Gong Qianqiu looked proud and stood with his hands behind his back, like a god.

The terrifying aura pressure spread like a tide.

Master Bone and Dugu Xiao fell to the ground one after another.

“Congratulations to the sect master for generations to come and rule the world.”

The two shouted in unison.

The future world belongs to them!

“Get up!”

Gong Qianqiu raised her hand, she enjoyed the feeling of being looked up and worshipped very much.

“Duguxiao, you have also devoured a lot of alien spirit energy, how has your strength improved?”

Miya Chiaki asked.

Although the essence of the Xuanming alien spirit vein was absorbed by Gong Qianqiu.

But the leftovers are cheap for Duguxiao.

Duguxiao said respectfully, “Reporting to Master, the disciple’s cultivation has also improved a lot.”

"If you fight against Levi Garrison's daughter now, the disciple is sure to kill her."

"very good!"

Gong Qianqiu smiled with satisfaction, and continued: "You have now digested the energy you swallowed, and you can continue to absorb some spiritual power in an appropriate amount. Then you will lead people to completely destroy Levi Garrison's underground base."

"Yes!" Duguxiao was very excited.

He couldn't wait to see that moment.

He will make all enemies bow down at their feet and beg for mercy.

"By the way, the leader, there is a message from Qianqiu's eyeliner that the subordinate forces of Zhenmosi and Levi Garrison are looking for alien spiritual veins."

"The spiritual veins of Senluo's alien race have been found by the Zhenmo Division."

The bone master said suddenly.

Gong Qianqiu said contemptuously: "When they find this place, I have already swallowed the power of the spiritual veins."

"And now the entire town of Demons is in a panic, and has begun to fear you from the heart." Master Bone said with a grin.

Gong Qianqiu raised the corners of his mouth slightly, and said proudly: "Fear is right. At that time, no matter the Zhenmo Division or Levi Garrison, they will bow their heads at my feet."

"Okay, I will continue to devour the power of the spiritual veins, it will be completed soon, you continue to protect the law for me!"

After Gong Qianqiu finished speaking, he turned and entered the location of the Xuanming alien spirit vein.

at the same time.

Levi Garrison and Shen Tianjian are still struggling to find the traces of the Xuanming alien spiritual veins.

But because the Town Demon Division can only provide general directions, everyone looking for it is tantamount to looking for a needle in a haystack.

Besides, the Xuanming alien race has always been the nemesis of Zhen Mosi.

Their most hidden spiritual veins are naturally not so easy to discover.

The key point is that in the process of searching, Levi Garrison's affiliated forces and the small team of Zhenmo Division also suffered many obstacles.

For example, sometimes there are mysterious masters to attack them.

Every time they block, they don't fight to the death, they just use sparrow warfare to harass them.

This undoubtedly greatly slowed down the speed of multiple forces searching for the spiritual veins of the Xuanming alien race.

As for the reason why Senluo's alien spirit veins are relatively easy to find, it is doubtful that they were destroyed by the Demon Suppression Division.

All their actions are equivalent to doing it under the eyes of the town magician.

Xuanming aliens are just the opposite.

If it weren't for the many accidents this time, the Demon Suppression Division and even the Heavenly God Prison would have been controlled by the Xuanming alien race.

It is conceivable that the Xuanming alien race hides deeply.

Of course, it would be better to say that the simple search is fruitless.

Even more troublesome is that everyone involved in the search for those forces is in danger.

A small number of people have already given up their minds and plan to avoid the limelight for a while.

Duguxiao flaunted his might at Levi Garrison's base camp and inflicted heavy damage on many people, but he was able to retreat completely.

This matter gradually spread, and the feeling of fear naturally and quickly became satisfied.

Not to mention other people, even Levi Garrison himself felt a little pressure.

Recalling the scale of the devoured Senluo alien spirit vein.

Even more terrifying than the energy contained in the medium-sized spiritual veins.

It is conceivable to what extent the mysterious woman's strength has improved.

