

The Return of the God of War [The Protector]

Chapter 3840

Duguxiao is also frank, of course, he also understands that there is nothing wrong with not being certified, and he may even think about it in the opposite direction.

Dare to act daringly, to admit mistakes, it is impossible to win the appreciation of the other party.

"It's okay!"

Xue Pengzhan really didn't feel angry at all, but there was a hint of approval in his eyes.

Xuan Ming was also quite relieved that his son's ability to judge the situation was good.

"Now you can tell me about the annihilation of our two clans."

Xuan Ming's tone became more serious.

Duguxiao was meticulous about everything, and recounted the entire incident in its entirety.

"Father, all this was done by Zhen Mosi and . You must avenge your mother and those dead clansmen!"

Duguxiao burst into tears, and he finally found a backer.

Although he had taken revenge to a certain extent through Qianqiu Sect before, he did not dare to provoke a super-powerful person like at all.

Now that his biological father, Xuan Ming, has returned, and at the same time he brings along the four great talents of the Taixu Shenzong, he is bound to be able to kill on the spot.

"Vengeance must be avenged, but we must have a long-term plan, son, you may not be clear about some things."

Xuan Ming's tone became extraordinarily serious.

The four arrogances were also sensible, and went straight to wander around, leaving a private space for the father and son.

"I also told you about the Taixu Shenzong and the Cang Qiong faction before, and I will give you a more detailed introduction today."

Hearing what Xuan Ming said, Dugu Xiao also restrained his emotions and listened carefully.

Then Xuan Ming told everything.

Although Xuan Ming and Tian Si found the Kunlun Ruins together, they later joined different sects.

The cultivation methods of the two are also very different, so since entering the Kunlun Ruins, the two have become strangers.

In addition, the Taixu Shenzong and the Cang Qiong faction are in the same situation, and they are not in the same place, so the two have almost never met.

But then again, now Zhenmo Division and have destroyed the Xuanming alien race, and the two sides have forged a bloody feud.

Xuan Ming was determined to avenge this revenge.

However, it is not that simple to fight.

Although the Sky Sect, where Tian Si belongs, has a low overall strength in the Kunlun Ruins, it is incomparable with the Taixu Shenzong.

But by chance, Tian driver mixed into the high-level, especially with the Cang Qiong faction's young master.

On the other hand, although the Taixu Shenzong is powerful, he is only a little scoundrel after all.

The four arrogances that followed are not absolutely high-level.

Once there is a head-on conflict with Tiansi, it is almost impossible for the high-level executives of the Taixu Shenzong to support themselves.

With the current strength of each other, there is really no certainty.

Preliminary judgment is that the two sides in the frontal confrontation are at most fifty-five.

Even if you are lucky enough to win in the end, it will definitely be a terrible victory.

Besides, if he really pushes those people into a hurry, and then involves the entire firmament faction, he will definitely not get much benefit from his side.

"Father means... don't seek revenge from Tiansi?"

Duguxiao asked a little unwillingly.

"It's not that I don't report it, it's just that the timing is not good. I thought that my father meant that it would be better to deal with first."

Xuan Ming said in a condensed voice: "According to what you said, 's daughter has a spiritual bone that devours spiritual roots and transplants it to her father, which may allow me to become a high-ranking sect."

"Father, in fact, you don't need to be so cautious, can we just use the power of Qianqiu Sect?"

Dugu Xiao paused for a while, then continued: "The leader of Qianqiu Sect is powerful and unparalleled, and all my cultivation bases are given by Master."

"This seat also wants to see your true strength, hurry up and show your hands!"

Xue Pengzhan didn't know when he came to the front, and looked at Duguxiao with great interest.

"Okay, I also ask the seniors to give more advice."

When the voice fell, Duguxiao suddenly released all the breath in his body.

Powerful energy coercion roared out, instantly permeating every corner.

The violent energy aftermath spread suddenly, forming an obvious energy vortex centered on Duguxiao.

The space inside seems to be distorted sharply, as if to be torn apart by this force.

"It's so strong? I'm afraid it's a little stronger than when Tiansi was looking for the Kunlun Ruins."

A look of surprise appeared in Xuan Ming's eyes.

Xue Pengzhan and other Tianjiao of the Taixu Shenzong were also quite shocked.

"How could there be such a level of power in the secular world?"

"I am afraid that even if this breath enters the Kunlun Ruins, it is by no means low-level!"

"The world with such a thin spiritual energy can still reach such a state, it is really a material that can be created!"

