

# The Return of the God of War [The Protector] Chapter 3729

Xiao Feng was relieved now.

Gong Qianqiu really loves him.

It used to be a slap in the face, but now I have given a jujube.

He firmly believed that Gong Qianqiu scolded himself for his own good.

It can be seen from now on.

After all, when I contacted her this time, it was even more unreasonable, and even a little incredible.

As a result, Gong Qianqiu was so gentle...

But how does he know.

Gong Qianqiu is near the spiritual vein.

She panicked, so she replied to Xiao Feng like this.

Advertisement

"I still underestimated Levi Garrison. I thought he would keep staring at the two super spiritual meridians! I never thought he would start staring at the small and medium-sized spiritual meridians! I know what I'm doing..."

After Xiao Feng's reminder, after knowing what Levi Garrison was doing.

She immediately figured out Levi Garrison's thinking.

He is waiting on the sidelines.

Maybe this medium-sized spiritual vein, maybe the next one.

But he's definitely there...

A direct fight?

Gong Qianqiu still doesn't think much of it.

Not to the point of directly crushing Levi Garrison.

She still needs to continue to precipitate and continue to improve her strength.

Can't be too hasty.

Gong Qianqiu turned around and said to Duguxiao next to him: "Your hunch has been wrong hundreds of times, but this time it is likely to be accurate. Someone is ambushing around!"

Now Duguxiao became more and more frightened.

The whole person started to tremble.

"We gave up this medium-sized spiritual vein..."

Gong Qianqiu stopped.

She felt it carefully again.

There are no energy fluctuations around.

Quiet!

It's a little scary even to say that it's quiet!

That means there is a problem!

Gong Qianqiu's feeling is also getting stronger and stronger.

She already felt that Levi Garrison was in the dark.

...

"Huh? What's wrong? They're not moving forward?"

Levi Garrison realized that something was wrong.

But how could the other party find out?

This is impossible!

All his breath was hidden.

At this moment, a voice came from the opposite side: "Levi Garrison, I know that you are in ambush in the dark, I found you, you don't have to hide! But I can't meet you for the time being, wait for the next time...hahaha..."

The words are not surprising and die endlessly.

As soon as the voice came.

Levi Garrison's face changed wildly.

The other party found himself?

not good!

Chase!!!

Levi Garrison immediately rose into the sky and chased after him.

"boom....."

Gong Qianqiu also fled immediately.

After all, the distance between the two sides is still a little far.

Gong Qianqiu escaped.

Levi Garrison did not catch up.

This.....

Levi Garrison was shocked.

How is this possible?

How did the other party find out?

Totally impossible!

It's too coincidental, isn't it?

Unless the opponent is super strong and can crush himself, he can easily find out.

But judging from the opponent's escape, there is no such assurance.

It is impossible to crush yourself easily.

How was that discovered?

Incredible.

But the other party just found himself.

Maybe you really found it yourself.

Otherwise, the explanation is not clear!

First—no one knows his whereabouts, not even Xiao Feng, who is most likely to leak.

Second—no one knows that I'm standing still here, and if this group of people knew, they wouldn't come.

Thirdly – Judging from the depletion of the spiritual meridians one by one, the other party did not know that he had been eyeing them and knew about the small and medium spiritual meridians.

If the other party really found himself.

So it's a little too magical.

Incredible!

Levi Garrison analyzed it for a long time, but still couldn't figure out why.

But there is no gain to talk about, right?

That is impossible!

Um?

is a woman?

From the voice just now, the other party was a woman.

This is what Levi Garrison never thought of anyway.

The other party turned out to be a woman!

How can a woman have such a thing?

unimaginable!

Yup!

This opponent may be a woman!

When Levi Garrison was investigating the West Pavilion, the focus was actually on the man.

Women don't pay that much attention.

After all, it feels like how a woman can control the overall situation.

But this is something that is overlooked.

Never noticed it before!

It is because of women that it is easy to hide.

The target is relatively small.

Levi Garrison didn't even think of being a woman.

But the voice just now was a woman.

The other party didn't hide his gender, he was directly provoking him!

Now this woman is estimated to be in a state – can be exposed but not necessarily exposed.

But I can imagine that she will be exposed soon.

When she feels that her strength can crush her, she will definitely be exposed.

Almost now.

But now this method of using small and medium-sized spiritual veins has been seen by himself.

She certainly won't use it again.

