

The Return of the God of War [The Protector] Chapter 3731

But this use, in fact, emphasizes the integration of heaven and earth.

But if it is so extreme, it is forcibly occupying the power of heaven and earth, breaking the balance, and unable to integrate with heaven and earth.

There is an essential difference.

But Levi Garrison didn't think too much.

I would never have thought that Gong Qianqiu was using Levilia's exercises.

So far, I am afraid that only Levilia understands this extreme way of his own practice.

Others don't even know what Levilia Gongfa is.

Not to mention knowing this extreme way.

But it also proves that this kind of improvement speed is achievable.

Like Levilia!

Everyone quickly went to work on their own.

Xiao Feng returned to his residence with great difficulty.

The whole person's mind is the figure of Gong Qianqiu.

no!

I can't think so myself!

How could it have something to do with Qianqiu?

There is no evidence at all.

But maybe it has something to do with the people around Gong Qianqiu?

There was Chu Wu before, and there was her master Gong Wenqian.

It's the people around you.

She has to remind herself that this person is the woman beside her, and let her count in advance.

Xiao Feng immediately contacted Gong Qianqiu.

Tell her that Levi Garrison has found out that it is a woman.

Tell her to be on guard.

Now Gong Qianqiu is all in retreat.

Xiao Feng will not be ignored.

The value of Xiao Feng is almost equal to nothing.

In addition to finally assassinating Levi Garrison, there is no other use.

Gong Qianqiu will definitely not contact him.

What's more, the current Xiao Feng has been completely pinched to death by her.

No need for her to do anything, Xiao Feng just sent the message all the time.

This is rushing to be used.

She doesn't care.

Then all parties began to inquire.

In addition to improving his strength, Xiao Feng also investigated the people related to Gong Qianqiu.

The more Phoenix and the others investigate, the more clues they have.

They found that many men were willing to do things for Gong Qianqiu and even die.

And they counted that the men who were probably controlled by Gong Qianqiu's emotions were all over the major factions, and they were accurate to every institution.

Some are high and some are low.

However, they all happened to have a clear grasp of the first-hand information and information of the major factions.

They came to a conclusion – if Gong Qianqiu was an imaginary enemy.

She's not alone when she acts...

But the entire town magic department is in operation.

It feels like they are getting closer to the truth!

But it still doesn't make sense, how did Gong Qianqiu improve in a short time?

"By the way, I suddenly thought of an inquiry direction. Let's investigate Gong Qianqiu and Xiao Feng? Find out these details, maybe all of them are evidence!"

Kirin suddenly mentioned.

Everyone is suspicious of Xiao Feng and Gong Qianqiu.

Why don't you check the two of them directly?

Doesn't this directly pinpoint the direction?

As soon as the words came out.

The other four were stunned for a moment, and then they all burst into smiles.

"Yes, this direction is wonderful!"

Everyone decided to let Kirin (Kirin (Qilin)) go to check Gong Qianqiu and Xiao Feng exclusively.

On the other hand, Levi Garrison is also reducing the scope as much as possible.

As for Xiao Feng, the people around Gong Qianqiu naturally couldn't find anything.

Everything that should be investigated has been ignored by him.

But Xiao Feng also made a major discovery.

Because these days, he almost always runs to the town demon division.

Especially the people around Gong Qianqiu.

Of course, there is no shortage of visits to the West Pavilion.

It turned out that one thing – the people of Gong Qianqiu are not in the West Pavilion at all, nor are they in other places in the town of magic.

She's not in Zhen Mosi, where can she go?

Xiao Feng was a little panicked.

Gong Qianqiu didn't contact him for a while, and now no one knows where he went.

Now is the most turbulent time for the Town Demon Division.

She should be staying well in Zhen Mosi.

Where has she gone?

It's weird...

Do you want to ask where she is?

Xiao Feng thought.

In the end he didn't dare.

Once he contacts this kind of thing, it means doubting Gong Qianqiu.

Those two are completely over.

You can't doubt her!

She must also cultivate and have her own affairs.

Now that the Demon Suppression Division is in a turbulent era, who stipulated that she must be in the Suppressing Demon Division?

"Are you Xiao Feng?"

With the sound, several figures appeared behind Xiao Feng.

“Ah? I am! You are...”

Xiao Feng asked suspiciously.

“We are Gong Qianqiu’s fellow junior sister...”

Xiao Feng immediately became enthusiastic.

While looking at Xiao Feng, several people asked with a smile, “Are you here to find Gong Qianqiu?”

Xiao Feng nodded: “Yes!”

“Don’t look for it, you can’t find it!”

Several people laughed.

“And you give up on her, you’re not suitable! Or she doesn’t like you at all!”

Xiao Feng was stunned when the few people said these words.

“Why?”

Several people smiled like looking fools.

They all know this.

Only Xiao Feng was kept in the dark like a fool.

“Do you think Gong Qianqiu is your woman? You love her, and she loves you too? You are so sweet, can you go to the future?”

one of them asked.

Xiao Feng replied sweetly: “Yes, we are going both ways! She loves me as much as I love her!”

Xiao Feng is sure of this.

Gong Qianqiu is her own woman.

How can you not love yourself?

“Hahaha.....”

Just after a few people heard it, they suddenly burst into laughter.