"Xuan Ming, is your son interested in joining the Taixu Shenzong?"

The last sentence was asked by Xue Pengzhan.

Xuan Ming was shocked again.

Although Xue Pengzhan is not the top genius in the sect, but being appreciated by him is enough to show that his son's talent is excellent.

"Then Lao Xue Tianjiao will have a few good words in front of the elders in the future." Xuan Ming said gratefully.

Xue Pengzhan waved his hand and said, "This child has a good talent, plus your face, it shouldn't be a big problem to enter the sect."

"Father, several seniors, my master is much stronger than me." Duguxiao said proudly.

"Oh? I never thought that this secular world is really hiding dragons and crouching tigers!" Xue Pengzhan became interested.

Xuan Ming was also thoughtful, no wonder his son willingly followed a woman.

It's not that she is bewitched by beauty as she imagined, but this female leader has real materials!

"Father, now that the Secretary is back today, the Suppressing Demon Division, who was originally distraught, once again has a strong cohesion."

"And the number of strong Kunlun Ruins on the Tiansi side is dominant, and we are too disadvantaged to confront each other head-on."

"Why not join forces with my master to fight the enemy?"

Duguxiao spoke very well, and deliberately named the powerful people on Tiansi's side.

The implication is that the frontal attack is not a lack of cultivation realm, but a disadvantage of being outnumbered and outnumbered.

It can be said that it has given Xue Pengzhan a lot of face.

Sure enough, Xue Pengzhan flashed a smile, but then he also showed a thoughtful look.

Xuan Ming also has deep eyes, thinking about whether this plan is feasible.

Seeing this, Duguxiao hurriedly struck while the iron was hot, and continued:

"Qianqiu Sect's eyeliner is all over the Town Demon Division, and their every move is under control."

"Besides, the master is very powerful, and he can also become the right-hand man of several seniors and father."

"On 's side, Master also has a very critical insider who can play an unexpected role at critical moments."

"If the two sides join forces, they will be able to kill Tiansi, kill , and sweep everything invincible."

"It's just a snap of the fingers between the Suppressing Demon Division and the base camp!"

I have to say that Duguxiao has a good strategy.

The Return of the God of War [The Protector] Chapter 3841

Xuan Ming even had a strong urge to join forces with Gong Qianqiu.

Xue Pengzhan and others are moved mainly because they are also a bit clueless.

And Tiansi brought Xie Huanyu, the young master of the Cang Qiong faction. It is said that his strength can barely rival these Tianjiao.

In addition, I thought that the Great Elder of the Sky Sect would really have no advantage in fighting.

In this situation, the league is indeed the best choice.

Especially according to Duguxiao's description, Qianqiu's religion is omnipresent, and the leader Gong Qianqiu is very powerful.

He is indeed qualified to join forces with his own side.

"How about a few arrogant people?" Xuan Ming suddenly asked at this moment.

The three great talents focused their attention on Xue Pengzhan. After all, he was the strongest among them.

Xue Pengzhan pondered for a moment, deliberately making an appearance of reluctance.

Slowly said: "It is possible to see Gong Qianqiu first, and then make a decision."

Mass grave.

Inside the Qianqiu Church General Altar.

Gong Qianqiu was like sitting on pins and needles, pacing the hall constantly.

Now that the strength of Tiansi and the great power of Kunlun Ruins has become clear, it is really difficult to resist alone with Qianqiu.

Especially Tiansi also released harsh words, asking himself to return Yufeng Tiansi and Wu Jing to plead guilty within three days.

Otherwise, Qianqiu Sect will be wiped out.

This made Gong Qianqiu even more irritable and flustered.

"I don't know what's going on with Duguxiao."

Gong Qianqiu knew that Duguxiao had gone to see Xuanming. If the talks went well, then Xuanming Sect would be an excellent help for him.

Of course, clinging to Xuan Ming is not only conducive to getting through the current predicament of the town magician.

Gong Qianqiu has a higher pursuit. She wants to enter the Kunlun Ruins and find a higher level of cultivation.

And Xuan Ming happened to be the key. If he had a recommendation, it would be much easier than trying to enter the Kunlun Ruins by himself.

Every time I think of the sacred veins and divine veins that exist in the Kunlun Ruins, Gong Qianqiu is almost drooling.

In particular, he is practicing the extreme devouring technique, and the ordinary spiritual veins are still improved so high.

If you devour a Divine Vein, can you imagine what kind of realm you can reach?

Gong Qianqiu can't wait to enter the Kunlun Ruins now, swallowing all kinds of gods and becoming a peak powerhouse.

