After waiting in the dark for a long time, there is still no one coming.

Yufeng Tiansi frowned slightly, and for some reason, there was an ominous premonition in his heart.

"Are they still here?" Yufeng Tiansi asked in a low voice.

Xiao Feng also felt a little surprised, because the base camp was not too far from here.

With Levilia and the others, they can arrive in half an hour at most.

How could they not even feel their breath?

"It should be soon!"

Xiao Feng said with some uncertainty.

However, before he finished speaking, a joking voice came.

"Yufeng Tiansi, it's so hard for me to find you!"

Duguxiao?

Xiao Feng and Yufeng Tiansi froze.

They were all too familiar with this voice.

Why is he here?

There was no time to think about it, Xiao Feng felt a large number of unfamiliar breaths approaching here from all directions.

"Run away!"

Yufeng Tiansi only had this thought in his mind.

He has seen the strength of Duguxiao, and with his cultivation, he can't resist it at all.

The Xiao Feng in front of him is not weak, but he is far worse than Dugu Xiao.

"I want to leave now, but it's too late."

Duguxiao's voice was closer, and his tone became more and more interesting: "This place has been surrounded by wind and rain, and it is difficult for you to fly."

"Duguxiao, why are you here?"

Xiao Feng no longer dodged, and stepped forward directly.

He is now more confident than ever, and feels that after continuous devouring, he can completely touch Duguxiao head-on.

What's more, Xiao Feng thought that reinforcements would arrive soon.

At that time, the soldiers will unite and join forces to deal with Duguxiao. Even if he cannot be killed, at least he will be able to retreat.

"Xiao Feng, your method of delaying time is too low-level, isn't it?"

Duguxiao obviously saw through what Xiao Feng was thinking, and said with a sneer, "But you don't have to wait for reinforcements to arrive. They are too busy to take care of themselves now, but they have no time to take care of you."

"Okay, stop talking nonsense, hurry up! I also want to see how much you have improved during this time."

Seeing that Duguxiao didn't take himself seriously at all, Xiao Feng felt that his self-esteem was seriously injured.

"What did you do to base camp?"

Xiao Feng felt a little panic in his heart.

Especially considering that Levilia and the others are not coming, it is very likely that they will be entangled by the people of Qianqiu Sect!

"You better worry about yourself!"

Duguxiao sneered and said, "We have been in ambush near the base camp for a long time, waiting for Yufeng Tiansi to throw himself into the net."

"It's really the emperor who pays off!"

Yufeng Tiansi's expression was extremely ugly.

"Little brother Xiao Feng, we may still have a chance to join forces." Yufeng Tiansi said solemnly.

Now I don't care about identity, face, etc., life saving is the first rule.

Duguxiao not only did not have the slightest fear, but said excitedly: "Yes, it is best for you to go together."

"Otherwise it would be too challenging."

ridicule!

**Naked mockery!

Xiao Feng was so angry that he didn't say anything more, just punched Duguxiao's head.

"It's interesting!"

Duguxiao didn't mean to dodge in the slightest, and directly punched Xiao Feng's attack.

Bang!

A muffled sound came out.

Deafening like thunder.

The aftermath of the powerful energy spread, and the nearby trees suddenly shattered.

call out!

Xiao Feng's body burst out, feeling like he was hit by a fast-moving train.

The blood in the body was also surging.

Clap!

Clap!

Clap!

Several trees around the thickness were broken one after another, and Xiao Feng barely stopped.

"The difference is so big?"

Xiao Feng was shocked beyond words.

He didn't think that he was attacked with almost full force, not only was Duguxiao easily resolved, but he was also shaken out and suffered internal injuries at the same time.

At the same time, Yufeng Tiansi also shot.

Launched a sneak attack on Duguxiao's back.

"Even if you play sneak attack, you need enough strength, otherwise you can only put yourself in danger."

Before he finished speaking, Duguxiao didn't even turn his head back, just turned around and kicked back.

Unparalleled energy roared out.

Yufeng Tiansi stopped abruptly when he was about zhang away from Duguxiao.

It was as if he was blocked by an invisible terrorist force. No matter how hard he exerted his strength, he still couldn't break through the defense.

"roll!"

Duguxiao let out a loud cry, and the energy shield that was standing still rioted in an instant.

The powerful force of reverse thrust sent Yufeng Tiansi Zhen flying out.

When Yufeng Tiansi was still in the air, he had already vomited blood and suffered internal injuries in his eyes.

Pfft!

After "flying out" more than ten feet, Yufeng Tiansi fell heavily to the ground.

The whole person's breath instantly wilted.

"too strong!"

