## Chapter 3851

base camp.

Although Xiao Feng had solemnly warned not to speak ill of Gong Qianqiu, Phoenix and the others still felt that they had to find Levi Garrison for a showdown.

In particular, Levi Garrison finally returned to the base camp and showed no signs of leaving again.

Only then did they make the final decision to avoid Xiao Feng's sudden death.

"Don't be hesitant, you guys, just say it straight, and befriend me?"

Levi Garrison said with a straight face.

### **Advertisement**

Azure Dragon gnawed his heart and said solemnly: "Boss, in fact, we just want to tell you about Gong Qianqiu and Xiao Feng."

"Xiao Feng? Didn't that kid swear in public that he would break up with the woman of Zhen Mosi?"

Levi Garrison said with a smile: "Besides, even if they are in contact, we just need to pay more attention and there will be no problem."

Seeing that Levi Garrison didn't mean to take it too seriously, Phoenix and others were a little anxious.

### **Advertisement**

"Boss, the situation is different now."

"Yes, boss, we think Gong Qianqiu is the leader of Qianqiu Sect."

"And there is something wrong with Xiao Feng now, as if he was brainwashed by Gong Qianqiu."

Several people scrambled to say.

Levi Garrison's face instantly became solemn.

However, Xiao Feng was the first disciple he valued the most, and Levi Garrison felt that it was necessary to thoroughly understand before making a decision.

"You said that Gong Qianqiu is the female leader, is there any solid evidence?"

Seeing a few people wanting to 'answer' again, Levi Garrison hurriedly added: "Speak slowly, don't miss any details."

Sure enough, after Levi Garrison said this, Azure Dragon and others turned their attention to Phoenix.

#### **Advertisement**

Among the five, Phoenix is the most thoughtful.

"Boss, we have recently investigated a lot of solid evidence, otherwise we would not have asked you to report."

Zhu Que paused and continued: "Boss, someone saw with his own eyes that Gong Qianqiu took your divine calamity to kill."

"what?"

Levi Garrison's eyes suddenly became sharp, not entirely because of the loss of the gods, after all, it was a weapon that was refined and played with.

It is not by virtue of divine calamity that he exerts his extraordinary combat power.

The key is to be able to steal the divine calamity quietly under his own eyes, which is enough to show that this Gong Qianqiu has superb methods.

This is not only to know his whereabouts well, but also to avoid layers of guards. On the day when the gods were lost, the base camp was besieged by Xuanming aliens.

"Go on."

Levi Garrison already has a rough guess, and he needs to confirm it from Phoenix's mouth.

Phoenix nodded and said in a condensed voice, "Boss, the base camp was besieged by the Xuanming alien race that day when the gods were lost."

"According to our verification, the Eternal Kingdom, the Demon Suppression Division, and a number of killer organizations all have Gong Qianqiu's connections behind them."

"It can even be said that these forces are Gong Qianqiu's secret instigation and agitation, and at the same time provide them with the defense layout inside our base camp."

"How did she know about the defensive layout..."

Levi Garrison's words stopped abruptly, and he said solemnly: "Xiao Feng?"

"Yes, boss, Xiao Feng has long been aware of Gong Qianqiu and has nothing to say."

Phoenix continued: "Xiao Feng lost contact with Gong Qianqiu for a period of time, and that time happened to be the time when the mysterious woman devoured the major spiritual veins."

"Then boss, you also discovered this possibility, so you hid in a spiritual vein in advance and waited for the rabbit."

"But just when the mysterious woman was about to arrive at the spiritual vein, it suddenly stopped and shouted to demonstrate. Isn't this suspicious?"

"What do you want to say?"

Levi Garrison's face was solemn, and he was very puzzled at that time.

Phoenix explained: "Boss, as far as I know, during that time, Xiao Feng contacted Gong Qianqiu crazily and revealed your plan inadvertently."

"Sure enough!"

Levi Garrison suddenly realized.

