The members of the Star Moon Sect did not hide their fiery gazes. For them, these treasures of heaven and earth represented a higher realm of cultivation.

Now that there is no threat from the beasts in the forbidden land, Levi Garrison is just a scumbag who has never seen the world, and the fat in his mouth will naturally not allow it to fly away.

Levi Garrison naturally also felt the hostility of the Heavenly Chows of the Xingyue Sect, and the corners of his mouth twitched involuntarily.

However, just when everyone was about to make a move, Murong Qingxue directly stopped her.

“Don’t act rashly, let me investigate and make plans.”

Although everyone was unwilling, they did not dare to disobey Murong Qingxue’s orders.

The saintess of the Xingyue Shenzong, speaking outside is equivalent to the sect master coming to give orders.

“I first entered the Kunlun Ruins, what are your plans next?” Murong Qingxue asked tentatively.

Levi Garrison said with a smile: “Of course, I came to the new world to expand my knowledge, and at the same time I want to gain stronger strength.”

“It’s too boring to have no rivals in the secular world.”

Murong Qingxue almost laughed out loud when she heard Levi Garrison's last sentence, which was clearly in a 'lonely seeking defeat' tone.

"This person is really interesting. The top powerhouses in the world are basically at the bottom of the Kunlun Ruins. Is he quite proud?"

"If he really saw the strength of many strong people in Kunlun Ruins, he would definitely not say such arrogant words."

Murong Qingxue had never seen anyone from the secular world, and immediately developed a strong interest in Levi Garrison.

"If Your Excellency is willing to present the collected treasures of heaven and earth, this saint will make an exception to bring you into the sect and make you a named disciple of this seat."

"It should be noted that the Xingyue Divine Sect is a super-powerful sect that dominates one side. This is a once-in-a-lifetime opportunity."

"I don't know what your opinion is?"

Murong Qingxue said proudly.

As if bringing Levi Garrison into the sect and allowing him to become a follower is a great gift.

"Not a saint, this person is mediocre in talent!"

"Yeah, Holy Maiden, if you want the treasure in his hands, just kill it."

"There is really no need to make an exception to hire, there is nothing special about this person."

All the arrogances of the Xingyue Divine Sect opposed it. In their opinion, Levi Garrison was ordinary, and he really did not deserve the special treatment promised by the Holy Maiden.

"This saint has made up her mind, do you want to disobey?"

Murong Qingxue's words instantly left everyone speechless.

"How is your consideration?" Murong Qingxue asked again.

Levi Garrison said with a smile: "I am very happy."

It is not important to him that these treasures of heaven and earth, which are regarded as rare by the Celestial Chosen of the Star Moon Sect, are not important to him.

If Levi Garrison is willing, he can go to the depths of the forbidden area to collect it, which is simply as easy as the palm of your hand.

The most urgent task now is to understand the Kunlun Ruins as much as possible, especially the depths of the Taixu Shenzong.

"It seems that the Xingyue Divine Sect is quite strong, and I just got to know them better through them."

Levi Garrison made up his mind secretly.

"Okay, from now on you will be a member of my Star Moon Sect."

Murong Qingxue said with a smile.

She is not entirely happy because Levi Garrison joined the sect, but more because she has obtained such a rich treasure without blood.

Levi Garrison folded his fists and said, "I would like to ask you for more advice in the future."

The stars of the Xingyue Divine Sect gave him a look of contempt one after another. In their opinion, Levi Garrison's performance was clearly a villain.

Murong Qingxue took over many treasures from heaven and earth, and immediately led everyone back to the sect.

Along the way, Levi Garrison also took the opportunity to learn a lot of information after passing through active small sects.

Three days later, the sect people came to a large city, and Levi Garrison found that on the pavement similar to the market, the people who came and went were exchanging something.

"They are exchanging spirit crystals for items."

Murong Qingxue's voice suddenly came.

Levi Garrison suddenly became interested, and Murong Qingxue did not hesitate to spread knowledge to Levi Garrison.