Yufeng Tiansi and Xiao Feng felt a sense of despair in their hearts.

The two attacked together, but they didn't even survive three moves from Duguxiao's hands.

This kind of difference in strength cannot be overstated by the difference between clouds and mud!

"Come again!"

Duguxiao hooked his fingers at the two of them.

Xiao Feng shot again, and the result was worse than before, and the injury was even more serious.

If it wasn't for Duguxiao's action, Xiao Feng would have long since returned to Jiuyou.

"It's really meaningless, Yufeng Tiansi, you'd better follow me obediently! Don't continue to suffer from flesh and blood."

Duguxiao said with a sneer.

"Let me go back with you, rather than kill me."

Yufeng Tiansi's voice was hoarse, even when he recalled what happened in the dungeon of the Thousand Corpse Pit, he still had lingering fears.

"It's not up to you!"

Duguxiao dodged and came to Yufengtiansi.

Without giving him any chance to react at all, he grabbed Yufeng Tiansi's neck.

Like carrying a chicken, he grabbed him with one hand.

Yufeng Tiansi instinctively wanted to resist, but was restrained by a terrifying force, unable to move at all.

"Xiao Feng, this young master will spare your life today."

"Continue to practice hard! Otherwise, it will be a waste after all."

Duguxiao said with a sneer.

After he finished speaking, he left with Yufeng Tiansi.

Xiao Feng was struck by lightning and couldn't recover for a long time.

He suffered a major blow psychologically.

I don't know how long ago, Xiao Feng was finally woken up by the noise of footsteps and voices.

"Senior Brother Xiao Feng, where are you?"

"Look, over there."

"Xiao Feng, where is Yufeng Tiansi?"

As the sound gets closer, the volume gets louder.

Xiao Feng also gradually and completely recovered his consciousness, and sure enough, he saw Levilia and others.

"Yufengtiansi was taken away by Duguxiao."

Xiao Feng's voice was trembling, and he even felt that he had no face to face the crowd.

Watching Duguxiao capture Yufeng Tiansi, he was helpless.

Hearing this, Azure Dragon and the others were shocked, but could no longer hold back the anger in their hearts.

"Xiao Feng, tell the truth, did you tell Gong Qianqiu about Yufeng Tiansi?"

"Otherwise, it would be impossible for it to be such a coincidence that the base camp was suddenly attacked by the Qianqiu Sect."

"How could Duguxiao come so quickly?"

Phoenix and others, you said every word, and pointed the finger at Gong Qianqiu.

Of course this is too coincidental.

Just now, the base camp was attacked by the Qianqiu Cult.

The key is that those who attacked the base camp are all dead men, but there are not half of them who can do it.

In other words, these people are basically equivalent to cannon fodder, delaying the time for Levilia and others to rescue Xiao Feng.

However, during this time, Duguxiao personally came over and robbed Yufeng Tiansi away.

People have to think over there!

In the face of everyone's questioning and accusations, Xiao Feng was also a little angry.

"What does this Gong Qianqiu have to do?"

"She is obviously just following the orders of the Shen Tianjian to find Yufeng Tiansi."

"They just have an opinion on Qianqiu."

The more Xiao Feng thought about it, the more upset he became, but he also knew that this was not the best time to attack.

[/ The Return of the God of War \[The Protector\]](#)

Faced with the menacing questioning from Phoenix and others, Xiao Feng felt very unhappy.

But also know that now is not the best time to attack.

In particular, he cannot admit that he once told Gong Qianqiu of Yufeng Tiansi's information.

Because of Phoenix and others' prejudice against Gong Qianqiu, saying this will definitely make Gong Qianqiu more suspicious.

He still does not have the absolute right to speak in the base camp.

"I never told Gong Qianqiu the information."

Advertisement

Xiao Feng denied it and said, "And Duguxiao himself admitted that the Qianqiu Sect had already deployed heavy troops near the base camp."

Seeing Xiao Feng's attitude is so firm, Phoenix and the others are helpless.

"Did Yufeng Tiansi tell you anything?" Azure Dragon asked again.

Xiao Feng shook his head and said, "It didn't take long for me and Yufeng Tiansi to hide before Duguxiao and others arrived, and we didn't have time to talk at all."

Advertisement

After getting this answer, everyone shook their heads and sighed.

Phoenix and the others were even more desperate.

Everyone who has escaped now has been captured by Qianqiu Sect.

Originally, these people were very likely to know the secrets of Qianqiu Sect.

Even know the true identity of the female leader.

Now the only key clue has been completely cut off.

In disappointment and despair, everyone returned to the base camp, while Xiao Feng continued to devour frantically.