Then she'll have other ideas.

For the time being, apart from the two super spiritual veins, Levi Garrison couldn't think of any other way for her to obtain energy...

Prevent!

Must be stopped when she grows up!

And we need to find out her identity as soon as possible!

After Gong Qianqiu left.

“Hahaha.....”

She started laughing–

Never thought that Xiao Feng would still be useful.

This is what she didn’t expect!

It seems that the value has not been completely squeezed out!

Now she has also controlled Xiao Feng to a state – she has reflected her value.

But soon Gong Qianqiu’s face darkened.

Still a little bit worse.

If all these small and medium-sized spiritual veins are swallowed up.

It was easy for her to deal with Levi Garrison.

But after swallowing more than half of it, Levi Garrison appeared and stared at her.

Judging from the fact that Levi Garrison was lying in ambush around the spiritual veins just now, he was a little more terrifying than he expected.

After all, she didn’t notice it.

So she also felt the pressure.

If it can swallow all the spiritual veins, it will be fine, I am a little sure.

But now this method does not work.

The two super spiritual veins, Levi Garrison, have been watching.

How can I continue to be strong?

“Hey! Next, we have to find a new source of energy, worrying people!”

Gong Qianqiu supported his forehead.

At this time, Duguxiao suddenly said: "Master, I know that there are still spiritual veins, or two spiritual veins!"

"One is from the Xuanming alien race, and the other is from the Senluo alien race. These two spiritual veins are both large-scale spiritual veins, although they are not comparable to the super spiritual vein under the Demon Suppression Division. !"

"These two spiritual veins are the root of the two alien races. Except for me and Dugu Tuo, no one else knows about it."

Duguxiao said so.

Gong Qianqiu's eyes brightened fiercely.

Levi Garrison can control the major spiritual veins of Zhenmo Division.

But the aliens definitely won't, because they don't know where they are.

"That's great! I can use the two spiritual veins of the alien race to reach the realm I want!"

Gong Qianqiu laughed.

"Master, not only that! I also took out all the treasures, magical medicines, and treasures of heaven and earth from the alien races over the years! These things seem to be worth a spiritual vein..."

Duguxiao now also understands the form.

Follow Gong Qianqiu and please her.

Your future is bright.

Even better than the road Dugu Tuo had paved for him before.

Gong Qianqiu was a little more looking forward to it.

"Okay, then let's go! Take me there!"

She was impatient.

When Levi Garrison was thinking about how to find the energy source in Gong Qianqiu's next step, he didn't think that she had already solved it easily.

Next, Gong Qianqiu will usher in a qualitative leap again.

Soon, Gong Qianqiu got the treasures that the two alien races had treasured for hundreds of years.

Let her smile never stop.

There are also two large spiritual veins.

It also makes her happy.

The places where the key aliens are located are extremely secretive.

Especially since this is their old lair, Zhen Mo Si can't find it at all.

Gong Qianqiu can swallow it with confidence.

Gong Qianqiu believed that Levi Garrison could not find it for the time being.

This is unexpected.

After all, even Zhen Mo Si won't know.

The two alien races also have spiritual veins.

Moreover, the spiritual veins of the two alien races are full of yin and evil energy such as spiritual energy.

The Town Demon Division was dismissive and never used it.

Not to mention exploring.

Probably didn't even think of it.

No matter how smart Levi Garrison is, when she reacts, she will be swallowed up.

Still, she was stressed.

It has to be swallowed as soon as possible.

Seize this great opportunity.

After all, she can't touch other spiritual veins for the time being.

She also allocated considerable resources to her apprentice Duguxiao.

She also has to train Duguxiao.

It doesn't make sense to be strong.

And now it is a sure thing, she will eventually become the strongest!

She also wants to make Duguxiao strong and make Levi Garrison and the others incapable of taking revenge.

Can only watch...

This is what she wants!

After the strength arrives, it is meaningless to simply use force.

Her principle has always been to play with people.

Next, she started the pace of devouring the two great spiritual veins of alien races...

Levi Garrison returned to the base camp depressed.

Staring at the spiritual veins is useless now.

The other party will never make up their minds on these spiritual veins again.

But for other energy sources, Levi Garrison really couldn't think of it for a while.

I asked the high-level officials of the Heavenly Superintendent, and they didn't know about it either.

It feels like a large energy source is under control.

They couldn't name another source of energy for a while.

Just look for it.

