

The Return of the God of War [The Protector]

Chapter 3877

The cultivator's early warning of the crisis continued to become stronger, and Xie Huanyu suddenly had a bad premonition in his heart.

A slightly stagnant figure is nothing to ordinary people, but for a powerhouse of the same level, life and death can be decided in an instant.

Terrifying energy fluctuations came suddenly.

"not good!"

Xie Huanyu didn't have time to think about it, and directly operated the body-protecting exercises.

Layers of thick energy shields burst out, as if several thick armors had been put on Xie Huanyu.

boom!

The palm of the hand carried the fierce palm wind and smashed it firmly on Xie Huanyu's back energy shield.

Clap clap!

The energy shield cracked open in an instant, like a spreading spider web.

With the subsequent strong impact, several energy shields shattered.

Xie Huanyu was finally unable to stand still, and was directly shaken by the powerful force, and he leaped more than ten feet away before he could stop his body.

"hateful!"

Xie Huanyu wiped the blood on the corner of his mouth and cursed.

He was shocked by the sneak attack just now.

Although it is not a particularly serious internal injury, the blood in the body is also agitated.

"You bastard monkeys, this seat will blow your bones to ashes today."

Xie Huanyu was burning with anger, the veins on his forehead jumped, and he was injured by a martial artist in the secular world. If this were to spread out, what face would he have to stand in the Kunlun Ruins?

"Nan Yan be careful, this guy is crazy."

Wen Lei reminded with a solemn expression.

It was Zhou Nanyan who attacked just now. As soon as she killed several elite disciples of the Suppression Magic Division, she found that Xie Huanyu had an opportunity.

"Don't worry, it's okay, if I knew that his skin was so thick, I should have added a little more power just now."

Zhou Nanyan was a little remorseful, thinking that Xie Huanyu would be severely injured by the sneak attack, but he never thought that he was only slightly injured.

"Dare to hurt my young master, you are courting death!"

One of them, Tianjiao of the Sky Sect, felt that his chance to express himself had come.

This Tianjiao launched a frantic attack on Zhou Nanyan.

"It's you who are looking for death!"

Zhou Nanyan raised her eyebrows slightly, and her whole person released a fierce fighting spirit.

Bang bang bang!

The figures of the two flickered, and at the beginning of the period, they could barely see the moves, and then there was the sound of heavy and dull beating.

"Your opponent is me!"

Seeing that Wen Lei wanted to help, Xie Huanyu attacked again.

This time, Xie Huanyu seemed to be going crazy, not giving Wen Lei any chance to breathe.

Fortunately, Wen Lei's strength has been qualitatively improved after several super spiritual veins to quench her body, otherwise she would not be able to withstand such an offensive.

But as time passed, Xie Huanyu discovered that Wen Lei was like a ball of cotton, no matter how hard you exerted, she could always be resolved by her.

The feeling of having endless energy but no strength point really made him extremely depressed.

"hateful!"

"Lowly monkey!"

"This work will smash your corpse into thousands of pieces!"

Xie Huan gradually began to lose control of his emotions, and even had a tendency to develop into a strong mouth king.

However, the more anxious Xie Huanyu became, the less able it was to really hurt Wen Lei.

On the contrary, the situation of absolute repression gradually changed into a position of equals, and in the end Wen Lei had the upper hand.

"Young master is about to lose his mind, it's impossible to continue like this."

Xie Yunzong saw the change in Xie Huanyu, because in this state of mind, he could not exert his real combat power at all.

It is even very likely that the opponent will seize the opportunity to be seriously injured.

“Hurry up and help the young master out of trouble...”

Xie Yunzong’s words came to an abrupt end, because he found that the other Tianjiao of the Cang Qiong faction had fallen into a hard fight.

Especially Tianjiao, who was fighting with Zhou Nanyan, was completely suppressed.

“How could this be? How could Levi Garrison’s subordinates suddenly appear so many masters?”

Xie Yunzong was puzzled.

