Just while devouring the spiritual energy, Xiao Feng also discovered a special situation.

Whenever he encounters a powerful master, Xiao Feng sincerely wants to devour his skill.

At the beginning, this idea was not particularly strong.

But as the time of practicing the extreme swallowing exercise continued to increase, this thought became more and more intense.

What made Xiao Feng even more terrified was seeing Levilia in private once.

In the depths of his heart, the idea of swallowing up Levilia's skills came into being.

At that time, Xiao Feng was taken aback by this idea.

Even for a long time, Xiao Feng did not dare to get along with Levilia alone.

This made Xiao Feng feel that he had gone crazy with his practice?

However, under the huge temptation to quickly increase his strength in a short period of time, Xiao Feng could not hold back once.

It directly killed and devoured several Qianqiu priests who were wandering around the base camp.

Xiao Feng felt more and more guilty for doing this.

“Anyway, these people are mortal enemies. After killing the swallowing power, it should be used as waste.”

Xiao Feng always persuaded himself like this.

Even in the last few days, Xiao Feng has begun to take the initiative to find the dead.

The purpose is to kill them and devour their skills.

The practice of devouring the power of a master is like a seed of sin.

In Xiao Feng’s heart, it took root and sprouts quickly, and it has begun to grow vigorously.

the other side.

While Phoenix and others searched for evidence, they also made a major discovery.

Although Xiao Feng got Levilia’s exercises very early, he only practiced with everyone recently.

This is totally against normal behavioral logic.

Absolutely wrong!

Phoenix and others found Levilia again and told the discovery.

Levilia was also lost in thought, recalling what Xiao Feng had told her about the practice of kung fu.

After a while, Levilia suddenly said: “Senior Brother Xiao Feng seems to have said that people with low strength in this practice will go crazy.”

“I also told me to be more careful when teaching others, and even said that for safety’s sake, don’t pass it on.”

“As for Senior Brother Xiao Feng to practice with him later, he should have decided to continue after seeing that everyone was doing well in practice.”

The words made the faces of several people present extremely solemn.

“According to normal logic, after obtaining the Levilia Gongfa, you should practice it as soon as possible.”

“Also, where did you come to the conclusion that low-level practice will lead to confusion?”

“According to the survey, it should be the stage when Xiao Feng and Gong Qianqiu had the closest relationship.”

When it comes to Gong Qianqiu, everyone seems to have touched a certain truth.

In particular, Phoenix was quick-witted and quickly came to a conclusion.

“It’s very likely that Xiao Feng passed the practice method to Gong Qianqiu, and Gong Qianqiu did not want to be suspected.”

“That’s why I deliberately created the illusion of going crazy with practice.”

“The purpose is to make Xiao Feng think that her Gong Qianqiu will never touch this practice.”

Phoenix’s analysis is nuanced.

The crowd nodded frequently.

Because this speculation is very logical.

Even many things that follow are perfectly explained.

“But now Xiao Feng refuses to admit to leaking the exercises, we still have no conclusive evidence!”

Azure Dragon said a little depressed.

The little joy that everyone had just had was instantly solidified.

This is indeed a very frustrating question.

Especially Xiao Feng’s strength has increased greatly recently, even Levilia said that even with Xiao Feng’s current strength, he can’t beat her.

But at least you can easily get rid of Levilia’s surveillance.

This made the plan to keep an eye on Xiao Feng and find the location of Gong Qianqiu came to an abrupt end.

However, just then, everyone heard the voice of the unicorn.

"I have a solution, but it requires your cooperation."

Kirin said with an inscrutable expression on his face.

## The Return of the God of War [The Protector] Chapter 3796

Phoenix and others found Xiao Feng again.

Looking at the powerful people, Xiao Feng once again tried to contain the evil thoughts that devoured them.

"Why are you here again?"

Xiao Feng said lightly.

Qilin said in a very eager tone: "Xiao Feng, we just got a message from Levilia."

"The exercises she created are not suitable for the disciples of Zhenmo Division to practice, and Levilia has restrictions in the exercises."

