Chapter 3846

If you have a good relationship with him, you can directly reach the top of the sect.

“Sister Qianqiu, you invited me over today to discuss how to deal with Levi Garrison?”

At this moment, Xie Huanyu has been immersed in Gong Qianqiu’s tenderness and charm, unable to extricate himself.

He even felt as if a flame was burning in his chest.

“What Brother Huanyu said is very true. Levi Garrison is strong and powerful, and it is difficult for the little sister to deal with it alone. At that time, Brother Huanyu will help you.”

Gong Qianqiu poured Xie Huanyu a glass of wine while he spoke.

Xie Huanyu smiled even more, patted his chest and assured: “Sister Qianqiu, please rest assured, this matter is covered by me.”

“Levi Garrison, the monkey who doesn’t know whether to live or die, this seat will cut him into two halves.”

Thinking of Levi Garrison making fun of himself in public, Xie Huanyu was furious.

Now that he can take this opportunity to please Gong Qianqiu, Xie Huanyu’s hatred for Levi Garrison is even stronger.

“Little sister toast to brother, I wish this cooperation a success.”

Gong Qianqiu's eyes were full of peach blossoms and red lips were slightly opened and closed, which made Xie Huanyu feel anxious for a while.

Looking at Xie Huanyu's appearance, Gong Qianqiu couldn't stop sneering in his heart.

It seems that the monks in Kunlun Ruins are just like this, and they can't escape the control of their own charm.

"Okay, done!"

Xie Huanyu and Gong Qianqiu gently clinked glasses and drank the wine.

Next, the two discussed how to kill Levi Garrison and destroy the base camp.

As time passed, the two chatted happily.

In particular, Gong Qianqiu has been catering to Xie Huanyu from the beginning to the end, which has greatly satisfied his vanity.

The smile on Xie Huanyu's face never stopped.

"Brother Huanyu, do you think I can enter the Kunlun Ruins with my strength?"

Seeing that the time was ripe, Gong Qianqiu turned and asked.

Xie Huanyu suddenly became interested, and he instinctively thought that Xuan Ming did not agree to this matter.

After all, the Taixu Shenzong belonged to a medium-sized sect, and Xuan Ming and their identities were not very high, so it would be difficult for them to decide on their own.

Of course, taking 10,000 steps back, even if they agree to recommend, it is absolutely impossible for Gong Qianqiu to join the top of the Taixu Shenzong.

But Xie Huanyu was different. As the young master of the Cang Qiong faction, he had the absolute right to speak.

As long as Gong Qianqiu has a little bit of strength, there is nothing wrong with taking her directly into the core high-level of the sky.

"Okay! I also want to see your strength, sister."

Xie Huanyu said with a smile.

Gong Qianqiu immediately released his breath, and showed a certain ability to swallow the vitality of heaven and earth.

"My sister has the spirit bone that devours the spirit root?"

Xie Huanyu's face suddenly became serious.

Gong Qianqiu said deliberately uncertainly: "I'm not too sure, but the speed of absorbing the spiritual energy of heaven and earth is indeed much faster than others."

"awesome."

Xie Huanyu was overjoyed.

He took two steps to hold Gong Qianqiu's little hand, and said excitedly: "With such potential, I can absolutely recommend you to the top of the sky school."

In fact, Xie Huanyu has another sentence that he didn't say, that is, he wants to develop Gong Qianqiu as a Taoist companion.

He has both potential and strength, and the key is to look so charming and charming. He is really an excellent candidate for a Taoist companion!

Gong Qianqiu pretended to be shy and said: "Then I can fully count on my brother in the future!"

While speaking, Gong Qianqiu leaned his head gently on Xie Huanyu's chest.

"Don't worry, I can still do this for my brother."

Xie Huanyu was so excited that he even boldly put his hand around Gong Qianqiu's willow waist.

Gong Qianqiu endured his disgust and let Xie Huanyu's hand play on his waist.

She sneered in her heart, she did it deliberately, releasing her potential to replace Tiansi's position.

Only in this way can he take the opportunity to kill Tiansi after getting rid of Levi Garrison, and at the same time, it will not attract the hostility of the Cang Qiong faction.

Xie Huanyu ate this meal with satisfaction.

In particular, he also had a preliminary skin-to-skin relationship with Gong Qianqiu, which made Xie Huanyu reluctant to part.

Back at the Town Demon Division, Xie Huanyu directly found the Great Elder Xie Yunzong and several other geniuses.

"Young Master, how are you talking with the Qianqiu Sect leader today? Are you in any danger?" Xie Yunzong asked in a deep voice.

Xuan Ming and Taixu Shenzong Tianjiao are allied with Qianqiu Sect after all, and Taixu Shenzong and Cang Qiong Sect have always been at odds.

"Xuan Ming and the others are not in Qianqiu Sect!"

Xie Huanyu paused and said suddenly with a serious expression: "But I found something more important."

"Qianqiu Sect's leader Gong Qianqiu has great potential, and has the spirit of devouring spiritual bones. If we are included in the sect, carefully cultivated will definitely become a top combat power."

"Oh?" Xie Yunzong said in amazement: "The world actually has such roots, so it is much higher than Tiansi's cultivation talent."

"Young Master's intention is to introduce Gong Qianqiu to the Cang Qiong Sect?"

Xie Huanyu nodded and said, "That's right, such a good seedling cannot fall into the hands of other sects."

"Especially can't fall into the hands of Taixu Shenzong, so this seat intends to offer more favorable conditions to Gong Qianqiu."

Xie Yunzong frowned and said, "Young Master, I understand your thoughts, but how should Tiansi handle it?"

