

The Return of the God of War [The Protector] Chapter 3724

[/ The Return of the God of War \[The Protector\]](#)

a bolt from the blue!

Just like the roar of the ancient god of thunder!

Xiao Feng's body was bombarded!

Did you hear it wrong?

Xiao Feng suspected that there was something wrong with his ears, otherwise how could Gong Qianqiu say this?

"Qianqiu what did you just say? I didn't hear it clearly!"

Advertisement

Xiao Feng asked again.

"I said—then how come you're not dead???"

This time, Gong Qianqiu said word by word.

There is a sound like a thunderbolt!

Advertisement

Every word is very clear!

It was like a bombardment of Xiao Feng!

"puff!"

The words were not astonishing, and Xiao Feng was about to vomit blood when he said these words.

What?

How did you not die?

Say this twice in a row.

That's for sure!

Could it be that Gong Qianqiu wants to die?

Advertisement

Does she want to die by herself?

Xiao Feng's eyes were about to fly out.

Never imagined that?

No!

I thought she told Gong Qianqiu about her tragic experience, and she should be concerned and distressed with empathy!

Immediately, he will ask him if he is injured, or if he is frightened, and then he will comfort him a few times.

Xiao Feng told Gong Qianqiu about his miserable experience, like a child who wants to act like a spoiled child, begging for pity and love!

As a result, I never thought that Gong Qianqiu would say this.

It just broke his heart!

no!

Qianqiu is not such a person.

Must be joking!

She must be joking on purpose like this, and then entertaining to relax her tense nerves.

Seems like he's cursing himself to death.

It's actually a joke to put yourself at ease.

This kind of joke made him feel better.

Xiao Feng began to deceive himself and tried to convince himself.

It must be so!

He felt more and more understanding of Gong Qianqiu's thoughts.

As she knows herself.

He is waiting for Gong Qianqiu to explain the meaning of this sentence!

However, Gong Qianqiu did not have any words to explain, but instead roared:
"Now that I know that I am a waste, it is useless at all, right?"

"You still have the face to tell me that you were almost killed? Are you still asking for comfort? Are you still acting like a spoiled child? Don't you think you are too wasteful?"

...

fried!

Xiao Feng immediately exploded!

Without explaining it, you directly scolded yourself as a waste?

At this moment, Xiao Feng's mentality was about to collapse.

Originally, the previous sword almost stabbed him to death, and the whole person was under high pressure.

Now that Gong Qianqiu said this, his mentality was completely blown up.

Will vomit blood to death.

What he wants to say, but Gong Qianqiu doesn't give any chance at all.

Keep yelling at him!

"Are you still a big man? You were almost killed, so you should think about how to get revenge! Instead of telling your parents like a child? What's the use of telling me? Can you get revenge?"

"Can you not be so naive? Are you just asking me for comfort? This has happened, and I don't want to fight back, but care about the love of my children! Are you showing me weakness?"

"Can you be a little bit more promising, in the face of such a big event, you actually think about the long-term relationship between your sons and daughters? I think you deserve to be killed! You should die!"

...

Gong Qianqiu's sentence was like a steel needle pierced into Xiao Feng's body.

In a short period of time, he was already riddled with holes.

Heart is bleeding!

Everyone is going numb!

Don't be so insulting, he might hit back, maybe even laugh it off.

But this is what Gong Qianqiu said, and he couldn't care less.

even care.

Just a few words from Gong Qianqiu were enough for him to think about it for a long time.

Let's try to figure out what Gong Qianqiu's intentions are.

Did she mean anything else?

Not to mention yelling right now.

It's worse than killing him!

It's no use calling him trash from the person he loves the most!

The knife sees blood!

It's like tearing him apart a little bit!

The most terrifying thing is that Gong Qianqiu didn't plan to stop.

"I found that you can never distinguish the priorities of things! There is never a big picture! Your eyes are too narrow, people are too naive! It's obviously a big thing, but you have to be petty. It's the same before..."

"As long as you are stronger, your master needs to save you? You will not be targeted!"

"In the final analysis, you are too rubbish! You have no ability at all, and you still go ahead when you do anything! Do you think you are very powerful? Do you not know how much you have? You have to be in the limelight for everything?"

"I really hate you like this! I wish you would die under someone else's sword! That's it! Get away, I'll be annoyed when I see you!"

...

After Gong Qianqiu scolded him angrily, he cut off contact.

Xiao Feng was stunned on the spot!

This.....

Five thunders hit the top.

Gong Qianqiu actually insulted him like this!

Leave no room for yourself!

Not the same!

How did Qianqiu become like this?

Has she changed her mind?

This is Xiao Feng's first feeling!

The previous Gong Qianqiu would not criticize like this no matter what he did.

She seems to have really changed.

Heartache!

This is his most heart-wrenching day!

Feeling that I was stabbed by a sword, I have never felt so painful!

Is that so?

He didn't think of getting emotional comfort, but was hurt instead.

This is something he can't accept no matter what!

wrong!

Qianqiu is not like this!

She is her own woman, and she didn't do anything wrong to her!

How could she be willing to die by herself?

Certainly not for this reason!

She should be angry at her own incompetence.

Gong Qianqiu was completely disappointed with himself?

Is he really bad?

Is it really childish?

He used to think that his strength was not bad.

But now that Gong Qianqiu said this, I felt like I was really a waste.

Is the strength not bad?

In fact, for the top masters, it is super bad!

Otherwise he wouldn't be targeted!

Almost died!

So far, he hasn't been able to help Master a little.

It is completely impossible to avenge the five Azure Dragon (Qinglong) people!

Revenge today is completely a fox and a tiger.

Relying on the master, he was able to run wild.

If there is no master, he is a small person.

It's really childish not to say anything.

It is estimated that in the eyes of others, he is very arrogant and very brainless, right?

Everything Gong Qianqiu said was right!

I don't have enough strength at all, I don't practice hard, and I think about love and love all day long.

Especially after such a big thing happened, the first thing is not to think about how to improve the strength, how to take revenge and go back.

Instead, ask her for comfort to show her vulnerability...

Thinking about it, I lost my face!

It turned out that Qianqiu didn't scold me, but disappointed me!

As her own woman, she must be looking forward to growing up.

Whether it's strength or spirit.

I just can't do anything...

Even this behavior is a bit humiliating.

How can you be so stupid?

Every time a big thing is like this!

I almost killed Gong Qianqiu last time.

Now I forgot what happened last time and did such a childish thing.

You are not a man!

Real men are afraid of humiliating this kind of thing, and are too embarrassed to say it.

Instead, practice silently and become stronger quickly, so that this kind of thing cannot happen.

How can you give Gong Qianqiu a sense of security by showing weakness like this?

Gong Qianqiu definitely wants his man to stand tall and invincible in the world.

How can you match yourself like this?

Thinking about it carefully, I feel ashamed.