This makes sense, since only a few people knew of his tracks and plans at the time.

Under normal circumstances, it is impossible for the mysterious woman to get the information in advance.

It is only possible that the people around her tipped off for her, and this person was someone she was very close to.

At that time, Levi Garrison didn't want to doubt anyone. After all, they were either relatives or friends, and rash doubts would definitely chill their hearts.

So Levi Garrison only attributed this incident to chance.

"Boss, and you determined that there are mysterious women in the West Pavilion, so you put pressure on them and almost killed them all."

"And Gong Qianqiu was in it at the time."

Phoenix's words continued, and Levi Garrison's face became more and more solemn.

"At that time, a mysterious old man came to the rescue, so she barely escaped."

"According to our investigation, he is likely to be the bone master who was expelled by the Sitian Medical Supervisor."

"And Master Bone just happens to be the No. 3 figure of the Qianqiu Cult, an absolutely high-level existence."

Levi Garrison said quietly: "Very good, playing so many people with applause, but also a qualified opponent."

If Levi Garrison was still angry when he first heard this.

Then, at this time, it is more about fighting against strong opponents.

"Furthermore, Gong Qianqiu has practiced the extreme devouring side of Levilia's self-created exercises."

"We also went to Xiao Feng to verify it. He said that he leaked out in a hurry. It was he who taught Gong Qianqiu the exercises."

"She once showed great strength. Some people saw it with their own eyes. Gong Qianqiu beat Yufeng Tiansi with only one hand."

"Even the top ten arrogances have fallen into Qianqiu Sect, and the root bone has been dug up. It is very likely that Gong Qianqiu dug and used it."

Phoenix's remarks are very powerful.

After all, even if ordinary people get the exercises created by Levilia, their bodies, especially their root bones, will never be able to withstand the energy pressure of extreme devouring.

And then there is Xiao Feng, if it is said that he leaked some information because of love, it may be excusable.

But how important is the practice?

That is to say, the first two times Duguxiao deliberately kept his hands, otherwise the high level of the entire base camp would have been destroyed long ago.

If that was the case, Xiao Feng would be unforgivable.

## The Return of the God of War [The Protector] Chapter 3852

[/ The Return of the God of War \[The Protector\]](#)

Of course, even now, Xiao Feng's mistakes cannot be made up.

It can even be said that Xiao Feng played an extremely important role in cultivating Gong Qianqiu, the female devil.

"There are also people who have seen it with their own eyes, Gong Qianqiu often goes in and out of the Qianqiu Education Base Camp."

"At the same time, Gong Qianqiu also claimed that she was the leader of Qianqiu Sect."

"Boss, there are other kinds of information..."

"Okay, don't go on."

#### **Advertisement**

Levi Garrison interrupted directly.

Phoenix and the others fell silent instantly.

Although Levi Garrison did not show a look of rage on his face, several people could clearly feel the change in his mood.

"Boss is angry."

#### **Advertisement**

"And very angry."

Phoenix and the others all had such thoughts in their minds.

In fact, Levi Garrison is really very angry, if one or two things are coincidental.

If all three or more pieces of evidence point to one person, then it is basically a fact.

The key is to face such a fact, Xiao Feng is not only obsessed.

Moreover, they even threatened Ning Jinye, Phoenix and others with death.

This made Levi Garrison disappointed and even more distressed.

"Boss, don't be angry, Gong Qianqiu's way of dealing with men is really powerful, and many people are willing to die for her."

"Although Xiao Feng's fall to this point is unexpected, it is also reasonable."

### **Advertisement**

Phoenix comforted.

Although Phoenix also criticized Xiao Feng, he still felt a little unbearable if he really wanted to punish him severely.

Levi Garrison pondered for a moment and said, "How to deal with Xiao Feng depends on what he does next?"

"Boss, what do you mean?"

Azure Dragon asked in confusion.

Others also turned their attention to Levi Garrison.

This sentence really has no deep meaning, as if Levi Garrison had some kind of guess about Xiao Feng.