More of a mockery!

That look is like looking at a fool, Xiao Feng can feel it.

Did you say something wrong?

Others know his relationship with Gong Qianqiu better than himself?

it's out of the question!

One of them smiled: "Everyone thinks so..."

Although they don't know that Gong Qianqiu has reached the point where he has already competed with Levi Garrison.

But they know Gong Qianqiu's scandals and comments.

This is true of all men who have been seduced by Gong Qianqiu.

They all thought that they could go to the end with Gong Qianqiu.

They all think that Gong Qianqiu loves himself.

...

They have seen at least hundreds of them in the West Pavilion.

Every pair of Gong Qianqiu is fascinated.

They all live under the control of Gong Qianqiu.

Not only the West Pavilion, but they also heard that there are more people from other major factions.

When they saw Xiao Feng, they wanted to test it.

Sure enough, it was under control.

Just like those they've seen.

The expressions and strange words of these people made Xiao Feng puzzled.

If it doesn't involve Miya Chiaki.

With Xiao Feng's intelligence, he must have reacted immediately.

But as soon as Gong Qianqiu's words were mentioned, Xiao Feng's brain immediately crashed, and he was in a certain blind spot of thinking.

Can't react at all...

Because Gong Qianqiu will not be associated with these bad things at all.

"You, it's better to get rid of Gong Qianqiu's mind as soon as possible, otherwise you will be injured..."

"Do you know how many men like Gong Qianqiu? There are not tens of thousands, but also thousands. This is what we know, and we don't know more."

"If you don't have any skill or value, she won't like you..."

...

Several people were embarrassed to explain directly, and could only remind Xiao Feng euphemistically.

There are many men around her, so you should give up now.

You will be used sooner or later.

Several people sneered and said: "Xiao Feng, if you have the skills of your master, it is estimated that Gong Qianqiu will follow you with all his heart! Hahaha..."

Just Xiao Feng smiled and said humbly: "I know Qianqiu is very good, and all the men who pursue her are evil! In order to match her, I have to work harder! I am also cultivating hard, trying to protect her earlier, worthy of her. Get her and give her face!"

Upon hearing this, several people sneered helplessly: "There is no cure!"

"Do you know that you were fascinated by Gong Qianqiu?"

Someone couldn't help it.

How can there be such a stupid man?

She scolded immediately.

Xiao Feng actually smiled and admitted frankly and generously: "Yes, I admit it! I also like to be fascinated by her!"

"Then do you know that other men are also fascinated by her? Just like you?"

This man is about to die.

Especially Xiao Feng's calm attitude.

"I know, I know better than anyone how charming Qianqiu is!"

Xiao Feng is not surprised by this.

"You are really terminally ill and become a tool for others!"

"Forget it, it doesn't matter what we say! Don't say hints, even if you point your nose and tell him, he won't believe it!"

...

Several people stopped talking.

Xiao Feng felt that these people were inexplicable.

Say something he doesn't understand.

It can even be said that he is leading him to think about Gong Qianqiu in a bad way.

"Xiao Feng will tell you before he leaves! Gong Qianqiu is not a good woman! Hurry up and reduce the loss!"

Before leaving, a few people also reminded.

"Are you sick? You've been slandering Qianqiu for a long time?"

Xiao Feng roared.

Because he found out in the West Pavilion, everyone didn't like seeing Gong Qianqiu very much.

"Jealous! They must all be jealous of Gong Qianqiu!"

Xiao Feng shouted angrily.

Everyone slandered Gong Qianqiu as much as possible.

He also heard that the dead Chu Wu had an affair with Gong Qianqiu, and how Gong Wenqian's husband and Gong Qianqiu were.

It's all suspicion without evidence.

In addition, these people are dead, so they dare to slander them like this.

"I finally understand why Qianqiu is no longer at the Demon Suppression Division. Who can stay in this environment? It's full of slander and intrigue! Don't wait!"

Xiao Feng was going to be so angry that he immediately left the West Pavilion.

I happened to meet the unicorn who was investigating him and Gong Qianqiu.

"What's wrong with Xiao Feng? So angry?"

Kirin asked.

"I didn't think that the entire West Pavilion was slandering Gong Qianqiu, such a good girl was ruined by them..."

Xiao Feng said angrily.

The white tiger next to him smiled: "Xiao Feng, you have to pay attention, if one person says it must be a rumor or something, but a bunch of people say it means there is a problem..."

Xiao Feng shook his head: "No, I only believe what I see! Others slander and show evidence, and I believe it!"

At this time, Kirin (Kirin (Qilin))'s expression changed: "Xiao Feng, I believe in your vision! You will never see the wrong person..."

"You are in a bad mood now, why don't you talk to us about Gong Qianqiu?"

Hearing this, Xiao Feng's expression softened a lot.

After thinking about it, Gong Qianqiu will have to meet with his family sooner or later.

It's not a bad thing to let them know in advance.

There is no meeting yet.

All kinds of doubts about Gong Qianqiu and the like.

Don't be preconceived at that time, everyone thinks Gong Qianqiu is a bad woman.

"Okay, then let's find a place and have a good chat..."

Xiao Feng agreed.

Kirin (Kirin (Qilin)) and Tiger (Bai Hu)'s eyes lit up.