Not to mention Gong Qianqiu.

Qianqiu must be so sad for herself this time, right?

Xiao Feng couldn't help wiping his cold sweat.

In his understanding, Gong Qianqiu wanted him to become a talent, but he hated iron and not steel.

But in fact Gong Qianqiu is really cursing!

In her opinion, Xiao Feng is completely rotten!

More and more annoying!

Just like the reptiles in the pit!

When I think about it, I feel very stinky!

The key is this, there is still the face to come to her for comfort!

Can't you think that this person's brain is filled with feces and urine?

"I got it, I really got it! I should have stabbed this bastard to death with a sword!"

"Shame on your face! Do you really think you can be my man? It's ridiculous, a big man shows weakness, beg me for comfort? I've obeyed, how could Levi Garrison have such an apprentice and ruin the master's sect!"

...

Gong Qianqiu was furious.

He scolded Xiao Feng again and again.

Master Bone smiled: "This just means that you have eaten this kid to the death! Even the soul is given to you!"

Gong Qianqiu finally stretched his face a little.

"But so what? He has no value at all now! It would be great if I controlled Levi Garrison like this?"

Gong Qianqiu said with a smile.

Master Bone looked incredulous: "That's too challenging, I think it's incredible! If you can control Levi Garrison, there will be no one in the world that you can't control!"

Gong Qianqiu shook his head: "It's a pity that Levi Garrison is not a waste of Xiao Feng! Moreover, if Levi Garrison is so easy to control, I have no interest."

"That's true!"

What Master Bone thought: "By the way, since you hate Xiao Feng so much, why don't you just kill him?"

Duguxiao also said: "Yes, anyone who doesn't like you, Master, will die!"

"The nine clans must be killed!!!"

Gong Qianqiu waved his hand and showed a meaningful smile: "That's not necessary! I still want to keep him and provoke the relationship between him and Levi Garrison. If he fights a little bit and stabs Levi Garrison secretly, it will be even more so. All right!"

This is also Xiao Feng's last value in Gong Qianqiu.

It is to sow discord and make a good show.

At that time, Xiao Feng will be portrayed as a big sinner who will be cast aside by everyone!

Brothers turned against each other, Master cut off ties, and families were broken.

There is no place for him in this world.

Everyone abandons him!

Let him live in guilt all the time!

Worse than a street rat!

There is a high probability that the final outcome is that he can't bear it anymore and commits suicide!

How miserable it is!

More of a mental torture!

In this way, Gong Qianqiu's purpose was achieved.

Xiao Feng never thought that his ending was already arranged by Gong Qianqiu.

Still so miserable.

He will be squeezed by Gong Qianqiu to the final value.

"Next, I have to find a way to become stronger! Devouring me has been going on and never stopped. But ordinary auras or energy sources have little effect on me!"

“The thing that can make me reborn the most is the two super spiritual veins that Zhen Mosi and the Eternal Kingdom rely on to survive! I want to swallow these two super spiritual veins, and I don’t even know what kind of realm I will reach! Anyway! It is estimated that he will kill Levi Garrison in seconds!”

Gong Qianqiu himself can’t imagine it.

Master Bone urged: “Then hurry up and devour these two super spiritual veins? What are you waiting for, Sect Master?”

“Master, hurry up!”

Gong Qianqiu shook his head: “No! If you go to devour these two super spiritual veins now, Levi Garrison has been waiting for me to appear.”

Master Bone, Duguxiao and the others were full of surprise.

“Ah? No way? How could Levi Garrison know? Even we just knew it!”

Bone Masters, they obviously don’t believe it.

Gong Qianqiu smiled: “You don’t know Levi Garrison! As for me, I have been studying Levi Garrison since the Zhenmo Division contacted the outside world! I know him better than anyone!”

“From the time of the Demon Tower, he knew that I was a growth type! I will improve my strength in a short time!”

The Return of the God of War [The Protector] Chapter 3725

[/ The Return of the God of War \[The Protector\]](#)

“And he locked me in the West Pavilion from the beginning, but everyone in the West Pavilion is not a strong person. This means that it is a growth type!”

“Secondly, the matter of me swallowing the super spiritual veins under the Antarctic glacier will be exposed sooner or later! Maybe he will know now!”

“In the end, it was me who played against him! He would definitely judge that I have grown to a terrifying level now, and he also knew that I could absorb terrifying energy in a short period of time! He immediately understood my idea of playing two super spiritual veins. !”

...

Gong Qianqiu comprehensively analyzed various factors.

It is concluded that Levi Garrison now knows her plan to fight these two super spiritual veins next.

Advertisement

Levi Garrison will definitely wait.

Not wrong.

Gong Qianqiu expected it.

Levi Garrison was indeed looking at these two super spiritual veins.

Advertisement

Just Gong Qianqiu smiled: "Unfortunately, I don't want to touch these two super spiritual veins for the time being!"

Gong Qianqiu found it after repeated swallowing.

With the higher one's own strength, the more powerful it can be swallowed.

Now she can only swallow the incomplete spiritual veins under the Antarctic glacier.

Compared with the two spiritual veins of Zhen Mosi and Eternal Kingdom, they are still far behind.

She felt that she did not have the strength to swallow one of the super spiritual veins in one go.

Estimated to swallow up to half.

This is not what she wants.

The risk is too great.

Advertisement

She is not afraid of Levi Garrison, but in case Levi Garrison makes a move when swallowing it, she may not be able to stop it.

She only goes to the point where she can 100% devour a super spiritual vein.

Currently she also needs to devour other energy sources to improve herself.

Only when one's own strength reaches a certain level can he attack these two super spiritual veins.

"I have sent people to search for small and medium-sized spiritual veins in all directions! I will slowly swallow it first and accumulate my strength."

Gong Qianqiu smiled: "Levi Garrison didn't think of it? I don't have to start with the super spiritual vein! I have other spiritual veins!"

Others may not find other spiritual veins.

But she is Gong Qianqiu.

She has all the spiritual information recorded by the Zhenmo Division.

It has also cultivated people who specialize in finding spiritual veins.

These will help her reach the highest level.

Even Gong Qianqiu discovered a secret.

The super spirit vein is not the point, there are other spirit veins on the super spirit vein...

Zhen Mo Si Tiansi discovered a spiritual vein that was even more terrifying than the super spiritual vein.

It can't even be called a spiritual pulse.

It has to be called dragon veins, earth veins or something.

It's just that Gong Qianqiu looked through the major ancient books of Zhenmo Si, but couldn't find any records of Tian Si's discovery of the spiritual veins.

Rao is because she has great supernatural powers, and she can't find this spiritual vein...

It can even be said that the strength of Tiansi comes from this.

He also discovered this higher-level spiritual vein, and then went to find the more powerful world in the legend, so that he disappeared for so many years.

