

The Return of the God of War [The Protector] Chapter 3810

"During this time, in addition to avoiding the pursuit of Qianqiu Cult, I was investigating the mysterious female sect leader."

"Maybe you don't know yet, that female sect master knows the Demon Suppression Division, especially me, very well."

"I even suspect that she used to be one of my classmates, otherwise how could she have designed so many perjury to frame me?"

Gong Qianqiu continued to explain, and seeing that Xiao Feng had not replied all the time, it was inevitable that he was a little flustered.

He hurriedly released his big move: "Actually, I already knew their whereabouts, if Qianqiu Jiao had something to do with me."

"Can you still let them go to the base camp? I haven't said it before, just because I'm afraid you will misunderstand me and ignore me, uuuuuuuuuuuuuuuuuuuuu..."

Gong Qianqiu actually cried when he said that at the end.

It seems like a grievance of "I didn't say it because of the relationship between us".

Xiao Feng immediately softened his heart and hurriedly comforted: "Qianqiu, don't cry, I have no doubts about you."

Xiao Feng thought about it carefully, what Gong Qianqiu said was very reasonable.

If she is really the mysterious leader, wouldn't it be better to arrest Xu Qingya and others and kill them directly?

Then there will be no future troubles, how could they have escaped?

Moreover, Master and Azure Dragon (Qinglong) have analyzed it, and the female leader is extremely meticulous.

How could such a low-level error occur?

Furthermore, if Gong Qianqiu is really a female leader, why should she tell herself?

Doesn't this directly expose her identity and arouse her suspicion?

Moreover, at this time, the female leader should go all out to hunt down Xu Qingya and others, and try to avoid the leakage of information as much as possible.

"Since Qianqiu told me everything, then she will have absolutely no problem."

Xiao Feng made up his mind and assured Gong Qianqiu: "Don't worry, Qianqiu, I will go out to inspect."

"Once they dare to frame you, I will never forgive you lightly."

"Okay. But Xiao Feng, don't kill them. These people may have their own difficulties."

Gong Qianqiu paused, and continued to say sincerely:

"As long as I explain it clearly, I will be cleared."

When Xiao Feng heard this, the last trace of doubt disappeared.

If Gong Qianqiu is really a goddess and goddess, she definitely hopes to let herself help kill people!

How could she still think about Xu Qingya and others who were going to frame her?

"My Qianqiu is indeed a kind woman!"

Xiao Feng thought silently.

"Qianqiu, I won't kill them, I will catch them and hand them over to you."

Xiao Feng felt that his woman was wronged, and it was time for him to come forward.

The two chatted a few words at will to cut off contact.

Gong Qianqiu was so complacent, she had already pinched Xiao Feng to the death.

Deliberately plead for Xu Qingya and others, but it will inspire Xiao Feng to take the initiative to punish these "rumor makers".

While solving the serious troubles of his confidants, he can still avoid Xiao Feng's suspicion.

Kill two birds with one stone!

However, Gong Qianqiu still rushed to Levi Garrison's base camp in person, and Xiao Feng's side was just an insurance.

Be there yourself to deal with the unexpected.

Gong Qianqiu has always pursued things without flaws.

the other side.

After cutting off contact, Xiao Feng went directly to the outside of the base camp to wait.

And instructed his confidants to report to him immediately when they saw suspicious persons.

Xiao Feng even took the initiative to take over the overall defense of the base camp today.

Of course, this kind of behavior did not arouse suspicion from others. After all, it was not the first time that the defense was suddenly switched.

However, for Xiao Feng, no accident is allowed.

In particular, no one is allowed to slander their loved ones in public at the base camp.

Xiao Feng's strength has greatly increased now, and his sense of breath is becoming more and more sensitive.

He released his power and spread out to explore with self-centeredness, trying to find the unfamiliar atmosphere approaching.

“coming!”

It didn't take long for Xiao Feng to suddenly feel an unfamiliar aura approaching.