If Xiao Feng said it directly, it would be much more convenient than if they went directly to find clues!

Next, the parties found more and more evidence.

It's just that on Levi Garrison's side, there has been no movement in the query energy source.

Neither he nor Shentianjian could find other energy sources.

And the other party hasn't moved for a long time.

I don't know if I gave up temporarily, or I have found the energy source and secretly absorbed it.

This is the problem.

Although Levi Garrison was in a hurry, there was nothing he could do.

People can be inquired about this piece.

Levi Garrison already has a major clue.

The range has been narrowed to less than a thousand people.

What shocked him was that the people who were almost killed outside the Demon Town Tower that day were all on the list of thousand people.

Levi Garrison began to carefully recall those people at the time, who was it? ? ?

But his focus is still on the energy source.

After all, that's what matters.

The Return of the God of War [The Protector] Chapter 3732

Even if he knew who it was now?

Still useless.

If the other party finds a large spiritual vein, it will grow up immediately.

Then it will be too late.

Although it is not clear what the opponent's strength is.

But the other party dared to reveal the identity of a woman, but he was less and less in his eyes.

Advertisement

This is the bottom line.

God knows how powerful she will be.

Although Levi Garrison is actually making progress.

But what if you can't suppress the other party?

Advertisement

This is troublesome...

For some reason, he still had a bad feeling.

It feels like the other party has succeeded immediately.

...

Not wrong.

At this moment, Gong Qianqiu has completely swallowed up the spiritual veins of Sen Luo's alien race.

Because the large spiritual veins are really too big.

It takes a long time to devour it.

Her strength has reached a level that she herself cannot explain.

Advertisement

It felt like she was in control of everything.

It seems that the world is not in sight, and there is a feeling of super expansion.

If the spiritual veins of the Xuanming alien race were devoured again, then all the treasures of the two great alien races would be devoured one by one.

She will reach an unimaginable state.

But there is also a problem.

Gong Qianqiu felt that he had an end.

The limitations of this exercise, the limitations of spiritual roots and bones, and even physical limitations.

It is not obvious now that she can grow wildly and devour wildly.

But there is an upper limit.

Once she reached a limit, she could no longer swallow it.

Gong Qianqiu's thinking is very advanced.

What she thought was that after she defeated Levi Garrison and the Qianqiu Religion was unified, what should she do?

I can no longer move forward.

But still can't think about it.

Let's wait until that realm!

Now it is still swallowing up as soon as possible, to the point of crushing Levi Garrison.

A month before and after has passed.

Gong Qianqiu is much stronger again.

And Duguxiao is also much stronger.

After all, the more violent and savage he devoured.

Within a month, he had already surpassed the level of Yufeng Tiansi.

"Now I think about it, except for me and Levi Garrison, there is no one in this world that is your opponent!"

"After being bored for so long, it's time for you to go out and do some activities!"

“Remember, avoid Levi Garrison and dangle in front of others! It’s up to you to kill or not, but my idea is that it’s better not to kill, just go with the disgust!”

Gong Qianqiu decided to let Duguxiao go out for a walk, and let those who are bent on seeking revenge for him see how powerful he is now.

Let you have the heart but unable to take revenge!

This is what Gong Qianqiu likes.

“Master, don’t worry! I will surprise them!”

Dugu Xiao smiled.

Gong Qianqiu continued to devour.

And Duguxiao left.

All parties are still looking for clues.

After Duguxiao came out, he most wanted to appear in front of the five Azure Dragon (Qinglong) people.

After all, they have their roots in themselves.

He is completely Gong Qianqiu’s thinking now.

It’s like seeing these people go crazy.

“Presumably Azure Dragon (Qinglong), these five people have been looking for me frantically? Hahaha...”

From the point of view of Duguxiao and even Gong Qianqiu, Levi Garrison and his group were still brooding about the failure of revenge last time.

One by one is still in a state of madness.

However, after Duguxiao came out, he found that no one was looking for him at all.

It seemed to them that it was no longer important for them to take revenge or not.

But how can this happen?

According to Gong Qianqiu’s prediction, their tone has never been vented, and there should be more demons.

As a result, now you are not even looking for revenge?

What is this doing?

Duguxiao looked puzzled.

He can still understand what Levi Garrison said.

It might piss him off.

But for others, especially for the five Azure Dragon (Qinglong) people, it was a devastating blow.

Must be crazy to find himself.

But there is no...

They are all doing their own thing.

It was as if he had been forgotten.

"I don't believe it anymore! I'm about to appear in front of you!"

"When you see me, will you calm down?"

"I want you to see me, but there is no way to solve it! I can only watch it, I can't take revenge..."

Dugu Xiao smiled.

The current Qianqiu religion has grown to a certain extent.

Everywhere.

He is also the young master of Qianqiu Sect and can mobilize everything in Qianqiu Sect.

"The young master has found out that Levi Garrison is not in the base camp for the time being. He estimates that he will be back in three hours!"

Although the people of Qianqiu Sect did not know where Levi Garrison went, they still knew when they left the base camp.

After all, for Gong Qianqiu, the base camp is nothing.

Even the underground base knows.

Her people could not control Levi Garrison's specific whereabouts.

But you can still know it inside and outside the base camp.