If she discovers where this spiritual vein is, once swallowed, she will be invincible!

Hang and beat Levi Garrison directly!

But for the time being she doesn't need it.

These two super spiritual veins are not swallowed, everything is enough for her.

However, Gong Qianqiu was already planning what happened next.

If she devoured two super spiritual veins, she became extremely powerful and killed Levi Garrison.

Completely trample the Eternal Kingdom and the Suppression Division under your feet!

At that time, there will only be one power in the world – Qianqiu Religion!

Everyone was crawling at her feet.

She has reached the level of strength, and she has also reached the level of power.

and then?

When she has had enough of it.

I'm afraid it will be boring, right?

What if there was no goal then?

The only thing that interests her – is to follow in the footsteps of Tiansi and the Xuanming Alien Lord, to find the legendary world!

That seems to be fun!

It has to be planned.

Avoid getting bored.

And after reaching her level, what she pursues is completely different.

If Levi Garrison and the others knew what Gong Qianqiu was thinking now, they would be shocked to the point of exploding.

The woman was thinking about the future.

This city is too deep.

Soon, the people sent by Gong Qianqiu discovered a small and medium-sized spiritual vein.

She also began to devour frantically.

Not enough for her to make a qualitative leap.

But it is also a little bit stronger.

Levi Garrison stared at the two super spiritual veins while also checking the West Pavilion.

This time, Levi Garrison checked one by one.

Check everyone carefully.

Don't let one go.

This is the dumbest way, but there is no other way.

The opponent hides too deeply.

And there are tens of thousands of people in the West Pavilion.

Now it looks like everyone is a nobody.

From a comprehensive point of view, this is a small person, and the sense of existence is not very high.

But the other party is very aware of their own side and the outside world, including the eternal kingdom.

What Levi Garrison hadn't thought of so far was how the other party knew him so well.

Judging from the repeated confrontations, this person knows his side very well.

Know better than anyone!

Compared with the previous Mr. X, Richard and these opponents need to know themselves better!

I understand a little bit of my habits, way of thinking, and so on.

It seems that this opponent is fighting against himself from the perspective of God!

How does this play?

This is what puzzled him.

How did the other party do it?

Know yourself so well?

It's like having a camera on your side.

Everything about himself is known to everyone.

He felt this way more and more.

This is really scary.

Levi Garrison couldn't figure this out for the time being.

Therefore, it is very difficult to find out.

However, such a blanket search is narrowing the target a little bit.

I believe it will be found soon.

Levi Garrison's pressure is still great.

He also has to look at the people around him.

This opponent knows his side too well.

In case of an attack or something, it's too easy.

At present, apart from his own words, Levidia is powerful, but not enough to deal with everything.

Only rely on the underground base.

But once the underground base is exposed, it will be useless.

This opponent knows himself too well.

Maybe the bases below the base camp are known.

But judging from the previous confrontations, the other party should not know.

It made him feel more at ease.

With the comfort of Levi Garrison and others, the Azure Dragon (Qinglong) five people temporarily recovered their emotions.

Afterwards, Phoenix spoke out about Xiao Feng's suspicions and the abnormality of Xiao Feng during this time.

and some of the information she inquired.

When the other four heard it, they were also quite shocked.

Sure enough, Phoenix is a girl, so she is more careful.

He was staring at Xiao Feng all the time.

It can be considered that they have discovered something, which is completely different from what they know about Xiao Feng.

"That means Gong Qianqiu is an unusual woman? It's probably because of her lust?"

"It's even said that Xiao Feng has been deceiving us? It's possible!"

...

Several people analyzed.

Phoenix nodded: "It's all possible!"

"But today's events make me suspicious. This woman may have a big problem! Maybe she is a member of this force!"

The other four looked at Phoenix: "How do you say?"

"Because today is when the boss's attention is distracted! Who is bad to stab? It is Xiao Feng who is stabbed by the gods!"

Say so.

Azure Dragon (Qinglong) and several people reacted.

"That's right, Xiao Feng was almost at the back at that time! Sister-in-law and others were in front, and they were the best attacking positions to distract the boss!"

"What's more, Xiao Feng's strength is strong, and the opponent's assassination is not very sure! In any case, Xiao Feng is not the best attack point, or even the most risky!"

"But I chose Xiao Feng, it doesn't mean anything! There is a problem..."

Phoenix nodded, this was the logic of her thinking.

The most risky Xiao Feng was chosen!

That shows that the other party really wants to kill Xiao Feng!

Based on the information obtained from Xiao Feng, that woman is abandoning him again and again recently.

Maybe he really wanted Xiao Feng to die.

Before, I just thought that Xiao Feng had a problem and might have been deceived.

Now there is a high probability that Xiao Feng has something to do with this faction.

It's just that Xiao Feng doesn't know.

So how to connect Xiao Feng with this force?

It can only be the woman in the West Pavilion – Gong Qianqiu.

It just so happened that Levi Garrison concluded that this force was in the West Pavilion.

further confirms this.

Azure Dragon (Qinglong) reminded at this time: "But there is one thing – all of this is our own guess! There is no evidence! There is not a trace!"

"Yeah, if we go out and talk casually, or even tell the boss. We will be considered to be sowing discord!"

"Our group has never been betrayed! There is not even a hint of it! We absolutely cannot bring it up unless we have sufficient evidence! Otherwise, everyone is not allowed to bring it up!"

Several other people also understand this truth.

Phoenix and the others agreed: "Yes! Evidence! We want exact evidence!"

"From now on! We can't sit still, we're going to investigate!"

"We don't check anything else, just check Gong Qianqiu! Check everything about her! You must not tell anyone before you get the evidence!"

"Especially not to let the boss and Xiao Feng know!"

Several people reached a consensus.

“Huh? What’s wrong with me?”

At this time, Xiao Feng just came.

He came to see the five Azure Dragon (Qinglong) people, and happened to hear his name.

Azure Dragon (Qinglong) smiled: “We are worried about you, want to go see if you are scared?”

“I’m fine, I’m worried about you too, come and see!”

...

The two sides chatted for a while.

Kirin (Kirin (Qilin)) remembered something and couldn’t help asking: “By the way, did you see the person who killed you at that time?”

“Ah? This...”

The picture of that moment appeared in Xiao Feng’s mind immediately.

In a trance, in front of him is the vague shadow of Gong Qianqiu, holding the gods, and stabbed him with a ghastly expression!

But it must be an illusion!

How could it be Miya Chiaki?

In the world, anyone can kill themselves.

But definitely not Gong Qianqiu!

It was definitely someone who was frightened and thought of death at the moment.

That is Gong Qianqiu.

It is also the regret of the moment of death.

“How is it possible? That person is so strong, how can I see clearly?”

Xiao Feng made a haha.

Kirin (Kirin (Qilin)) asked solemnly: “What if the person you love most stabbed that sword?”

“Shh!”