"At the time, Qianqiu taught the Bloodbath Suppression Suppression Division of multiple factions, especially since the West Pavilion was almost slaughtered, Tiansi will never let it go."

"I understand your concerns, but Kunlun Ruins are the strong ones. Since there are better seedlings, we don't have to stick to the old-fashioned."

Xie Huanyu said solemnly: "What's more, our Cang Qiong faction's choice is not even a monkey who has climbed up from the secular world."

Mass grave.

Inside the Qianqiu Church General Altar.

Gong Qianqiu sipped the tea in a happy mood.

The three-party joint plan to deal with Levi Garrison has been finalized, and the next step is to deal with the Levi Garrison faction.

"Master, are you planning to kill Levi Garrison with your own hands?"

Duguxiao asked with a smile.

Gong Qianqiu waved his hand and said, "It's too easy to kill him with your own hands, it's still interesting to change the gameplay."

In her opinion, the current strength can completely crush Levi Garrison, there is no need to do it head-on, wouldn't it be more interesting to use a strategy?

"It's time to activate Xiao Feng's chess piece."

Gong Qianqiu said with a sneer: "I want to come to the heart and the devil has been completely planted in the depths of Xiao Feng's heart."

"Master, what can my disciple do for you?"

Duguxiao asked excitedly.

Duguxiao knew that this was Gong Qianqiu's habit, and the latter especially liked the feeling of using tricks to play with everyone between the palm bones.

I never thought of getting rid of Levi Garrison and still not doing it myself, as expected of a master with unparalleled wisdom!

"Go, reveal this information to Phoenix and others." Gong Qianqiu handed a note to Duguxiao.

Duguxiao saw that it was actually Gong Qianqiu's real identity information, and immediately guessed it.

This is to further intensify conflicts and sow discord!

"As ordered!"

Duguxiao took the lead and left.

It didn't take long for a lot of information about the leader of the Qianqiu Sect to gradually spread from within the Town Demon Division.

Naturally, this information cannot escape the eyes of Phoenix and others who have always been paying attention to this matter.

"These messages have been confirmed, and the boss must be informed, otherwise the consequences will be unimaginable."

Phoenix said solemnly.

Azure Dragon and others nodded in agreement.

Because the latest information is amazing.

First, some people saw with their own eyes that the true face of the leader of Qianqiu was Gong Qianqiu.

Second, someone saw Gong Qianqiu slaughter the elite disciples of the West Pavilion with Shen Jie in his hand.

Third, someone accidentally saw Gong Qianqiu use force and blood to abuse Yufeng Tiansi.

There is also a lot of similar information, and their spearheads point to one person – Gong Qianqiu.

“What are you going to do?”

Xiao Feng directly blocked everyone’s way.

“It seems that you have also heard the news about Gong Qianqiu, how is it, now you know that you have been deceived?”

“Xiao Feng, get out of the way, we must inform the boss as soon as possible.”

“Or you go to the boss with us and take the initiative to admit the mistake, maybe it’s not too late.”

“You can’t go!”

Xiao Feng said coldly.

Azure Dragon was in a hurry and said coldly: "Xiao Feng, what do you mean? Knowing that Gong Qianqiu is the leader of Qianqiu Sect, are you still obsessed with it?"

"This is clearly someone deliberately spreading rumors."

"The people who say these things are simply ulterior motives."

Advertisement

"If you rashly tell Master, it will have an extremely bad influence on Qianqiu."

Xiao Feng said firmly.

Phoenix and the others were instantly angry. Looking at Xiao Feng, who was trying his best to protect Gong Qianqiu, he felt that this person became more and more unfamiliar.

"Xiao Feng, you are simply hopeless."

"Phoenix, ignore him, let's go see the boss!"

"Step aside!"

Azure Dragon and the others turned around and wanted to leave.

Xiao Feng immediately showed a strong aura, and said in a condensed voice, "Without my permission, I think who of you would dare to act rashly?"

"Xiao Feng, don't go too far!"

Advertisement

Azure Dragon warned.

Xiao Feng didn't care about the anger of Phoenix and the others, and said solemnly, "If you want to see Master, you can try hard."

"I absolutely do not allow anyone to slander Qianqiu, otherwise don't blame me for being ruthless."

"I want to see how ruthless you are?"

Azure Dragon took the first shot, but was blasted away by Xiao Feng, fell heavily to the ground, and vomited blood.

"Go together!"

Phoenix and the others no longer hesitated, and directly attacked them.

But the gap between them and Xiao Feng was too great, and they were knocked to the ground in a few rounds.

There was blood oozing from the corners of everyone's mouths, and obviously they all suffered serious internal injuries.

"Listen to you guys. Before I investigate it clearly, if anyone dares to talk nonsense in front of Master, don't blame me for killing me."

"If Qianqiu is really the leader of Qianqiu's sect, I will definitely apologize with death."

Xiao Feng snorted coldly and turned to leave.

He was eager to see Gong Qianqiu, vowing to completely overturn these messages.

Looking at the back of Xiao Feng's departure, Azure Dragon and others gritted their teeth in hatred, but they were powerless.

Xiao Feng's strength completely exceeded their expectations, and even reached the level of completely crushing several people.

Just saying that Xiao Feng left the base camp, he contacted Gong Qianqiu in various ways, but he didn't get a response at first, which made him anxious.

Finally, after about half an hour, Gong Qianqiu gave the specific meeting location.

Xiao Feng was overjoyed and rushed over at the fastest speed.

Galloping all the way, when he was about to arrive at the location of Gong Qianqiu, he suddenly felt a great aura fluctuation.

There is a faint sound of fighting.

Xiao Feng was shocked, thinking that Gong Qianqiu was attacked by a master, and continued to speed up.