Advertisement

"As long as anyone who has practiced the Magic Suppression Technique, if they practice the self-created technique, they will go into trouble."

Phoenix also echoed: "Yeah Xiao Feng, fortunately you didn't leak the exercises to Gong Qianqiu, otherwise you would have harmed her."

"As soon as we knew about this situation, we came to tell you, don't do bad things with good intentions, right?"

Azure Dragon (Qinglong) and others are also unified caliber.

It was a look that was completely for Xiao Feng's sake.

“Yeah, Qianqiu really started to practice...”

Xiao Feng said it almost instinctively.

But soon realized that something was wrong, and then quickly changed the subject to cover up.

“Thank you for your kindness, I didn’t pass on the exercises to anyone.”

“The Town Demon Division has been our enemy, and I will never make such a big mistake because of personal feelings.”

Although Xiao Feng appeared calm when he spoke, out of the corner of his eyes, he stared at the reactions of several people from time to time.

Fortunately, Phoenix and the others have already made new preparations and have not shown any flaws.

“We are just telling you, so as not to harm others and yourself.”

Advertisement

Phoenix turned around and left, followed by the others.

Looking at the backs of the five, Xiao Feng always felt that something was not right.

But it is impossible to say exactly what went wrong.

After all, Phoenix and the others didn’t show any strangeness on their faces just now.

“I must have thought too much!”

Xiao Feng thought secretly.

the other side.

Phoenix Dingren left quickly, and each could see the shock and surprise on each other’s faces.

The words Xiao Feng instinctively said just now have already explained the problem very well.

He has leaked Levilia’s self-created exercises to Gong Qianqiu.

It's hammered!

Phoenix and others found Levilia again, making Levilia want to deal with it.

Levilia was also quite shocked when he got the news, but there was no good way.

"It's better to wait for Dad to come back and think about it in the long run!"

Levilia paused and continued: "Of course, during this period, no one should show any flaws, lest Senior Brother Xiao Feng be suspicious."

Phoenix and the others nodded in agreement, and they have to continue to look for more conclusive evidence.

At that time, when Levi Garrison returns to preside over the overall situation, the coffin can basically be concluded.

After using the first spiritual vein to quench his body, Levi Garrison rushed to the location of the super spiritual vein in the Eternal Realm.

After careful investigation, Levi Garrison did not find any trace of suspicious persons.

"It seems that the mysterious female sect leader will not send anyone to guard the spiritual veins."

Levi Garrison was a little relieved, of course, this also means that the other party's body tempering is not over yet.

In fact, the reason why Gong Qianqiu finally decided to evacuate the dead was because she felt that no one could use the super spiritual vein.

Levi Garrison directly activated the power of the spiritual veins without any hesitation.

The energy contained in the spiritual veins was instantly released.

The entire Eternal Realm was hit by the aftermath of this energy.

And Levi Garrison doesn't care about this, and now he is quickly using the power of the spiritual veins to quench his body.

With the operation of the basic exercises, the energy contained in the spiritual veins was quickly inhaled into Levi Garrison's body.

Through the continuous quenching and purification of the power method, the ultimate source of extremely pure energy is formed.

"call!"

Levi Garrison's dantian is like a hungry refugee, greedily taking a deep breath of the original energy.

Then this energy spreads rapidly towards the bones and meridians in the body with Dantian as the center.

"Chichichi!"

The strength and vitality in the body suddenly became violent.

"It's such a wonderful feeling!"

Levi Garrison could feel that the toughness of the meridians and bones had improved a lot again.

## The Return of the God of War [The Protector] Chapter 3797

[/ The Return of the God of War \[The Protector\]](#)

Levi Garrison continued to frantically absorb the power in the super spiritual vein.

The source power that is extracted and purified is also increasing.

This made Levi Garrison's bones and meridians constantly washed and tempered.

The strength of the whole person is also constantly raising the upper limit.

Although the energy of the super spiritual vein of the eternal kingdom is not as terrifying as the underwater spiritual vein, it is not much worse.

As time passed, Levi Garrison felt that his body was completely enveloped by the golden energy luster.