Xiao Feng’s face changed greatly on the spot.

The picture of Gong Qianqiu appeared in my mind just now, and I mentioned it without thinking of Kirin (Kirin (Qilin)).

This is too coincidental.

“Haha, just kidding, it makes you nervous!”

“I’ll give it a try, have you come out of the pressure of that sword!”

Kirin smiled immediately.

“It scared me to death, what did I think you knew?”

Xiao Feng patted his chest.

After separating from the Azure Dragon (Qinglong) five.

Xiao Feng went to practice.

He thinks that Gong Qianqiu hates that iron is not steel, and he has to work thousands of times to strengthen himself.

Don’t be a waste, be a burden!

He wants to be the right-hand man of Master!

He looks forward to seeing Gong Qianqiu next time, he is already reborn.

But how did he know that it was also in Gong Qianqiu’s plan to stimulate him to cultivate wildly to increase his strength.

Gong Qianqiu finally wanted to sow discord and make him and Levi Garrison turn against each other.

It is best to stab Levi Garrison at the critical moment.

It can seriously damage Levi Garrison.

But even if the person closest to him assassinates Levi Garrison, he still needs strength.

The current Xiao Feng is far from enough.

Only when he grows up.

Therefore, Gong Qianqiu's stimulation of Xiao Feng was also one of the plans.

The Return of the God of War [The Protector] Chapter 3726

[/ The Return of the God of War \[The Protector\]](#)

Next, Gong Qianqiu took Duguxiao to shuttle through various medium and large spiritual veins.

While swallowing, she cultivated Duguxiao.

Now these small and medium-sized spiritual veins are of little significance to her.

It can only be regarded as a gradual accumulation.

But any small spiritual vein, to Dugu Xiao, who has just started the road of devouring, is the energy of the sun.

Given a small spiritual vein, he can't devour it completely.

Advertisement

Just swallow the residue that Gong Qianqiu gave him.

But it's also progressing rapidly.

In a short period of time, Duguxiao raised a level.

It was something he had never thought about before.

Advertisement

After possessing the Five Elements Spiritual Roots and Spiritual Bones, he felt that his talent was unparalleled, and there were few in the past.

Cultivation is also an explosion of progress, which can be called a miracle.

It made him happy.

However, compared with the current devouring technique, it is absolutely nothing.

It's not a level at all!

This devouring technique is too violent and terrifying!

This surprised Duguxiao badly.

The master followed suit.

"At this rate, after a month, as long as Levi Garrison doesn't show up, how can no one take you?"

Advertisement

Miya Chiaki was very satisfied.

Now Dugu Xiaolian's swallowing method was modified by her.

The upper limit is lower.

But the speed of swallowing in a short period of time is super terrifying.

It was dozens of times faster than when she devoured it at the beginning.

She will definitely not consider Duguxiao's future.

Only thinking about the moment, how to target Levi Garrison.

She piled all the boosts into the early game.

It was almost a way of burning Duguxiao's body essence, which made him improve like a rocket in the early stage.

But it won't work in the later stage, and this is also her control method.

There can be no anti-bone boy!

Duguxiao didn't know Gong Qianqiu's thoughts, but was surprised.

But for him, it was just extravagant hope.

Now it's like a big miracle.

Why not do it?

While Gong Qianqiu's strength has increased, his power has also increased.

The bone master actively connected, allowing more and more people in the town to secretly join the Qianqiu Sect.

In a short period of time, Qianqiu Jiao has formed a huge network of relationships.

Shrouded the entire town magic division.

Zhen Mosi is equivalent to their Chinese food.

I'm hungry, I can eat it right away.

The Town Demon Division is also paying attention all the time.

They are afraid of being destroyed.

The other party is strong and does not say, still in the dark.

They cannot rely on others.

You can only rely on Levi Garrison.

But this is not the way.

Now the Demon Suppression Division is also headless, and even has to be exterminated.

"No! We have to get Tiansi back to preside over the overall situation!"

"If Tian Si doesn't come back, the Demon Suppression Division will be finished!"

"Next, everyone will use all means to find Tiansi! Use all the methods that can be used!"

...

The Town Demon Division also made a huge decision.

Go find Tianshi.

This has never happened before.

After all, the town magic division is approaching the moment of demise.

Even if you are looking for Tiansi, there is nothing you can do.

Only to find.

If Tiansi returns, why should they rely on Levi Garrison?

Not even afraid of the power of the dark!

“Hey, what if Tiansi finds out that the world he yearns for has gone? Then how do we find it?”

“Yes, there is another possibility – Tiansi discovered the world he longed for, but was killed by the powerful existence inside!”

“But if there’s a little hope, we’re still looking for it!”

“It’s also possible that Tiansi finds the world he yearns for, and is stronger now!”

...

Phoenix and several people went directly to the Town Demon Division to investigate.

They are different from Levi Garrison’s kind of investigation.

Their purpose is clear, just to inquire about anything related to Gong Qianqiu.

Even some trivial matters and some rumors are all investigated.

The investigation startled them.

No one imagined that this would be the result.

Gong Qianqiu is not simple at all.

She has a bad reputation.

Especially bad.

Only people inside the West Pavilion know this.

Even if she was ostracized in the West Pavilion, no one wanted to be with her.

There’s nothing wrong with that.

Many people in the West Pavilion are ostracizing her, and even scolding her as a vixen.

This is also in Gong Qianqiu's plan to destroy the Demon Squad, other factions can join Qianqiu Sect as long as they surrender.

And the West Pavilion must all die, not a single one.

She hated everyone in the West Pavilion to the extreme!

Phoenix and the others have found important clues.

This woman is known for seducing men.

There are countless men who are seduced by her.

Many people know the key, but they are still willing to be pinched by her. She has a bad reputation.

Among them was Chu Wu, the son of the Lord of the West Pavilion.

Gong Qianqiu even seduced her master's husband and almost killed her master Gong Wenqian.

This is what really happened.

But after all, considering the issue of Xige's face, it is impossible to spread it.

They are all keeping this message.

There is also a rumor – Qianqiu Gong Gong has even seduced the Lord of the West Pavilion.

If it wasn't for the storage of force to protect her, the Lord of the West Pavilion would have almost killed her.

This person has a very bad reputation in the West Pavilion.

As long as it starts, there will be a lot of gossip and gossip.

I feel that I have been in contact with 80% of the men in the West Pavilion.

And that doesn't include the other factions...

It is said that there are not a few other factions who have an affair with Gong Qianqiu.

This shocked Phoenix and the others.

Is this woman too scary?

If this is the case, then picking a Xiao Feng is simply casual.

“Xiao Feng, you didn’t think about it, did you? You’re just one of her thousands of men!”

Kirin said helplessly.

Phoenix and the others all felt worthless for Xiao Feng.

Xiao Feng really likes Gong Qianqiu.