However, when they reached the site of the incident, they only saw Gong Qianqiu, who fell to the ground, and the back of a person who was leaving quickly.

It's just that the back looks very familiar.

"Master?"

Xiao Feng was shocked, and the first reaction was that Phoenix and others informed Levi Garrison of the information.

"Qianqiu, how do you feel?"

Xiao Feng rushed over quickly, and saw Gong Qianqiu's face pale, with blood oozing from the corners of his mouth.

The breath is also extremely weak, obviously seriously injured.

"I...I have nothing to do, Xiao Feng, why...are you here?" Gong Qianqiu said pitifully.

Xiao Feng couldn't care less and asked directly, "Did Master hurt you?"

"No...how could it be a master? It should be a master of Qianqiu's teaching."

Gong Qianqiu deliberately dodged his eyes when he spoke, with an aggrieved expression of 'did not dare to tell the truth for some reason'.

Xiao Feng was suddenly anxious, and said solemnly: "Qianqiu, you are still lying to me, then it is clearly the master."

"You are my woman. Even the master can't bully you until the situation is completely understood."

"Hey!"

Gong Qianqiu sighed and said helplessly: "Don't blame Master, maybe he misunderstood me too deeply!"

"There are messages coming out from the Town Demon Division, and those are clearly framing me."

"I don't know how a small person like me can attract the attention of the leader of Qianqiu Sect?"

"Is it just because of the similarities in the names?"

The more Gong Qianqiu said, the more aggrieved, the more angry he became.

Xiao Feng was full of anger, and even had a deep resentment towards Levi Garrison.

"Master, why do you only trust Phoenix and the others, but you don't want to trust me?"

"If Qianqiu is really the inscrutable female leader, can you be injured so easily?"

"Master, it's your inhumanity first, so don't blame your disciple for being unrighteous."

Looking at Xiao Feng's angry appearance, You Qi's eyes were full of black energy.

Gong Qianqiu was very proud in his heart, and it seemed that the heart demon had fully played its role.

All plans were fulfilled perfectly.

Not long ago, the back of Levi Garrison was naturally played by Duguxiao.

The reason why Gong Qianqiu delayed contacting Xiao Feng by half an hour was also because of the need to accurately control the time and perform the play well.

"Xiao Feng, don't blame Master, you should improve your strength as soon as possible! When you speak, more people will naturally believe it."

Gong Qianqiu continued to guide Xiao Feng.

Although there is no super-spiritual-level energy for Gong Qianqiu to devour, some small spiritual-vessels are very enough for Xiao Feng.

In order to strengthen his right to speak, Xiao Feng completely entered the crazy training mode, and his strength continued to improve rapidly.

Levi Garrison didn't know that he had been framed by Gong Qianqiu.

He is still busy improving the strength of himself and his subordinates.

Eighty students including Ning Jinye and Wen Lei made full use of the super spiritual vein of War Bear Kingdom.

In particular, the Brain of God used the newly developed detector to find several large spiritual veins.

Although these spiritual veins are not comparable to the super spiritual veins of the Atlantis submarine plan, they are enough for Wen Lei and others.

Moreover, the efficiency of the God's Brain in searching for spiritual veins is extremely high, and there are multiple spiritual veins of varying sizes found in succession.

Levi Garrison also took the opportunity to improve his strength.

"Mr. Ye, I seem to have discovered two more divine veins and holy veins."

Just as Levi Garrison was immersed in cultivation, a message came from God's brain again.

"Great, God's Brain, you've done a great job this time!"

Levi Garrison was overjoyed.

The final battle is approaching, and I and the people around me just use the divine veins and holy veins to improve their strength.

How much will it increase by then?

Before Levi Garrison probed the strength of the people from the Cang Qiong faction, they were far inferior to him now.

Not to mention the self who has been promoted through the divine veins and holy veins.

As long as they use them to temper the body again, what about the cooperation between the Taixu Shenzong and Qianqiu Sect?

Tiansi and the sky party are dissatisfied with themselves, what can they do?

In the face of absolute strength, all alliances are useless, like ants.

A few more days passed.

The news that Qianqiu Sect, Zhen Mo Si, and Taixu Shenzong joined forces to deal with Levi Garrison finally came out.

All parties were sensational.

"I see how mad Levi Garrison is this time, that is the union of the two major Kunlun Ruins sects!"

"Although the Zhenmo Division suffered heavy losses some time ago, the thin and dead camel is bigger than the horse, and there is Tiansi in charge, so the strength should not be underestimated."

"Levi Garrison and his base camp are destined to be destroyed this time."

All the forces have been waiting for the show to be staged.

In particular, those forces that were once suppressed by Levi Garrison stood up and cheered for the Qianqiu Sect and the Demon Suppression Division.

They themselves are not capable of revenge, and now that someone stands up to destroy Levi Garrison, they naturally feel very happy.

The tripartite alliance also made Zoey Lopez unexpected for them.

Everyone also felt unprecedented pressure.

In particular, Levi Garrison is still missing, except for the last time Xie Huanyu came over to talk about cooperation and showed up in a hurry, he disappeared again.

This made everyone in the base camp feel more anxious.

"Informed to strengthen the alert, once an enemy attack is found, quickly hide in the safe house."

Zoey Lopez gave the order.

The Return of the God of War [The Protector] Chapter 3848

[/ The Return of the God of War \[The Protector\]](#)

Since the last time Phoenix and others were injured by Xiao Feng, they have also been immersed in the rhythm of crazy cultivation.

Now it is even more urgent to improve his strength. As for Xiao Feng's affairs, he will put it on hold for the time being. At such a critical moment, there must be no more infighting.