Just when Gong Qianqiu was immersed in wonderful longing, a message came from Duguxiao.

"Xuan Ming wants to meet with me, and Duguxiao has negotiated?"

Gong Qianqiu was overjoyed and rushed to the meeting place set by Xuan Ming at full speed.

Two hours later.

Gong Qianqiu arrived as promised.

Duguxiao helped each other introduce each other.

"Master Gong, thank you for saving my son's life when he was in danger." Xuan Ming greeted him first.

Gong Qianqiu said with a smile: "The Xuanming Patriarch is polite, but it's just an effort."

During the whole process, Gong Qianqiu deliberately released a certain breath of coercion to increase the attention of the other party.

In fact, Gong Qianqiu's approach did indeed work.

Several Tianjiao and Xuanming of Taixu Shenzong were shocked by Gong Qianqiu's strength.

They never thought that in the secular world, someone could achieve such a terrifying cultivation.

Duguxiao was enough to surprise them, but compared with Gong Qianqiu, Duguxiao's strength was far worse.

And as Gong Qianqiu's strength increases, her own charm is getting bigger and bigger.

Every gesture and gesture seems to carry some kind of aura, which makes people fall into it unconsciously.

Moreover, Gong Qianqiu deliberately exerted his charm, and his frowns and smiles were so charming that people couldn't help but be intoxicated.

Even the arrogance of several Taixu Shenzongs felt dry mouth for a while after seeing it.

"It seems that the great power of the Taixu Shenzong is not so special, and he is not convinced by the charm of this leader."

Feeling the undisguised scorching eyes of several great arrogances, Gong Qianqiu was also quite proud and satisfied in his heart.

"Patriarch Xuanming, I'm afraid it's not just as simple as thanking you for inviting me here, right?"

Gong Qianqiu asked with a smile.

"That's right!"

Xuan Ming also said straight to the point: "I also want to discuss with the master of the palace this time about joining forces to fight the enemy."

After seeing Gong Qianqiu's strength, Xuan Ming's last doubts were completely dispelled.

"Master Gong, Tian Si and are our common enemies, and we can join forces to kill them."

Gong Qianqiu also did not hold it, and it was her appeal to join forces.

"There is no problem with the union, but I have one more condition."

"I wonder if the Xuanming Patriarch can help introduce me to join the Taixu Shenzong?"

Of course, if Taixu Shenzong is just Gong Qianqiu's first step, it's just a springboard at most.

"OK!"

Before Xuan Ming could respond, Xue Pengzhan agreed first.

Several other Tianjiao nodded at the same time to indicate that there was no problem.

They have long been attracted by Gong Qianqiu's charm, and if they belong to the same faction in the future, they may be able to further their relationship.

"But Master Palace, I need to test your strength." Xue Pengzhan said solemnly.

"Ah? There is still a strength test? Will it be difficult?"

Gong Qianqiu deliberately showed a sincere expression.

That appearance made Xue Pengzhan look furious, and he suddenly felt the urge to pity Xiangxiyu.

"Patriarch Gong, I will precisely control the power to display, and I will never hurt you."

Xue Pengzhan assured.

Gong Qianqiu said with a smile: "Then many thanks to Xue Tianjiao."

"And you can just call me by my name in the future, the Palace Sect Master will be too outspoken."

"it is good!"

Xue Pengzhan smiled even more, and said, "Qianqiu, don't be arrogant in the future, just call me Brother Xue."

"After all, we will all be family in the future!"

"Okay, Senior Brother Xue, I'll ask you to take care of me from now on!"

Gong Qianqiu smiled charmingly, with a variety of styles.

I watched the scene where I gradually became acquainted with each other after not seeing each other for a long time, and they were even called brothers and sisters.

Xuan Ming secretly clicked his tongue, Gong Qianqiu's method of dealing with men is too powerful.

In just a few words, several Tianjiao were fascinated by it.

Aside from strength, it is worth paying attention to having this method, and there is no chance that she will be able to help her in the future.

After all, there is a master-disciple relationship with his son Duguxiao.

"Qianqiu, you attack, I will defend."

Xue Pengzhan put on a defensive posture.

Although Gong Qianqiu also showed a good breath of coercion, he still believed that he could still have an absolute advantage.

Gong Qianqiu said with a smile: "Brother Xue, then I will offend me!"

Before the words fell, Gong Qianqiu suddenly shot.

Facing Xue Pengzhan's chest is a palm.

Woo!
