

The Return of the God of War [The Protector]

Chapter 3905

Levi Garrison stepped back several dozen feet in a row, and then he felt the resistance.

And he can clearly feel that this force is several times stronger than when it came in.

“Is it easy to come in and hard to leave?”

Levi Garrison released his strength to fight against it, and sure enough, the strength expended also increased several times before it was enough to break through the barrier.

Boom!

The sound of energy banging constantly came from the void.

Levi Garrison felt that he had broken through dozens of strength obstacles, and his body finally became very relaxed.

Swish!

Levi Garrison finally retreated, and the surrounding environment changed again, still an endless desert.

“It’s amazing!”

Levi Garrison was full of emotion, and at the same time, he also had a rough guess.

To enter the Kunlun Ruins, the powerhouses of the secular world must reach the threshold strength, but once they enter it, they cannot immediately retreat.

Unless you want your own cultivation realm to far exceed the threshold strength, you will not be able to come and go freely.

Of course, this also explains why Tiansi and Xuanming disappeared for so many years before returning to the mundane world.

I am afraid that the two of them only reached the minimum strength standard to enter the Tianmen at that time, and it is impossible to figure it out immediately.

After years of practice, it can be considered that the strength requirements are met. After all, the strength when it comes out is several times stronger than that when it goes in.

"Mr. Ye, why did you disappear just now?"

the people asked.

They saw Levi Garrison approaching the sand dunes just now, but they disappeared in place in an instant, which made him panic.

Levi Garrison did not explain too much, and said solemnly: "Mark this seat clearly, I have important arrangements."

"Don't worry, Mr. Ye, I have already marked it from multiple detection tools. When other people want to come, they can just follow the markings to find them."

Levi Garrison nodded with satisfaction. Although he didn't enter the bronze door to investigate just now, he just needed to determine this position.

At that time, confidants will be arranged to hide and monitor nearby. As long as someone comes out of this area, a warning signal will be sent to the base camp members immediately.

In this way, it is possible to evacuate in advance, so that the Taixu Shenzong or the Sky Sect powerhouses can rush into the air and ensure the safety of their own personnel to the greatest extent.

Of course, this is in the case of going out to quench the body.

"I will kill Kunlun Ruins after all the members have improved their strength."

"Gong Qianqiu, wait for Lao Tzu and let you live for a few more days."

Levi Garrison said coldly in his heart.

In the Taixu Shenzong.

After five days of recuperation, the three saints and others recovered from their internal injuries.

In particular, Gong Qianqiu secretly runs the Devouring Cultivation Technique. Since the concentration of spiritual energy in the Kunlun Ruins is far beyond that of the mundane world, her cultivation is more advanced.

The three saints also adjusted their mentality and began to introduce other saints to Gong Qianqiu.

"This is the Fourth Holy Son. He is good at poison art. Like the poison of Shenmue before, it can't get into his eyes at all."

The three saints introduced to a middle-aged man who looked like he was withered.

"Four Holy Sons are good."

Gong Qianqiu greeted respectfully.

The Fourth Holy Son hummed, and began to fiddle with the surrounding bottles, apparently preparing poison.

"Let's go, the Fourth Holy Son is addicted to the configuration of poison, let's not disturb him."

The Three Holy Sons greeted everyone to leave.

When they were about to go out, the hoarse voice of the Four Saints came: "Remember to remind them to take Bingqing Dan, otherwise the seven orifices will bleed and die in half an hour."

"it is good!"

While talking, the three saints had already taken out a small porcelain bottle and distributed the purple pills to Gong Qianqiu and others.

Gong Qianqiu didn't think much about it, he took the pill directly, and his head that was still cloudy just now became a lot more awake.

After leaving this seemingly dilapidated wooden house.

The three saints said slowly: "The four saints refine poison all year round, and the toxins left in the wooden house are enough to poison the masters to death."

"What is the use of the Bing Qing Dan just now?"

Duguxiao asked with lingering fears.