It can be seen from his state of the past few days.

He likes Gong Qianqiu deeply.

But what about Gong Qianqiu?

It was such a woman!

Even if she doesn’t do anything, it’s her who they’re looking for.

But on this point, she is sorry for Xiao Feng!

Xiao Feng was let down.

Was severely deceived!

Poor Xiao Feng didn’t know Gong Qianqiu’s true face at all.

I thought Gong Qianqiu was a very affectionate person!

“This woman is really annoying!!!”

Xuanwu urn said angrily.

Who can be cool with this?

Now they all understand that Gong Qianqiu ignored Xiao Feng at first, it was just a means of playing hard to catch.

The purpose is to firmly control Xiao Feng and hold him completely.

“Do you want to tell Xiao Feng immediately?”

White Tiger asked.

Several people still shook their heads: "Now this situation tells Xiao Feng that he is terminally ill. If you don't believe it, you will think that we are sowing discord!"

"Yes, although we know what kind of person she is. But we still have no evidence, these are all rumors!"

"If I tell Master or Xiao Feng in a daze, I'll still startle the snake!"

"We need real evidence! For example, gather men who are related to Gong Qianqiu and find evidence from them!"

...

Even Phoenix said: "Even if there is evidence, Xiao Feng may not believe it!"

They chose to keep checking.

They began to analyze, is she the person Levi Garrison is looking for?

Is she the last **oss?

But there are many doubts!

Gong Qianqiu is a nobody, with no background, medium talent, no backers, no strong strength, and no adventures!

Can't get it at all.

The only thing that can be done is that men are more controlled by her.

Suppose this opponent is her words.

How did her strength increase?

How could it be possible for so much time to rise to the point where he could wrestle with Levi Garrison?

It's not scientific to think about!

No matter how you think about it, it's impossible!

Even if there is a great adventure, it can't be!

After all, the span is too large.

How powerful their boss is.

The boss has gone against the sky, but he didn't rise to this level in a short time.

But it took a lot of time.

He can't do it, can anyone else?

Not realistic!

No matter how you think about it!

To say that the fastest improvement in a short period of time is Levilia.

You can see the speed of Levilia's improvement.

It really is the state of taking off all the time!

To the point of heinous!

Every time everyone mentions Levilia's improvement speed, his scalp is numb.

Can't describe in words.

But Rao Levilia's soaring speed cannot be compared with Levi Garrison in such a short period of time.

Now this growing opponent, in terms of growth rate, even Levilia is far from being able to catch up.

How monstrous is that?

How defiant!

They can't imagine!

If it is the first-class power of Zhen Mosi, there is still a little hope.

After all, the resources they control, or any unknown methods, are top-notch.

Maybe a little bit.

But how did a nobody do it?

impossible!

By chance?

Which of the enchanting geniuses in the Demon Squad has no adventures?

But this is against the sky.

Not a coincidence.

They couldn't figure out how to improve this opponent for a while!

Have to keep checking.

Next they want to add a direction.

Focus on checking if Gong Qianqiu has had any adventures recently, or if anyone has seen her practice or something...

Maybe there might be an answer.

Next, they will also expand the channels of inquiry, no longer limited to the West Pavilion, but also check other major factions, which may be related to Gong Qianqiu.

Of course, on the one hand, the inquiry of the West Pavilion should be more detailed.

Conduct a full-scale investigation of Gong Qianqiu...

They are different from Levi Garrison's query.

Levi Garrison is a general direction query.

And they don't check anything else, only check Gong Qianqiu.

I care if Gong Qianqiu is the last murderer.

Anyway, I'm just checking on you!

The target is on you!

Suppose you are the opponent.

Then look up all kinds of evidence clues to corroborate this hypothesis!

Although there are many doubts now.

But there are also many clues pointing to Gong Qianqiu!

They have to check!

In fact, they can tell Levi Garrison directly about Gong Qianqiu.

But the identities are different...

After all, there is Xiao Feng, if they directly say that the relationship between the two sides will break up, it will be the master who will be embarrassed...

If it is really Gong Qianqiu, then there is nothing to say.

But what if?

How should Xiao Feng see them?

How does the master see them?

Even because of this incident, their group had to completely break up!

They won't speak until there is solid evidence, it won't destroy the integrity.

They are a family and cannot be disrupted by something ethereal.

Before the evidence comes out, absolutely cannot say!

But there is one real hammer – Gong Qianqiu is a bad woman who mainly deceives men.

Xiao Feng was deceived by her feelings, that's for sure.

They probably won't say it directly, but they will remind Xiao Feng to stay away from Gong Qianqiu for the time being.

If Gong Qianqiu is really an opponent, then Xiao Feng is a time bomb.

It might blow up that day.

It was a huge blow to them.

They have to look at this hidden danger.

Can't let it explode.

Next, Phoenix's investigation was even more powerful.

In-depth and careful investigation.

However, if this is to be done in the past, they will investigate like this.

Gong Qianqiu was afraid that he would have known it a long time ago.

That is to say, Gong Qianqiu is too lazy to pay attention to it now, this little thing will not attract her attention at all.

Now she also knows that her identity must be exposed.

It's just a matter of time.

The Return of the God of War [The Protector] Chapter 3727

[/ The Return of the God of War \[The Protector\]](#)

How can you find out?

So she just ignored it.

Anyway, sooner or later, he will be exposed in front of everyone.

Otherwise, as soon as Phoenix and the others checked, Gong Qianqiu would know immediately.

This is also considered a chance for them by God!

Otherwise, catch one.

All are dangerous.

for a short period of time.

Gong Qianqiu has devoured seven medium-sized spiritual veins and nineteen small-sized spiritual veins.

Even Duguxiao's strength is rapidly improving.

Advertisement

Now he has surpassed Dugu Tuo.

About to reach the realm of Yufeng Tiansi.

Right now, Duguxiao's increase speed is the most terrifying.

Don't say it's Levilia.

Even the early Gong Qianqiu was far inferior.

He has grown to the point where he can devour a small spiritual vein by himself.

And it's still growing.

"Well, I'm very satisfied with your speed. It won't take a month. In a few days, you can go out and hang around, kill a few people, and chatter in front of Levi Garrison's people."

Miya Chiaki was very satisfied.

Going out in a few days.

With Duguxiao's strength, I am afraid that Levi Garrison will not be able to do so, and there is nothing for others to do.

Unless many masters join forces.

But there is no problem with Duguxiao retreating completely.

She doesn't need how Duguxiao kills the Quartet.

Just show up and tell Levi Garrison they – Duguxiao is alive and well, not to mention, I have become stronger, you have no hope of revenge!

Make Levi Garrison unhappy and make everyone feel sick.

Her purpose was achieved.

"Levi Garrison, are you waiting for my appearance? Don't worry? Wait a minute, I will appear when I become strong enough to crush you."