Levi Garrison felt that he had to keep up with this woman's thoughts as soon as possible.

Otherwise, you'll end up slowing down.

He has other things to worry about.

For example, he is afraid that the other party will retaliate.

After all, he is staring so closely, in case the other party starts to attack the people around him.

It's very likely that he can't see it alone.

Let them be careful, but also take a look for yourself.

Levi Garrison came back, and it happened that everyone gathered together.

“Has something happened to the boss?”

Everyone saw that Levi Garrison’s face was not quite right, and couldn’t help asking.

Everyone came together.

Xiao Feng’s expression changed even more.

Looking at Levi Garrison a little nervously.

Shouldn’t it be so coincidental?

He couldn’t help but look at Levilia a few more times...

Could it be that Gong Qianqiu’s luck is really so bad?

Did this happen?

Levi Garrison smiled helplessly: “Originally, I have mastered the rules of the opponent, so I just waited for the rabbit with a medium-sized spiritual vein.

I really waited, just when I was about to make a move, the other party suddenly stopped and stopped walking into my encirclement, saying that they had discovered me! “

...

“what?”

After listening to Levi Garrison’s remarks, everyone began to analyze.

“Boss, is the other party strong enough to find you?”

Azure Dragon (Qinglong) has some fear.

If this is true.

That’s a lot of trouble...

Levi Garrison shook his head: “It shouldn’t be! I’ve been in ambush for a long time, and at first this person came to the spiritual vein, and then suddenly stopped and said that he knew I was there.

And if she has the ability to find me, there is no need to hide from me. Apparently it didn’t find me. “

Several people looked at each other and said, "Then how did this person find out about you, boss?"

"I didn't discover it myself, it can only be told by others!"

...

As soon as this conclusion came out, everyone was a little terrified.

Could it be that the other party knows everything about them.

Do you even know the whereabouts and information of the boss like the back of your hand?

Is this putting a man in their midst?

In the past, everyone would look at Xiao Feng in unison.

Because he has revealed it many times.

But now, they deliberately avoided Xiao Feng.

Even Levi Garrison is the same.

He won't tell his whereabouts, especially Xiao Feng.

So are they.

Therefore, Xiao Feng's suspicion was ruled out.

## The Return of the God of War [The Protector] Chapter 3730

After mentioning this matter, everyone has no reason to see Xiao Feng.

Because Xiao Feng didn't know Levi Garrison's whereabouts at all.

It has nothing to do with him.

Everyone's body couldn't help shaking.

They all looked left and right, looking around.

It feels like there are a pair of eyes in the dark.

Advertisement

Because the previous things can be explained, it's all because of Xiao Feng.

But this time, Xiao Feng ruled it out?

How to explain?

Anyone else?

Advertisement

Or does the other party have unknown means?

Seriously terrified!

It felt like everyone was being watched.

Even Levi Garrison felt this way.

The main thing is that I can't explain it without Xiao Feng...

Did someone else leak it out?

cannot!

He only told Levilia and Zoey Lopez about his whereabouts.

Definitely not killing these two...

Advertisement

And they didn't tell anyone, let alone Xiao Feng.

The Shentian Superintendent is also under his control, and there will be no problems.

This thing is strange.

How did the other party know?

Judging from the move that came first and then suddenly stopped, it was what others told her...

Unsolved Mystery...

Xiao Feng is now struggling.

But if it is possible, it is related to Gong Qianqiu.

I told myself what Master Gong Qianqiu was doing.

This is entirely possible to expose.

But he believed that Gong Qianqiu would not be the person Master was looking for!

Besides, how many catties and taels of Qianqiu can deal with Master?

impossible!

She knows her strength better than anyone else!

How can you compete with the master?

If she is, shouldn't she try to get in touch with herself?

Come and get the whereabouts of Master and all kinds of information.

As a result, Gong Qianqiu ignored him.

But if there is a possibility, it should be Gong Qianqiu who reminded others.

After all, he told Gong Qianqiu that once he appeared near these spiritual veins, he would definitely be regarded as an enemy.

She might go and remind others.

So the information leaks out...

If it is my own, I will also remind my friends not to be taken advantage of.

Human nature!

In the face of this danger, how much to mention.

It seems that the spy is in the town magic department, around Gong Qianqiu!

If I knew I had already reminded Gong Qianqiu, don't tell others about it.

Don't think about it yourself.