Mainly, there is a sense of superiority to show off his long knowledge to the buns!

"The common currency in the Kunlun Ruins is spirit crystals, which can be exchanged in the market for natural materials and treasures, exercises, etc."

"Although there are many spiritual veins in the Kunlun Ruins, the top spiritual veins are basically occupied by major sects."

"Ordinary small sects or loose cultivators want to obtain cultivation resources, they can only exchange for spiritual crystals through various things."

Levi Garrison suddenly realized, he carefully observed the spirit crystals circulating in the market, and they were basically red.

"The vast majority of those in circulation are spirit crystals produced by the divine veins, which only poured into the exchange place after being processed and purified."

"Of course, there are also very few top-level spiritual crystals produced by the sacred veins and dragon veins, but those are only owned by top-level sects."

While speaking, Murong Qingxue took out a purple spirit crystal, which was dazzling under the sunlight.

Levi Garrison recognized at a glance that this kind of spiritual crystal was almost the same as the original dragon vein ore used for his body quenching.

"It seems that Murong Qingxue's previous words are not completely bragging."

"Being able to take out the Dragon Vein Spirit Crystal, it seems that the strength of the Xingyue Divine Sect is quite good, at least far from the sect of the level of the Sky Sect."

Levi Garrison made a judgment in his heart.

"Xiaoye, do you know what they exchanged?"

At this moment, a star-moon god sect Tianjiao suddenly patted Levi Garrison on the shoulder and asked.

Levi Garrison looked in the direction of his fingers and saw a middle-aged man in Chinese clothes holding several chains in his hands.

On the other end of the chain, there are unkempt people tied up, and they are also well-cultivated, but at this moment they are not much better than prisoners.

"These people are slaves from the secular world. They have all been domesticated by the strong, and their edges and corners have been completely smoothed out."

"Some people have to do the dirty work of some major sects, and monkeys from the secular world are the most suitable."

"If they can satisfy their masters, maybe they can also reward some spirit crystals!"

"Xiaoye, if you look like this in the slave market, you will definitely be able to sell it for a good price."

"Don't be angry, Xiaoye, it's just a joke!"

"Hahaha!"

Xingyue Divine Sect's arrogance burst into laughter.

Even Murong Qingxue couldn't hold back, and there was an imperceptible smile on the corner of his mouth.

Levi Garrison naturally knew that they were taking the opportunity to mock him, but he didn't care in his heart.

"A group of people at the foot of the mountain laughing at the god in the cloud is ridiculous!"

Levi Garrison didn't take it seriously, and continued to actively learn about the relevant information of Kunlun Ruins.

However, Levi Garrison's reaction was timid in the eyes of the stars of the Xingyue Divine Sect.

"We will rest in this city for a few days before continuing on our way." Murong Qingxue said solemnly.

The injuries on their bodies have not yet healed, and they have obtained a lot of heaven and earth treasures, which happened to be exchanged for some top-level spiritual crystals here.

Levi Garrison naturally agreed, which was more helpful for him to understand the information of Kunlun Ruins.

"The Xingyue Shenzong and the Taixu Shenzong have a close relationship, and the overall strength of the two sects is equal to each other."

"Gong Qianqiu has developed rapidly in the Taixu Shenzong, and has become the elder of the last seat, especially with many holy sons."

"There are many sects in the Kunlun Ruins, and medium-sized sects may have dragon vein resources."

Levi Garrison was quite satisfied. He never thought that he could collect so much key information in just a few days.

However, just as Murong Qingxue was about to leave the city, she suddenly received an astonishing piece of information, and immediately gathered everyone in one place.

"According to reliable information, someone discovered a large dragon vein in Tianying Mountain, and many forces have arrived."

"Taixu Shenzong and Sun Moon Divine Fire Temple sent people to go, and we rushed over immediately."

Murong Qingxue immediately made a decision, and at the same time sent this message to the sect, asking for help.

"Little Ye, just wait here for your little strength!" Murong Qingxue said in a deep voice.