Of course, it was also because he didn't know Levi Garrison's trace, and there was no way to report it.

Of course, Phoenix and others also used communication tools to send messages, but Levi Garrison did not give any response.

"Levilia, you also probed the strength of those people last time, do you feel confident?"

Zoey Lopez asked.

Advertisement

Levilia sighed and said helplessly: "I feel that at most I can barely fight that young master."

The meaning is obvious, even if you can win in the end, you will lose both.

Others were powerless.

Zoey Lopez's face is even more difficult to look at. Levilia is the strongest fighting force in the current base camp, and even she can only hold one person.

Advertisement

According to the information, the Cang Qiong faction and the Taixu Shenzong combined have thirteen great powers.

Together with Tiansi, Xuan Ming, and Qianqiu Sect's leader, there are sixteen peak powerhouses.

Even Duguxiao, who is a little lower, is very difficult to deal with.

Once the other party comes to the door, the base camp may not even have the slightest room to fight back.

Even if he hides in the safe house, with the power of Kunlun Ruins, he may not be able to hold it for long.

The more Zoey Lopez thought about it, the more she felt that there was no hope at all, but as the current head of the family, she still had to hold on.

Otherwise, the people below are even more scattered, and they may be defeated by then.

"Is there any news from Dad?"

Levilia asked in a deep voice.

Advertisement

Zoey Lopez shook his head and said, "There is none yet, and I don't know what the hell this guy is doing."

Speaking of Levi Garrison, Zoey Lopez also felt depressed for a while. As a bedside person, he didn't even know the whereabouts of his husband.

"Dad must have his reasons for not revealing it, maybe he will give us a surprise at that time!"

Levilia comforted.

Zoey Lopez couldn't help but complained, "It's best not to be frightened."

The mother and daughter chatted for a while, and the nervousness eased a little.

But the others didn't think about it at all. They instinctively thought that Levi Garrison had no bottom line and was looking for reinforcements everywhere.

If he hadn't been familiar with Levi Garrison's personality and behavior, some would even suspect that he had escaped.

"If the master (the eldest) doesn't come back, we really can only sit back and wait."

"Even if the boss comes back, I'm afraid it will be difficult to resist, that's a three-party combined army!"

"Now I just hope that they will take the lead in infighting and delay the pace of attacking the base camp."

There was a lot of discussion. Although it was about life and death, almost no one was optimistic that they could resist the coalition army.

Xiao Feng was also very nervous, or more urgently wanted to improve his strength.

Especially after seeing the master's serious injury to Gong Qianqiu last time, Xiao Feng's mentality has undergone a huge change.

If the three-party combined army is attacked and becomes famous in one battle, then his right to speak in the base camp will increase in a straight line.

It is best to keep pace with Master Levi Garrison, and even faintly surpass Levi Garrison's prestige in the hearts of everyone.

At that time, what Xiao Feng said, no one would dare to make irresponsible remarks.

However, Xiao Feng did not know that this was also one of Gong Qianqiu's plans.

Taking advantage of external pressure, Xiao Feng was forced to try every means to improve his strength.

Also under the catalysis of this extreme mentality, the effect of inner magic will be better.

At that time, when the demons are detonated, Xiao Feng will be able to successfully complete the arduous task of backstabbing Levi Garrison.

the other side.

Looking at the crimson super spiritual veins in front of him, Levi Garrison couldn't help laughing.

This may be the legendary sacred vein.

The young master of the Cang Qiong faction also threatened that there would be no sacred veins and divine veins in the secular world.

Little do they know that the super spiritual veins in the secular world have been deliberately sealed by people or forces.

It is conceivable that once the power of these spiritual veins erupts at the same time, what kind of disaster will it cause?

If nothing else, at least ordinary people will die in large numbers, after all, they will definitely not be able to withstand the impact of such spiritual power.

"Continue to quench the body. This is the last sacred vein. After we complete the promotion, we will rush back to the base camp."

Levi Garrison said solemnly.

"Yes!"

Wen Lei and others were also very excited, and they continued to temper their bodies. Their cultivation base has undergone earth-shaking changes.

Take Ning Jinye as an example, he feels that with his current strength, even if he encounters Duguxiao, he still has the strength to fight.

Wen Lei and others will only be stronger.

Everyone once again concentrated on the practice of quenching the body.

Levi Garrison is no exception, his quality in all aspects has now approached perfection.

The body has become invincible.

Feeling that the power in the body has increased again, the smile on Levi Garrison's face is even greater.

"What about the three-way joint army?"

"After completing this round of body quenching, my strength will be improved to a higher level."

"The powerhouses of Tiansi and Kunlun Ruins, I'm starting to look forward to this battle."

Levi Garrison felt awe-inspiring in his heart, and immediately entered the rhythm of the holy vein tempering body again.

Since the news that the three parties jointly dealt with Levi Garrison reached the base camp.

Zoey Lopez, Levilia and others are all making the final preparations in full swing.

Almost everyone felt unprecedented pressure.

They also did not have the old smiles on their faces, and many of them were pessimistic about the war.

On the other hand, Levi Garrison, who has returned recently, has a relaxed face.

"It seems that the master (the eldest) is helpless, and has begun to use this method to relieve everyone's tension."

"I really don't understand why the boss at that time rejected the proposal of the young master of the sky to cooperate."

"Master has been in all directions in his life, when did he suffer from that kind of useless anger?"

"I would rather die standing than live on my knees. This is the boss I know."

Everyone was talking behind their backs.

Naturally, these remarks also reached Zoey Lopez's ears.

In fact, Zoey Lopez also noticed that Levi Garrison was different.

Not only that, but even Ning Jinye, Wen Lei, and others who only returned to the base camp yesterday were all relaxed and comfortable.

