## Chapter 3831

Just now, Levilia clearly noticed the abnormal change in Xiao Feng's mood.

It felt like I was about to... swallow myself?

"Don't you feel that Xiao Feng's cultivation base has risen a bit outrageously recently?"

Ning Jinye's sudden sentence broke the silence.

Yup!

Everyone felt like they were waking up from a dream.

In the past, even if Ning Jinye lost to Xiao Feng, he could at least retreat completely.

But according to the situation of the fight just now, Ning Jinye was basically powerless to fight back under Xiao Feng's offensive.

Phoenix and others also realized that Xiao Feng's burst of breath when he was preparing for one-to-many was really terrifying.

Let even their hearts unconsciously have a feeling of invincibility.

It seems to be comparable to Duguxiao, who came to the base camp for the first time and ran rampant.

How could Xiao Feng's strength be so strong?

Especially in recent times, it has grown by leaps and bounds.

"Levilia, how did you feel about fighting against Xiao Feng just now?" Phoenix asked suddenly.

Levilia pondered for a moment and said, "Senior Brother Xiao Feng's cultivation has indeed improved dramatically, but his practice is a bit strange."

"Is it weird there?"

"Isn't Xiao Feng practicing the exercises you created, Levilia?"

"Yup!"

Several people looked puzzled.

Levilia said solemnly: "I taught Brother Xiao Feng the exercises, but what he used is a bit like the extreme swallowing path."

"Of course I'm not too sure, after all, it was just a short fight."

Phoenix captured the key points very keenly, and asked tentatively, "Levilia, do you mean that Xiao Feng and Duguxiao are practicing the same exercise?"

"Not quite sure."

Levilia paused and continued: "I will try it when I find a suitable opportunity!"

Levilia said this also belongs to keeping affection.

Although it was just the right hand just now, Xiao Feng revealed that the domineering evil spirit was already very obvious.

This is very likely to have trained the extreme swallowing exercise, which is exactly the same as the state that Duguxiao showed for the first time.

"Levilia, when the boss comes back, you should remind the boss from the side!"

"Xiao Feng dares to take action against Jinye this time, and it is impossible to guarantee that he will not deal with the boss in the future!"

"Phoenix is right. It's essential to be defensive. Xiao Feng has changed a lot during this period."

Phoenix and others have proposed.

This is indeed the deepest concern of everyone.

There have been many disputes between the two sides before, but Xiao Feng has never done anything.

After all, once the hands-on nature is very different, it is almost equivalent to tearing the skin.

In other words, in the past, everyone still saw that there was a little leeway in Levi Garrison's actions.

But what happened today, it is obvious that Levi Garrison's affection is not that important in Xiao Feng's eyes.

Levilia nodded and said, "Okay, I will remind Dad."

"And I am more and more suspicious that Xiao Feng revealed Yufeng Tiansi to Gong Qianqiu."

"Because even if Duguxiao was in an ambush near the base camp, how could it be possible that the Qianqiu Cult suddenly attacked the base camp crazily?"

"The two cooperated too well, as if they knew we would support."

"And Xiao Feng's hiding place was extremely secret at the time. If he hadn't taken the initiative to reveal it, even if we wanted to find it, it would have taken a lot of effort."

Zhu Que said condensedly.

Everyone thought carefully and found that it was indeed the case.

Moreover, Qianqiu Jiao's movements were obviously half a beat faster than those in the base camp.

If there is no insider leaking from it, it can't be such a coincidence.

"The three of Xu Qingya disappeared near the base camp. This has been confirmed."

"And Xiao Feng was also responsible for the peripheral vigilance that day."

"Once or twice it might be a coincidence, but when it all comes together, there's something wrong."

Phoenix said solemnly.

Jun's Landing's eyes also became particularly solemn, and now all the spearheads are pointing at Xiao Feng.

It seems that this senior brother may really have a big problem.

"And this time Xiao Feng's opponent in Jinye is very likely to be instigated by Gong Qianqiu."

"She uses this method well and has many men willing to use it for her, which is definitely a red flag."

"We have to guard."

Every word of Phoenix was like a heavy hammer, hitting everyone's heart.

"The key is Xiao Feng's current strength, it is impossible to spy on him."

Kirin said a little dejectedly.

Phoenix said in a condensed voice, "Since secret surveillance doesn't work, let's do it clearly!"

"Then what if Xiao Feng makes another move? Who can stop him?" Xuanwu urn said angrily.

"You can't change your mind!"

Phoenix smiled and continued: "For example, let the wife keep Xiao Feng in the base camp on the grounds that the base camp needs a master."

"Even staying by your wife's and Levilia's side, isn't all Xiao Feng's actions in his eyes?"

"The most important thing is that even if Xiao Feng commits another act of chaos, it is impossible for him to take action against his wife and Levilia."

"I think this method is feasible." Levilia was the first to agree.

After all, this method can not only play a monitoring role, but also prevent Xiao Feng from being too suspicious.

Azure Dragon and others also feel that this method is good.

