

# The Return of the God of War [The Protector] Chapter 3754

A strong sense of crisis spread in everyone's mind.

Facing a powerful enemy not only can't help Levi Garrison in any way.

And it became a burden.

This made everyone feel ashamed for their lack of strength.

"If I practiced more diligently in the past, I might be able to help now."

"If I had listened to the boss, I wouldn't have lost my roots and let Duguxiao succeed."

"If our cultivation base is higher, it will not be a constraint on the boss."

Qinglong and the others even started beating their chests, incompetent and furious.

Even Xiao Feng, who was not in the mood, was very annoyed.

"If my strength is stronger, not only can I help Master kill the enemy."

"It's more able to get Qianqiu's favor."

"It's all my fault, what's the point of living?"

Xiao Feng smashed the ground with his fist.

The face of his fist was already stained with blood, but he didn't realize it.

It was as if the pain had been lost.

Especially Levilia is wondering if he can take the sword out of the way and help Dad a little more.

For example, he also cultivated the extreme ways of creating his own exercises.

Although her cultivation has been improving very fast recently, it doesn't make much difference in a short period of time.

I'm afraid I can only barely deal with Duguxiao.

Levilia even felt that after Duguxiao devoured a lot of energy, he might not be an opponent anymore.

After all, Duguxiao's extreme swallowing and lifting line, and the speed of cultivation base is too terrifying.

"What are you thinking, Levilia?" Levi Garrison's voice suddenly came from behind.

Levilia smiled and said, "Dad, I'll show you something."

"Okay!" Levi Garrison appeared to wait and see.

Levilia ran the exercises directly, and an independent space was instantly formed within two or three meters with her as the center.

The aura of heaven and earth and the power of the five elements were madly absorbed.

In an instant, that small world turned out to be lifeless.

If used to describe people.

Before being absorbed by Levilia, this area was a child.

After Levilia absorbed it, he instantly turned into a dying old man.

Then Levilia did the same, and divided a small independent space next to it.

Running her own cultivation technique, the speed of absorption this time is obviously much slower than before.

But soon Levi Garrison discovered that in the second small space, there seemed to be the shadow of Levilia everywhere.

Levilia seems to have merged with that small world.

Even at the click of a finger, Levilia can mobilize the power of heaven and earth for her use.

“Dad, you must have seen the difference, right?”

Levilia asked in a deep voice.

Levi Garrison was so smart, he instantly understood what Levilia meant.

The first is to forcibly plunder the power of heaven and earth, which can achieve the effect of rapidly increasing strength in a short period of time.

But the former destroyed the balance of the world.

The second is to conform to the laws of heaven and to integrate with heaven and earth.

Although the short-term promotion is not so scary, the world can be used for one’s own use for a long time.

In fact, this is also the core difference between Duguxiao and Levilia’s practice.

But if Gong Qianqiu was here, he would find that Levilia would be more terrifying than her if he went to extremes and swallowed one side.

“Levilia, in the journey of cultivation, the haste is not enough. My suggestion is to continue on your original path.”

“As for other things, just leave it to Dad to do it.”

“Understand?”

Levi Garrison said with a serious face.

He knew the deep purpose of Levilia demonstrating these two exercises.

Want to maximize the strength in a short period of time.

This will give you the greatest help in the face of strong enemies.

Levi Garrison is very pleased that his daughter has such filial piety.

But it would be unwise to abandon her daughter’s original Tao for the sake of petty profits.

What's more, from the perspective of long-term development, Levilia's self-created exercises are more promising.

The upper limit is also higher.

The beloved son of his parents has far-reaching plans.

So Levi Garrison decisively rejected Levilia's kindness.

"Dad, Levilia understands."

Levilia laughed heartily.

If it weren't for special circumstances, she would not have the idea of practicing extreme exercises.

the other side.

The intelligence network that Phoenix Qinglong and the others set up some time ago came with crucial information.

They discovered the dozens of spies who had been treated by Shen Tianjian as the Tianshi Mansion.

Without exception, they are all related to Gong Qianqiu.

And it's very related.

He even reached the point where he was willing to die for Gong Qianqiu.

In fact, they weren't spies at all, and they didn't do anything to hurt the Demon Suppression.

Everything they do has only one purpose: to protect Gong Qianqiu.

It is precisely because of this that these talents have not been found to have problems during the internal investigation of the Town Magic Division.

These evidences are there, but to say that Gong Qianqiu is a mysterious woman, there is still a lack of more solid evidence.

The outspoken Kirin didn't think so much, and found Xiao Feng directly.

"Xiao Feng, are you willing to die for Gong Qianqiu?"

"I want you to answer truthfully."

Kirin said in an almost questioning tone.

Xiao Feng answered without hesitation, "Yes."

"Why did you suddenly ask me this?"

Seeing the strange look on Kirin's face, Xiao Feng suddenly became excited: "Is there a message from Qianqiu? Tell me quickly."

"No, just ask casually, Xiao Feng, you can do it yourself!"

Kirin basically gave up on Xiao Feng.

Turning around and leaving, Kirin informed Phoenix and the others of the results of the inquiry.

Several people were also a little surprised, not thinking that Xiao Feng had already fallen so deeply.

Even to the point where there is no cure.

But because of this, they were even more sure that there was something else in the death of that group of people.

Not for the kind of reasons presented on the surface.

In fact, it doesn't make much sense to find out who it is now.

The mysterious woman has successfully swallowed two alien spiritual veins.

A fierce battle is coming.

Even if the investigation finds clues, it will not change the result.

“Do you want to continue the investigation?” Xuanwu urn asked angrily.

Qinglong said decisively: “Check, we must investigate to the end, we must know who this enemy is.”