"Jun's Landing, in the face of the three-way coalition army, you have to think of a foolproof strategy!"

When Zoey Lopez found Levi Garrison, she felt it was necessary to remind her man.

After all, this is about the life and death of the entire base camp members.

Many of these people are Levi Garrison's relatives and friends, and even ordinary members are absolute confidants.

Levi Garrison said with a smile: "Don't worry, I know it."

"But this time, Tiansi and the others have too many masters. Our battle strength can hardly match. You..."

Before Zoey Lopez could finish speaking, Levi Garrison interrupted directly: "Zoey Lopez, there must be a way to the front of the mountain, so there is no need to be overly nervous."

"Okay... okay!"

Zoey Lopez sighed, seeing Levi Garrison's indifferent expression, she was really helpless.

But Zoey Lopez was very unwilling. She didn't want to cause an irreversible tragedy because of Levi Garrison's underestimation of the enemy.

Zoey Lopez could only turn around to find other people, hoping to remind Levi Garrison in many ways through them.

Looking at Zoey Lopez's back, the corner of Levi Garrison's mouth rose slightly.

Of course he knew what his wife was worried about.

However, Levi Garrison's strength has been greatly improved again through the tempering of the last sacred vein.

Now, he is no longer afraid of the combined forces of the two major sects in Kunlun Ruins.

"Nan Yan, you have to find an opportunity to persuade your brother not to let him take the enemy too lightly."

"There are so many masters in the three-way coalition this time, there is really no room for mistakes!"

"I told your brother about it just now, and he didn't take it seriously at all."

Zoey Lopez said helplessly.

Zhou Nanyan said with a smile, "Sister-in-law, my brother never fights uncertain battles."

"Since he feels that things are not exhausted, he must have other cards!"

Levi Garrison made three orders and five applications, and could not reveal the secret cultivation.

In order not to leak the rumors and let Qianqiu Jiao and Tiansi know that they cannot play an unexpected role.

However, Zhou Nanyan also used the words "other cards" to change direction to remind Zoey Lopez.

"I wish it was as you said!"

The Return of the God of War [The Protector] Chapter 3849

[/ The Return of the God of War \[The Protector\]](#)

Zoey Lopez sighed and turned to leave.

From her point of view, Zhou Nanyan was a little confused to believe in Levi Garrison.

Especially when the current situation is so severe, even if you have trump cards, you shouldn't show that kind of appearance that is almost like a fool!

Later, Zoey Lopez found Wen Lei and others, and the rhetoric they got was basically the same as Zhou Nanyan.

Even Ning Jinye, who has always been very low-key and cautious, comforted himself not to worry too much, and to believe the words of Instructor Ye.

"What happened to them?"

Advertisement

Zoey Lopez was puzzled.

the other side.

Under Gong Qianqiu's three-day special training, Xiao Feng's strength has been greatly improved again.

Especially with the blessing of inner demons, Xiao Feng is even more powerful.

Advertisement

Even if he loses to the current Duguxiao, he can definitely retreat under his attack.

This made Xiao Feng extremely proud and proud.

To be able to improve so high in a short period of time, looking at the entire base camp, Xiao Feng feels that no one can match it.

At the same time, Gong Qianqiu also greatly appreciated Xiao Feng's strength.

It made Xiao Feng's self-confidence even more bursting.

"Qianqiu, thank you so much for your guidance during this time."

Xiao Feng said gratefully.

Gong Qianqiu waved his hand and said: "This is because your talent is extremely high, otherwise, no matter what I say, it will not reach such a level."

Xiao Feng was overjoyed, and he felt that his status and evaluation in Gong Qianqiu's heart were getting higher and higher.

Advertisement

"By the way, Xiao Feng, you should also go back to the base camp as soon as possible! Lest your master and the others worry."

"Don't worry, Zhen Mosi has any plans, as long as I can find out, I will notify you as soon as possible."

Gong Qianqiu said solemnly.

Xiao Feng was moved to tears.

It's just that he suddenly remembered that Levi Garrison had injured Gong Qianqiu indiscriminately before, and he was extremely unhappy and had a lot of resentment in his heart.

There was even a trace of hatred deep in his heart.

"Xiao Feng, don't blame Master, he also listened to the slander before he accidentally hurt me."

Gong Qianqiu obviously saw what Xiao Feng was thinking, and directly made up for the gradually collapsing master-disciple relationship.

Sure enough, after Xiao Feng heard this, his face became even more gloomy.

"Qianqiu is so considerate, yet to be so embarrassed by others, you are really deceiving people too much."

Xiao Feng thought so, and then said goodbye to Gong Qianqiu.

When Xiao Feng returned to the base camp and saw that everyone was in a panic, he felt even more superior.

Even the previous tension and stress were completely dissipated.

"With my current strength, my voice in the base camp will definitely increase a lot."

The more Xiao Feng thought about it, the more excited he became.

It's just that Xiao Feng was completely unaware of this change in mentality.

In the process of patrolling the defense of the base camp, Levi Garrison wanted to say hello when he saw Xiao Feng walking towards him.

As a result, Xiao Feng didn't seem to see himself, and passed by with words in his mouth.

"What's up with this guy Xiao Feng?"

Levi Garrison swallowed the words that came to his mouth, full of doubts.

You must know that Xiao Feng respected himself very much in the past, and would never pass by without saying hello.

“Could it be that the pressure from the three-way coalition forces is too great recently, making him addicted to cultivation?”

“Xiao Feng is indeed a cultivator, especially in the case of huge pressure, there have been cases of sleeplessness and forgetfulness.”

“It’s very likely that this is the reason.”

