

The Return of the God of War [The Protector]

Chapter 3921

The Great Holy Son sneered at the ruthless kendo, and then changed the topic and continued: "This seat is practicing the kendo of seven emotions and six desires."

"Seven Emotions and Six Desires Kendo?"

Miya Chiaki pretended to hear it for the first time.

The Great Holy Son stood with his hands behind his back, as if he were a master.

"Seven emotions and six desires are the nature of human beings, and this seat is the true superior swordsman when entering the Tao with seven emotions and six desires."

Seeing that Gong Qianqiu was still suspicious, the great saint said with a smile: "Come and have two moves with this seat, so that you can experience the swordsmanship of seven emotions and six desires."

"Okay, that Great Holy Son, Qianqiu has offended!"

Gong Qianqiu made a move, but saw that the Great Holy Son did not hide at all, but he did not know when there was a bamboo sword in his hand.

With a gentle wave, the surrounding things seemed to change in an instant, and the Great Holy Son disappeared without knowing when.

Then Gong Qianqiu saw many people kneeling on the ground in front of him, vaguely worshipping him, one of them was Levi Garrison.

Gong Qianqiu suddenly felt happy, and the corners of his mouth rose slightly involuntarily, revealing a charming smile.

"Something's wrong, how could Levi Garrison appear in front of you? It's even more impossible to bow down to yourself!"

Gong Qianqiu's heart froze, and the scene in front of him disappeared instantly, but there was already a bamboo sword across his neck.

"This....."

Gong Qianqiu's forehead suddenly broke out in cold sweat. If the Great Holy Son had murderous intentions just now, he would already be in a different place.

"What happened just now?"

Gong Qianqiu swallowed hard and asked the doubts in his heart.

The Great Holy Son took back the bamboo sword and said proudly: "This is the sword intent of joy in the seven emotions, although I don't know what you saw just now, but it must be what you wished in your heart, but this moment of stunnedness came to me. Said it was enough to kill you."

Gong Qianqiu took a deep breath, no wonder he saw that scene just now, it turned out to be the rhythm of the sword intent of the Great Saint.

"What a terrible swordsmanship!"

Gong Qianqiu said with emotion.

The Great Holy Son asked with a smile, "Then do you want to learn?"

"think!"

Gong Qianqiu replied without any hesitation.

The Great Holy Son nodded and said, "If there is a woman in the kendo of the Seven Emotions and Six Desires, it will improve faster, Qianqiu, if you marry this seat, this seat will definitely teach you all."

Gong Qianqiu was shocked. She didn't think that the first son had to propose a marriage so suddenly. The original plan was to delay the time as a couple.

After the wings are full, let's talk about the Great Holy Son kicking away.

After this period of understanding, Gong Qianqiu learned that the Great Holy Son was already three wives and four concubines.

Seeing that Gong Qianqiu was a little hesitant, the great saint said quickly: "As long as you are willing, this seat will let you be a decent lady, and everyone else will be reduced to a concubine."

"Thanks to the love of the Great Holy Son, Qianqiu... Qianqiu is willing."

Gong Qianqiu pretended to be shy, which made the Great Holy Son burst into ecstasy.

In fact, Gong Qianqiu's temporary agreement is also helpless.

To be able to obtain the current cultivation resources, the Great Sage Son cannot do anything.

What's more, if you want to truly become the absolute core of the Taixu Shenzong, you have to rely on the power of the Great Holy Son, especially the latter is the heir of the sect in the future.

Gong Qianqiu could only temporarily agree.

the other side.

Xiao Feng devoured the energy of the two divine veins again, and his strength increased rapidly.

"It's time to go to Kunlun Ruins."

Xiao Feng made up his mind and directly contacted the Cang Qiong faction in the name of Levi Garrison's apprentice.

In fact, after Levi Garrison ordered it, the core of the five major sects that escaped was already at any time near Tianmen.

They also knew that Levi Garrison planned to seek revenge from Taixu Shenzong.

It just didn't occur to me that Xiao Feng was the first to contact them.

"Xie Huanyu, didn't you think we would meet again?" Xiao Feng said jokingly.