With this development going on, it is only a matter of time before the subordinate who fought against Zhou Nanyan was seriously injured or even killed.

The others were not much better either, they were entangled, not to mention, and even two of them had received internal injuries.

“This is not possible, we must get out of the battle situation as soon as possible, otherwise there is a possibility that the entire army will be destroyed!”

“Now is the time to be distracted, old man, watch the fist!”

The icy voice of the Fire Cloud Evil God rang out from behind him.

Xie Yunzong’s heart froze, and the acute crisis warning suddenly became strong. He knew that it was too late to avoid it at this moment.

Busy running the body protection exercises.

In an instant, a violent force came from the back, and the energy shield that had just condensed was shattered several layers.

Xie Yunzong rushed out, and the blood in his body was agitated, but fortunately he tried to suppress it, so he didn't vomit blood.

"hateful!"

Xie Yunzong was so angry that his facial features were a little distorted, and he wished to smash the Huoyun Evil God to ashes.

However, reason told him that it is not suitable to stay here for a long time, not to mention that Levi Garrison's "heavenly soldiers" are difficult to deal with.

If the time drags on, Qianqiu Sect and Taixu Shenzong will definitely kill them when they hear the news.

"Young Master, the situation is not good, hurry up!"

Xie Yunzong reminded loudly.

However, Xie Yunzong didn't remind him that it was okay, so the reminder directly caused the other Tianjiao's expressions to stagnate, and they were directly hit by the opponent.

Pfft!

Pfft!

The two were killed on the spot.

The other three were seriously injured.

Even Xie Huanyu was hit with three palms in a row, blood spilled from the corners of his mouth, and his face was extremely pale.

“Walk!”

Xie Huanyu also realized that the situation was not good, and the strength of Levi Garrison’s subordinates was far beyond imagination.

Tian Si’s face was also extremely ugly, and at the beginning of the period, Xiao Feng could still be suppressed with all his strength.

But suddenly Ning Jinye and others joined the battle group, which directly put him into a hard fight.

It is impossible to win, and even suffered some internal injuries.

Xie Huanyu and Xie Yunzong fought with all their might, directly smashed a bloody path, and fled with Tiansi and three Tianjiao in a hurry.

Two corpses of Tianjiao Tianjiao were left behind.

“Don’t chase after the poor!”

After all, the situation is unclear now, and the people of Qianqiu Sect and Taixu Shenzong are still missing.

In fact, Wen Lei and others are not easy, even if Xie Huanyu and others are repelled, but they also consume a lot, and some people suffer from internal injuries and need to be recuperated urgently.

the other side.

Qianqiu also got the message.

“What? The Town Demon Division launched an attack so long in advance?”

Gong Qianqiu's face was full of surprise.

Since Tiansi and the others are the absolute core of their actions, Qianqiu Jiao was buried in the eyeliner of Zhen Mosi without realizing it.

"No, they should be thinking of quickly solving the battle, and then robbing the treasures controlled by Levi Garrison's base camp."

Xue Pengzhan said solemnly.

Others agree with this inference.

"Never let them succeed."

Gong Qianqiu said coldly.

"I'm afraid it's too late to rush over now. With their strength, they really want to launch a general attack. Levi Garrison's useless men can't bear it at all."

However, before Xuan Ming could finish his words, someone outside came to report.

"Reporting to the sect master, Levi Garrison's base camp was suddenly supported by many masters, and the Tiansi and the strong men of the Cangqiong faction fled with heavy casualties."

A stone stirred up a thousand waves.

Everyone present was shocked.

"how can that be?"

"Where did they come from? Can they beat Xie Huanyu and the others with heavy casualties?"

"It's really incredible."

Gong Qianqiu pondered for a moment, and finally said: "No matter where they come from, it should be the end of the shot at this moment, and our great opportunity has come."

Everyone was stunned for a while, and then they realized the meaning of this sentence.