Gong Qianqiu laughed.

According to the records of the town magician and the results of the people she sent to look for it.

There are also a total of one hundred and twenty-three small spiritual meridians and thirty-four medium-sized spiritual meridians.

After she devoured them all, and then devoured some other energy sources.

She will appear.

At that time, she no longer struggled to deal with Levi Garrison.

It can almost crush and kill him.

This is what she wants.

Instead of fighting to the death almost now, even though he killed Levi Garrison, he had to peel off his skin.

Not wrong.

Levi Garrison is still staring at these two super spiritual veins.

After all, it seems that this is the basis for the opponent to become stronger.

If you want to make a qualitative leap, if you want to completely crush yourself, these two super spiritual veins must be absorbed.

Just for half a month.

These two super spiritual veins are completely untouched.

Not right.

There may be a problem.

Levi Garrison frowned.

broken!!!

Levi Garrison suddenly slapped his forehead.

Didn't you already know that the other party was the enemy who knew you best?

Even familiar with their own logical thinking.

The other party must also expect that he will stare at these two super spiritual veins.

Therefore, people do not come at all.

I know you're staring, why are you showing up?

This opponent must be thinking of other ways...

For the time being, I will not start with these two super spiritual veins.

Staring at himself.

But the opponent has become so strong.

To continue to strengthen.

Normal energy sources are useless at all.

Unless it is a spiritual vein, it can give this person a strong enough support.

Otherwise it will not work!

Levi Garrison immediately went to the Heavenly Prison of Suppressing Demons.

“Do you know how many spiritual veins there are within the scope of the Town Demon Division? Small or medium-sized ones will do!”

Levi Garrison asked directly.

Although people don't know what he is going to do.

But he still took out all the ancient books that recorded the spiritual veins and handed them over to Levi Garrison.

“Ah? What about so many super spiritual veins?”

After Levi Garrison inspected the data.

were stunned.

Unbelievable!

There are a total of four super spiritual veins recorded by the Demon Suppression Division.

However, only one has been found so far, and it is the one that the Town Demon Division is using now.

The remaining three are recorded in the book, there must be.

But haven't found it yet.

Indeed there are.

And the spiritual veins are also graded.

For example, the super spiritual vein under the Antarctic glacier is of relatively high grade.

It can't be compared to the spirit veins on which the Demon Suppression Division or the Eternal Realm depends.

It can't even be called a super spirit vein.

Sure enough, the records say that there are spiritual veins on the super spiritual veins.

Generally called dragon veins, earth veins, or even divine veins.

It's just that the people in the town magic department have never seen it.

And Tiansi of the Town Demon Division is said to have found it, and I also went to find it, but there is still no information.

There is no specific record.

But it is said that the high-level spiritual veins discovered by Tiansi are in the legendary world.

I don't know what exactly...

Levi Garrison also did not think that there is so much knowledge in Lingmai.

And the legendary world?

small world?

Or something like a huge area of a small world.

Next, he focused on examining the small and medium-sized spiritual veins recorded by the Demon Suppression Division.

There are hundreds of them in total.

Because of the existence of this super spiritual meridian, Zhenmo Division does not pay much attention to the development of small and medium-sized spiritual meridians.

Most are on hold.

Because it's useless.

If you can't have the strength to absorb the spiritual veins immediately, then the aura emitted by the super spiritual veins is enough for you to use.

"Okay, then I'll focus on these small and medium-sized spiritual veins!"

Levi Garrison sneered.

"You have to keep it strictly confidential. Can't you disclose this matter to anyone?"

Before leaving, Levi Garrison specially warned.

"Understood! This is a matter of life and death, and we must never let outsiders know."

Next, Levi Garrison took people to inquire about these small and medium-sized spiritual veins.

If you are lucky, what if the other party is just attacking these small and medium-sized spiritual veins?

Didn't this happen?

Levi Garrison is also guessing.

If you don't start with the super spiritual pulse, you can only do it on the small and medium-sized spiritual pulse in a short period of time.

"Huh? Not good..."

When he brought people to a medium-sized spiritual vein, he was a little dumbfounded.

Because, this medium-sized spiritual vein is exhausted.

It's been absorbed cleanly.

nothing is left...

And looking at the residual breath, it should be absorbed in the recent period of time.

Sure enough, I guessed it.

Instead of attacking the super-spiritual veins, the other party started to attack the small and medium-sized spiritual veins instead.

Although not a one-time rebirth.

It can be terrifying to accumulate.

After all, this is the spirit vein.

No matter how small it is, the spiritual energy it contains is quite terrifying.

“Keep looking... I feel like I can meet it!”

Levi Garrison saw hope.

With so many spiritual veins, it is impossible for the opponent to absorb them all so quickly.

There is still hope.

Chances are you can still encounter it.

Levi Garrison continued to search with people.

Sure enough, I found one spiritual vein that was exhausted, and found one that had just been absorbed.

possible!

More hopeful!

As long as you find the spiritual veins that are not exhausted, you will definitely be able to wait for this person.

Their goal must be to absorb all the spiritual veins.

Not a single one will be spared.

Just find one that hasn't been absorbed and just wait.

Levi Garrison thought of a strategy and continued to look for it.

It's actually been a while.

Most of the spiritual veins were exhausted.

Levi Garrison searched for sixty or seventy spiritual veins in a row, all of which were the same.

But he did not despair.

Keep looking, there will definitely be opportunities.

Looking for it all the way, Levi Garrison really got something.

In one place, a medium-sized spiritual vein was found that had not been absorbed.

It means that the footprints of the other party are still here.

If it is a small spiritual vein, the other party may not come.

But this is a medium-sized spiritual vein.

So pleasantly surprised.

Levi Garrison concluded that the other party would definitely come.

He can just sit back and wait.

Levi Garrison also stopped looking for other spiritual veins.

Just wait here.

The other party will definitely come.

This point, Levi Garrison firmly believes.

Levi Garrison's prediction was not wrong.

Gong Qianqiu's plan was to devour all the spiritual veins.

Not only the medium-sized spiritual veins will not be spared.

Not even small spiritual veins.

She is still being swallowed one by one.

It is only a matter of time before reaching the medium-sized spiritual vein guarded by Levi Garrison.

Levi Garrison is right!

Phoenix and the others are also in full swing.

I collected people who were related to Gong Qianqiu one after another.

I don't know if I don't check it, I'm shocked when I check it.

It turns out that there are so many men controlled by Gong Qianqiu's emotional temptation???

Forget the West Pavilion.

She has a bad reputation, and 80% of men have been seduced by her.

But only after this investigation did I know that there were hundreds of people who were related to Gong Qianqiu from the major factions.

It's just what they found.

In the end, it was found that there were more than thousands...

The key thing they found in their inquiries was that Gong Qianqiu was too smart.

Dealing with so many men, not to mention that these men have further development with her, that is, they have never held hands.