Duguxiao completely stimulated Xiao Feng in the battle just now.

in the dungeon.

Looking at Yufeng Tiansi, who was swallowed up with clean skills, Gong Qianqiu felt extremely comfortable.

"Yufeng Tiansi, how does it feel to be back here again?"

Gong Qianqiu said jokingly.

Yufeng Tiansi's face was extremely ugly, and his heart was completely desperate.

As soon as he was caught, his skills were swallowed up.

All the magical medicines on his body were also searched clean.

Even so, Gong Qianqiu was not at ease, and he took action to break all the meridians of Yufeng Tiansi.

Now Yufeng Tiansi is a complete waste.

There is absolutely no chance of recovery.

"Gong Qianqiu, give me a treat!" Yufeng Tiansisheng said reluctantly.

"No no no, you have to keep living."

Gong Qianqiu waved his hand and continued: "You will be the best witnesses until the sect master comes to the world."

"So none of you will die, at least until you get the world, you will all be alive."

"Hahaha!"

Gong Qianqiu laughed wildly.

Everyone has been captured, and their identities have not been revealed.

As long as he detects how strong the legendary world and Tiansi are, he will be more confident.

Thinking of this, Gong Qianqiu continued: "By the way, Yufeng Tiansi, Xiao Feng told me your whereabouts."

"Are you surprised or surprised?"

Gong Qianqiu smiled even more.

If Yufeng Tiansi was struck by lightning, he never thought that it was Xiao Feng's tip-off that led to his arrest again.

Xu Qingya and the others were also heartbroken, and Xiao Feng, the strange soldier, was so well placed.

In particular, Xiao Feng is highly valued by Levi Garrison, and his position in the base camp is detached.

With such a person helping secretly, Xu Qingya even felt that Levi Garrison fell into Gong Qianqiu's hands sooner or later.

Recalling the scene where they were caught, Xu Qingya and the three gnashed their teeth in hatred.

"Xiao Feng, you idiot, if you have a brain, you will have seen the true face of Gong Qianqiu long ago."

"Xiao Feng is a fool, Levi Garrison and his relatives and friends will be killed by you sooner or later."

"Xiao Feng, you son of a b*tch, if there is a chance, I will smash your corpse into ten thousand pieces."

The three of Xu Qingya greeted Xiao Feng's ancestors collectively for the eighteenth generation in their hearts.

Yufeng Tiansi almost vomited blood from anger.

"I didn't think of the fame of the first generation, and I was miserable by a fool like Xiao Feng."

Yufeng Tiansi cursed in his heart.

"It's useless for you to be angry. Who made this sect master so attractive?"

"A dog licking like Xiao Feng is naturally willing to do anything for the leader."

"Don't say it's a tip-off, even if the sect master asks him to die, he will commit suicide without hesitation."

Gong Qianqiu seemed to see through everyone's thoughts and continued.

Xu Qingya and others suffered a psychological blow again.

Although there are all kinds of unwillingness, but I have to admit what Gong Qianqiu said.

In particular, Xu Qingya and the three of them knew very well how Gong Qianqiu controlled men.

Advertisement

At the beginning, there were many people in Zhen Mosi who were obsessed with Gong Qianqiu to the point of madness.

Those people are either high-status or talented cultivators.

Even in order to cover Gong Qianqiu, they can commit suicide collectively without any hesitation.

What kind of terrifying means is this?

Advertisement

Thinking of this, it is easy to understand that Xiao Feng was fascinated by Gong Qianqiu.

"Of course you don't have to worry, I will help you to repay Xiao Feng's revenge."

Seeing everyone's puzzled faces, Gong Qianqiu explained: "Now the chess piece Xiao Feng is still useful."

"He is definitely not able to help this sect master find out the details of Tiansi and others."

"Even help this sect master hit Levi Garrison at a critical moment."

"After Xiao Feng completes these tasks, I will let you kill him with your own hands to relieve the hatred in your heart."

"How is it, is this sect master kind enough?"

Everyone was shocked when they heard the words, Gong Qianqiu's method was too terrifying.

Against such a person, she is like a nightmare.

the other side.

Levi Garrison and others made full use of the power of the Siberian spiritual veins to quench their bodies.

Their strength has also raised a level again.

Compared with the last body quenching, Levi Garrison's strength has increased several times.

And Levi Garrison also discovered a key situation going out.

That is, the super-spiritual veins of Siberia are similar to the super-spiritual veins of the seabed of Atlantis.

They were all deliberately sealed by some mysterious power.

And it is very likely that it was done by some super strong.