Levi Garrison was a little relieved.

Turning his head to look, he just saw Xiao Feng’s back.

Because of Levi Garrison’s continuous use of super spiritual veins to quench his body, his hearing sensitivity has also been greatly improved.

He clearly heard what Xiao Feng said to himself.

“What about the tripartite alliance? My strength is very strong now, and it is absolutely no problem to deal with the so-called Tianjiao.”

“This time, I will definitely impress Master.”

“And after this battle, I’m going to take...”

Levi Garrison couldn’t hear the latter words clearly, and it was likely that Xiao Feng swallowed the words in time.

But judging from these contents, Levi Garrison also guessed something.

Xiao Feng obviously had an idea about how he concealed his traces several times.

Of course, it is very normal to have this kind of reaction, Xiao Feng’s mind was originally heavier.

However, Levi Garrison still felt that something was wrong with Xiao Feng.

But it is unclear exactly what went wrong.

"Maybe I'm thinking too much!"

Levi Garrison got rid of his distracting thoughts and decided to talk to Xiao Feng after the battle.

Xiao Feng, as one of his heaviest apprentices, Levi Garrison didn't want him to have any grudges with himself.

the other side.

Gong Qianqiu prepared many treasures of heaven and earth for Taixu Shenzong.

These were all collected from Qianqiu Sect.

Some time ago, Master Bone was in charge of searching for super spiritual veins. Although he did not find any particularly huge spiritual veins, he gained a lot of treasures.

So Gong Qianqiu made a careful selection and presented the most valuable treasures with both hands.

Sure enough, Xue Pengzhan and others were shocked.

Before that, as the arrogance of the Kunlun Ruins Great Sect, they did not look down on the so-called strong in the secular world.

I don't think there is anything good in the world.

In fact, many people in the Taixu Shenzong knew that Xue Pengzhan and several other geniuses followed Xuan Ming to the secular world.

Although they acquiesced to Xue Pengzhan and others 'joining the WTO', they also kept a constant focus on the latter.

Therefore, after obtaining these treasures, Xue Pengzhan did not dare to swallow them all.

He directly informed the senior management of Taixu Shenzong of all the circumstances.

However, even Xue Pengzhan did not think that this report would directly alarm the senior leaders of the teaching.

The deputy suzerain spoke directly and wanted to continue sending people to support Xue Pengzhan.

And the one sent was the Three Holy Sons, one of the seven strongest geniuses in the sect.

Of course, Xue Pengzhan also understood that the Three Holy Sons came to support them in name, but they actually came to monitor them.

After all, the treasures of heaven and earth presented by Gong Qianqiu are quite precious, and high-level officials are also afraid that Xue Pengzhan and others will guard and steal them.

After this message came back, Gong Qianqiu was equally excited.

She never imagined that she could lead the Three Holy Sons out of the mountain just with the things she looted.

If the gods are offered up, I am afraid that the three holy sons and even higher-level powerhouses can be directly taken down.

"Qianqiu, you don't know, this three saints are extremely powerful, and they can be regarded as the core high-level of the Taixu Shenzong."

"That's right, don't look at him as the Three Holy Sons, but among the Seven Great Holy Sons, his strength is almost on par with the Great Holy Son."

"The key three saints are still the beloved disciples of the vice sect master, and they have a wide range of connections within the sect."

"There are three holy sons who take action, let alone a mere Levi Garrison, even if it severely damages the Cang Qiong faction."

Xue Pengzhan and others, you are arguing about the Three Holy Sons.

Of course, most of these words are true, and the Three Holy Sons have a very high status in the Taixu Shenzong.

Even more than some elders in the church have the right to speak.

In particular, the three holy sons were highly valued by the vice sect master, and almost all elders gave three points when they saw him.

"Qianqiu, the key is to have the Three Holy Sons in charge. Even if something happens, the Taixu Shenzong will stand up for it."

Xue Pengzhan said excitedly.

"At that time, Senior Brother Lao Xue will have a few more good words for the younger sister in front of the Three Holy Sons."

Gong Qianqiu said with a smile.

Gong Qianqiu is already making plans for the next layout at this moment.

The reason for befriending Xie Huanyu before was to leave an extra escape route for himself.

After all, Xue Pengzhan and the others did not have a high status in the Taixu Shenzong, and even if something really happened, the sect might not stand for them.

And Xie Huanyu is the young master, the absolute high-level of the Cang Qiong faction, and has absolutely superior utilization value.

But now that the Three Holy Sons have come out of the mountains, the situation cannot be the same.

As Xue Pengzhan said, the three saints have a very high status within the Taixu Shenzong, and they are even the beloved disciples of the vice suzerain.

Once something happens, the Taixu Shenzong will never remain silent.

"So as long as I make good use of this person, even the entire Taixu Shenzong can be used for me."

Gong Qianqiu thought to herself, at this moment she was bursting with confidence.

Even Tiansi and the Cang Qiong faction have been included in the destruction plan.

"Tian Si does not get rid of it, after all, there will be endless troubles."

Just when Gong Qianqiu was planning.

Xue Pengzhan said solemnly, "Everyone, why don't we use the power of the three saints to get rid of the young masters of the Cang Qiong faction?"

The Cang Qiong faction and the Taixu Shenzong have always been at odds. If they can destroy their young master in the secular world, it is equivalent to a great achievement.

"I also think it's feasible."

Xuan Ming took the lead in expressing his position.

Zhen Mosi teamed up with Levi Garrison to destroy the two alien races, and Xuan Ming's hatred in his heart had already climbed to the extreme.

It was also helpless to cooperate with it before.

Now that the Three Holy Sons are about to come to sit in town, they are not afraid of the revenge of the Cang Qiong Sect.