Before swallowing this spiritual vein, the attack of the mysterious woman had already begun to threaten.

Because that blow is replaced by anyone in the base camp, and they will basically die on the spot.

Even if Levilia used the power of the world around him, he would probably end up with a serious injury.

After all, the difference is too big.

"If she successfully devours the Xuanming alien spirit veins again, it will be really difficult to control!"

Levi Garrison rubbed his temples.

A bit of a headache!

In the town of magic.

Since that turmoil, the core masters have been killed and injured.

All the major factions cooperate closely together.

But now they're starting to put themselves at risk again.

"A Duguxiao is so strong, how terrifying should the mysterious woman behind him be?"

Advertisement

"It is said that Levi Garrison can't sit still anymore, don't you see that he is always urging us to find the spiritual veins of the Xuanming alien race!"

"Even Levi Garrison is scared, let's play a little shit?"

"How about we also consider joining the superpower that has recently risen?"

Everyone was talking behind their backs.

Once the seed of fear is planted, it grows and spreads very quickly.

Although the high-level officials of the Zhenmo Division have repeatedly ordered five applications not to shake the military's heart.

But with little success.

Many more people have secretly joined that superpower.

These circumstances were also known to the temporary interlocutor of the Tenshen Prison.

While he was angry, he was also a little helpless.

In many cases, the more strictly controlled, the fear will become more and more out of control.

If you ignore it, it won't get any better.

He was a little bit stumped.

"If it goes on like this, I'm afraid that before Duguxiao comes to take revenge, the Zhenmo Division will be the first to fall apart."

The temporary talker of the Tenjin Prison rubbed his swollen head.

Thinking that after the mysterious woman devoured the Xuanming alien spirit vein, no one might be able to stop it.

The sense of crisis in his heart also grew stronger.

Buzz!

At this moment, the token hidden in the placket of the chest suddenly vibrated strongly.

The temporary talker of the Tianshenjian hurriedly took out the token.

This token is all green, with a special metal inlaid around it.

At this moment, the green part is emitting a dazzling light.

The entire token also vibrated violently.

“Tiansi has news!”

Tianshenjian’s temporary words and people’s spirits are lifted.

This is the tracking location token that Tian Si left behind before he left.

It had always been bleak before.

It is precisely because of this that everyone in the Tianshen Prison cannot understand Tiansi’s whereabouts.

Since Tiansi left, it’s like the world has evaporated.

Of course, Tianshen Jian never gave up looking for Tiansi’s whereabouts.

But there is no clear direction in the vast land, which is basically equivalent to finding a needle in a haystack.

Originally, after Tiansi disappeared without a trace, the entire Tianshen Supervision was basically handed over to Yufeng Tiansi to take care of many matters.

But now Yufeng Tiansi is also uncertain about his life and death.

Recently, Tianshen Prison was in a precarious situation, and his subordinates temporarily opened all information transmission tools.

“It’s true that the emperor pays off!”

Tiansi is still alive, great!

And it seems that he already knows the situation of Zhen Mosi.

Might be back soon.

Shen Tianjian's temporary talker was so excited that he almost cried out.

He stared at the token, hoping for more accurate location information.

Over time, the token did not disappoint everyone.

Detailed location coordinates soon appeared on the tracking token.

"This is where Tiansi is now."

"Not moving?"

"what's going on?"

Did you get stuck on something?

With the strength of Tiansi, there is probably no one who can stop him, right?

Shen Tianjian's temporary words are confusing to people.

He continued to look at the token, but waited for a long time.

The coordinates representing the position still show no signs of moving.

But a signal is always good, and it's much better than no news before.

"Come on someone! Follow me to find Tiansi!"

The temporary messenger of the Tianshen Prison immediately issued an order.

[/ The Return of the God of War \[The Protector\]](#)

After receiving an order from a temporary interlocutor to find Tiansi.

There was an uproar among the senior officials of the Heavenly God Supervisor.

More of an uplifting spirit.

"Tian Si actually has a message?"