She is not worried about Levi Garrison's safety, but this competition for dragon vein resources must be a fierce battle.

At that time, Levi Garrison's strength is too poor, it is inevitable that he will be ridiculed by others, and it may even damage the face of Xingyue Shenzong.

Levi Garrison said solemnly: "It's rare to have such an opportunity to expand my horizons, I'll just follow from a distance."

"And I will perform a disguise, and I won't have anything to do with the Xingyue Divine Sect on the bright side, so I won't lose face."

Levi Garrison's reaction was so suitable for a rookie who had just entered the Kunlun Ruins.

Especially since he had said it for the sake of it, Murong Qingxue couldn't refuse it.

"Okay, then you will pay attention to your own safety. If there is a chaos, we may not have time to protect you." Murong Qingxue said in a deep voice.

Levi Garrison nodded and said: "Okay, if the situation is not good, I will hide away."

This sentence immediately caused everyone to burst into laughter, and they began to 'like' Levi Garrison, this guy is simply here to be responsible for laughing.

Levi Garrison was also slightly relieved, with the large dragon veins and Taixu Shenzong involved, he must go.

So Murong Qingxue led everyone to rush to Tianxuan Mountain at full speed. Since they were very close, they arrived at their destination in about a few hours.

Levi Garrison performed a disguise and mixed into the crowd. After all, he was not sure if the Taixu Shenzong sent an acquaintance, so as not to startle the snake.

Tianying Mountain.

The mountain towers into the sky, and the surrounding mountains are endless.

On the top of Tianying Mountain, there are ancient trees and strange rocks, and even at the foot of the mountain, the height of ordinary people is cloudy.

It's hard to imagine what a spectacle this is.

"The aura is so full!"

The Celestial Choirs of the Xingyue Divine Sect sighed with emotion.

However, Murong Qingxue frowned slightly, and said in a condensed voice, "Everyone, be careful, the opponent you meet this time is not easy."

Levi Garrison looked in the direction of Murong Qingxue's finger, and saw that many sectarian powerhouses had gathered at the foot of the mountain at this time.

"The Promise Palace!"

"Rising Cloud Sword Sect!"

"The Misty Palace!"

"Akasaka Palace!"

"These sects are comparable in strength to the Xingyue Divine Sect, so don't take the initiative to provoke them unless you have to."

Murong Qingxue seemed to be reminding everyone, but she was actually warning Levi Garrison.

Because she found that Levi Garrison had a tendency to approach those sects.

"Thank you Saintess for your advice." Levi Garrison said in a low voice.

Seeing Levi Garrison's humble and teachable appearance, the stars of the Xingyue Divine Sect felt very comfortable.

"What a monkey that has never seen the world!"

Everyone added a sentence in their hearts.

However, at this moment, a joking voice came.

"Murong Qingxue, I didn't think that you would dare to come to Tianying Mountain. It's better to meet by chance. Today, you all stay!"

As soon as the words fell, a team of about twenty people swarmed.

"The Seven Stars Religion Saint Son Mo Junyan?"

Murong Qingxue frowned, her cheeks covered with frost.

The leader was a tall and thin young man, his eyes were full of wicked banter. Seeing Murong Qingxue, he was as excited as a jackal who had found its prey.

Followed by several Seven Stars Sect elders behind him, they did not hide their contempt for Murong Qingxue and the others.

"Murong Qingxue, this dragon vein must be owned by our Seven Stars Sect, and the lives of the Holy Sons of all of you will also be taken in accordance with the order."

Mo Junyan said sullenly.

"Yo ho, did your Xingyue Divine Sect accept such weak garbage?"

"It seems that you are really hopeless. A monkey from the world is so valued."

"Murong Qingxue, otherwise, if you are willing to be the slave girl of this holy son, this holy son will show mercy and let you live, how about it?"

provocative!

Red-faced provocation!

The people of the Xingyue Divine Sect were outraged and planned to do it on the spot, but they were stopped by Murong Qingxue's voice transmission.