“Okay, then I’ll go directly to the base camp!”

Dugu Xiao smiled.

Xiao Feng couldn’t find anything because there were people who slandered Gong Qianqiu everywhere.

You can only practice in the base camp.

Phoenix and the others have been staring at Xiao Feng a little tight recently, so they just came back during this time.

...

Basically, in the base camp, except for Levi Garrison.

After getting accurate information, Duguxiao went to the base camp.

Don’t run into Levi Garrison as soon as you come out and be killed directly.

That was not what he and Gong Qianqiu thought.

So the information must be detailed.

Phoenix and the others are gathering information.

Xiao Feng and Levilia are both practicing.

At this moment, a voice came from outside: “Levi Garrison, I’m here, don’t you want revenge? You don’t need to look for it, I’ll do it myself!”

The sound was like thunder.

Reverberates in every corner of the base camp.

“It sounds so familiar...”

Everyone was stunned.

Everyone stopped at the same time and gathered outside.

“Enemy attack, everyone pay attention to safety!”

...

Everyone is busy.

Levi Garrison had already mentioned this scene.

There are also solutions.

If you really can't deal with it, you will immediately hide in the underground base.

Outside, Duguxiao looked at the base camp and smiled: "I won't kill you today, let the master kill you. As for me, I will raze this place to the ground and hurt all of you!"

Xiao Feng and others immediately came outside.

"It's you???"

When they saw that the person coming was Duguxiao, they all exploded with anger.

No one can calm down.

No wonder when I first heard the voice, it felt familiar.

It was him!

Despite the persuasion of Levi Garrison and others, the Azure Dragon (Qinglong) five people have already corrected their mentality.

What I'm thinking of now is not revenge, but the focus is on Cha Gong Qianqiu.

But when I saw Duguxiao, everything changed completely.

Emotions are out of control.

One by one in a state of anger!

The blood in the body also rushed straight to the forehead uncontrollably!

Xiao Feng was also angry!

He also really wanted revenge.

And Levilia and everyone else.

Seeing Duguxiao's eyes will fly out.

"Duguxiao, you are so brave, we won't find you! You dare to take the initiative to send it to your door!"

Xiao Feng roared.

Hundreds of powerful breaths in the field have locked on Duguxiao.

To stab him to pieces.

"It just so happens that the master is not here today, so let our master take revenge! Kill him together!"

Xiao Feng shouted.

Azure Dragon (Qinglong) and the others were naturally more supportive.

No matter how you say that day, it is all about Levi Garrison.

Now they want to avenge themselves.

Although they have no roots now, they can rely on Levilia's exercises, and now they are also improving rapidly.

Possess a certain amount of revenge.

It just so happened that Levi Garrison was not there.

They have to avenge themselves.

"Okay, let's kill him together!"

The crowd roared.

Only Duguxiao smiled contemptuously: "Is it just you?"

"Boom!!!"

A violent aura erupted from him.

Cover the audience!

Duguxiao ran the exercises, and the terrifying and unparalleled aura still permeated instantly, just like overwhelming mountains.

The violent energy coercion directly shocked everyone who was about to rush up to divide Duguxiao's five horses.

"Duguxiao is so strong?"

"It's incredible!"

"How on earth did he do it?"

Everyone's faces changed dramatically!

No one would have thought that Duguxiao was so powerful in a short period of time!

"Didn't you yell to kill me?"

"Come on, let's go together!"

"Hurry up!"

Duguxiao kept shouting, especially hooking his fingers at Azure Dragon (Qinglong) and others.

provocative!

Chi Guoguo's provocation!

"Duguxiao, you are courting death!"

Azure Dragon (Qinglong) let out a loud shout, the veins on his forehead burst, and there were faint bloodshots in his pupils.

The rest are like that.

"But you also have to have this strength!"

Duguxiao stood with his hands behind his back, and now he is full of confidence.

Except for Levi Garrison and Gong Qianqiu, he didn't put anyone in his eyes.

"I kill you!"

Xiao Feng couldn't bear it any longer and took the lead in launching the attack.

Running the exercise, Xiao Feng gathered the breath in his body into his right fist and smashed it towards Duguxiao's head.

This punch was unreserved and condensed into Xiao Feng's strongest blow!

After Xiao Feng practiced Levilia's exercises, he is now extremely domineering!

"Just you?"

Duguxiao sneered, he not only did not hide, but threw a punch in the direction of Xiao Feng.

Bang!

A dull voice sounded, and Xiao Feng flew out like a broken paper kite.

Eventually he fell heavily to the ground.

If it weren't for his solid foundation, I'm afraid he would have returned to Jiuyou long ago.

Even so, Xiao Feng vomited blood and was seriously injured.

The place was dead silent.

one move!

With just one move, Xiao Feng, who was regarded by everyone as Levi Garrison's first disciple, was defeated!

Without giving Xiao Feng any chance to breathe, Dugu Xiao galloped like lightning.

One foot stepped on Xiao Feng's chest.

"Don't come here, otherwise, Xiao Feng will die!"

Duguxiao's words directly stopped everyone who was going to rescue Xiao Feng.

"It's a shame that you are still Levi Garrison's apprentice. Are you embarrassing him specifically?"

"Look at your bear, do you look a little like him?"