"I don't know when the boss will come back, but Tiansi and the others will be back soon."

"At that time, the attitude of the town magician to us is still unknown."

"The boss was too cautious this time, and even Levilia and Shima didn't tell me where to go."

Everyone complained one after another, but in their hearts they hoped that Levi Garrison would come back soon to preside over the overall situation.

the other side.

The Siberian Spirit Vessel.

I have to say that the spiritual vein of War Bear Country is very terrifying.

Levi Garrison and others followed up with a new round of body quenching.

Coupled with the large number of new weapons developed by the Brain of God, there is still a lot of spiritual power left.

When he left the customs last time, Levi Garrison once assigned a task to the brain of God: search for super spiritual veins all over the world.

The Brain of God did not disappoint Levi Garrison and developed a new type of detection instrument.

“Even if it is a sealed super spiritual vein, it can be detected within a certain range with this instrument.”

The Brain of God said with great pride.

He has a great sense of accomplishment for every new work he develops.

In particular, it can help Levi Garrison, which makes God’s Brain even more proud.

“Nice job!”

Levi Garrison praised sincerely.

After a new round of body quenching, the strength of Levi Garrison, Wen Lei and others increased again.

Then Levi Garrison secretly brought over Ning Jinye and the 80 people who practiced basic exercises.

Of course, in order to deceive people, Levi Garrison divided the 80 people into ten small teams and let them come to the super spiritual vein in batches.

Moreover, it was declared to the base camp personnel that these people were going to perform tasks, so that it did not cause too much attention from others.

After all, Ning Jinye also belongs to Levi Garrison's cronies, and they have gone out to carry out secret missions many times.

The ten squads used the super spiritual veins to quench their bodies in a cycle and practice, and their overall strength was greatly improved again.

In order to continue to strengthen the comprehensive combat effectiveness of this new force.

Levi Garrison also equipped these 80 people with battle suits and new weapons and equipment developed by God's Brain.

"Qianqiu Jiao and Tiansi, you all wait, this big surprise is ready."

Levi Garrison said coldly.

Mass grave.

Inside the Qianqiu Church General Altar.

As Tiansi and Xuanming's return period approached, Gong Qianqiu also began the next layout.

The first thing she found was Duguxiao.

"Is there any order from the master to find me?"

Duguxiao was respectful as always.

Although Xuan Ming's upcoming return gave him a lot of confidence, in Duguxiao's view, Gong Qianqiu is still a person worth following.

"How does the master treat you?"

Duguxiao was stunned, and then quickly responded.

"Master treats me very well, not only for my life, but also in terms of exercises."

"After the establishment of Qianqiu Sect, I was appointed as the young master."

"It is precisely because of Master's full support that the disciple can avenge Xue Hen."

"It can be said that Master has given me a great deal of grace, and my disciple is inexplicably grateful."

Duguxiao's favors to Gong Qianqiu are numerous.

Deep down in his heart, he is indeed very grateful to Gong Qianqiu.

He was able to run rampant in the base camp and slaughter many strong people in Wufang Pavilion with his own hands.

Duguxiao is all credited to Gong Qianqiu.

After all, there is no extreme swallowing technique that she taught, so there is no way for him to improve so much in a short period of time.

"This is what teachers should do."

Gong Qianqiu sighed and continued: "It's just that Tiansi is about to return with the great power of Kunlun Ruins, and he has no bottom line as a teacher!"

Although Gong Qianqiu's words came to an abrupt end, the meaning was already very obvious: I need reinforcements, I need help.

"Master, don't worry too much, I will try my best to convince my father to join forces with Master."

"Under the alliance of the powerful, I'm sure that day Si will retreat."

Duguxiao said solemnly.

Gong Qianqiu was overjoyed in his heart, but his face was silent.

"It would be good if we could join forces with Ling Zun."

Gong Qianqiu sighed again, and continued helplessly:

"It's just that the Kunlun Ruins are strong like clouds. When is such passive resistance?"

"It is better to teach a man to fish than to teach him how to fish. If he can enter the Kunlun Ruins to cultivate, he will be able to do it once and for all."

"What's so difficult about this?"

Duguxiao said with a smile: "Master, don't worry, I will tell my father about this when the time comes."

"With your strength and talent, Master, it is not difficult to enter the Kunlun Ruins at all."

"Okay! As expected of the apprentice I value most."

Gong Qianqiu said with a smile: "Then I'll ask you to do this as a teacher!"

"Wrap it on me!" Duguxiao patted his chest and assured.

In fact, Duguxiao made a guarantee, except that he was deliberately guided by Gong Qianqiu.

Also because of the news that Xuan Ming had sent a few days ago, his father was not sure about the powerhouses brought by Tian Si.

Therefore, Xuan Ming also needs a strong teammate, and Gong Qianqiu is undoubtedly the best choice.

Gong Qianqiu's scheming means and strength and talent are impeccable, plus a pervasive Qianqiu sect.

What if the power brought by Tiansi was stronger?