But all of them were willing to die, and they were all confused by Gong Qianqiu.

Everyone in the West Pavilion knew each other's comments about Gong Qianqiu.

But few people in other factions know about it.

These bewildered men don't even know each other!

Many people even thought that Gong Qianqiu was very innocent...

"This woman's methods are too clever? Admire it! Five-body cast!"

Phoenix and the others clicked their tongues.

No wonder Xiao Feng fell.

This method is so clever that few people can resist it.

And the men who are controlled by Gong Qianqiu's feelings have all identities from high to low.

There are even many elderly elders among them.

They were all controlled by Gong Qianqiu.

"This Gong Qianqiu is too powerful, let alone Xiao Feng, even if we encounter it, we have to fall! Unless it is at the level of the boss, no one will be indifferent!"

Azure Dragon (Qinglong) several people sighed.

But again – no actual proof!

It's all rumours and the like.

Even if you find a man who is controlled by Gong Qianqiu's feelings, there is no evidence.

What's more, this group of people didn't believe Phoenix at all.

That Gong Qianqiu is sacred.

It is absolutely impossible to speak ill of Gong Qianqiu!

Nor will they provide concrete evidence...

Moreover, Azure Dragon (Qinglong) and the others concluded that if Gong Qianqiu was the enemy.

Then all those who participated in the planning of the event must all be dead.

Not a single one is left.

After all, they also heard that many people were killed as traitors of Tianshi Mansion during this period.

If true, they are absolutely dead.

Gong Qianqiu is more at ease who can live.

Because you can't find any evidence.

You can't say that I have something to do with him, so you suspect that Gong Qianqiu is that person, right?

Now they are also investigating the connection and evidence between these dead people and Gong Qianqiu.

But the more they checked, the more they felt that Gong Qianqiu was possible.

Leaving aside the point of strength, Gong Qianqiu is indeed powerful.

In terms of emotionally controlling a man, she can master all the information of the town magician.

It is also possible to control their data through Xiao Feng.

So every time the information is well-informed, it makes sense.

As for strength, they still can't think of it for the time being.

Continue to check.

There must be clues.

They're also confident and always feel like they've got the point.

During this time, everyone is busy.

Only Xiao Feng is practicing alone.

The Huoyun Evil God and his like follow Levi Garrison to do things, and Levi Garrison's current whereabouts will not be revealed to Xiao Feng in the slightest.

And Phoenix Azure Dragon (Qinglong) and the others are also doing things.

Xiao Feng felt isolated.

He doesn't know anything about other people's situation.

Others are deliberately avoiding him.

The Return of the God of War [The Protector] Chapter 3728

[/ The Return of the God of War \[The Protector\]](#)

At first, he focused on cultivation, but he didn't notice anything.

But later, I accidentally discovered that there was no one in the base camp.

Very few.

It is also a few people.

The rest have no idea where they went.

Since then, he has discovered that when other people act, they are avoiding him.

That's when he realized something was wrong.

Although everyone does not say.

But.....

Everyone was wary of him.

Advertisement

He could clearly feel it himself.

Phoenix and the others were deliberately avoiding him.

I'm afraid it's because of Gong Qianqiu?

They may think that Gong Qianqiu has a problem, but they don't tell themselves.

So that they will not tell themselves what they do next.

The master refused to reveal any whereabouts to him.

He was the isolated one on the field.

Xiao Feng felt a little uncomfortable.

Did you do nothing wrong?

Advertisement

Why is everyone like this?

However, Phoenix and several people also believe that there is something wrong with Gong Qianqiu...

That's right, now his goal is to practice hard to reach a state worthy of Gong Qianqiu and impress her.

But he didn't care.

When everyone around him is like this, he is very uncomfortable. How can he have the intention to cultivate?

But he contacted and observed for several days, and he didn't know what others were doing.

But the more so, the more he wants to know what Master and they are doing?

Phoenix what are they doing?

On this day, Xiao Feng couldn't bear it any longer.

He must know what the master is doing?

Mainly, he was afraid of finding Gong Qianqiu's head and causing some unnecessary trouble.

It was nothing at all, but if Gong Qianqiu was wronged or even killed, it would be troublesome.

This is what he doesn't want to see.

Now is a sensitive period, the feeling of being a soldier.

If the master once knew the existence of such a person as Gong Qianqiu, then he would have to act first.

At that time, even he himself didn't know, Gong Qianqiu was already gone.

therefore.

He wants to control the whereabouts of Master and the others, and know exactly what they are going for.

He was relieved.

But now in this situation, everyone is deliberately avoiding him.

How could he know the whereabouts of the master?

correct!!

Levilia!

Levilia still stays at the base camp and controls everything.

She absolutely knew where Master went and what Phoenix and the others were doing.

Levilia is practicing.

Xiao Feng came suddenly.

“What’s wrong with Senior Brother Xiao Feng? You don’t look very good...”

Levilia asked curiously.

Xiao Feng sighed: “Hey, Levilia, don’t you know? I feel like everyone has abandoned me now, Phoenix and the others are deliberately avoiding me, even the master. I don’t know what the master is doing or where he is now. Know.....”

Xiao Feng told all his grievances to win Levilia’s sympathy.

Although Levilia is powerful and simple in heart, he is just a child.

Moreover, she also respected Xiao Feng and these senior brothers very much.

In her heart, people like Xiao Feng have a tall and sturdy image.

Wouldn’t think badly.

“Senior Brother Xiao Feng, don’t do this...”

“How could everyone isolate you? Impossible!”

Levilia immediately persuaded.

Xiao Feng sighed: “Why not? Now I don’t even know where everyone is or what they are doing!”

“I know everyone is busy, but I also want to do my part! I also want to help Master solve problems, but I don’t even know where Master is or what he does... Hey... Isn’t this isolated?”

How could Levilia see that Xiao Feng’s tricks are many, she immediately said: “Senior Brother Xiao Feng, we have not isolated you, I will tell you where your father is...”

In order to prove that there is no such thing, Levilia immediately told Xiao Feng: “Dad is now looking for the large, medium and small spiritual meridians of Zhenmo Division! He thinks that the other party will definitely strengthen himself by absorbing the spiritual meridians!”

“If you see someone using a spiritual vein, that’s probably the person you’re looking for!”

Hearing what Levilia said, Xiao Feng was shocked.

Direct absorption of spiritual veins?

Too scary, right?

I hope this matter does not involve Gong Qianqiu.

If it is involved, it will be troublesome.

“What about Phoenix and the others?”

Xiao Feng asked.

“Aunt Zhuque and the others went to find Duguxiao... They will definitely take revenge! This time I couldn't bear it, so I deliberately checked with my father to find Duguxiao...”

Levilia said.

Not wrong.

Phoenix specially approved it.

It's to hide people's eyes and ears.