"What if the talent is high? The strength is so poor, the mud can't support the wall."

Duguxiao turned on the mocking mode.

Xiao Feng's face was ashen, these words were so familiar!

By the way, Gong Qianqiu also said something similar.

"Am I really a douchebag who can't help?"

"No wonder Qianqiu scolds himself so angrily."

"What's the point of living when you are trampled by the enemy, but you are powerless to resist?"

If the pain on the cock is physical damage, then Duguxiao's words are magical damage.

Directly hitting the depths of the soul, Xiao Feng was hit hard, and he already thought of suicide.

"You...kill me!" Xiao Fengsheng said reluctantly.

Duguxiao said jokingly: "In this world, death is the easiest."

"So I won't kill you, and I won't kill those few!"

"I want you to watch me grow stronger step by step, to the point where you look up."

"It will be wonderful to feel that life is better than death if you can't get revenge, isn't it?"

Duguxiao became more and more excited, but Xiao Feng became more and more disheartened.

"You are so cruel!" Xiao Feng's voice was a little hoarse, but he was also helpless.

Bang!

Duguxiao kicked Xiao Feng out as if he were kicking a ball.

Clap!

There was a faint sound of broken bones.

Fortunately, everyone's hands were quick, otherwise Xiao Feng's half-life would be lost if he fell like this.

"Now it's your turn."

Duguxiao grinned.

"Fight him!"

Azure Dragon (Qinglong) and others attacked again.

Although they suspected that Xiao Feng had leaked Levi Garrison's whereabouts during this period of time, their feelings for each other were extremely deep.

Seeing that he was seriously injured, how could they not be angry?

The Return of the God of War [The Protector] Chapter 3733

Coupled with the fact that the five elements of spiritual roots and bones were dug out from the body before, it is a new hatred and an old hatred for Duguxiao.

Endless anger turned into a full blow.

He vowed to kill Duguxiao on the spot.

“Do you think you can win if you have more people?”

Duguxiao sneered: “It’s just a group of ants, today I’ll show you what the insurmountable power gap is.

Seeing the menacing joint attack of Azure Dragon (Qinglong) and others, Duguxiao stood still.

Advertisement

“It’s just a few ants, and you will be wiped out in a snap of your fingers.”

Duguxiao sneered twice, still not dodging or dodging, and once again threw a few punches in front of Azure Dragon (Qinglong) and the others.

“Insanity!”

Azure Dragon (Qinglong) and others were also furious, and the fist wind whistled.

Advertisement

“Get out of here!”

The violent fists roared out, sending Azure Dragon (Qinglong) and the others flying out in an instant.

Swish swish!

Azure Dragon (Qinglong) and others all flew out!

Puff puff!

The five people's bodies had already vomited blood during the flight, and their breath had also shriveled to the extreme.

"It's just a fool's dream to want to take revenge on this little skill."

Duguxiao continued to mock, he felt that his vanity had been satisfied to the greatest extent at this moment.

"Come on together!"

Duguxiao said coldly.

The base camp was silent.

anger!

ashamed!

despair!

All kinds of negative emotions filled the hearts of almost everyone in the base camp.

The mood of Azure Dragon (Qinglong) and others was not much better than that of Xiao Feng, or even worse.

Duguxiao was the enemy who dug out their spiritual roots and bones.

Only they knew how much effort they had put in to get out of the shadows of that day.

At this moment, the enemy was arrogant and domineering in front of him, but he was beaten to the point of being powerless to fight back.

That feeling is better than killing them directly.

The most important thing is that Azure Dragon (Qinglong) and others felt that Duguxiao did not kill, as if they were deliberately giving them a chance to live, in order to show his sense of superiority.

"Since you don't dare to take action, let me take the initiative to attack!"

The corners of Duguxiao's mouth rose slightly, showing a bloodthirsty smile again, and his figure instantly disappeared in place.

"Everyone be careful, array defense."

Zoey Lopez reminded loudly.

Everyone moved one after another, and they quickly listed their defensive formations.

After all, they are old friends who have cooperated with each other for many years, and they are full of tacit understanding.

"A group of ants, I still advise you to give up resistance!"

Duguxiao's joking voice came.

clap clap clap!

As soon as the figure passed by, someone was knocked out.

Mild cases had broken bones and tendons, and severe cases died on the spot.

"Ahhh!"

The screams came one after another.

Incessantly.

Duguxiao's actions against the elites in the base camp were obviously not that "gentle", which directly led to heavy casualties among the elites in just ten minutes.

Duguxiao is like a tiger entering a flock, killing seven in and seven out, hearty.

"Hahaha, happy!"

"When you killed my clan before, weren't you very arrogant?"

"Thirty years of Hedong and thirty years of Hexi, finally it's your turn to taste my pain at that time."

Duguxiao laughed wildly on his back, and injured several people while talking and laughing.

At the same time, Duguxiao seemed to have transformed into a destructive madman, and while injuring the elite, he also frantically destroyed the buildings of the base camp.

Many buildings were razed to the ground by the powerful energy shock wave, and there were ruins and dilapidated walls everywhere.

Duguxiao became more and more excited as he fought. He enjoyed this scene very much, and the resentment of the clansman being killed was also resolved a lot.

“Isn’t Levi Garrison very arrogant?”