Advertisement

Sometimes the body seems to be floating in the clouds, and sometimes it seems to be struggling in the quagmire.

It's like a cycle that keeps going back and forth.

However, every time such a cycle is completed, Levi Garrison can feel that his strength is stronger.

However, Levi Garrison, who was immersed in the body-quenching world, didn't know it.

Advertisement

Everything that happened here was stared at by a pair of azure blue eyes in a very secret place.

Those eyes are extremely deep, like an endless starry sky, making people unconsciously immersed in them.

in base camp.

As Phoenix and others conducted more in-depth investigations, more and more information was directed at Gong Qianqiu.

Especially today, Phoenix received an important piece of information.

A few months ago, Gong Qianqiu had a sword with terrifying energy in his hand.

According to the general description of eyewitnesses, this sword is very similar to the divine calamity that Levi Garrison lost.

This made Phoenix and the others shocked again.

Everyone unconsciously recalled the various clues they had found before.

Advertisement

1. The time when Gong Qianqiu and Xiao Feng lost contact was the time when the mysterious woman devoured the spiritual veins of the two alien races.

2. Gong Qianqiu was among the people who were almost killed by Levi Garrison in the West Pavilion. At that time, Levi Garrison basically determined that the mysterious woman was among them.

3. In the bloodbath of the West Pavilion incident, all those who had enemies with Gong Qianqiu died tragically, and those who were friends with him survived. Later, these people joined Qianqiu Sect.

4. Gong Wenqian, who was wrongly accused of being a traitor, was also killed in the process of arresting Gong Qianqiu. You must know that even with Xiao Feng's cultivation, even a sneak attack could have killed Gong Wenqian in one blow.

5. Recently, Xiao Feng and Gong Qianqiu lost contact again, and the mysterious woman was receiving Tianlei tempering in Tianshifu.

6. Xiao Feng has leaked Levilia's exercises to Gong Qianqiu.

So many subtle evidences are all related to Gong Qianqiu.

It might be a coincidence if one or two things were involved.

But everything is closely related to Gong Qianqiu, so she is definitely involved.

Phoenix can basically conclude that the mysterious female leader is Gong Qianqiu.

"What should we do now?" Phoenix asked.

Levilia and Zoey Lopez pondered for a moment, and finally decided to wait for Levi Garrison to come back to discuss.

At this moment, Levilia received a message from Xiao Tianshi Wentian.

Gong Qianqiu's first stage of body quenching has just been completed.

Without the slightest hesitation, everyone quickly hid in the safe house.

After all, Gong Qianqiu's intentions were very obvious before, and let Duguxiao lead people to wander around the area around the base camp.

In the final analysis, I was worried that Levi Garrison went to Tianshi Mansion to make trouble.

Now that body tempering is achieved, Gong Qianqiu will most likely bring revenge.

No one in the base camp is a match for the mysterious woman.

Even Duguxiao's current strength can basically sweep everything.

This message soon reached Levi Garrison's ears.

Fortunately, Levi Garrison just finished the second super spiritual vein of the quenching chain.

He felt his strength increased a lot again.

“Don’t worry, I’ll rush back immediately.”

After Levi Garrison finished speaking, he rushed back to the base camp as quickly as possible.

With Levi Garrison in charge, everyone’s high-hanging hearts sank.

Levi Garrison is their spiritual pillar.

However, everyone is waiting for the battle, and the revenge of the mysterious female leader is too late.

Everyone didn’t know that Gong Qianqiu was not in a hurry to retaliate, but took the lead in rushing to the location of the eternal kingdom’s spiritual veins.

It’s just that when Gong Qianqiu arrived at the destination, the whole person was a little confused.

## The Return of the God of War [The Protector] Chapter 3798

[/ The Return of the God of War \[The Protector\]](#)

Gong Qianqiu’s eyes were filled with incredible colors.

The super spiritual veins that originally contained terrifying energy in the eternal kingdom actually dissipated the spiritual energy.

“What the hell is going on here?”

Gong Qianqiu was instantly furious.

