

The Return of the God of War [The Protector] Chapter 3712 - 3713 - 3714

Duguxiao closed his eyes in despair.

The sharp blades in the hands of the five Azure Dragon (Qinglong) people stabbed down.

But something is not right.

It's not the feeling of stabbing a knife in the flesh, but the feeling of stabbing a knife in cotton!

Even in the air?

The exact description is that it is stabbed!

No stab!

impossible!

Duguxiao is like this now!

How could it be misaligned?

He can't escape!

But looking closely, Duguxiao was already more than ten meters away from them.

Teleported past?

of course not!!

But there is one more person behind Duguxiao.

Bone Master!

After seeing Master Bone, many people in Zhen Mosi were shocked.

Some old folks still know the Bone Master.

Where can I expect him to appear blatantly.

Still at this critical moment!

Is this to protect Duguxiao?

Levi Garrison noticed when Master Bone appeared.

Do not.

It should be the moment when Master Bone exposed his breath, Levi Garrison already knew where he was.

Just don't care.

Wait until the revenge is over!

But he didn't think that he was going to rush over, and Levi Garrison didn't stop him.

He wants to see what this guy is going to do?

"Are you going to take him away?"

Levi Garrison has already seen that Master Bone has this idea.

Master Bone grabbed Duguxiao and nodded, "That's right!"

"But do you have the ability?"

Levi Garrison smiled.

This one is really good.

It's one of the top ranks in the town magic department.

But to him, it was ants!

Still want to take someone away from him?

Simply delusional!

"I don't have the ability, but others do!"

The bone master said this.

"Boom..."

A force that ripped apart the world came from afar.

As if the sky was falling.

Shrouded the entire Shentianjian site.

If it is affected by this power, everyone will die!

The key is that this power is aimed at the five Azure Dragon (Qinglong) people.

Boom from above the nine heavens!

"Shoot!!!"

At the same time, a sword stabbed straight at it!

The target is Xiao Feng!

"This is... Divine Tribulation..."

Use Levi Garrison's sword to kill Levi Garrison's people!

That's right!

At this moment, Gong Qianqiu started.

Of course she wouldn't kill to deal with Levi Garrison.

The odds are low!

In her estimation, even if she could kill Levi Garrison, she would have to peel off her skin.

Now I just destroy them to take revenge, not to let them feel refreshed, not to let the five Azure Dragon (Qinglong) get rid of their inner demons.

Then just take Duguxiao away.

Definitely not forcibly.

Then start with the people around Levi Garrison.

Levi Garrison must be stopped.

Then the bone master escaped with people.

This is Gong Qianqiu's first shot!

She is also very excited!

With a bang, it was almost a full shot!

At this moment, the entire town magic division was silent.

This power is too terrifying and exaggerated.

Can't escape!

Can't stop it!

If this move is smashed, half of the entire town magic department will be destroyed.

And they are still affected.

The main attack point is on the Azure Dragon (Qinglong) five people.

The masters of the Town Demon Division were dumbfounded.

Why is there such a terrifying existence besides Levi Garrison?

The five Azure Dragon (Qinglong) were locked by a powerful breath, and they all exploded.

"not good....."

Levi Garrison was the first to react.

Immediately stopped in front of the five Azure Dragon (Qinglong) people.

The body was forced to withstand this majestic blow.

Nothing at all!

This move is not enough to hurt Levi Garrison!

Gong Qianqiu was also shocked.

She seemed to underestimate Levi Garrison a bit.

Stronger than she imagined.

His own trick didn't really work for him?

At the same time, the divine calamity used by Gong Qianqiu volleyed towards Xiao Feng!

This sword locked Xiao Feng, and Xiao Feng could not escape at all.

And under the strong coercion, Xiao Feng could not do anything to resist.

only to die!

At the critical moment, Levi Garrison appeared.

"boom!"

A punch hit the gods.

Smash the robbery and fly out!

And Xiao Feng's face was pale, and he was already scared, and he was sweating.

Just now the robbery was too close to his throat.

There was blood in his throat now.

Because the edge of the robbery has already hurt him.

That is, Levi Garrison appeared in time.

Otherwise, even the edge of the gods is enough to destroy him!

I don't know why, but the figure of Gong Qianqiu appeared in front of Xiao Feng just now?

Could it be that Gong Qianqiu killed himself with a sword?

Do not!

Certainly not!

It should be that at the most critical moment, or even the moment of death, the person he loves and cares about the most comes to his mind.

No doubt the moment has just arrived.

The person I care about the most is naturally Gong Qianqiu!

He sucked in a breath and nearly died.

I almost never saw Gong Qianqiu again.

Do not!

I definitely can't die!

Otherwise, Gong Qianqiu will be a widow!

I want to have nothing, how uncomfortable is Gong Qianqiu alone?

How miserable is she?

Without him, how should Gong Qianqiu live?

Xiao Feng suddenly had countless thoughts in his mind.

In fact, the most thrilling thing is not them, but Levi Garrison.

If he is half a point behind, I am afraid that his brother or apprentice will die.

This is what he doesn't want to see!

Seems like two things.

But it's actually all happening at the same time!

Even for Levi Garrison's strength, there is almost no time difference.

at the same instant.

He is also under a lot of pressure.

Fortunately, he was saved.

He can fight back.

But at this time, Levi Garrison found that Master Bone had taken Duguxiao to run away.

The most powerful thing about Master Bone is not his strength, but his escape technique.

Levi Garrison had been taught once before.

Coupled with his familiarity with the environment of Zhen Mosi, once he escapes, no one can catch him.

The person who just shot and the divine robbery also disappeared.

The other side is swaggeringly disappearing.

Levi Garrison is chasing, he will definitely catch up!

But he can't go after...

What if this is a trick?

This pair is too scheming and tricky!

Just about to chase.

Then Azure Dragon (Qinglong) and the others were in danger again.

Not worth the loss.

Levi Garrison dare not.

He can go after him, but only if everyone is safe.

Don't say no to the last person to catch up, but Azure Dragon (Qinglong) and the others are in danger.

From the fact that this enemy attacked Azure Dragon (Qinglong) five people at one time and attacked Xiao Feng at one time.

Suffice it to say – there are too many tricks.

Do not rule out staying behind.

Once he leaves, all kinds of killer moves will come...

Master Bone brought Duguxiao to join Gong Qianqiu.

“Are we just swaggering away like this?”

The Bone Master is somewhat unbelievable.

In front of a powerhouse like Levi Garrison, shouldn't he try his best to escape?

Can you be so swaying?

Incomprehensible!

“I am the person who knows Levi Garrison best! He doesn't dare! He is afraid that I will have other ambush, so he will wait for him to leave and deal with his people!”

Gong Qianqiu can be said to have calculated everything.

Levi Garrison dare not gamble!

“I succeeded! I swaggered in front of Levi Garrison and used his sword!”

“And they took away their revengeful people!”

...

Gong Qianqiu today is the most fulfilling day.

To be able to play against Levi Garrison, I don't know how long she has thought about it.

Made it today.

It also brought Levi Garrison such a shame!

Soon, the two brought Duguxiao to the corpse pit.

Duguxiao looked unbelievable.

“How could it be you? A nobody?”

Duguxiao has traveled in various factions.

I have seen Gong Qianqiu.

No one would have thought that in the end **oss turned out to be a nobody.

“Hoho, I used to be a nobody, but now I'm the strongest!”

Miya Chiaki said.

“Then why did you save me?”

Duguxiao was somewhat unbelievable.

Because he has no value.