It is completely possible to face hard steel!

Gong Qianqiu said with a smile: "Okay, with an apprentice like you, I am satisfied for Shijiu."

Gong Qianqiu's heart grew out of breath, and it would be great if he could enter the Kunlun Ruins to practice.

She had heard of it, even if it was a spiritual vein on the scale of the two big alien races.

Although it is called a super spiritual vein in the secular world, it is extremely rare.

But in the Kunlun Ruins, it is as common as Chinese cabbage, and it can even be seen everywhere.

The gap between these can be imagined.

In the face of such a wealth of cultivation resources, it is no wonder that there are so many strong people there.

In particular, he is practicing the extreme devouring technique. Once he enters the Kunlun Ruins, isn't he going to take off directly?

Thinking of this Gong Qianqiu is very depressed, the super spiritual vein of the eternal kingdom is enough to make her improve a lot again.

To be destroyed by people is really abominable.

Concentrating his mind, Gong Qianqiu continued to think about the next plan.

It is good for Xuan Ming to promise to join forces with him, but if he has ulterior motives, he must not sit still.

If you are dealing with many strong people, the most important thing is to find the Tianmen who entered the Kunlun Ruins.

As long as you can enter the Kunlun Ruins, everything is not a problem.

“Damn Tiansi, let this sect master find an opportunity and will smash your corpse into tens of thousands of pieces.”

Gong Qianqiu was furious, if it wasn't for Tiansi's return, she wouldn't have to be so timid.

Town Magic Division.

In the ardent expectation of everyone, Tian Si finally returned with several great experts from Kunlun Ruins.

All the members of the Town Demon Division were dispatched to greet him, and the scene was extremely grand and spectacular.

I saw Tian Si wearing a gray cloth robe and a pair of black cloud treading boots.

Although the beard and hair are all white, the skin is unusually smooth, just like a newborn baby.

Especially those eyes are like cold stars, emitting a dazzling cold light, making people dare not look directly.

Tian Si is carrying a simple and simple long sword behind his back, which has a hint of immortal style.

"Young Master, Great Elder, please come in."

Tian Si respectfully stretched out his hand and asked for a word.

The people of Zhen Mo Si looked around and saw a total of seven people who followed Tian Si.

The leader was a young man who looked like he was in his early twenties.

It is no exaggeration to describe his appearance as handsome and personable.

The clothes are retro but very luxurious, as if the noble son of an ancient family came through.

With a simple jade pendant on his waist, holding a sword in his hand, he has an extraordinary bearing.

Next to the young man was an old man who looked old.

Although the clothes are very ordinary, but the whole person has an aura that is as steady as a mountain.

In particular, he was carrying the ancient sword behind his back, which was almost as long as the old man's height, which seemed a bit funny.

There were also five strong middle-aged people behind the two, each with extraordinary bearing.

These people seem to be exiled to the mortal world, and their every move can make people worship.

But the seven have one thing in common.

That was the undisguised contempt in their eyes.

It was as if a high god was looking down on all beings.

Even when dealing with Tiansi, they are all condescending and superior.

However, the people of Zhen Mo Si dared not to speak out. After all, even Tian Si did not show any dissatisfaction.

Even Tian Si was flattering throughout the process.

"This is the power of Kunlun Ruins, and it is truly extraordinary."

"It seems that the young man's identity is special, and he may have a very high status in the sect of Tiansi."

"Yeah, and the old man, just like the old fairy."

Everyone whispered, looking at the seven people as if they were looking up to the gods, naturally showing awe.

"The Town Demon Division you founded is too weak, isn't it?"

The young man pouted and said.

Tian Si smiled apologetically and said, "The spiritual energy of the world is so thin that it really cannot be compared with the Kunlun Ruins, which made the young master laugh."

The young man's name is Xie Huanyu, the young master of the Cang Qiong faction.

And Tiansi is just a small helmsman in the sect. As his status is very different, he naturally dare not make mistakes.

"Also, the secular world is too rubbish after all. It's not that you are incompetent, it's understandable."

Xie Huanyu said understanding, but the contempt on his face became more obvious.

"Young Master, you and the Great Elder and everyone rest first."

"I'll first introduce the Kunlun Ruins to these ignorant children, so that they can gain insight."

"Is this arrangement okay?" Tian Si asked tentatively.

Xie Huanyu nodded and said, "Okay, by the way, let's see if I can find a few talents that can barely make sense."

"Now that the sect is expanding, you have to seize this opportunity as much as possible, understand?"

"As ordered, thank you young master for your support." Tian Si was overjoyed.

The Cang Qiong faction is currently recruiting talents from all sides to expand, but it is mainly aimed at the scattered cultivators in the Kunlun Ruins.

It is indeed a once-in-a-lifetime opportunity to let myself choose a few people in the town magic department.

Once selected, it will be a great help to the town magician and himself.

"Just be grateful, go!" Xie Huanyu said with a smile.

Obviously he enjoys this feeling of giving to himself, but being regarded as a treasure.