She quickly went to the depths of the spiritual veins again to investigate, and sure enough, there were only a few aftermaths of spiritual energy floating in the air.

The energy of the super spiritual veins is exhausted, like a well that has been drained, completely losing its vitality and vitality.

Advertisement

Could it be that someone deliberately sabotaged it?

Gong Qianqiu's thoughts turned quickly.

The location of this super spiritual vein is very hidden.

Even the insiders of the Eternal Kingdom back then only knew the exact location of the spiritual veins.

Advertisement

They are the core high-level layers of the Eternal Kingdom.

Therefore, the residual forces from the periphery of the eternal kingdom are excluded from destruction.

"It seems that someone speculated that I increased my strength through devouring and deliberately destroyed these super spiritual veins."

"It stops me from continuing to get stronger."

"And this person's strength is very terrifying, otherwise even if he has the idea of destruction, he will not be able to dissipate his spiritual energy."

Gong Qianqiu's eyes narrowed slightly. In her impression, Levi Garrison was the only one who could do it so quietly.

"It seems that I have to find a chance to explore Xiao Feng's mouth."

Before this thought completely dissipated, a message came from Duguxiao.

"Master, it has been found out that it was Levi Garrison who went to eternal loneliness to destroy the spiritual veins."

Advertisement

Gong Qianqiu's face was cold in an instant, and he sneered: "Do you think that destroying this spiritual vein can prevent this leader from becoming stronger?"

Gong Qianqiu was very angry, and even a little panicked.

In any case, she never thought that Levi Garrison could still have such a method.

It's just a wreck.

In order to prevent himself from engulfing the spiritual pulse to improve, he even directly released the power of the spiritual pulse and destroyed it.

Now the aura has dissipated all over the world and is completely diluted.

For today's Gong Qianqiu, continuing to devour these diluted auras has little effect.

And it's a waste of time.

"Damn Levi Garrison, this leader will make you pay a heavy price sooner or later."

Gong Qianqiu gritted his teeth angrily.

"Why don't you just fight Levi Garrison head-on, and talk about strength improvement later?"

Miya Chiaki seriously thought about the feasibility of this method.

She didn't know that Levi Garrison could also use the power of the spiritual veins to quench his body.

Otherwise, there would be no such thought at all.

However, after careful consideration, Gong Qianqiu gave up this idea.

"Still try to be steady!"

Gong Qianqiu's eyes narrowed slightly.

She thought of other ways to improve her strength.

"There is no super spiritual vein of Eternal Realm, and there is also the super spiritual vein of Zhen Mosi."

"It's time for Zhen Mosi to disappear from this world."

Gong Qianqiu's eyes shone with an extraordinarily sharp light.

The murderous aura naturally spread.

After making up his mind, Gong Qianqiu quickly returned to the corpse pit.

As the base camp of Qianqiu Sect, many elite sects gather here.

Although it is said that Gong Qianqiu did not take the people from the Zhenmo Division in his eyes, Levi Garrison and Tianshi Mansion are variables after all.

In particular, Gong Qianqiu didn't want to reveal his true identity, so it was best to quietly swallow the power of the Spiritual Vein of the Demon Suppressing Division.

Of course, Gong Qianqiu was also worried about another thing.

Since Levi Garrison can destroy the spiritual vein of the eternal kingdom.

Then there is no doubt that he is also thinking of taking a shot at the spirit veins of Zhen Mosi.

No matter how reluctant the people in the Demon Suppression Division are, they only need to consider that once they are forcibly plundered, no one will be able to stop them.

After recognizing this fact, it is possible for the people in the town to agree.

To take a ten thousand steps back, even if the people in the town magic department disagree.

As long as Levi Garrison forcibly uses his strength to crush and destroy the spiritual veins, it is very likely to happen.

"Time is running out, and we must absorb the Spiritual Veins of the Demon Suppressing Division before Levi Garrison destroys it."

Gong Qianqiu hurriedly made careful deployments to ensure that the next plan was foolproof.