“The temporary talker will definitely not joke about this kind of thing.”

“Now there is hope for Shentianjian.”

Advertisement

This is the same idea of the temporary talker of the Tenshen Prison.

The tracking token lights up, indicating that Tiansi is still alive.

And he has already sent a summary of the current Shentianjian and Zhenmosi information.

Tiansi must have received the information.

Advertisement

Maybe he will come back to save the town magician soon.

When Tian Si left the Shentianjian, his cultivation had already broken through to the realm of perfection.

After so many years of cultivation and improvement, it must have reached a new height.

The king of Tiansi returns and revives the majesty of Shentianjian.

At that time, everyone will not have to fear that superpower.

Nor will he worry about the revenge of Duguxiao and the mysterious woman.

Not to mention relying on Levi Garrison and sighing.

That's right, in the eyes of the temporary messenger of Shentianjian, it is more difficult to accept the fear caused by the mysterious woman.

He has the pride of belonging to the peak forces temporarily in power.

It is really helpless to rely on Levi Garrison now.

Now finally have a chance to get rid of it.

“Everyone rushed to this coordinate position at full speed.”

After the Tianshen supervisor finished speaking, he immediately walked away.

in the underground base.

Xiao Feng’s eyes were dull, and he was still waiting for Gong Qianqiu’s message.

The whole person’s spirit was slumped to the extreme.

Xiao Feng still did not give up.

He had to confirm that the devouring technique had nothing to do with Gong Qianqiu.

Xiao Feng even covered the details of his previous contact with Gong Qianqiu many times.

Especially the part about Levilia Gongfa.

At that time, it was indeed he who took the initiative to ask Levilia about his cultivation methods and teaching methods.

On the other hand, Gong Qianqiu stopped it many times.

In the end, I learned the exercises when I was almost forced.

It’s just that there was a mistake in the practice later, and Gong Qianqiu went crazy for this.

“This matter has absolutely nothing to do with Gong Qianqiu.”

Xiao Feng kept saying these words to himself in his heart.

But what made Xiao Feng extremely depressed was that no matter how he sent a message to Gong Qianqiu, it showed that the sending failed.

Other communication tools were also silent, and there was not even a single word of reply.

Gong Qianqiu seemed to have evaporated in the world.

Xiao Feng let out a long sigh.

Before he was sure about this, he really had no interest in doing other things.

“Try to contact again!”

Xiao Feng sent a message using several common communication tools.

But after waiting for a long time, there is still no response.

Xiao Feng felt abandoned.

“Could it be that Qianqiu really doesn’t love me?”

Xiao Feng recalled what the disciples of the West Pavilion once said, and his heart sank to the bottom in an instant.

Could it be that Qianqiu really has to reach the level of master’s strength, and Qianqiu will respond to me?

However, easier said than done?

Qinglong and others haven’t looked for themselves for many days. I think they are disappointed in me!

Levilia hasn’t looked for himself since the last time he asked.

As for the teacher’s comfort a few times, there was no follow-up inquiry.

Master has been running around for many days, and he has not told himself how far the spiritual pulse investigation is.

Xiao Feng looked around with empty eyes.

People come and go, all busy.

But no one looked at him or asked himself.

Xiao Feng felt that he was abandoned by the whole world.

“It doesn’t matter, I, Xiao Feng, can’t live without you.”

“As long as my Qianqiu responds.”

“Just make sure that this matter has nothing to do with Qianqiu, none of this matters.”

“With Qianqiu, it is equivalent to owning the whole world.”

Xiao Feng’s eyes glowed with brilliance.

Eyes fixed on no less than ten communication tools.

These were given to him by Gong Qianqiu.

Xiao Feng was not willing to throw anything away.

More because these tools are contaminated with a touch of Gong Qianqiu's breath.

"hiss!"

Xiao Feng took a deep sniff and prayed that in the near future, communication tools would light up again.

The hinterland of Xuanming Mountain.

Gong Qianqiu's devouring the spiritual veins has reached the point of white-hot.