Because when Levi Garrison quenched his body to purify his spiritual energy, he felt a little aura repelled.

That was caused by the power of the super strong sealing the spiritual veins going deep into the spiritual veins.

Fortunately, the most important thing for this power is to seal the super spiritual vein.

Otherwise, once a large number of super strong breaths are immersed in the spiritual veins, the body quenching effect will be greatly reduced.

Even when refining spiritual energy, it will consume too much because of the unfamiliar aura, and in serious cases, it will even go crazy.

"In this way, the spiritual energy of this world should be sealed by someone!"

Levi Garrison was shocked when he came to such a conclusion.

"After all, when the spiritual energy erupted, many innocent people died."

"Who on earth is protecting all beings?"

Levi Garrison has some doubts.

To seal the aura of such a vast world, what kind of terrifying power is needed?

In other words, what kind of existence will the super powerhouses and forces with such power be?

At this moment, Levi Garrison suddenly thought of Tiansi and the legendary world.

And the extremely mysterious cheap master.

"Maybe Master also came from the legendary world."

"It may even be that world super strong!"

Levi Garrison suddenly yearned for the legendary world.

If there is a fear of that world before using a few super spiritual veins to temper the body.

So now that the strength has greatly increased, Levi Garrison was completely inspired by those super strong men to remove the strong fighting spirit.

I even want to go to the legendary world to explore.

"With my current strength, what level can I reach in that world?"

Levi Garrison was a little fascinated.

"Maybe I can still find traces of Master at that time. I haven't seen him for so long, and I really miss him!"

Levi Garrison has a lot of thoughts, and now the quenching is almost complete.

Concentrate your mind and continue to quickly run the basic exercises.

[/ The Return of the God of War \[The Protector\]](#)

With the rapid operation of the basic exercises, Levi Garrison's body and meridians were repeatedly quenched and strengthened.

If you observe carefully, you will find that at this moment, Levi Garrison's body has a faint golden luster.

After a few more days, Levi Garrison slowly opened his eyes.

Swish!

Those eyes were like two peerless divine weapons unsheathed, making people dare not look directly at them.

Levi Garrison stood up slowly, although there was no other movement, there was a terrifying aura in his gestures.

Advertisement

Steady as Mount Tai.

Levi Garrison just stopped there, like a towering mountain, giving people a feeling of thick and powerful.

"This power is really terrifying!"

Levi Garrison was overjoyed, and then he slowly threw a punch at the distant glacier towering into the clouds.

Advertisement

If there are outsiders present, there will definitely be a phenomenon that goes against common sense.

That is, Levi Garrison swings his fist at a very slow speed, but the power he carries is extremely terrifying.

It was as if the space where the trajectory of the fist wind whistled out seemed to be distorted in an instant.

There was also a piercing cracking sound in the void, as if the space was directly shattered after being extremely distorted.

boom!

After a while, the fist wind finally hit the glacier.

Boom!

After a while, the glacier suddenly collapsed, and a bottomless pit was smashed by the middle.

And with the pit as the center, it quickly shattered around, and the entire glacier collapsed in an instant and became a ruin.

The power of one punch is so terrifying!

“Two or three percent of the force actually has such power?”

Levi Garrison was also a little surprised, but more happy.

With this kind of combat power, even if it is the great power of Tiansi and the legendary world, what is there to fear?

It didn't take long for the three of Wen Lei to leave the customs one after another, and their strength also increased significantly.

Levi Garrison must be relieved that these helpers around him are more powerful, so he has more confidence.

"Let me tell you the good news. I have a lot of latest research results here, I hope it can be helpful to you."

At this moment, good news came from the mind of God.

Levi Garrison and others immediately followed the Brain of God to the laboratory, only to know that the research results in the latter's mouth were a new type of armor.

The surface of the armor is glowing with a dark red halo, and I don't know what metal it is made of.

Although the armor looks as thin as a cicada's wings, it contains amazing energy fluctuations.

"This is made by me using the aura of that super spiritual vein and the specialty spiritual stone. Do you want to try the strength?"

God's Brain asked with a ho-ho laugh.

At the beginning of the period, Levi Garrison didn't care too much. After all, a strong man of his level, no matter what kind of armor you wear.

It was all one punch.

"Try it, maybe I can give you some surprises?" God's Brain was very curious about the combat armor's practicality.

The power of Levi Garrison's punch, God's brain just saw very clearly.

This violent power is just used to test his latest invention!

"Okay, satisfy your curiosity."

Levi Garrison is a little helpless, and he can only cooperate with this kind of science madman.

"But let's go outside to test the effect, otherwise your experiment may be ruined."