## The Return of the God of War [The Protector] Chapter 3799

[/ The Return of the God of War \[The Protector\]](#)

at the same time.

Levi Garrison is also deploying in full swing.

Levi Garrison felt the urgency of time since Xiao Tianshi Wentian heard that the mysterious woman had completed her body quenching.

The mysterious woman's successful body tempering indicates that she can continue to devour.

Although the spiritual veins of the eternal kingdom have been used by him to quench his body, but the other party will find other spiritual veins if they are not kept together!

In particular, the spiritual veins that Zhen Mosi relies on to survive are hardly any secrets.

Advertisement

The next step for the mysterious woman is likely to be this super spiritual vein.

In fact, it is not good to directly attack the Zhenmosi Lingmai.

That will only benefit Qianqiu's teaching fisherman.

What's more, the news that Tian Si was about to return also reached Levi Garrison's ears.

Advertisement

Therefore, Levi Garrison had to carefully consider the feasibility of forcibly capturing the spiritual veins.

The most important point is that the mysterious woman's strength has greatly increased after her body is tempered, and it is possible to attack the base camp again at any time.

Levi Garrison really did not dare to leave the base camp for a long time, even if there is a safe house, I am afraid it is not a complete plan.

However, just as the two sides were in full swing on the pre-plan of swallowing (body quenching).

The town magic department suddenly came with the exact message.

Tiansi returned immediately, and he also brought several great powers in the legendary world.

A stone stirred up a thousand waves.

Levi Garrison and Gong Qianqiu's plans both failed.

No matter who the two sides are, if they want to use the spiritual veins, it will take time.

## Advertisement

However, the spirit veins of the Demon Suppression Division are heavily guarded, after all, this is the source of energy for the Demon Suppression Division to survive.

It is absolutely impossible to secretly use the power of the spiritual veins.

And in essence, Zhen Mosi is the opponent of both of them at the same time, and it can even be called a mortal enemy.

So as long as Levi Garrison or Gong Qianqiu makes such a move, they will definitely encounter desperate resistance from the Demon Suppression Division.

Now that Tiansi is about to return with the power soon, this third-party force is suddenly added.

If there is a fight, the outcome is yet to be known.

Moreover, neither Levi Garrison nor Gong Qianqiu have full confidence in the strength of the legendary world.

In other words, there is no clear reference to combat power.

Therefore, the planning functions of both parties have been temporarily suspended.

“I actually came back at this juncture, Tiansi is really in a hurry!”

Gong Qianqiu clenched his silver teeth with anger.

Although full of anger, Gong Qianqiu did not dare to act rashly.

Although she has absolute confidence in her own strength, it is said that Tiansi and Xuanming have found the legendary world.

And they also worshipped the big sects in that world.

What kind of place is that world?

What kind of cultivation realm have Tian Si and Xuan Ming reached now?

All of this Gong Qianqiu is uneasy.

If you take action against Zhen Mosi, if you are not an opponent, you and Qianqiu Sect will probably be wiped out.

“Now this sect master can only hold Levi Garrison, but he still can’t act rashly!”

Gong Qianqiu sighed quietly.

This feeling of being constrained by an unknown powerhouse really made Gong Qianqiu depressed.

“If I can enter the legendary world, I will definitely trample Tiansi Xuanming and the others.”

Gong Qianqiu’s eyes are firm, and she is very confident about this.

The crux of the question is where is the legendary Heaven Gate?

I am afraid that the world is full of power sources like the super spiritual vein of the eternal kingdom, right?

If you can really enter the legendary world, you can completely rely on the extreme devouring technique to make your strength grow by leaps and bounds.

At that time, many great powers can only bow their heads at their feet.

“When Xuan Ming comes back, let’s see if we can use Duguxiao to find out where the gate of heaven is in his mouth?”

Gong Qianqiu made up his mind in his heart.

That’s right, she yearns for the legendary world.

Can’t wait to enter that wonderful world now!

“Perhaps the air in the legendary world is extraordinarily sweet?”

## The Return of the God of War [The Protector] Chapter 3800

[/ The Return of the God of War \[The Protector\]](#)

Inside the base camp.