She kept running the Devouring Cultivation Technique, and it was like a large engine was installed in her dantian.

Constantly extracting the energy contained in the Xuanming alien spirit veins.

Advertisement

Chi Chi Chi!

As the energy swallowed is getting bigger and bigger, there is a faint black electric light shining around Gong Qianqiu's body.

The violent dark energy seems to erode and devour everything.

"Come on, it will be completely swallowed in two hours at most."

Advertisement

Gong Qianqiu closed his eyes tightly, speeding up the operation of the exercise again.

The black lightning jumped more violently.

The extracted spiritual vein ore was contacted by the electric ray and instantly turned into powder.

sizzle!

As the speed of extracting the power of the spiritual veins became faster and faster, a huge energy vortex was finally formed centered on Gong Qianqiu's body.

The energy in the spiritual veins was swept away by a brain.

Finally, it quickly poured into Gong Qianqiu's body.

Duguxiao, who was in charge of protecting the law at the periphery of Xuanming Mountain, was full of shock.

He could clearly feel the terrifying force that destroyed everything within the mountainside.

Boom!

Dark clouds covered the sky and thunder rumbled.

Especially that lightning seemed to tear the sky apart.

Clap clap!

With a sharp flash, the sky pierced.

Blood-red lightning the thickness of several buckets struck the top of the mountain.

Several kilograms of boulders were instantly turned into powder.

"what's going on?"

Duguxiao's mouth twitched.

The destructive power of the thunder's landing this time was dozens of times more terrifying than the last time.

"Master devoured the power of the spiritual veins, has it attracted the wrath of the sky?"

Duguxiao couldn't believe everything in front of him.

But then the more violent thunder fell, which made him realize the reality directly.

This thunder is as thick as the mouth of a water tank.

When it fell to the top of the mountain, the whole mountain seemed to tremble.

The gravel is flying, and the electric light is waiting.

It seems that this piece of heaven and earth can no longer carry the terrifying power within the mountainside.

"Master, are you okay?"

Duguxiao didn't dare to go into the mountain to investigate, he was really afraid of being hit by a thunderbolt.

The bone master was also shocked and stunned.

He was also present when Gong Qianqiu devoured the energy of the Jedi in the Thousand Corpse Pit last time.

The momentum created is less than one-tenth of that at the moment.

This is still Gong Qianqiu's efforts to control, otherwise the whole world will be tragically affected, right?

"The sect leader's magic is unparalleled in the world, nothing can happen."

Master Bone swallowed hard.

Just as the two looked around at a loss, the entire Xuanming Mountain vibrated violently again.

But this shock has nothing to do with Tianlei.

It is caused by the shock of energy fluctuations inside and outside.

"Master is leaving."

Duguxiao said with a face full of surprise.

Master Bone also turned from worry to joy, but soon said with a trembling voice: "Look over there, it's not good!"

Duguxiao looked in the direction of Master Bone's fingers.

I saw an even more terrifying thunder pouring down.

Like nine days of white training, it has the power to destroy the world.

The thickness and diameter of this thunderbolt is probably a few dozen.

Carrying incomparably terrifying power, it seems to be splitting this Xuanming Mountain into pieces.

"Master, be careful!"

Duguxiao shouted.

"Tiny Tianlei, what can I do?"

At this moment, a sound like a thunderbolt resounded through the sky.

Then Xuan Ming suddenly scattered and shattered, and a figure flew out at high speed.

It was Gong Qianqiu.

Gong Qianqiu did not take any evasive action.

Instead, facing the downpouring thunder, he rushed over.

Tough Thunder.

"That's it....."

"That's all it is!"

Gong Qianqiu started the swallowing exercise again, and it was like a bath, just standing in the center of Tianlei.

"What about Tianlei? This sect master devoured your Tianlei!"

Gong Qianqiu's arrogant voice resounded through the sky.

[/ The Return of the God of War \[The Protector\]](#)

Before the words fell, Gong Qianqiu's body was instantly shrouded in thunder.