“I’ll tear down your nest!”

“Levi Garrison, what can you do to me?”

“Sooner or later I’ll get to the point where you can’t beat me!”

However, just as Dugu Xiao was complacent, a slightly immature voice came.

“You all step back and hand him over to me to deal with.”

Duguxiao turned his head to look and saw that the person who was speaking was Levilia.

“You actually let a child take the lead, you are really a bunch of trash... Hahaha...”

Duguxiao sneered with a playful expression on his face.

Xiao Feng Azure Dragon (Qinglong) and others became more and more angry, but there was nothing to do.

“Stop talking nonsense, let’s do it!”

The reason why Levilia didn’t go into battle just now was because she healed Xiao Feng, Azure Dragon (Qinglong) and others one by one.

After ensuring that the lives of several people are safe, Levilia will naturally not sit on the sidelines.

“Levilia, you have to be more careful, Duguxiao’s strength is too terrifying.”

After the treatment just now, Xiao Feng also regained some strength.

Azure Dragon (Qinglong) and others also looked worried, and reminded Levilia to deal with it carefully.

Although they know that Levilia’s strength is very powerful, there is probably a big gap compared with Duguxiao in front of him.

Everyone gave way one after another, and Duguxiao did not continue to kill those people, staring at Levilia.

From Gong Qianqiu's mouth, he learned that the exercises he used originated from Levilia's own creation, so he did not dare to underestimate it.

Duguxiao quickly made a preliminary assessment of Levilia's qi energy fluctuations, and after a while his original dignified face was easily replaced.

Duguxiao discovered that Levilia's cultivation is indeed very strong, and it can even be said to be the strongest existence in the enemy camp.

But compared to myself, it's still far from it!

"You're young and don't know how to respect your elders, so I have to educate you for Levi Garrison." Duguxiao said playfully.

"You do not deserve!"

Levilia didn't say more, and took the lead in launching the attack.

There are no fancy moves, on the surface it looks like the most common straight punch.

However, Duguxiao did not dare to take care of Xiao Feng and others like he did before.

Because he found that the moment Levilia made a move, it was like he was integrated into this world.

This punch contains the wisdom of heaven and earth.

The terrifying energy fluctuations surged like an overwhelming sea.

"So strong!"

Duguxiao wanted to avoid its edge.

However, when he wanted to dodge, he found himself in this area, as if he was shackled by some invisible force.

"what's the situation?"

Duguxiao's pupils shrank sharply, which seriously affected his movement speed.

After a while, if you want to hide again, it's too late!

"Fight you!"

Duguxiao ran the exercises and also punched against Levilia's attack.

"The gap in strength is so big, I really don't believe that I will lose! Break it for me!"

Duguxiao stepped up his attack again.

Bang bang bang!

After a while, there was a low sound of energy collision in the void.

It only took a moment for the two to bang dozens of times.

Powerful energy fluctuations spread out.

The base camp building, which had been severely damaged, was smashed into powder by the aftermath of this energy.

Bang!

There was another bang in the air.

Levilia and Duguxiao quickly retreated in opposite directions.

Boom!

In the end, Duguxiao's feet sank deeply into the bluestone floor, as if they were almost at the knees, which was enough to completely remove the shock-resisting force.

Levilia also retreated more than ten feet away, but when she landed, she felt light and airy, as if an invisible force was dragging her under her feet.

It's just that the surrounding bluestone was completely crushed by the air machine. Obviously, in order to unload the force, it is not as easy as it looks on the surface.

"how can that be?"

Duguxiao's face was full of incredible expressions.

He clearly occupies a great advantage in the realm of strength.

But in the process of the fight just now, why didn't he get the slightest bit of cheapness?

"In the face of the absolute strength gap, I would like to see how you can win?"

Duguxiao started Levilia's exercises again, and the spiritual energy in the surrounding area was like a hundred rivers returning to the sea, rushing into Duguxiao's body.

"Where did you come from?"

A look of surprise flashed in Levilia's eyes.

"I'll tell you if I can win."

Duguxiao sneered and attacked Levilia again.

"Accompany you to the end!"

In the face of Duguxiao's crazy attack, Levilia didn't panic at all, and the self-created exercises worked quickly.

At this moment, Levilia seemed to be completely integrated with this world.

There is no me in the world, but I am everywhere.

Levilia seems to have reached an unprecedented mysterious state.

Clang!

The spiritual energy in the two people's bodies continued to be transformed into real energy blades, and they collided and collided in the void.

At first, the audience could vaguely see their figures.

But as time passed, there were only countless afterimages and the piercing symphony of Jin Ge left in sight.

"Damn it!"

After fighting for hundreds of rounds in a row, Duguxiao gradually became manic.

He was stunned to discover that he clearly had an absolute advantage in the battle, and the energy he devoured was unmatched by Levilia.

But it is unable to cause substantial damage to Levilia.

In particular, he feels that he is not fighting with Levilia alone, as if everyone in this area is fighting against him.

"I can't keep fighting anymore."

“Once Levi Garrison comes back, it will be too late to leave.”

Duguxiao made up his mind, and after a few feints, he swept away in the northeast direction.

Seeing that Duguxiao’s figure quickly disappeared from sight, Levilia also let out a sigh of relief, but the doubts in his heart had become affirmed at this moment.