Next, in addition to cultivating, he should also focus on checking the people around Gong Qianqiu.

After all, the best way to clear the suspicion is to find the real person behind the scenes.

Xiao Feng was also a little scared, for fear that others would know about him.

But seeing that no one was paying attention to him, he was relieved.

Suddenly, he noticed that Levilia was looking at him...

He panicked!

Others won't miss him, but Levilia will.

After all, he knew his master's whereabouts from Levilia.

Levilia absolutely doubted himself.

No matter how she believes in herself.

But the front and back things were linked together, and I had to doubt it.

She is innocent, but not stupid!

This is what Levilia thinks. She believes in Xiao Feng, but she has to doubt Xiao Feng.

It was all a coincidence, and she didn't believe it if it had nothing to do with it.

But Levilia's character is pure and simple, and he didn't say it directly.

She and Azure Dragon (Qinglong) actually have the same idea.

I don't want Xiao Feng to be separated from everyone because of his own reasons.

Don't let this big family break up.

It's just that she looked at Xiao Feng suspiciously...

Xiao Feng looked over, Levilia was also looking at him, and the two looked at each other.

This made Xiao Feng more and more panicked.

Levilia is also thinking about deeper things.

At this time, Xiao Feng suddenly said: "Master... You can't blame me this time, right? It was because of too many coincidences a few times before that I caused a show, and now I can't tell!

These days I find that you are all encouraging me to avoid me. What did you do, where did you go, you don't let me know..."

"Actually, I really want to know where you all went and what are you doing? I really want to help you! Help Master solve problems, help Azure Dragon (Qinglong) and you to avenge Xue Hun!

But I dare not know! I am afraid that once I know Master's whereabouts or other things, if something happens, it will come back to me! I'm really afraid, I'm afraid you will doubt me when I dream! "

"Actually, it's fine now. You all isolate me, and then I don't know anything! After this happens, you can't blame me!"

...

Xiao Feng smiled miserably, almost crying.

shocked!

Everyone present was stunned.

I never thought Xiao Feng would say this...

No one doubts him!

Guilt!

Everyone felt a little guilty.

Especially the Azure Dragon (Qinglong) people.

If this matter has nothing to do with Xiao Feng, they will die of guilt.

"After this, I don't dare to ask any of you to ask where Master is, where are the others, and do you want me to help?"

“Resolutely don’t ask! From now on, I won’t ask about any of you, and I won’t dare!”

Xiao Feng said, and glanced at Levilia.

Of course, this sentence was originally intended for Levilia...

Xiao Feng’s words were loud and loud, as if a heavy hammer slammed into Levilia’s heart.

Levilia immediately softened, and even felt a little distressed.

Although not everyone admits it.

But the isolation of Xiao Feng is true...

It looks a little pathetic!

even very sensitive.

I want to know what everyone is going to do, but I don’t dare to know.

For fear that he would find out, and get involved with him after the accident.

...

It’s actually quite miserable for people to come down like this.

He is like this, and he still doubts what he is doing?

Levilia shook his head.

Decided to swallow this thing to the stomach.

Xiao Feng glanced at Levilia without a trace, and when he saw her demeanor, he felt relieved.

His “self-exposure” was actually for Levilia to see.

Make Levilia feel pitiful, so as to dispel all doubts.

This is also tricky.

Under Xiao Feng’s explanation.

It made Levilia feel as if Levi Garrison’s whereabouts were revealed to Xiao Feng on her own initiative.

It was not obtained by Xiao Feng.

That way, there will be no suspicion.

If it was simply Xiao Feng who came to ask about his whereabouts, it would be different.

Levilia no longer doubts Xiao Feng.

Xiao Feng's goal was also achieved.

"Junior Sister Levilia, I'm sorry, I can only use this method to keep you a secret, otherwise your sister-in-law will be in danger..."

Xiao Feng said with a little guilt in his heart.

But the guilt soon disappeared.

For Gong Qianqiu, everything is worth it.

There's nothing wrong with lying...

After Xiao Feng said these words.

Everyone started to comfort him.

After all, I don't know about Xiao Feng and Levilia.

They are full of guilt.

I never thought that Xiao Feng would directly say that everyone isolated him.

"It's not that we don't believe you, we're just afraid of potential risks around you..."

Everyone persuaded Xiao Feng one by one.

"Okay, I'm fine... you guys continue... I'm leaving, I can't know too much information!"