The dazzling light shines everywhere.

Duguxiao and Master Bone didn't dare to look directly.

The terrifying coercion that destroys the sky and the earth makes them have the urge to kneel on the ground and worship.

Clap clap!

Thunder exploded, and lightning surged.

Advertisement

However, it only took a moment for everything to return to calm.

Duguxiao suddenly looked up and saw Gong Qianqiu suspended in the void with his hands behind his back.

Directly above her head, only the slightest trace of electric light was flowing.

The Tianlei with a diameter of several feet has disappeared?

Advertisement

"Where did Tianlei go?"

Duguxiao looked around, only to realize that the sky had cleared up again.

Dark clouds, lightning, thunder, all disappeared.

Swish!

Gong Qianqiu seems to have added teleportation special effects in the movie.

In his breath, he was already in the void not far away.

“Tianlei has been swallowed by me, why make a fuss?”

Gong Qianqiu said lightly.

“Is this the state after swallowing the Xuanming alien spirit veins?”

Advertisement

Looking at Gong Qianqiu, who looked like a god in the void, Duguxiao and Master Gu instinctively knelt on the ground.

At this moment, Gong Qianqiu seems to have reached the level of rivalry with heaven and earth.

A feeling of being able to overbearingly seize the power of heaven and earth arises spontaneously.

The reality is exactly that.

Such terrifying thunder can be swallowed up in an instant.

This is clearly God!

“As expected of the spiritual veins of the Xuanming alien race, it can actually make this sect master reach this level, hahaha!”

Gong Qianqiu couldn't help laughing.

I felt the surging power of Peng Pan in my body, as if it was inexhaustible.

“Is this what it feels like to be a strong man!”

Gong Qianqiu felt as if he was no longer confined to this world.

Devouring power is inherently domineering.

She has taken this extreme overbearing to the most terrifying position.

“Congratulations, Master, for the great achievement!”

“Congratulations to the leader who is invincible in the world!”

Duguxiao and Master Bone quickly slapped Rainbow Fart.

“Get up!”

Gong Qianqiu raised his hand.

Duguxiao and Master Bone felt an invisible force supporting their knees.

It didn't take much effort to stand up naturally.

The terrifying energy pressure that made them breathless before also disappeared.

Gong Qianqiu said with a smile: “The use of the power of the five elements is just like this!”

Gong Qianqiu felt that his strength had increased by a level.

Killing Levi Garrison will be effortless.

No one in this world can stop her from wishing her Gong Qianqiu.

“What's going on with Zhen Mosi and Levi Garrison recently?” Gong Qianqiu asked with a smile.

Master Bone was in charge of liaison with the outside world, and said hurriedly, “They are still looking for the spiritual veins of the Xuanming alien race.”

“But I got a message not long ago that it was a temporary messenger from Shentianjian who brought someone to find Tiansi's whereabouts.”

“What is the specific result? There is no detailed information.”

Gong Qianqiu said contemptuously: “What if they can find Tiansi? The leader of the sect will let him disappear in a flash.”

If it is said that before devouring the spiritual veins of the Xuanming alien race, Gong Qianqiu still has no confidence to deal with Tiansi.

But now Gong Qianqiu is full of confidence.

Especially after swallowing Tianlei, Gong Qianqiu felt that he had already crossed the universe.

The likes of Levi Garrison and Tiansi are nothing more than ants!

“The sect leader's magic is unparalleled in the world, and he is not afraid of thunder, not to mention all living beings in the mortal world are all ants.”

“With such a peerless master as Master, no one in the world would dare not obey.”

“Even if there are some juniors who don’t know how to praise, just kill them!”

Bone Master and Duguxiao are generous with their words of compliment.

Even Gong Qianqiu heard a little fluttering.

Of course, this is the same idea in Gong Qianqiu’s heart.

Those who obey prosper, those who oppose perish.

In the future, her Gong Qianqiu will rule the world alone.

Her words are the iron law, the norm.