The practice method used by Duguxiao is exactly the way of swallowing extremes in the practice method he created.

But how could he?

“Levilia, are you alright?”

The crowd gathered around to ask questions.

“I’m fine.”

Levilia recovered in a blink of an eye, this is the mystery of integrating into the world.

After Duguxiao escaped, he went directly to the spiritual vein of Xuanming Alien Race and informed Gong Qianqiu of the whole process of the battle.

“Well done, it can be regarded as a lesson for Levi Garrison,”

Gong Qianqiu was quite satisfied with Duguxiao’s victory today.

“But Master, that Levilia’s strength is obviously not as good as mine, but I can’t beat her with all my strength.”

“It was like she was everywhere in that world, and I was completely overwhelmed.”

Duguxiao was extremely depressed.

He originally planned to sweep everything in Levi Garrison’s base camp, and it went very smoothly.

In the end, he was suppressed by a child with no hair.

I’m so pissed!

Gong Qianqiu frowned slightly, and didn’t want to understand what was going on for a while.

She deserves to be Levi Garrison’s daughter, it’s really not easy!

But she was able to leapfrog battle, which is really interesting!

“Let the eyeliners in the teaching always pay attention to the trends in the base camp, especially those core members, and report to me as soon as possible.”

Gong Qianqiu said solemnly.

“Yes!”

Duguxiao asked, “What wonderful plan does Master have?”

“It’s impossible to talk about a detailed plan, but if there is a chance to get the roots of Levilia, it would be a beautiful thing.” Gong Qianqiu said quietly.

Gong Qianqiu continuously devoured the spiritual veins, and has realized that there must be an upper limit for this to continue.

What restricts the upper limit of swallowing is precisely because his spiritual roots and bones are not original.

If you can get the natural devouring spirit bone of Levilia, then the effect of devouring the spirit veins will definitely be multiplied with half the effort.

There may not even be a devour cap.

“Master, since that’s the case, why don’t we come up with a plan to tune the tiger away from the mountain. At that time, I will lead someone to lure Levi Garrison away. There is no one in the base camp who is the master’s opponent. Isn’t Levilia’s root and bone within his grasp?”

Dugu Xiao said gloomily.

Gong Qianqiu waved his hand and said: “After the last adjustment, Levi Garrison may not be so easily fooled.

Don’t worry about it so much, I’ll devour the spiritual veins of the Xuanming alien race first, and then think about it in the long run! lead the way! “

“Yes, Master!”

Duguxiao said respectfully.

There was a smile on Gong Qianqiu’s mouth.

When he has swallowed the spiritual veins of the Xuanming alien race, Levi Garrison will be completely crushed by himself.

“Levi Garrison wait for me!”

The Return of the God of War [The Protector] Chapter 3734

in the underground base.

At this moment, everyone has hid in the underground base, but everyone's mood is very sluggish, like an eggplant beaten by frost, and there is no energy.

The atmosphere of the entire underground base was extremely dull.

Xiao Feng was the first to bear the brunt.

Although he has recovered 50 to 60 percent of his power after careful conditioning, his mental wounds are far from healed.

Duguxiao's insults and ridicule kept echoing in his ears.

"You're just embarrassing your master!"

"The mud can't support the wall!"

"A piece of trash, trash man!"

Somehow, the voices of Duguxiao and Gong Qianqiu gradually overlapped.

The sarcastic and joking voices became stronger than waves.

Like a tsunami, it continuously impacted the depths of Xiao Feng's soul.

"Ahhh!"

Xiao Feng cried out in a broken heart.

After a while, he held his head in his hands, and his eyes gradually became empty.

The whole person is like a walking dead.

Azure Dragon (Qinglong) and others are no better than Xiao Feng.

It took a lot of effort to get out of the soul that was dug out of the shadow of the root bone, and at this moment it was covered by another layer of deeper shadow.

"I am Duguxiao standing here, what can you do to me?"

"Just a bunch of ants!"

"It's a fool's dream to want to take revenge on this point of cultivation."

Duguxiao's mocking voice kept echoing in their ears.

Azure Dragon (Qinglong) and the others seemed to have returned to the night when their roots were dug up.

"what!"

Azure Dragon (Qinglong) and the others shouted angrily in their hearts.

They were very unhappy.

Yet powerless.

Azure Dragon (Qinglong) and others soon fell into the abyss of extreme hatred and helplessness.

Zoey Lopez wanted to comfort Azure Dragon (Qinglong) and others, but he didn't know where to start, so he sighed softly in desperation.

Leaders are still like this, not to mention others.

The entire underground base is dead.

Depressed.

When Levi Garrison came back, he was shocked when he saw that the original base camp was full of buildings, but now only the ruins were left.

“What’s going on?”

When he came to the underground base, Levi Garrison asked in a deep voice.

The emotions of Xiao Feng, Azure Dragon (Qinglong) and others did not improve significantly. After all, they suffered the biggest mental blow.

Zoey Lopez recounted the previous events completely.

“In just one month, Duguxiao has become so powerful?”

After a brief doubt, Levi Garrison also reacted quickly.

Duguxiao should have also used that woman’s method to improve her strength.

From this point of view, this almost perverted ascension technique is not a top secret.