Levi Garrison released a series of orders to increase the defense level of the safe house.

After finishing his work, Levi Garrison was also lost in thought.

He is also very curious about the legendary world.

Tiansi had been searching for Tianmen without any news for so many years, how did his strength increase?

Levi Garrison even looked forward to fighting with these people.

Advertisement

Especially after using the two super spiritual veins to quench the body, I was still a little weak at first, but now I am full of confidence.

It can be said that the arrival of Tiansi completely ignited Levi Garrison's fighting spirit.

Of course, to be on the safe side, Levi Garrison felt that if there was another spiritual vein to quench his body, he would be more sure.

It's just that the spiritual vein of Zhen Mosi can't be considered for the time being.

Advertisement

"Where is the spiritual vein of this level?"

Levi Garrison sighed, knowing in his heart that spiritual veins of this level are hard to come by.

I am very lucky to be able to use two of them.

Just when Levi Garrison was in a dilemma, the genius doctor Yan Zangsheng took the initiative to find the door.

"Why did you suddenly come, did you encounter any trouble?"

Levi Garrison asked in a deep voice.

Yan Zangsheng waved his hand and said with a smile, "I'm here to solve the trouble for you."

"Fix the trouble for me?"

Levi Garrison was a little surprised and puzzled, and he didn't understand the meaning of this sentence for a while.

Advertisement

Yan Zangsheng explained: "You urgently need a super spirit vein to quench your body right now, don't you?"

"How did you know?"

Levi Garrison asked in surprise.

In his eyes, Yan Zangsheng had already lived the life of a hermit, but only asked about worldly affairs.

How can you be clear about your predicament?

Yan Zangsheng smiled without saying a word. In fact, he had been observing the situation secretly.

Even the predicaments and situations faced by the various forces, Yan Zangsheng knew very well.

"Do you know where the super spirit veins are?"

Levi Garrison didn't ask any further questions, and directly changed the topic.

Yan Zangsheng nodded and said, "Yes, I know."

The place that Yan Zangsheng used to cultivate the 100,000-year-old magic medicine was actually a super spiritual vein covered by it, which he called the medicine vein.

Now that Yan Zangsheng knew the crisis Levi Garrison was facing, he gave up this medicine vein without any hesitation.

"How about the energy contained in this medicine vein?"

Levi Garrison asked impatiently.

Yan Zangsheng didn't hide anything: "Although the scale is not comparable to the level of the eternal kingdom's spiritual veins, the energy is extremely overbearing."

"There is already a faint trend of forming a medicine dragon. For your body tempering, it is definitely more than enough."

Levi Garrison was overjoyed when he heard the words.

For him, this medicine pulse is just a timely rain!

"No one knows about this medicinal vein except you, right?" Levi Garrison asked in a deep voice.

Yan Zangsheng pondered for a moment, then said uncertainly, "It's hard to say! But there are quite a few unfamiliar faces near the medicine vein recently."

"Because of this, I think you should use it as soon as possible, so as not to have too many dreams at night."

"Okay, I'll settle the base camp, and I'll go to Yaomai with you immediately." Levi Garrison said with a serious face.

Phoenix and others have been investigating Gong Qianqiu's clues outside for a while.

As soon as he arrived at the base camp, he learned that Levi Garrison had returned.

"The boss came back in time, hurry up and tell him about Gong Qianqiu!"

Azure Dragon (Qinglong) was full of joy, and finally waited until Levi Garrison took charge of the overall situation.

Now it has been basically determined that Gong Qianqiu is the leader of Qianqiu Sect, and then let Levi Garrison decide how to deal with Xiao Feng.

However, when Phoenix and the others came to the safe house, they did not encounter Levi Garrison.

After inquiring, I learned that Levi Garrison arranged a defense plan and left in a hurry with Yan Zangsheng, not knowing the exact whereabouts.

"Boss, this is too mysterious, and he can't keep up with his rhythm at all!"

Phoenix said a little dejectedly.

Several other people are also deeply regretful, after all, in order to obtain this information, they have paid a lot of energy.