God's brain twitched at the corners of his mouth, and quickly ran out holding a battle armor.

It seems that he is really worried that Levi Garrison will throw a punch. This is a precious experiment that he regards as his life, and there is no room for failure!

Outside the laboratory, the Brain of God had already hung the armor on the remote glacier rock wall.

"Let's get started!" said God's Brain excitedly.

Levi Garrison slammed a punch at the armor for no reason.

Boom!

A small glacier was smashed to pieces again.

God Zhong hurriedly ran over to look for the battle suit. After a long time, he waved the battle armor in his hand, and his face was full of excitement.

Levi Garrison and others gathered around them one after another.

The crowd watched carefully.

It was found that the battle armor in the hands of God's Brain, although there were dense cracks, was completely stored.

The Return of the God of War [The Protector] Chapter 3826

[/ The Return of the God of War \[The Protector\]](#)

"The strength of this battle suit is okay!"

Levi Garrison said with emotion.

He used 50-60% of his strength just now, but this battle suit actually resisted it?

The three of Wen Lei were also a little incredible. They could clearly feel how terrifying Levi Garrison's punch just now was.

"God's Brain, how many pieces of this armor do you have?" Levi Garrison asked.

The Brain of God smiled and said, "It has everything."

Advertisement

"Okay, pack them all and take them away!" Levi Garrison was not polite at all.

God's brain twitched at the corners of his mouth.

This thing was researched by myself, and it was still hot, so Levi Garrison took it to the pot.

Levi Garrison is very happy. With this armor, the defense of everyone in the base camp will be improved by another level.

Advertisement

Later, Levi Garrison also took a lot of other weapons researched by the Brain of God.

Although it is only a relatively traditional weapon, its power is far stronger than that of the Eternal Kingdom.

Of course, this also benefits from the super spiritual vein of Siberia.

Levi Garrison not only has greatly improved his cultivation, but his weapons and equipment are also full of rewards.

This made Levi Garrison feel particularly comfortable, because these things would be his trump card again.

the other side.

Because Tiansi was about to return, Gong Qianqiu also stopped all outward expansion actions.

The strength of the legendary world power has no reference, and Gong Qianqiu does not have enough confidence.

Although the upper limit of devouring has been raised through Sky Thunder Tempering, there is no super spiritual vein as an energy source.

Advertisement

Gong Qianqiu can't improve his strength at all by swallowing scattered aura and the skills of ordinary powerhouses.

Because of this, Gong Qianqiu has been very low-key recently. After all, the Town Demon Division has always wanted to exterminate her!

Gong Qianqiu felt the pressure doubled, and knew that this was by no means a long-term solution.

What's more, it's not her character to sit still.

So Gong Qianqiu secretly formed a special team after thinking seriously.

This team, led by Master Bone, searches for energy sources all over the world for Gong Qianqiu to devour.

As for Duguxiao, he also has important tasks in his body. Gong Qianqiu asked him to lead the dead soldiers and specially attack some loose cultivators.

After returning from the captivity, Gong Qianqiu absorbed all their skills.

Although this method could not be significantly improved, but adhering to the idea that mosquito legs are also meat, Gong Qianqiu also refused to come.

"I still have to find the spiritual veins!"

Gong Qianqiu was full of emotion, and some missed the super spiritual veins of the two alien races.

Inside the base camp.

Since there are so many things that have happened recently, Phoenix and others urgently need to report to Levi Garrison.

What's more, Levi Garrison has not shown up for a long time, which has caused many speculations from the following people.

Coupled with the pressure of Qianqiu's sect covetousness, the base camp is headless, and some people are even panicked.

Today's base camp urgently needs Levi Garrison to preside over the overall situation.

However, Phoenix and others searched all over the base camp to no avail.

The most important thing is that even Zoey Lopez and Levilia didn't know where Levi Garrison was going.

"The boss is missing at this time, it's really terrible!"

"Yeah, the people below can't hold back anymore."

"Tian Si's return is imminent, and he will definitely target us. After all, the boss didn't have a good time with them."

Phoenix and the others frowned, and were a little powerless to complain about the status quo.

Xiao Feng also quickly found out about Levi Garrison's disappearance. At the beginning, he thought that Levi Garrison was deliberately hiding it from himself.

It turned out that no one else knew Levi Garrison's whereabouts, and the master seemed to have evaporated from the world.

However, at this moment, the communication tool suddenly vibrated.

Xiao Feng took it out and watched it, feeling a little dazed for a while.

"Xiao Feng, what are you doing? I miss you!"

Gong Qianqiu's words made Xiao Feng instantly elated.