"Mo Junyan, don't be so quick to talk, we will see the true seal in our hands when we compete for dragon veins." Murong Qingxue said coldly.

"It's a deal, I hope your mouth can be so hard!"

After Mo Junyan finished speaking, he left with many elders of the Seven Star Sect.

Looking at the backs of the Seven Stars Sect members, the faces of the Heavenly Chows of the Xingyue Divine Sect were all very solemn.

"Holy maiden, there are four or five elders in the Seven Star Sect team. If there is a head-on conflict, we won't be able to get any advantage."

"It's not as simple as not being able to get cheap... We may even be wiped out."

"It will take some time for our reinforcements to reach Tianying Mountain. How can this be good?"

Advertisement

The Xingyue Divine Sect elites were talking a lot, and their faces were getting worse and worse.

The Seven Star Sect was the mortal enemy of the Xingyue Shenzong. They had been fighting openly and secretly for many years, and the team that Mo Junyan brought this time was obviously superior.

Murong Qingxue pondered for a moment, then said, "We can join forces with the Taixu Shenzong to fight the enemy together, and the Seven Star Sect is obviously bound to win the Dragon Vein."

"It is indeed feasible to combine vertical and horizontal, but it is also necessary to prevent others from being stabbed in the back."

Advertisement

"That's right, a large dragon vein can even support a medium-sized sect, and even the Taixu Shenzong may not be completely reliable."

"They all want to take advantage of the fisherman, but there is no deep hatred between the Seven Star Sect and the Taixu Shenzong. If there is a war, they may not take action."

Murong Qingxue sighed in her heart, everyone's analysis was very reasonable.

In the face of absolute interests, friends may not be completely reliable. After all, enemies will never have the chance to betray.

"In any case, delay as long as possible and wait for reinforcements to arrive." Murong Qingxue said in a serious tone.

Everyone nodded in agreement, but they suddenly found that Levi Garrison was looking at him with a relaxed and comfortable face, and instantly became angry.

"Holy maiden, it's like a fuel bottle for you to bring such a waste. If you are in danger, you have to take care of him."

"The surname is Ye, we will fight with the strong of the Seven Star Cult in a while, you can do it yourself!"

"Xiao Ye, do you think you have a good mentality, or are you ignorant and fearless? The Seven Star Sect and the Xingyue Sect are mortal enemies, and there is no way they will show mercy."

Murong Qingxue did not stop everyone from attacking Levi Garrison.

Especially when she saw Levi Garrison smiling, she was even more upset.

"This guy is really heartless, how can he still laugh now? When he fights with the Seven Star Sect, there will be times when he will cry!"

Murong Qingxue secretly complained, and even began to doubt whether her decision to accept Levi Garrison was correct because of curiosity.

Levi Garrison said sincerely: "If there is a war, you don't have to worry about me, just keep yourself safe."

"I....."

The people of the Xingyue Divine Sect suddenly had a strong urge to utter foul language.

Why does Levi Garrison's words sound like 'you still worry about your own life'?

The key is that Levi Garrison's expression was sincere when he said these words, and everyone could not find any flaws to suspect his 'sinister intentions'.

"Let's go quickly! If the large dragon veins are first occupied by other sects, we will be too passive."

Levi Garrison reminded 'kindly'.

What the hell!

This time, even Murong Qingxue wanted to curse.

"This guy just wants to die?"

Murong Qingxue snorted coldly and said solemnly to the others, "Speed up!"

"Little Ye, we'll take care of ourselves later, you have to be more careful, don't be shocked to death by the aftermath of the energy."

"Yeah, Xiaoye, the Holy Son of the Seven Stars Religion has always been vicious, otherwise you should not go! To avoid being tortured to the point of death."

"Little Leaf, it's up to you whether the Star Moon God Sect can win this battle!"

Everyone finally found an opportunity and used Levi Garrison's tone of 'concern' just now.

the other side.

In the depths of the jungle, a team of more than 20 people was rushing forward, and the leader was the Great Holy Son of the Taixu Shenzong.