In order to maintain what Xiao Feng just said, he turned and left.

No matter how much everyone shouted, he would not stop.

Seeing Xiao Feng leave, Levi Garrison also looked helpless: "Forget it, let's talk about it later!"

"We continue to analyze the possible situations..."

Xiao Feng looked at the crowd and said, "This time it's not completely fruitless!"

"Oh? Are there other discoveries?"

Everyone looked over.

"Well, that's right!"

"I never thought that my opponent was actually a woman!"

The words are not surprising and die endlessly.

Levi Garrison said this.

The whole place was stunned.

It's all unbelievable!

"Boom..."

And Xiao Feng, who hadn't gone far, also happened to hear it, like being struck by lightning.

The whole person was stunned on the spot!

Stop your steps and fill your legs with lead!

I didn't even have the strength to lift my legs.

I don't know why, when Levi Garrison said that his opponent was a woman.

Xiao Feng was extremely shocked.

Involuntarily, he arranged everything on Gong Qianqiu.

The figure of Gong Qianqiu immediately appeared in his mind.

Before, he would not have had a relationship with Gong Qianqiu.

But now it's a woman.

That would be different...

He tried hard not to think about it, but his thoughts were out of control.

"female....."

The Azure Dragon (Qinglong) five people were greatly shocked.

Because they don't care about anything else now, they just regard Gong Qianqiu as an imaginary enemy.

Find a series of evidence to prove the existence and reasonableness of the imaginary enemy.

Now Levi Garrison found out that it was a woman.

This greatly supports their hypothesis.

Doesn't this have a lot to do with Gong Qianqiu?

"So then our direction has changed! Just look at the women in Xige! But we need to be faster!"

"She can reveal to me that she is a woman, which shows that she doesn't take me seriously anymore. I'm not afraid that I will find her out!"

Levi Garrison said in a slow tone.

The next two directions –

First, find out who it is?

Second, find the energy source she's going to use.

Phoenix's five people's expressions changed, and they were also under pressure. They had to prove that Gong Qianqiu was this person as quickly as possible.

In addition, Levi Garrison asked everyone to pay attention to safety. If the situation is not right, you must immediately hide in the base below.

Safety is also very important.

Don't ask everyone to help you, but don't be a burden.

Huoyun Evil God is still not practiced enough, after all, this basic technique takes time to accumulate.

He is optimistic that his sister Zhou Nanyan and Wen Lei can be his helpers.

These two people are practicing this basic exercise regardless of rain or shine.

After a while, I am afraid there will be great results.

Levi Garrison and Levilia walked together.

“Impossible! As far as I know, the one with the fastest improvement is Levilia you. I can’t think of any way to do it faster than you...”

Levi Garrison has a headache.

Can’t find the energy source that the other party wants to use.

I don’t even know how the opponent has improved their strength.

At this time, Levilia suddenly said: “Dad, in fact, I can improve faster...”

“Huh? How do you say it?”

“My self-created exercises can go the extreme route, that is to absorb energy desperately, no matter what energy is absorbed extremely! To be precise, it should be swallowing everything...”

Levilia said so.

Everyone was shocked.

Can you do this?

Desperate devour?

Levi Garrison’s face changed, and it seemed that there was still a way to achieve such an improvement.

It cannot be completely denied.

What if there is an adventure for the family?

This possibility cannot be ruled out.

Levilia can create such a heaven-defying technique.

It’s not necessarily true that people have exercises for extreme improvement.

“Levilia, this method of yours is generally pursued by those extreme aliens! They only want to make it in a short time! But this woman’s improvement is too exaggerated... Levilia, if you think you have to be desperate, you can catch up with this woman. speed?”

Levi Garrison asked.

Levilia thought for a while and said: “In theory, if this is the case, it is absolutely possible to reach the speed of this person! It can even surpass it, but it is too extreme, I have never tried it!”

“What’s more, there are huge hidden dangers! This is actually incompatible with the concept of my practice method!

What my practice seeks is the unity of heaven and man, the integration of all things, the feeling that heaven and earth are me, and I am heaven and earth. It’s about yin and yang balance! “

“But if it absorbs like this, it is extreme, forcibly occupying the power of heaven and earth, breaking the balance. It is harmless in a short time, only rapid improvement, but the final result is uncertain!”

...

Levilia explained this.

Levi Garrison understood.

Levilia’s practice is actually to use the power of heaven and earth.