The Third Holy Son explained: "The Bing Qing Pill also came from the hands of the Fourth Holy Son. For the poison he refined, it belongs to the Universal Antidote Pill."

"Of course I'm referring to these residual toxins. If he is poisoned by other means, even if he takes Bingqingdan, he can only delay death at most."

"I see!"

Duguxiao swallowed his saliva, thinking that these holy sons of Taixu Shenzong are all wonderful.

For example, the three saints cultivate ruthless swordsmanship and cut off the corpse, which is comparable to the chief eunuch in ancient times.

The Second Holy Son likes to study the formation method, and he can't hold back a fart for a long time, and he cherishes words like gold.

The Fourth Holy Son likes to refine poison and poison art, and even poisons his own people if he disagrees with each other.

The Fifth and Sixth Sons love to refine weapons, and more than half of the weapons of the Taixu Shenzong come from their hands.

It's just that one of them is deaf and the other is mute.

The two of them can not only refine weapons, but also maintain them.

Just like the weapons of the Taixu Shenzong, these two people are responsible for warming and nourishing in the sacred veins.

Weapons will increase faster...

Use the standard in the shortest time!

The Seven Holy Sons are the youngest but the most talented. It is said that they are among the top three in strength among the Seven Great Holy Sons, and there is a faint trend of catching up with the No. 1.

Because the Seven Holy Sons have the ability to manipulate the spiritual veins.

When fighting, it can directly integrate with the spiritual veins, and it is the fastest to strengthen itself.

It can also be the first to discover the spiritual veins.

He discovered all the large-scale spiritual veins of the Taixu Shenzong in the past ten years.

It's just that he has traveled south and north for a long time, and there are very few opportunities in the Taixu Shenzong.

While exercising and strengthening himself outside, he was looking for more resources for Taixu Shenzong.

"There is only one of the seven great saints. I haven't seen it, and I don't know what kind of person?"

Gong Qianqiu was a little irritable, and the six holy children, including the three holy children, were almost not interested in her.

The only powerful Seven Holy Sons is not in the Taixu Shenzong...

"It's really a bunch of elm knots, this sect master's all-round charm, is it going to smash the halberd and sink into the sand in the Taixu Shenzong?"

Gong Qianqiu was a little depressed, of course, more angry, and involuntarily complained about a strange thing.

However, at this moment, I heard the three holy sons suddenly say solemnly: "Qianqiu, before meeting the first holy son, let me introduce him to you."

"I also ask the Three Holy Sons to give me some advice."

Gong Qianqiu could feel the emotional changes of the three saints, and suddenly there was a bad premonition in his heart.

You must know that when meeting the other saints, the three saints were not particularly cautious, but at this moment they were clearly nervous.

Could it be that the Great Holy Son is not easy to get along with?

Referring to other saints, I am afraid that the aura of the first saint is too powerful.

The three saints pondered for a long time before slowly saying: "The first saint is the strongest among us, and he is also the proud disciple of the sect master.

"And the matter of the Great Holy Son as the future successor of the Taixu Shenzong is almost a certainty."

"As expected of the Great Holy Son!"

Miya Chiaki said with emotion.

This is definitely the best thigh candidate!

"Three Holy Sons, is there anything special about the First Holy Son?"

Duguxiao couldn't help but ask.

The Three Holy Sons did not respond directly, and seemed to be looking for appropriate words to describe.

"The Great Holy Son is actually very easy to get along with! Hidden knife in the ridiculous! I will kill you with a smile! You don't know the reason?"

"It's like I took you there, and he killed a few of you for no reason! If he doesn't like it, he will kill you!"

"But... the kendo of the Great Holy Son is completely opposite to me! I am the ruthless kendo, he is the kendo of the seven emotions and six desires! He likes female s*x the most! He has hundreds of women!"

The three saints looked at Gong Qianqiu: "You have to be careful, the first saint may like you when he sees you! You may be in danger!"