Levi Garrison didn't mean to explain in depth.

Instead, he changed the subject and said, "Don't be too focused on Xiao Feng in the future, so as not to cause unnecessary trouble."

ah? ?

Phoenix and the others were stunned.

Could it be that Xiao Feng's matter has been revealed?

"Can't understand what I said?" Levi Garrison raised his face again.

"Yes, boss!"

The five said in unison.

Levi Garrison waved his hand and said: "Okay, this time to strengthen the defense, I think the three coalition forces are about to start, you go down!"

"As ordered!"

Phoenix and the others took orders to leave.

Looking at the backs of the five people, a meaningful smile flashed across Levi Garrison's mouth.

the other side.

As soon as Xiao Feng returned to the base camp, he got a report from his confidants and subordinates, saying that Phoenix and others went to Levi Garrison.

"No wonder Master went to kill Qianqiu, it really was the secret of these few people."

"It seems that I took Lao Tzu's warning as a deaf ear!"

"Very good, I will settle the account with you when I come back."

Xiao Feng was so angry that his teeth were itching.

But he soon calmed down again.

Since there is no time to stop Phoenix and others from telling the truth, Levi Garrison's attitude is particularly critical.

Especially the attitude towards his relationship with Gong Qianqiu.

"You have to confirm it in person."

After making up his mind, Xiao Feng went directly to Levi Garrison.

"Master, you are finally back. Recently, the pressure on you to be a member of the base camp is too great."

"With you at the headquarters, we can rest easy."

After entering the room, Xiao Feng deliberately made an appearance of ignorance.

Levi Garrison smiled and said, "Xiao Feng, you are getting more and more slick!"

"Where is it?"

Xiao Feng felt guilty for a while, but decided to continue testing: "By the way, Master, do you have any important tasks for me?"

"Also let me fill it up a bit, otherwise I'll always feel like I'm at a loss."

"OK!"

Levi Garrison responded without any hesitation:

"Then I will give you the task of internal security at the base camp for the past two days. If there is any trouble outside, you will immediately take someone to hide in the safe house."

"Okay... okay, no problem."

Xiao Feng was a little surprised, this was an extremely important task.

In other words, it is directly related to the life and death of core relatives and friends. It can be said that I trust myself extremely!

Could it be that Master doesn't believe the so-called evidence of Phoenix and others' nonsense?

"By the way, Xiao Feng, I was about to ask you something!" Levi Garrison suddenly changed the conversation.

Xiao Feng came back to his senses and hurriedly said: "If you have any questions, Master, I will definitely know everything and say everything."

"Now we are the master and the apprentice, you tell me the truth, do you still have contact with Gong Qianqiu?"

Levi Garrison asked in a deep voice.

Xiao Feng's heart froze at first, and then he quickly restrained his emotions and said, "I have no contact with Qian... Gong Qianqiu."

"Then what do you think of Gong Qianqiu?"

Levi Garrison continued to ask.

## The Return of the God of War [The Protector] Chapter 3853

[/ The Return of the God of War \[The Protector\]](#)

Xiao Feng's thoughts were running fast, and he was considering how to answer so as not to make people suspicious.

After all, Levi Garrison is thoughtful and has a strong ability to recognize people and break things, so it may be easier for others to fool them.

But it's not that easy to fool around in front of Levi Garrison.

Xiao Feng thought for a moment and said, "Master, in fact, I feel that Gong Qianqiu is a good person. It can be regarded as a gentle and kind-hearted person."

"It's just that you objected to our relationship before, so I could only reluctantly cut off contact. To be honest, Master, I was angry with you for this!"

Xiao Feng said while secretly observing Levi Garrison's reaction.

### **Advertisement**

When speaking of "being angry with Levi Garrison", Levi Garrison frowned slightly.

Xiao Feng hurriedly changed the conversation: "Of course I also know that you are doing this for my own good. Over time, I will face it calmly."