Moreover, the threshold for cultivation is very low, and there are not too many strict restrictions.

This is even weirder!

Also fun!

“Dad, I feel that the exercises used by Duguxiao...”

Levilia paused, and glanced at Xiao Feng worriedly out of the corner of his eyes, but in the end he made up his mind to say it.

“It’s somewhat similar to the exercises I created myself.”

As soon as this statement came out, it could be said that one stone stirred up a thousand waves.

Xiao Feng, who was originally depressed to the extreme, suddenly sat up straight, and his disorganized thoughts couldn’t help but focus in a specific direction.

Miya Chiaki!

Xiao Feng instantly thought of the name.

If what Duguxiao used was really Levilia and Junior Sister’s technique, then there was only one way to leak it out.

“Impossible, absolutely impossible to be Qianqiu.”

“There have been so many opportunities to get Levilia’s exercises, and she has never acted suspiciously.”

“It can even be said that she took the initiative to disclose the practice to Gong Qianqiu, how could it be her?”

Xiao Feng kept persuading himself.

“Levilia, go on and say all your thoughts.” Levi Garrison encouraged.

All eyes were on Levilia.

Especially Xiao Feng, he was afraid that Levilia would come to the conclusion that Duguxiao’s exercises were inherited from her creation.

Even silently pray for Gong Qianqiu in my heart, don’t get involved with this matter.

Otherwise, if you jump into the Yellow River, you will not be able to wash it.

Definitely not her, probably someone else leaked it out.

After all, Levilia Gongfa is not a secret in this base camp.

Levilia eloquently said:

“During our fight, Duguxiao once absorbed the surrounding aura and five elements for his own use.”

“If it wasn’t for my new understanding of the exercises recently, and in a certain area, I could have reached the realm of being without me everywhere in the world, I am afraid that he would have been defeated by others.”

Levi Garrison’s eyes gradually became deeper, and he said solemnly: “Since you can absorb the vitality of heaven and earth and the elements of the five elements for your own use, you can prove that it is your own practice. Why do you only say that it is similar?”

“Dad, it’s like this. The exercise method I created is the ultimate pursuit of the unity of heaven and man, and the integration of heaven and earth, that is, to follow the laws of the natural operation of heaven.”

“However, the technique used by Duguxiao is to rob the world of spiritual energy and the power of elements, which is an overbearing technique.”

“Although it is possible to improve strength in a short period of time, it will eventually destroy the balance. I feel that the consequences will be very serious in the future!”

Levilia explained in detail.

Levi Garrison nodded, glanced at Xiao Feng out of the corner of his eyes, and found that his disciple looked lost.

But there was no abnormal reaction.

Levi Garrison breathed a sigh of relief.

“Levilia, you said that Duguxiao can absorb the power of the five elements for his own use. Is it possible that it has something to do with the root bone he robbed?” Levi Garrison asked.

Levilia pondered for a moment and said: “The five elements of the spirit root and bones have a special perception effect on the elements of the five elements, and with the special exercises of their alien races, it is indeed very possible to achieve this state.”

“That makes sense.”

Levi Garrison didn't want to doubt the people around him, but the stakes were very important, and he had to go to verify it before making a final judgment.

“All of you rest in place and strengthen your alert at the same time. I want to go out. Before I come back, no one should leave the underground base.”

Levi Garrison said solemnly.

Apart from him now, the underground base is the biggest guarantee.

Everyone obeyed the order, and Levi Garrison immediately rushed to Shentianjian.

Some things can only be assured after Shen Tianjian has verified them.

“Mr. Ye, I don't know what your orders are when you come to the Shen Tianjian?”

When everyone saw Levi Garrison coming again, they were very curious.

Levi Garrison got straight to the point and said the question in his heart: “According to the ancient records of your Shentianjian, does the Five Elements Spiritual Roots and Spiritual Bones have the attribute of swallowing?”

Regarding what happened in Levi Garrison's base camp, Shentianjian also received information not long ago, so the temporary in-charge can roughly guess the meaning of Levi Garrison's question.

“Reporting to Mr. Ye, the Five Elements Spiritual Roots and Spiritual Bones do have the attribute of swallowing, but there are no related exercises in the records.”

The temporary in charge paused for a while, and then added: “But it is not ruled out that the Xuanming aliens have a similar method of extreme lifting. According to ancient books, there was a Xuanming alien clan leader in a short period of time, hundreds of years ago. Several cultivation realms have been improved.”

“Sure enough!”

Levi Garrison was relieved. It seemed that Duguxiao and even that mysterious woman had a high probability of cultivating this kind of Xuanming alien practice.

This can be raised to such a terrifying level in a short period of time, and it really wasn't the people around him who leaked Levilia's practice.

Levi Garrison breathed a sigh of relief, and at the same time was quite relieved, his brothers and apprentices did not let him down.

“By the way, as far as you know, apart from the spiritual veins recorded in the ancient books of Zhenmosi, are there any clues to other spiritual veins?” Levi Garrison continued to ask.

The temporary manager thought for a moment and said, “Xuanming aliens, they have large spiritual veins.”

Levi Garrison's pupils shrank, no wonder the mysterious woman no longer appeared near the medium-sized spiritual veins, most likely to devour the alien spiritual veins!