Gong Qianqiu also raised both hands in approval, and it is in the best interest of Qianqiu to get rid of Tiansi and others.

Moreover, she is very clear that the Kunlun Ruins powerhouse will leave one day, and the conflict between Qianqiu Sect and Zhen Mosi will continue.

Although she can now enter the Kunlun Ruins by means of means, the Qianqiu Sect was established by her after all.

Just like his own child, Gong Qianqiu couldn't bear to see the building collapse.

Of course, Gong Qianqiu has another layer of ideas, since the major sects of Kunlun Ruins can select talented players in the secular world.

So keeping the Qianqiu Sect is equivalent to retaining the foundational fire, which will facilitate the cultivation of his confidants in the future.

After all, for Kunlun Ruins, Gong Qianqiu believes that he is an outsider after all.

If you want to truly gain a foothold, or break out into the world, you need to be strong.

It is also extremely important to have a team of your own confidants.

"It's better to let the Cang Qiong faction fight with Levi Garrison and the others first, and let's take advantage of the fisherman."

Xuan Ming suggested.

Xue Pengzhan said solemnly: "I'm afraid Xie Huanyu and the others think so too."

"I have a way." Gong Qianqiu said suddenly.

Xue Pengzhan asked curiously, "What can I do?"

"Fish eyes are mixed with pearls." Gong Qianqiu said jokingly.

Everyone was stunned at first, and then they understood what Gong Qianqiu meant, and there were knowing smiles on their faces.

the other side.

After a few days of special training by Gong Qianqiu, Xiao Feng arrested several Qianqiu priests around the base camp.

Of course, Xiao Feng didn't waste resources, and directly devoured their skills.

Xiao Feng now has no psychological barriers to swallowing people up.

I even think this approach is logical. After all, these people are enemies, and it would be a pity to kill them.

It is better to devour their power to improve yourself.

With such a strong mentality contrast, in addition to Gong Qianqiu's deliberate guidance, it is more that the inner demons played an important role.

With the continuous improvement of strength, Xiao Feng's self-confidence is also more and more bursting.

Recently, he has been bragging about how strong he is.

"Trash like Duguxiao, I can clean it up as soon as I take it."

"Even if it is Tiansi or Kunlun Ruins, I can at least tie them."

"In this base camp, apart from Master, no one is my opponent."

Words like this are not uncommon, and many people find it very strange.

Because Xiao Feng used to be relatively low-key before, but recently, he was suddenly so high-profile, and it was like two different people.

Of course, the improvement of Xiao Feng's strength is also a good thing. After all, it is definitely a blessing for the base camp to have such assistance.

Because of this, the base camp members didn't take it too seriously.

However, Phoenix and others have recently found key evidence one after another.

"Xiao Feng, listen carefully. According to the latest information, Gong Qianqiu is the leader of Qianqiu Sect."

"And the calamity is in Gong Qianqiu's hands. Someone has seen her sneak into the base camp."

"The most important thing is that someone saw that Gong Qianqiu and Xue Peng had a fight, and the strength of the two was even between equals."

"Xiao Feng, it's time to make a choice, do you choose Gong Qianqiu, or the boss?"

Facing the menacing questioning from Phoenix and others, the purple-black cold light in Xiao Feng's eyes flashed away.

Especially the strong murderous aura made Phoenix and the others shudder.

"All of this is because someone is framing Qianqiu."

"And I'll say it for the last time, if you slander Qianqiu again, don't blame me for killing me."

Xiao Feng's eyes were fierce, making Phoenix and others fearful.

If it is said that Xiao Feng had a certain ability to screen various information about Gong Qianqiu in the past.

Then after Gong Qianqiu's deliberate guidance and the role of the evil spirit pill, Xiao Feng could no longer hear the slightest bit of Gong Qianqiu's bad.

What Phoenix and others have said is clearly substantiated.

But in Xiao Feng's view, they want to murder Gong Qianqiu.

If it wasn't for Xiao Feng's almost instinctive control in the base camp, he would have shot and killed several people long ago.

Every time someone encounters negative information about Gong Qianqiu, Xiao Feng's inner killing intent will grow wildly, and then burst out.

"Xiao Feng, are you okay?"

Xuanwu urn asked angrily.

Xiao Feng said impatiently: "You stop talking nonsense, I'll be fine."

While speaking, Xiao Fengqiang held back his killing intent and quickly left the sight of Phoenix and the others.

When he came to a secluded place, Xiao Feng madly punched a few trees that were surrounded by thick and thin trees.

After a while, the trees turned into slag, and the anger in Xiao Feng's heart was relieved a little.

But his heart was still full of anger, as if he didn't know how to vent his strength.

But at this time, Xiao Feng received information from Gong Qianqiu again and agreed on a meeting place.

Said to discuss following Xiao Feng to the base camp to clarify everything.

This made Xiao Feng overjoyed. His confidence was greatly increased because of his strength, and he felt that his right to speak in the base camp had been raised to a new level.

Now that I can finally keep the sky and see the moon, I can finally get married with Gong Qianqiu's lover.

Xiao Feng can't wait to rush to the designated location with two wings on his side.

About an hour later, Xiao Feng felt a strong murderous aura surging at the far end.

"No, Qianqiu is in danger."

Xiao Feng quickened his pace and soon came to the outer area of the incident site.

He originally wanted to save him directly, but found that it was the master Levi Garrison who shot Gong Qianqiu.

"how so?"

Xiao Feng was stunned in place, and he was engaged in a fierce ideological struggle in his heart.

In the end, he chose to observe secretly first. If Levi Garrison really wanted to kill, it would not be too late to stop him.