The Return of the God of War [The Protector]

There are also many elders such as Gong Qianqiu, the three saints, and the seven saints.

In order to obtain the Tianying Mountain Dragon Vein, the Taixu Shenzong can be said to have used all their elites.

"Stop, the dragon veins are probably in this area!"

Seven Holy Sons said solemnly.

Everyone stopped, and everyone's face was full of excitement.

It is understood that Tianying Mountain belongs to a large dragon vein, and it is even more terrifying than the dragon vein mastered by the Taixu Shenzong.

If you can take this dragon vein as your own, the overall strength of the sect will definitely be improved qualitatively.

"This place is high in mountains and dense with dense forests. It's really hard to find it. If you make a big move, it will definitely attract the attention of other sects."

"Xiao Qi, narrow down the scope a little bit!"

The Great Holy Son pondered for a moment and said.

The Seventh Holy Son nodded, and after a long time, with a keen sense, he finally locked the position of the dragon veins in the southwest of this mountain range.

"follow me!"

The Seven Holy Sons took the lead, and the others followed closely. After a while, everyone reached the finish line.

"Clean up this tree, and the dragon veins are hidden under the rocks."

The Seven Saints said firmly.

Everyone ran the exercises one after another, and the air blade passed a smooth road, and the trees on the mountain were almost cut off by their roots.

The next step is to clean up the surrounding stones, which is naturally not a problem for the powerhouses of the Taixu Shenzong.

It didn't take a while, the dragon veins covered by the stone were revealed.

"Whoosh!"

The sound of the dragon's roar came faintly, making everyone in the Taixu Shenzong excited.

In particular, this dragon vein is extremely majestic, the surface is covered with a purple halo, and the purity and density of the aura has reached the extreme.

The surrounding area space forms a vortex of energy visible to the naked eye, actively absorbing the surrounding spiritual energy.

"As expected of a large-scale dragon vein, it already has an absolute aura, and it can actively absorb the essence of heaven and earth and continuously improve the quality of the dragon vein."

The Great Saint said with great emotion.

Gong Qianqiu's eyes are also full of excitement and excitement, she has never seen such a magnificent dragon veins.

Even the dragon vein that the Seven Holy Sons gave her is far less than that, no matter the size or the purity of the aura to keep out the cold is the difference between cloud and mud.

Even the few dragon veins controlled by the Taixu Shenzong have not reached such a scale.

"If a sect is founded on the basis of this dragon vein, it will definitely attract many strong people to defect, and it can even be directly comparable to the power of the Taixu Shenzong."

"Levi Garrison, Xiao Feng, you ants will never see dragon veins in the secular world."

"Still thinking of becoming an enemy of this sect master? The gap between us will only get bigger and bigger."

Gong Qianqiu thought that the corner of his mouth rose slightly involuntarily.

The many masters of the Taixu Shenzong were also excited.

"Now we have the divine robbery as the divine weapon of the town sect. If we have the blessing of this dragon vein, we will definitely be able to rank among the real top sects."

"That's right, recruiting strong people based on this, the top masters of this sect will use it to improve, and then you will no longer have to look up to others."

"For today's plan, think about how to deal with the coveting of other forces!"

"Dragon veins are in the world, no matter how much we use our strength to seal the leakage of spiritual energy, it is impossible to completely cover it up."

The Great Holy Son sneered and said, "I want to see who dares to snatch the dragon veins?"

Before he finished speaking, several rude voices came one after another.

"This dragon vein is not exclusive to your sect. Naturally, the powerful ones know that our Xuanjian sect will also have a share."

"Everyone is innocent and guilty, and we Ba Daomen also come to join in the heat."

"That's right, this dragon vein also has a share of our Jagged Alliance."

Along with the noisy footsteps, personnel from the three major sects rushed to the scene.

The Great Saint snorted coldly and said contemptuously, "Just your group of shrimp soldiers and crab generals also want to fight the dragon vein? First ask me if the sword in my hand agrees?"