Sure enough, after saying this, Levi Garrison's brows slowly loosened again, and there was no strange expression on his face.

"You can understand the painstaking efforts of the teacher, and I am relieved." Levi Garrison looked relieved.

#### **Advertisement**

Xiao Feng sneered in his heart.

What made him particularly angry was that Levi Garrison almost killed Gong Qianqiu not long ago.

Now he actually pretended to be nothing, and falsely asked about Gong Qianqiu.

It's just one set before another, extremely hypocritical!

"Master, in fact, I also recently got some information about Gong Qianqiu, like a swarm of bees popped up suddenly."

Xiao Feng continued.

Levi Garrison asked with a smile, "Do you mean that the information is false?"

"No master."

Xiao Feng hurriedly explained: "I think this matter is as if someone is manipulating it behind the scenes, deliberately releasing information together during this period of time."

#### **Advertisement**

"If Gong Qianqiu is the leader of Qianqiu Sect, we naturally have to deal with it with all our strength."

"But if there are other people who confuse the public, the culprit must not go unpunished."

"You're right."

Levi Garrison first affirmed it, but then turned into a serious tone and continued: "But Xiao Feng, you must remember one thing."

"The situation is special now, and there is a lot of evidence that does point to Gong Qianqiu. As the saying goes, there is no wind and no waves, and it is still necessary to prevent her from being contaminated."

"There is no room for sloppiness at such a time, and it is better to kill by mistake than to let it go."

Xiao Feng's mood instantly sank to the bottom.

Until this time, Xiao Feng could be considered to have tested Levi Garrison's true attitude towards Gong Qianqiu.

Even if Gong Qianqiu was let go before, as long as someone instigated, it is very likely that he will continue to kill Gong Qianqiu.

"It seems that a final decision must be made!"

Xiao Feng couldn't help but feel a cold killing intent in his heart, but he didn't feel the slightest surprise.

"What's wrong?"

Levi Garrison asked with a frown.

Xiao Feng was startled, and quickly restrained his murderous intentions, saying: "Nothing, I just feel that what the master said is very right, Gong Qianqiu can't stay."

"I'm going to investigate Gong Qianqiu's whereabouts. Whether she is the female leader or not, I will take her life."

While speaking, Xiao Feng watched Levi Garrison's reaction out of the corner of his eyes, and he saw the latter nod his head in relief.

"I'm not in a hurry. If it really gets to that point, I'll do it myself."

Levi Garrison blocked the road.

"All right!"

The anger in Xiao Feng's heart rose again, and he suddenly felt that Levi Garrison was too hypocritical.

Obviously he has already started, and now he even shows that he has not made a move.

Such behavior is simply not worthy of being a teacher.

"I'm afraid it's because I'm worried that I have a quarrel with him, so I deliberately block it with a pretentious attitude?"

"It must be so."

Xiao Feng felt that he had completely seen through Levi Garrison's intentions.

"All in all, don't contact Gong Qianqiu from now on. Once I find out, don't blame me for not being a teacher."

Levi Garrison said like a warning.

"Knowing Master, I won't contact her again."

Xiao Feng replied on the surface, but he kept complaining in his heart.

hypocritical!

It's as if you took into account the relationship between master and apprentice before!

"Levi Garrison, since you are not benevolent, don't blame me, Xiao Feng, for being unrighteous."

Xiao Feng felt that he was on the verge of breaking out.

"Okay, you go to work first! I need to retreat for a few days as a teacher, don't come to disturb if there is anything special."

Levi Garrison waved his hand and ended the conversation.

"Yes!"

Xiao Feng turned and left, the corners of his mouth raised slightly.

"Retreat? God helps me!"

Xiao Feng felt that his opportunity had come.

## Chapter 3854

[/ The Return of the God of War \[The Protector\]](#)

Leaving Levi Garrison's room, Xiao Feng did not hide the murderous aura in his heart at all.

If you look closely, you will definitely find that Xiao Feng's eyes have been covered with purple-black aura at this moment.