After several people agreed, they continued to search for relevant evidence and clues.

Soon Qinglong and others made new discoveries.

A piece of Gong Qianqiu’s network of connections throughout the entire town magic division.

All in the network are men.

They have a unifying characteristic.

All were fascinated by Gong Qianqiu, willing to do anything for her.

Provide information, exercises, top secrets of sects...

Even give your life.

As long as it is for Gong Qianqiu, everything they have is willing to pay.

“Have you found that this model is very similar to the mysterious third-party force before?”

Phoenix said suddenly.

A word woke the dreamer.

Qinglong and the others’ faces suddenly became solemn.

At the beginning, whether it was to provoke the conflict between Zhen Mosi and the boss.

Or the later dispute between Zhenmo Division and Tianshifu.

For example, the boss did not kill the top ten talents, but the top ten talents disappeared mysteriously.

The whereabouts of the town hall artifact are also unknown.

And other similar events, there are shadows of third-party mysterious forces.

If this mysterious force is to serve Gong Qianqiu.

Then everything can be explained clearly.

The mysterious forces had been like a duck to water in all aspects before, and it could even be said that the Town Demon Division was under control.

In addition, Xiao Feng in the base camp was also fascinated.

It is not a problem to get a lot of internal information about the base camp.

Even the Levilia Gongfa, which had been suspected before, was leaked.

There are reasonable explanations.

Even if Xiao Feng has no intention of hurting his own personnel, he can't stand Gong Qianqiu's conspiracy!

Besides, people who are in a mad love are blind.

It is also very possible to unintentionally leak the exercises.

Then there is that time when the boss was hiding in the spiritual veins, and he was about to catch the mysterious woman.

But the other party changed the route in advance at the last moment, and protested, clearly someone leaked the whereabouts of the boss.

Xiao Feng, it is very likely that Xiao Feng leaked it unintentionally.

The more Qinglong and others thought about it, the more terrifying it became.

## The Return of the God of War [The Protector] Chapter 3756

Gong Qianqiu, who devoured the two major alien spiritual veins, has achieved great strength.

She was not in a hurry to find someone to take revenge, but came to the mass grave first.

Master Bone has long since gathered all the members of Qianqiu Sect here according to Gong Qianqiu's intention.

The crowd around the corpse pit is surging, and it is impossible to see the edge.

Gong Qianqiu was suspended above the void, and the black energy enveloped her, like a god coming to the world.

Master Bone and Duguxiao were the first to kneel on the ground.

“My subordinates welcome the sect master.”

As the two voices sounded, everyone also fell to their knees.

He said very devoutly: “We welcome the sect master, the sect master is unparalleled in the world, and he will rule the world for thousands of generations.”

Gong Qianqiu slowly lowered his body and released the spiritual energy in his body at the same time.

A terrifying aura filled the air like an overwhelming force.

After counting the disciples, their bodies trembled, and they were overwhelmed by the violent aura.

After a long time, Gong Qianqiu slowly restrained his breath.

“Get up!”

Gong Qianqiu’s voice was light, with a sense of indescribable charm.

But some of this charm carries endless majesty, making people dare not have any unreasonable thoughts.

Only willing surrender.

“Thank you, Sect Master!”

Everyone was relieved, and after slowly getting up, they didn’t even dare to let out the air.

There were a few courageous people who secretly looked at Gong Qianqiu, but were instantly locked by a terrifying breath.

At that moment, they clearly felt the breath of death.

So he hurriedly lowered his head, and the feeling of being locked in gradually disappeared.

Recalling the scene just now, these people only vaguely saw the slender figure of a woman.

The whole body is surrounded by terrifying energy aura, and it is impossible to see the true face of Mount Lu at all.

“This sect master has done a great job, and it’s time to let Qianqiu Sect completely appear in front of the world.”

Gong Qianqiu said proudly.

The church members said in unison: “The leader is wise!”

“You can return to the original station and gather all the forces that can be mobilized.”

“This sect leader will send you tasks in the near future.”

“At that time, the name of Qianqiu Sect will make everyone fear.”

Gong Qianqiu’s voice suddenly became cold again.

“As ordered!”

“Okay, back off!”

Following Gong Qianqiu’s order, Qianqiu’s disciples receded like a tide.

“How are my friends?” Gong Qianqiu asked slowly.

Duguxiao said with a smile: “Don’t worry, Master, they all still have a breath and can’t die.”

“Very good, I’ll go see them, you guys can keep watch outside!”

After Gong Qianqiu finished speaking, he went directly to the secret room of the corpse pit.

The stone door opened, and more than ten people were imprisoned in the huge secret room.

It was the top ten geniuses and Xu Qingya of the Zhenmo Division at the time.

And Yufeng Tiansi, who was tortured into a human form.

They didn't even lift their heads, thinking they were the guards in charge of delivering meals.

"Everyone, long time no see!" Gong Qianqiu greeted playfully.

Everyone was amazed and looked up.

When they found out that the person who came was Gong Qianqiu, their eyes were full of complex emotions such as shock, anger, despair and so on.

Especially after feeling the pressure of the terror that Gong Qianqiu deliberately released.

Everyone was dumbfounded.

"Gong Qianqiu, your strength has reached this level?"

"how can that be?"

"How did you do it in just a few months?"

Baili Wan'er and Shangguan Tianfeng asked questions one after another.

A petty pawn who was once insignificant in their eyes.

Now they have the terrifying strength that they look up to.

This strength, they dare not even think about it!

"Shocked? It's just the beginning."

Gong Qianqiu smiled even more, and then offered a heart-wrenching remark: "Of course, this is also thanks to the roots of you guys!"

"you....."

The top ten Tianjiao almost vomited blood in anger.