Although Xie Huanyu was extremely angry in his heart, his father could only endure his anger with all his might and let Xiao Feng tease him.

"Master sent me to investigate the situation first, you lead the way ahead!"

Xiao Feng said proudly.

Xie Huanyu did not dare to ask too much, for fear of offending the first disciple of Levi Garrison and causing his father to die unexpectedly.

In his opinion, Levi Garrison can even forgive Xiao Feng for such a big mistake, and he must value him very much, which probably represents Levi Garrison's attitude.

With Xie Huanyu leading the way, Xiao Feng quickly entered the Kunlun Ruins.

Feeling the pure spiritual energy under the rain, Xiao Feng was very excited.

Xiao Feng was even more excited when he saw the super spiritual veins that had been abandoned.

"This time I can swallow enough, and the cultivation base will definitely improve more."

After making up his mind, Xiao Feng said solemnly, "Take me to the Cang Qiong School first, and prepare some treasures for Lao Tzu."

"it is good!"

Xie Huanyu almost vomited blood from anger, but he really didn't dare to offend.

The two came to the main altar of the Cang Qiong School, and Xiao Feng was treated as a guest, which was called a majestic one.

However, no one knew that Xiao Feng came with Levi Garrison behind his back.

He came to Kunlun Ruins for two purposes, one of which was naturally to inquire about Gong Qianqiu's information.

The second is that for the cultivation resources of the five major sects, Xiao Feng still wants to continue his crazy cultivation.

Reach the super-strong state at the fastest speed, so that you have the confidence to seek revenge for Gong Qianqiu.

With the blessing of Levi Garrison's first apprentice, Xiao Feng can be said to be rampant in the Cang Qiong faction.

Even if Xie Huanyu, the core carrier of the Cang Qiong faction, was dissatisfied, they dared not speak out.

This time, the five sects coalition forces dealt with Levi Garrison, the Cang Qiong faction can be said to be the best, but the casualties are serious.

If the Sect Master Xie Zhongmou was killed because of offending Xiao Feng, then the Cang Qiong Sect would have no hope of making a comeback.

Therefore, as long as it is within their ability, they will unconditionally satisfy all Xiao Feng's requirements.

The treasures of heaven and earth that have been accumulated for many years have also been donated, which makes Xiao Feng's extreme devouring exercises even more useful.

Coupled with the divine vein possessed by the Cang Qiong Sect itself, Xiao Feng's cultivation realm has been greatly improved.

"As expected of the Kunlun Ruins, the spiritual energy is much purer than the outside world."

Xiao Feng also wandered around while practicing.

In particular, seeing what was called a super spiritual vein in the secular world was abandoned in Kunlun Ruins, I was even more shocked.

Xiao Feng even firmly believed that as long as he stayed in the Kunlun Ruins for a while, his strength would definitely change qualitatively.

Walking on the bluestone road, there are many ancient temples around, and even some people passing by are powerful monks.

"I don't know how Gong Qianqiu is now? What kind of person is that Great Holy Son?"

The hatred in Xiao Feng's heart continued to rise.

Although he has no illusions about Gong Qianqiu, the latter once belonged to him after all, but now he has embraced others.

This still made Xiao Feng very unhappy.

"After practicing for a while, go to Taixu Shenzong to investigate."

Xiao Feng made up his mind and went back to the Vault of Heaven to devour frantically.

base camp.

Phoenix and others also discovered that Xiao Feng was gone, and immediately told Levi Garrison the information.

"Boss, Xiao Feng has been cultivating frantically during this time, and occasionally we can hear her muttering about revenge or something."

"Will he go to Gong Qianqiu himself to take revenge?"

"Yes, boss, should we send someone to look for it? With his current strength, it is impossible for him to be stupid if he wants to take revenge!"

Azure Dragon (Qinglong) and others said.

Although they were very angry about Xiao Feng's previous mistakes, everyone also understood that Xiao Feng was mainly attracted by his inner demon.

Therefore, if Xiao Fengzhen encounters any danger, everyone is still a little unbearable.

Levi Garrison sighed softly, Xiao Feng's almost paranoid character became more obvious after being hit by Gong Qianqiu.