Seeing that Gong Qianqiu in the field was attacked by Levi Garrison, only the power of parry was not able to fight back.

However, this was under the circumstance that Levi Garrison did not exert his full strength.

Pfft!

Gong Qianqiu was knocked to the ground by a punch, blood flowed from the corners of his mouth, and the breath on his body was sluggish to the extreme.

"Gong Qianqiu, it is an unforgivable sin for you to mess with my apprentice's mind and provoke my master-apprentice relationship."

"Whether you are the leader of Qianqiu Sect, I must kill you."

"Do you have anything else to say?"

Levi Garrison's voice was extremely cold, and Xiao Feng couldn't help shivering.

"I can die under Master's hands, and I have no regrets. Although you don't want to recognize it, I also call it that."

"Because Xiao Feng and I have privately agreed for life, I am her woman."

"Now I only have one wish, but please don't take your anger on Xiao Feng, everything is my fault."

"Master, let's do it!"

After Gong Qianqiu finished speaking, he closed his eyes and made an appearance of being slaughtered.

Xiao Feng was about to stop it when he heard Levi Garrison's voice:

"For the sake of your infatuation, I will abolish your cultivation, but from now on, you are not allowed to interact with Xiao Feng."

"Otherwise, I will kill you without hesitation. Even if Xiao Feng comes to stop me, I will not change my mind."

"Gong Qianqiu, stop this thought!"

While speaking, Levi Garrison punched Gong Qianqiu.

Gong Qianqiu's body flew out like a broken paper kite, and finally fell heavily to the ground.

"Remember what I said today."

After Levi Garrison finished speaking, he turned and left quickly.

Everything happened too fast, and by the time Xiao Feng came back to his senses, Levi Garrison had disappeared without a trace.

"Qianqiu, how do you feel?"

Xiao Feng ran over and asked with concern.

"Xiao Feng, you are finally here, cough..."

Gong Qianqiu looked desolate, coughed several times in a row, and blood flowed out from the corner of his mouth.

"Qianqiu blames me for being useless. If I hadn't been in a daze just now and rescued you in time, you wouldn't have been hurt."

Xiao Feng felt guilty.

I regret that you stopped Levi Garrison just now, otherwise Gong Qianqiu would not have ended up in such a miserable end.

Gong Qianqiu waved his hand and said weakly: "It has nothing to do with you, Master misunderstands me too deeply."

"It's okay if you don't show up. If you really do stop, I'm afraid it will only deepen the idea of master killing me."

Gong Qianqiu continued to guide Xiao Feng.

The man just now was not Levi Garrison's deity, but Xuan Ming disguised himself.

Xuan Ming used the Taixu Shenzong's hidden breath technique, and only then did he not reveal any flaws.

"Why, why does Master just not believe me?"

"It's clear that someone is framing you, can't he see it?"

"Damn, terribly terrifying, to kill you indiscriminately like this is simply not worthy of being a teacher."

The more Xiao Feng said, the more excited he became, the blue veins on his forehead collapsed.

If you look closely, you will find that at this moment, Xiao Feng's pupils are filled with purple-black rays of light, making him look very strange.

Seeing this situation, Gong Qianqiu will naturally not miss the opportunity to continue to guide.

And seeing that the evil pill has been completely stimulated, only to take this opportunity to continue to deepen the role of the heart demon.

It will make Xiao Feng more in line with his own will to do things.

"Xiao Feng, don't worry, I won't give up."

"Even if it will lead to death, I will not leave you."

"I believe that Master will one day be moved by our true feelings."

Gong Qianqiu burst into tears, and it looked like a textbook-like interpretation of a sensational drama.

"Qianqiu, you are sincere to me, and I don't think I will let you down."

Xiao Feng was inexplicably moved, but his hatred for Levi Garrison became stronger and stronger in his heart.

The purple-black light in the pupil also became thicker and thicker, and gradually spread to Xiao Feng's brain center.

"Xiao Feng, with your words, I will die without regrets."

When Gong Qianqiu said this, he sighed faintly and continued:

"I'm afraid that someone will interfere with it, and the master is preconceived, and he will not agree with us in the future."

"Xiao Feng, if this is the case, what should I do?"

"Whoever dares to interfere with it, kill it!"

Xiao Feng said it naturally, even he had not noticed such a huge change in mentality.

"Then what if the master is always between us?"

Gong Qianqiu sighed again and said, "It would be nice if he wasn't your master, otherwise, even if I fight to death, I will try my best to assassinate him. At that time, no one will stop us from dating."

"At that time, we can be happy forever."

"Holding your hand, growing old with your son, thinking about it makes me look forward to it!"

Gong Qianqiu made a fascinated expression.

"Why do you recognize such an unidentified master?"

After a series of verbal stimulation, the innermost demon in Xiao Feng's body was completely released.

"It's the same sentence, whoever dares to stop us from being together, just kill it."

Xiao Feng's murderous aura was awe-inspiring, and the efficacy of the evil pill in his body was instantly stimulated.

Seeing that Xiao Feng's pupils were completely occupied by purple-black light.

Gong Qianqiu didn't hesitate in the slightest, and directly operated the Inner Demon Induction Technique.

Immediately afterwards, he instilled the idea of killing Levi Garrison into Dao Xiao Feng's thoughts.

"Ahhh!"

Xiao Feng screamed on his back, and the breath in his body instantly increased.

At the same time that the heart demon cited a complete explosion of power, it also raised his cultivation base by a large margin.

"Everyone has to die, and everyone who stops me and Qianqiu from being together has to die!"

"Levi Garrison, you are no exception!"

Xiao Feng muttered to himself, the whole person fell into a controllable state of ecstasy.