“So we are attacking the base camp now, just to take advantage of the fisherman.”

Xuan Ming smiled happily.

Gong Qianqiu nodded and said: “Go on, attack Levi Garrison’s base camp across the board, and annihilate together with the Suppressing Demon Division.”

The Return of the God of War [The Protector] Chapter 3879

Inside the base camp.

Everyone is cleaning the battlefield, watching the elites of the town magic division who are either mourning or dying.

In particular, there were also two corpses of the Sky Sect powerhouses, and everyone present was shocked.

Zoey Lopez also looked at Wen Lei, Zhou Nanyan and others in amazement, with too many doubts in his heart, but for a while he didn’t know where to start asking.

“How did Wen Lei and the others do it? This kind of combat power is incredible!”

Zoey Lopez suddenly recalled the scene when he saw Levilia returning to the base camp with a face full of ease.

She remembered that she had persuaded her daughter to flee as soon as possible to avoid being killed.

But Levilia said that there was no chance of a turnaround, and in turn persuaded himself not to worry too much.

"You must know something!"

Zoey Lopez is very sure that her daughter will not be unpredictable. Since she is acting like that, it must be the information she learned in advance.

Besides, considering the state of the base camp members some time ago, if they had known that there was such a powerful reinforcement, they would have been overjoyed.

It's easy for one or two people to act, but if all the actors are acting and no flaws are found, it will be difficult.

"After the battle is over, you must ask Levilia to clarify."

Zoey Lopez made up his mind secretly.

"Nan Yan and Wen Lei's strengths are too terrifying!"

"I didn't show the mountains and waters before, and I didn't think that a king bomb would come directly as soon as I made a move."

"Isn't it, especially even Jinye's cultivation base is so strong, it's like a different person from before!"

"We've all been left far behind."

Phoenix and the others talked a lot, and they thought it was incredible.

I thought that the entire army would be destroyed in this battle, but I never thought that the reinforcements from the sky would come to a desperate turnaround.

"Wen Lei and Nan Yan are both the boss's basic exercises. It seems that the progress in the early stage is slow, but the upper limit is extremely high!"

"Back then, the boss also suggested that I practice basic exercises, but I was eager for success at the time, so I practiced Levilia's exercises."

"I really regret it!"

Phoenix said with some regret.

Azure Dragon and others also felt the same, regretting that they had listened to Levi Garrison's advice, otherwise they would be even more helpful in times of crisis today.

The one who was most shocked was Xiao Feng.

He originally imagined that he would become the most beloved pillar under Levi Garrison in one fell swoop by virtue of this battle.

However, Yu Tiansi was pressed and beaten almost all the way in the battle. If someone didn't help him later, he might even have died.

The key point is that the most ironic thing for him is that it is Ning Jinye who came to help.

The person who was beaten down by himself for slandering Gong Qianqiu.

Especially after seeing the strength of Ning Jinye, Xiao Feng felt even more ashamed.

"How did Ning Jinye grow to such a state in just a few days?"

Xiao Feng was perplexed. The last conflict Ning Jinye was not one of his own, but now he is a little stronger than himself.

Recalling that some time ago, Ning Jinye and the 80 students he led went out one after another, and Xiao Feng felt that there was a big problem.

"Don't they go out for so-called missions, but for secret training?"

Thinking of this, Xiao Feng felt more and more that this possibility existed.

Especially during that time, Wen Lei and others also disappeared, and even Master Levi Garrison left occasionally.

Even Zoey Lopez and others didn't know where he was going.

"It must be Levi Garrison who gave them a secret special training."

"Otherwise, these people will never be able to improve so fast."

"Before I lost money, I thought of him as a master, and I didn't think of Laozi at all during the special training."

"Damn! It's terrible!"

The more Xiao Feng thought about it, the more angry he became.

Especially thinking of the plan to become famous in battle before, but now Wen Lei and others have become the saviors of the base camp.

Everyone looked at them with gratitude and admiration.