It's just utterly bizarre.

Through the conversation with Levi Garrison, Xiao Feng has determined that the latter will definitely not let Gong Qianqiu go.

I'm afraid it's only a matter of time before I die.

Especially with Phoenix and others provoking from the side, there is no room for manoeuvre.

### **Advertisement**

"No matter who wants to stop me from being with Qianqiu, I have to remove the obstacles."

After much thought, Xiao Feng finally decided to be with Gong Qianqiu.

Now the biggest obstacle between the two is Levi Garrison.

Only by killing it, can you grow old with your loved one.

### **Advertisement**

Although Xiao Feng has been controlled by Evil Pill and Inner Demon at this moment, he has not completely lost his mind.

Even more clear than his thoughts at his peak.

It's just that he has fallen into a state of fanatical love for Gong Qianqiu, almost paranoid and obsessive.

Xiao Feng came to his room and carefully calculated the assassination plan.

"Levi Garrison said he was going to retreat and asked me to be responsible for internal defense work. This is definitely a godsend opportunity."

As long as the guards around Levi Garrison's retreat are transferred away as long as possible, the surprise attack can be successful.

"Do you want to discuss this with Qianqiu?"

Xiao Feng was a little hesitant at first, and before he saw Gong Qianqiu, he persuaded himself not to blame Levi Garrison.

If you rashly say such a plan, Gong Qianqiu is very likely to come forward to stop it.

#### **Advertisement**

But thinking that Gong Qianqiu's mind is more delicate, he finally decided to let him know.

However, after Xiao Feng sent the message, Gong Qianqiu quickly responded.

And told Xiao Feng to meet before the action and discuss important matters.

"Qianqiu, you wait, I'll rush over."

After Xiao Feng replied to the information, he quickly left the base camp and rushed to Gong Qianqiu's designated meeting place.

Mass grave.

Inside the Qianqiu Education Base Camp.

After Gong Qianqiu received the information, he couldn't help laughing on his back.

"Hahaha, this waste Xiao Feng really didn't disappoint this sect master, and finally decided to do it."

Gong Qianqiu was quite proud, and Xiao Feng was an important pawn in his hands from beginning to end.

He never thought that when Xiao Feng had become an abandoned son, he would still be able to backstab Levi Garrison.

"The sect leader is ingenious, how could a mere Xiao Feng escape from your palm?"

"I'm afraid Levi Garrison never dreamed that his most important disciple would backstab him!"

"Even if you can't kill Levi Garrison, with Xiao Feng's current cultivation level, a surprise attack can hit him hard."

Duguxiao and others rushed to pat Rainbow Fart.

Gong Qianqiu was also proud, and turned to look at the old man who looked like a skeleton.

"Master Bone, how are the things you prepared?"

Miya Chiaki asked.

As early as when he was going to use Xiao Feng to stab Levi Garrison, Gong Qianqiu had already ordered people to make preparations.

After all, Levi Garrison is a pure body cultivator, and he has also cultivated to the point of perfection.

Not to mention Xiao Feng's strength, even a powerhouse of the same realm would have no way to hurt him with an ordinary weapon.

"Report to the sect master, I have already prepared it."

As Master Bone spoke, he took out a specially-made broken blade!

It's just that if you look closely, you will find that the short blade has a blue luster, which is extraordinarily strange.

"Sect Master, this is the venom that I concentratingly configured, called Shenyun."

"This poison ranks second in the ancient book of poison. As the name suggests, the gods will perish after being poisoned by this poison."

"Even if Levi Garrison is a pure body cultivator, as long as the venom enters the body, even if he doesn't die, he will lose half his life."

The bone master said confidently.

"well done!"

Gong Qianqiu said with a sneer: "In addition to this divine weapon provided by Brother Xue, it will be absolutely foolproof."

## The Return of the God of War [The Protector] Chapter 3855

[/ The Return of the God of War \[The Protector\]](#)

"That's a must."