Xiao Feng has recently carried out a crazy energy devouring, and his cultivation realm has greatly increased.

He even took time to go to the Eternal Kingdom to devour.

Although the power of the super spiritual vein has been dissipated by Levi Garrison.

But after all, this is the birthplace of the re-emergence of spiritual energy, and the spiritual energy of heaven and earth in the surrounding area is dozens of times stronger than other places.

For Xiao Feng, who was in the early stages of devouring, these heaven and earth auras had a significant effect.

What Xiao Feng didn't know was that Duguxiao was also secretly cultivating when he was devouring the spiritual energy.

It's just that Duguxiao didn't show up. After all, Xiao Feng devoured the spiritual energy of the Death Palace Qianqiu tacitly, and he was only watching secretly.

Of course, this is also to understand Xiao Feng's cultivation base in real time, so that Gong Qianqiu can use his plan in the future.

at the same time.

Levilia is constantly researching the flaws in the extreme swallowing exercises.

In Levilia's view, this kind of practice originated from his own practice after all.

This kind of predatory devouring, which destroys the balance of power between heaven and earth, must have drawbacks to be found, and it must be completely defeated.

The key to taking the initiative is to use your own power technique to control the area space before the opponent releases the maximum energy.

The aura and elemental power in such a space will no longer be used by predators.

Of course, this gap is very short, and it can even be said that the opportunity is fleeting.

Especially for the mysterious female leader and Duguxiao, who are very familiar with cultivation, this kind of flaw is even more difficult to find.

The fusion proficiency in the spatial area is also extremely demanding.

At present, only Levilia can barely wait to reach such a level.

Even so, they must be decentralized to defeat their opponents on the premise that the gap between their strengths is not too big.

Otherwise, the opponent's strength is too strong, and it can directly break the balance of the power of the space you control.

At that time, if you are not given time to continue to integrate the power of heaven and earth, there is no possibility of winning your opponent.

“After all, the strength is not enough!”

Levilia sighed softly.

the other side.

Phoenix and others are still investigating Gong Qianqiu.

And for a more in-depth investigation, several people even sneaked into the Qianqiu Sect in batches.

Their goal is very clear, that is, to find ways to determine the identity of the female leader.

Although this method of getting tiger cubs without entering the tiger’s den is extremely dangerous, it is also very effective.

Azure Dragon (Qinglong) and others soon found more critical and conclusive evidence.

For example, the sword of the female leader is Levi Garrison’s divine calamity.

When the West Pavilion was bloodbathed, the Qianqiu cult members got a clear kill list, and those people were the disciples who had hatred with Gong Qianqiu.

In addition, most of the core high-level leaders of Qianqiu Sect belong to existences who have been fascinated by Gong Qianqiu.

What’s more important is that many Qianqiu church members have described the figure of the female leader.

It is very consistent with Gong Qianqiu.

Especially the sound is basically the same.

Combined with the time when the female leader devoured the spiritual veins, it also accurately coincided with the time period when Xiao Feng and Gong Qianqiu lost contact.

All the signs prove that Gong Qianqiu is basically the female leader.

It’s hammered!

After reaching such a conclusion, Azure Dragon (Qinglong) and the others did not dare to stay in Qianqiu Sect, and they all found an opportunity to leave and return to the base camp.

And after Gong Qianqiu's search for super spiritual veins was fruitless, she temporarily gave up the idea of swallowing spiritual veins.

For now, her strength is basically enough.

For today's plan, the first thing to examine is the cultivation realm of Tian Si, Xuan Ming and others.

The level of their strength directly affects Gong Qianqiu's next plan.

"At that time, I have to keep an eye on Duguxiao's changes. After all, this guy is the last seed of the Xuanming alien race."

"Once you have the support of Xuan Ming and the legendary world power, it is hard to say whether you can continue to be under your command."

"In any case, Duguxiao must be stabilized. Even if it can't be my help, don't be a hindrance."

Gong Qianqiu made up his mind and decided to brainwash Duguxiao before Xuan Ming returned.