"These should all belong to me."

"It's all to blame Levi Garrison for opening a small stove for others behind my back."

"I knew I had a chance not long ago and I would make up for it."

Xiao Feng's chest was full of anger, and his fist was clenched until it creaked.

"It was these people who stole the glory that belonged to Lao Tzu."

"You all wait for Lao Tzu, and one day, all of you will regret ignoring Lao Tzu."

Xiao Feng roared in his heart, if anyone was beside him, he would find that his eyes were once again occupied by purple and black.

It looks so weird!

the other side.

Inside the Qianqiu Church General Altar.

Gong Qianqiu only issued the order, but Xuan Ming blocked it one step ahead.

"Master Gong, don't you have an old acquaintance by Levi Garrison's side! You can completely understand the situation through him before making a decision."

"After all, the fact that the Vault Sect was repelled is really incredible."

"Since we want to eliminate them, it is still very necessary to know ourselves and our enemies."

Gong Qianqiu's eyes narrowed slightly, and he felt that Xuan Ming's words were very reasonable.

"You are right. Knowing yourself and knowing your enemy will not end in a hundred battles. I will contact Xiao Feng to find out."

After speaking, Gong Qianqiu quickly took out the communication tool to contact Xiao Feng.

And Xiao Feng was originally depressed, and Gong Qianqiu took the initiative to contact him, which comforted him.

"Xiao Feng, how are you doing now? Tiansi actually took action against you in advance."

"It's all my fault that my level is too low, and I didn't get the information as soon as possible, otherwise you would be able to make defensive arrangements in advance."

Gong Qianqiu was the first to express concern and guilt.

"Qianqiu, I'm fine!"

Xiao Feng really used it very much, and in turn comforted Gong Qianqiu: "Qianqiu, don't blame yourself, how can you blame you?"

"This time, it's the masters of Tiansi and the Cang Qiong faction, and even those elites of the Demon Suppression Division are absolutely confidants."

"With your status in the Town Demon Division, it's impossible to get information."

Gong Qianqiu continued to ask: "Well, I can rest assured that you have nothing to do. By the way, are the casualties on your side serious?"

"If I didn't want to find out more information for you, I would like to rush over to help now."

"No, it's too dangerous here."

Xiao Feng blocked it directly, and was afraid that Gong Qianqiu would think too much, and continued to explain:

"You don't come here now, the strong men of Qianqiu Sect and Taixu Shenzong still don't know when they will attack!"

"The strength of those people is too terrifying. You can't help you here. I have to be distracted to protect you."

"As for the serious casualties, even Wen Lei and the others should have suffered internal injuries. Now they are meditating on the spot!"

Then Xiao Feng explained in detail what he had learned, especially the doubts about Wen Lei and others' rapid improvement in cultivation.

All the details were told to Gong Qianqiu.

"So the master's situation has not improved in the slightest?" Gong Qianqiu asked tentatively in a concerned tone.

Xiao Feng nodded and said, "Yes, it's a bit more serious than the previous two days. I guess I won't survive for a few days."

"If it weren't for this, I would have already shot to make up for the knife. Who told him to shoot you when he didn't know anyone?"

Gong Qianqiu of course knew that Xiao Feng was taking credit, and immediately praised him very cooperatively.

In particular, he also expressed the meaning of wanting to stay with Xiao Feng, which made Xiao Feng fluttering.

"Then let's do this first, I will continue to help you explore the information of the Zhenmo Division, let's not talk about it!"

Gong Qianqiu cut off contact without waiting for Xiao Feng to respond.

"how is the situation?"

Xuan Ming hurriedly stepped forward and asked.

Gong Qianqiu directly explained the general situation.

Everyone present was shocked and puzzled, especially when Wen Lei and others suddenly increased their combat power, they couldn't understand it.

"Wen Lei's combat power is a mystery, so they can't act rashly. To be safe, let's go and ask the Three Holy Sons!"

Gong Qianqiu suggested.