Xue Pengzhan took over the words and said quite proudly: "This short blade of Wanjun has been warmed and nourished by the spiritual pulse for more than 20 years."

"Although it can't be compared to the real magic weapon, it is definitely a superb weapon."

"Not to mention that Levi Garrison is an ordinary body cultivator, no matter how strong the existence is, he can definitely stab him out of a blood hole."

Gong Qianqiu took the Wanjun short blade and could clearly feel the terrifying corrosive aura carried by the blade.

"Then we will see if Xiao Feng succeeds in the assassination."

#### **Advertisement**

Gong Qianqiu said sadly.

It didn't take long before Gong Qianqiu saw Xiao Feng.

After some remarks that seemed to discourage and comfort, but actually stimulated and instigated, Xiao Feng took the Wanjun short blade and left angrily.

Looking at Xiao Feng's aggressive back, Gong Qianqiu became more and more complacent.

#### **Advertisement**

All the layouts are completed, just waiting for the final result of this assassination.

After just saying that Xiao Feng and Gong Qianqiu separated, they quickly returned to a secluded place outside the base camp.

Change into your night clothes, put on the mask you prepared in advance, and then close your eyes to recuperate and exercise.

He waited quietly for night to fall, as he had previously arranged a guard post.

Therefore, Xiao Feng almost quietly sneaked into the base camp.

In addition, Xiao Feng's strength has increased greatly recently, and no one can be found during the whole process.

"The front is Levi Garrison's closed room, and the guards at the gate change every fifteen minutes."

"There was almost half a minute of empty time during the changing of the guard."

Xiao Feng knew what he knew, and the moment the first guards left, the whole person turned into a black lightning.

#### **Advertisement**

In the blink of an eye, he passed through the flat area and successfully sneaked into the secret room corridor.

Deng Deng Deng!

Sure enough, just after entering the corridor, Xiao Feng could clearly hear the footsteps of the changing guards.

"A bunch of idiots, just with your cultivation base, how could you find Lao Tzu's trace?"

"If I hadn't been worried about scaring the snake, I would have come in directly."

"If you want to come to this base camp, no one can stop Lao Tzu."

Xiao Feng was complacent, and he continued to tiptoe inside.

The body was as light as a swallow, and it landed silently.

Soon he came to the secret room at the end of the corridor.

Xiao Feng pressed his ear tightly to the stone door, listening carefully to the movement inside, and could vaguely feel the sound of the breath.

Levi Garrison is obviously in retreat, and it seems that he is at a critical stage.

To reach the realm of Xiao Feng's cultivation, one can basically judge the practitioner's cultivation state through the rhythm of the breath.

"Keep your breath, you have to wait until the breath flows faster before you start."

As we all know, those who retreat are in a state of absolute devotion when practicing, and their breath must be faster and faster with the exercise.

If you are attacked during this time period, it is the easiest to go into trouble.

Because of this, people in retreat usually need to protect the Dharma, and they should not be disturbed at critical moments.

Xiao Feng waited for another half an hour, and the air flow inside became more and more still.

"it's time."

Xiao Feng gently pushed the stone gate, and after pushing out a gap that barely passed through the human body, he dodged and floated in like a ghost.

Swish!

Xiao Feng entered the secret room and found that Levi Garrison was suspended in mid-air.

With Levi Garrison's body as the center, a huge energy vortex has already formed.

The aura of the world around him is rushing into Levi Garrison's body frantically.

And Levi Garrison himself also closed his eyes, completely immersed in the mysterious state of cultivation, and obviously did not find anyone coming in.

"What a godsend!"

The corner of Xiao Feng's mouth rose slightly, and he slowly approached Levi Garrison.

One step, two steps, three steps...

Finally Xiao Feng came to a position about two or three meters away from Levi Garrison.

"Dare to stop me from being with Qianqiu, you will die for me!"

Xiao Feng suddenly exuded a chilling murderous aura, and stabbed Levi Garrison in the back of his heart.