The figure swept out and rushed over according to the approximate direction of the breath.

Sure enough, it didn't take long for Xiao Feng to see Xu Qingya and the three fleeing in embarrassment.

“Xiao Feng, it's Xiao Feng, we are saved.”

Xu Qingya also recognized Xiao Feng and was very excited.

In her opinion, Xiao Feng is Levi Garrison's most important first disciple. As long as he tells him the truth, it is equivalent to telling Levi Garrison.

In this way, he will be able to obtain asylum and escape in the true sense.

“Xiao Feng, Gong Qianqiu is the leader of Qianqiu Sect!”

“That's right, she also stole the robbery, we saw it with our own eyes.”

“The top ten talents were also arrested by Gong Qianqiu, but they framed Mr. Ye.”

Seeing Xiao Feng, Xu Qingya and the three showed no reservations about what they had learned.

However, they soon discovered that the shock and joy they imagined did not appear on Xiao Feng's face.

It can even be said that Xiao Feng is very calm at the moment, as if he knows everything about these things.

An ominous foreboding quickly came to my mind.

Xu Qingya said solemnly: "Xiao Feng, take me to see Mr. Ye, we have important information to report."

"Is it possible that my master is a piece of trash like you who only talks nonsense?"

Xiao Feng said with a sneer.

Gong Qianqiu had already said the words of Xu Qingya and the three of them before.

"It really is this set of false accusations, Qianqiu really guessed it correctly."

Xiao Feng was more and more emotional about Gong Qianqiu's intelligence and wit.

At the same time, I am proud that I can find such a girlfriend.

"Xiao Feng, what do you mean?" Xu Hushan asked coldly.

Xu Langhai also stared at Xiao Feng coldly, but he also felt abnormal in his heart.

Could it be that Xiao Feng has been completely controlled by Gong Qianqiu?

"Xiao Feng, we are not talking nonsense. During this time, Gong Qianqiu tortured us inhumanly."

"At the same time, Yufeng Tiansi and the top ten Tianjiao were tortured."

"As long as you find them then, you'll know when you ask."

Xu Qingya said in a sincere tone.

Xiao Feng snorted coldly and said, "You still say that you don't talk nonsense?"

"With Qianqiu's cultivation, Yufeng Tiansi can defeat her with one hand."

"How could Qianqiu have made him?"

"Xiao Feng, you were deceived by Gong Qianqiu, her current strength is very terrifying." Xu Qingya said hurriedly.

Xiao Feng didn't believe it at all, and said solemnly: "I have my own judgment if I was deceived. I don't need you to judge."

Xiao Feng is very confident about this. After all, he personally tested Gong Qianqiu's cultivation last time.

At that time, it was only three or four percent cultivation, and Gong Qianqiu was already injured.

If Gong Qianqiu is so powerful, how could he be suppressed like that?

"Xiao Feng, you are really hopeless. Gong Qianqiu devoured the two major alien spiritual veins in a row, right and wrong has long been very terrifying."

Xu Hushan said solemnly: "With her cultivation, it's not easy to deceive you?"

"Yeah Xiao Feng, we have seen how powerful Gong Qianqiu is."

"If you really don't believe us, you can go to Yufeng Tiansi."

"His skill has also been forcibly swallowed by Gong Qianqiu, there must be no reason to deceive you."

Xu Langhai is also helping.

The three of Xu Qingya clearly felt Xiao Feng's hostility.

"Yufeng Tiansi? If you have the ability, you can find him! Isn't it better to use it to prove your innocence?"

Xiao Feng said in a mocking tone.

Xu Qingya suddenly realized something.

Ning Sheng asked: "Xiao Feng, before meeting us, did Gong Qianqiu contact you?"

"That's right, if it wasn't for Qianqiu's advance notice, I didn't know that you would frame her with such nonsense!"

Xu Qingya's face suddenly became ugly when she heard the words.