I don't want anyone to know that they went to investigate Gong Qianqiu.

It's really good to use Duguxiao for this reason.

Immediately got rid of all suspicion.

Even Xiao Feng believed it.

“Junior Sister Levilia, if you continue to practice, I will speed up my practice, and I will be able to take revenge when I try to find Duguxiao! Instead of relying on Master!”

Xiao Feng left, and Levilia didn't have too much doubt.

After all, Xiao Feng was thinking for them.

In order to be able to participate and share the pressure.

Xiao Feng left and happened to meet Phoenix who came back.

Xiao Feng looked at them and said directly: “When you find Duguxiao, let me know! I am cultivating now, just for a moment of revenge!”

“Okay, no problem!”

Everyone nodded.

Looking at Xiao Feng, Tiger (Bai Hu) couldn't help but say, "By the way, Xiao Feng, you..."

He wants to say that you can actually go to the Zhenmo Division to investigate Gong Qianqiu.

You will understand it all.

But seeing the eyes of other people, he was still embarrassed to say it.

"What happened to the white tiger? Is there any problem?"

Xiao Feng asked suspiciously.

It always feels a little wrong.

Did they know anything?

"Let's focus on practicing, don't put your mind on women! Except for the boss and Levilia, we all rely on you to be the leader?"

White Tiger immediately changed the subject.

Xiao Feng smiled after hearing this.

"That's right! Your future is still long! The future doesn't stop there! You have grown stronger, what kind of woman doesn't have? You don't have to hang yourself on a tree!"

"As your strength grows, you will meet better women in the future! These are nothing at all..."

...

Everyone took the opportunity to persuade.

Since he couldn't remind him directly, he had to instill some ideas into Xiao Feng.

Keep him away from the curse of Gong Qianqiu as much as possible.

"OK, I see,"

Levi Garrison is still guarding the medium-sized spiritual veins as always.

Rain or shine.

Because he firmly believes that the other party will definitely come here.

This feeling is getting stronger and stronger.

He will definitely wait!

the other side.

Gong Qianqiu and Duguxiao devoured the small and medium spiritual veins one by one.

The ones on the list have almost been devoured.

There are only a few spiritual veins left.

“There are still two medium-sized spiritual veins! Let’s go to this first!”

After Gong Qianqiu inspected the map, he chose the nearest medium-sized spiritual vein.

Coincidentally, this spiritual vein is the one that Levi Garrison guards.

Gong Qianqiu and Dugu Xiao set off immediately.

Not useful for how long.

The two have already come within the range of the medium-sized spiritual vein.

I have already felt the strong fluctuations of the spiritual veins.

“Huh? Good! Someone’s here!”

Levi Garrison’s expression moved.

I never thought that someone would actually be waiting.

He immediately hid the breath of the others.

After all, no one else can find out.

He felt each other from a distance.

Two people.

A person’s strength is not bad, and he is also trying to hide his breath, but he still feels it.

But the other person’s breath is absent.

You can only judge that there is such a person, but you cannot judge the specific strength.

Obviously the other party is also covering up the breath.

“The big fish is hooked...”

Feeling the attack of the other party step by step, Levi Garrison immediately became excited.

After all, this **oss is about to be caught.

This enemy is so much more interesting than before.

Both resourcefulness and strength are top notch.

The key is to know yourself well.

He wants to see who it is...

Gong Qianqiu and the two are also approaching here.

“Master, I feel something is not right... I’m a little scared and hairy...”

Duguxiao said tremblingly.

Gong Qianqiu looked helpless.

If this was the first time Duguxiao said something like this, she would still be vigilant.

But this kid, he says this everywhere he goes.

He is now the feeling of cup bow snake shadow.

It’s scary to go to unfamiliar places.

Everyone felt that someone was lying in ambush around him, and that someone was staring at him.

Therefore, Gong Qianqiu did not take his words seriously.

What’s more, she looked around.

And there is no other person’s breath.

Now her sense of power is too strong.

She can feel a little energy change.

She concluded that there was no one in this place!

Therefore, continue to bring Duguxiao to approach this medium-sized spiritual vein.

...

Getting closer.

Levi Garrison's heart jumped.

When was he so excited?

Mainly because the opponent is too interesting!

Enough to pique any interest in him.

the other side.

Xiao Feng returned to his residence.

Still thinking about the Master.

"Looking for the medium and small spiritual veins?"

He suddenly made an assumption: "What if Gong Qianqiu happened to appear near the spiritual vein he was looking for?"

"It's absolutely impossible to wash, immediately kill it as an enemy!"

If you say in the past.

This assumption does not hold, it is absolutely impossible!

What a coincidence!

He wouldn't even think about that assumption at all.

But now it's unfortunate.

Since the last time Gong Qianqiu was killed by his master, he was afraid of such a situation.

Chances are not small.

What if...

Listening to Levilia's tone – as long as people near these medium and small spiritual veins are regarded as enemies.

He had to assume.

no!

I want to make sure nothing goes wrong!

Qianqiu can't have the slightest danger.

Especially at this moment.

What if?

He couldn't let this happen.

Absolutely not!

Even if I contact him now, and then remind Gong Qianqiu, people think that it is nonsense, there will be no danger at all, and they will even scold him as sick.

But he didn't care.

To rule out any danger!

Even if he is scolded by Gong Qianqiu, Gong Qianqiu cuts off contact.

She must not die!

So, Xiao Feng risked his life to contact Gong Qianqiu.

Use the emergency contact information that Gong Qianqiu taught him...

Gong Qianqiu, who was approaching the medium-sized spiritual vein step by step, suddenly received a contact from Xiao Feng, which was still in urgent danger.

Gong Qianqiu's expression changed.

After the two previous insults to Xiao Feng, Xiao Feng must be honest.

I won't be able to contact myself easily.

If you contact again, it may be a real problem!

not good!

Something must have happened!

“What happened to Xiao Feng?”

Miya Chiaki asked.

“Qianqiu’s emergency! My master is currently inquiring about the small and medium-sized spiritual meridians of the Town Demon Division! I think the enemy will definitely absorb the spiritual meridian!

You stay in the Demon Suppression Division, don’t wander near the spiritual veins, and don’t even go... Otherwise, you will be killed as a murderer! ”

Xiao Feng immediately reminded.

After he finished speaking, he was waiting for Gong Qianqiu’s abuse.

It stands to reason that this kind of hint that there is no reason and no evidence is just nonsense.

Gong Qianqiu’s scolding must be indispensable.

But Gong Qianqiu actually said: “Xiao Feng thank you, I will pay attention, you have to pay attention to yourself!”

Gong Qianqiu’s brief response almost made Xiao Feng jump like crazy.

“I knew that Qianqiu still cares about me! You scolded me just for hating iron! You want me to be excellent and make me strong!”

“If a person doesn’t love me, then don’t bother to scold me!”
