

The Return of the God of War [The Protector]

Chapter 3860

Inside the base camp.

If you just learned that the alliance of the three-way forces dealt with the base camp, everyone felt nervous and fearful.

Then when they knew that Levi Garrison was seriously injured in the assassination, everyone felt that their mentality was on the verge of collapse.

In the eyes of everyone, Levi Garrison is the invincible god of war.

Now that the God of War is on the verge of dying, and facing three powerful enemies, there is almost no chance of defeating the opponent.

There is information coming back almost all the time from the periphery. It is said that the powerhouses of the three forces have gathered in a large area.

"The three forces have formed an encirclement of the base camp. Even if they want to break through, there is no possibility of breaking through. How should this be done?"

"What's so scary, the big deal is death!"

"It's easy to say, Qianqiu's sects are notorious for being brutal, and I'm afraid that they will make your life worse than death."

"It is said that Yufeng Tiansi and the top ten Tianjiao have been tortured so badly, hey!"

Sighs came and went.

Many base camp members were restless, like ants on a hot pan.

The crowd was completely panicked.

Zoey Lopez, Azure Dragon and others also tried to soothe their emotions.

Not only did it not have any positive effect, but it made everyone more anxious.

Of course, this doesn't blame everyone for being too glass-hearted, even Zoey Lopez and others have no heart.

Coupled with worrying about Levi Garrison's body, Zoey Lopez was barely supporting by willpower.

Almost everyone understands that it is only a matter of time before the base camp is destroyed.

During this period, many people also went to visit Levi Garrison.

The conclusion is that although Levi Garrison still has a life left, the poison of the gods in his body is attacking more and more frequently.

With each attack, Levi Garrison's physical condition dropped by one point, and until today, Levi Garrison is almost hanging on with only one breath left.

In this way, there are still many masters who use their strengths to force their poisons, and they can barely maintain it by taking a panacea for Levi Garrison.

"Why is the boss's situation so serious? What should I do next?"

Azure Dragon, who is known for his calmness, panicked.

He was not worried about the final death, but simply worried about the safety of Levi Garrison and other personnel.

Especially Levilia and Zoey Lopez, they are all Levi Garrison's close relatives, so there can be no problem in any case.

"Is there any other way, all the panaceas that can be used have been used, but the situation of the boss is not getting better."

Phoenix also lamented again and again.

"If the three-way coalition forces attack, I will fight to the death to escort the boss and the others to escape."

Xuanwu urn said in a loud voice.

Although the words were very powerful, they did not inspire the fighting spirit of others.

Although he was unwilling, he had to admit that he was facing the three-way coalition, especially when there were more than ten great experts from the two major Kunlun Ruins sects.

Under such circumstances, it is as difficult as going to the sky to fight for a bloody path!

"Who do you think the assassin is?"

Zhu Que turned and asked.

"The high probability should be the powers of Kunlun Ruins, otherwise it would be impossible to break through the layers of defense silently."

Azure Dragon said sharply.

Others agreed.

However, they saw Phoenix thoughtful, and immediately asked, "Phoenix, did you notice something?"

"Yeah, it's this time, what else is there to avoid?"

"Just say it directly to anyone who doubts it."

The crowd urged.

Phoenix sighed and said in a deep voice, "As far as I know, on the night the boss was assassinated, the person in charge of the guard outside the secret room was Xiao Feng."

"How to arrange the guard posts, Xiao Feng knows very well. If he does it, he will definitely hide it."

"Don't forget that for the sake of Gong Qianqiu, he also did something to us and Jinye."

As soon as this statement came out, everyone present fell silent for a moment.

"One more thing, don't forget, the poison of Shenyun is only available to the Sitan Medical Supervisor of Zhenmo."

"And the bone master Qianqiu taught, once had a deep relationship with the Heavenly Medical Supervisor."

Phoenix continued.

The scene was dead silent, and the needle drop could be heard.

Azure Dragon and the others looked at each other in dismay, and they all saw inconceivable in each other's eyes.

After a long time, Azure Dragon said slowly: "Phoenix, this possibility does not exist, right? The boss is Xiao Feng's master after all."

"I usually treat Xiao Feng well, and it can even be said that he is treated as a relative. Of course, he can do something to us for women."

"But for the boss, this affection, why should Xiao Feng take care of it?"

Azure Dragon and several people expressed their opinions one after another. After all, compared with them, the relationship between Levi Garrison and Xiao Feng was there.

Even if he likes Gong Qianqiu again, he will not turn against his master who treats him like a father and brother, right?

"And when the boss was injured, there was no flaw in Xiao Feng's performance!"

Kirin said solemnly.

Phoenix rubbed her swollen temples, she did suspect that Xiao Feng did this.

But what Azure Dragon and others said also made sense.

"I wish I thought more!"

Phoenix muttered to himself.

Immediately, as if something suddenly occurred to him, he hurriedly added: "In the future, whenever Xiao Feng is in charge of the guard arrangement, we will set up additional sentries."

"Agree!" Azure Dragon agreed.

Xiao Feng is now in a state of regret and guilt.

Especially in the face of the panic among the members of the base camp, his mood is even more complicated.

Now Levi Garrison is only hanging on for half a breath. Once the three-party coalition forces attack, the entire base camp will not escape the fate of destruction.

But at the end of the day, he was the initiator of the whole thing.

"If I didn't assassinate Levi Garrison, the base camp might still have a chance."

Xiao Feng felt that it was very possible. After all, Levi Garrison did not create miracles in the past.

Mistress Zoey Lopez's haggard face, Levilia's sadness and dissatisfaction with tears, Phoenix and others' sad state, etc...

This scene flashed through my mind like a movie.

If it weren't for this assassination, everyone would be more than that.

"Am I really doing something wrong?"

Xiao Feng asked himself.

"No, no, I did nothing wrong. For the sake of being with the people I love, what is wrong?"

"If you want to blame it, blame Levi Garrison for listening to slander because he doesn't know people well. It's his own fault for this fate."

Xiao Feng felt that in order to stay with Gong Qianqiu, he had to do this again.

"Levi Garrison, Levi Garrison, why didn't you die on the spot?"

"If I were killed on the spot during the assassination, I wouldn't feel so guilty."

"Hurry up and die! It's painful to continue living like this."

Xiao Feng cursed fiercely in his heart.

If someone was beside him at this time, he would definitely find that Xiao Feng's eyes were full of purple-black demonic aura.

"Do you want to make up for the knife and completely end Levi Garrison's life?"

Xiao Feng was taken aback by this thought.

From a distance, I watched many people walk into the bedroom full of hope to visit Levi Garrison, and came out disappointed after a long time.

Xiao Feng's heart was also mixed, so he decided to visit Levi Garrison.

In fact, Xiao Feng was a little afraid to visit Levi Garrison from the bottom of his heart during this time.

He was even worried that Levi Garrison would wake up completely and find any clues to identify him.

After all, in Xiao Feng's view, Levi Garrison is far more sensitive to the problem than anyone else.

"If there is any flaw in the process of speaking, then I will die without a burial."

Thinking of this, Xiao Feng stopped.

He suddenly felt a little regretful that he went to see Levi Garrison.

"Senior Brother Xiao Feng?"

Just as Xiao Feng was about to turn around and leave, a slightly immature voice sounded.
