the Town Demon Division came.

There are also experts from the Shentian Supervisor and the Law Enforcement Supervisor who have surrounded this place and the footholds of the Xuanming Alien Race, inside and outside the three floors.

This time, Dugu Tuo and the others were dumbfounded.

Originally, if they attacked suddenly, with the strength of the Xuanming alien race, it would definitely be easy to take down the Demon Suppression Division.

But now it's the other way around, and they're the besieged party.

Trouble!

This time the plan fell through.

It would be nice to be able to leave alive.

“Dugu Tuo is a spy of Senluo aliens planted in Town Demon Division!”

“And the first lady and Duguxiao are the remnants of Senluo’s alien race!”

“Xuanming alien race and other alien races are hiding in Shentian Prison...”

Everyone put the mountain of iron evidence in front of them.

This made the Town Demon Division extremely angry!

They’ve been lied to for far too long.

This is absolutely unbearable!

One by one, they all showed a strong aura, and they were going to tear Dugu Tuo and the others apart.

“Okay, Dugu Tuo! You actually killed the people from the Tianyi Supervisor! And you, Yufeng Tiansi? You killed him too?”

“And the magic medicine of the Tianyijian, and the treasures of the Shentianjian are all gone! Have you stolen them all?”

...

The people arranged by Gong Qianqiu poured all the dirty water on Dugu Tuo several people.

Done.

It can’t be washed completely now!

No arguing!

After all, the facts are in front of you!

Yufengtian Siren is gone, and the bodies of his two apprentices are here.

These are all the magic medicines of the Heavenly Medical Supervisor.

They happened to be there, don’t blame them for who?

They don’t even have a chance to argue.

Immediately beaten to death.

Everyone wanted to cry without tears.

"It's not us... we were wronged too..."

"Although we recognize the identity of the alien race, we do not admit that we do these things!"

Duguxiao argued vigorously.

It's just that no one is listening at all.

It's all treated like nonsense.

"Not only that, the top ten arrogances have disappeared, the three saints in the north pavilion are dead, and the four sacred artifacts of the town pavilion are all made by them!"

"They also wronged the Tianshifu! Let the Town Demon Division fight the Tianshifu!"

"This is their plan, let the Town Demon Division and the Tianshi Mansion fight, and then the Xuanming aliens will harvest and completely win... We have to thank Master Levi Garrison, otherwise we would have been fooled!"

...

Next, I don't dare to think that what they did was all placed on their heads.

A war also began.

"Now that what we say is useless, let's fight! Do you really think you can stop us?"

Dugu Tuo is still not afraid.

After all, there is still a lack of masters here at the Town Demon Division.

Xuanming aliens are still very strong.

In addition, Yufeng Tiansi was not there, he was confident to kill him.

"this....."

Everyone in the town hall was indeed silent for a while.

Not good to kill!

"What if you add me?"

A thunderous voice came.

Levi Garrison is here.

He came with Azure Dragon (Azure Dragon (Qinglong)) and others.

“This... it’s over...”

Seeing Levi Garrison, he immediately despaired.
