

The Return of the God of War [The Protector]

Chapter 3981

the other side.

The Sun Moon Divine Fire Academy almost rushed out, looking like a madman to find the culprit who exhausted the power of the dragon veins.

The powerhouses of the Sun Moon Divine Fire Academy were all killed, and they even touched their inverse scales.

Luo Yunyang issued a death order, and he must bring down the real culprit behind the scenes, and personally lead people to investigate the truth of the matter.

After a detailed investigation by the Sun Moon Shenhua Academy, it was finally determined that there were three sect members who might have threatened the black-robed leader and others.

They are the Seven Star Sect, the Xingyue Shenzong, and the Taixu Shenzong.

Advertisement

Luo Yunyang visited each sect to conduct in-depth investigations, and the entire army of the Seven Star Sect was destroyed.

In particular, Mo Junyan, the young master of the Seven Star Sect, was also on the death list.

After all, even if it is a bitter trick, the price is too high, so the suspicion is temporarily ruled out.

As for the Taixu Shenzong, the entire team must have all tails, but the Great Holy Son and others simply have no ability to exhaust the power of the dragon veins in one day.

Advertisement

In particular, there were other sects who were jointly expelled at that time as witnesses, who witnessed the Great Holy Son lead people away from the location of the Dragon Vessel.

Based on these two points, the suspicion of Taixu Shenzong was temporarily eliminated.

But in the Xingyue Divine Sect, some people saw that the saintess in the sect had led a team into the dragon vein range.

But the body of Murong Qingxue was not found at the scene.

It seems that even if the Xingyue Shenzong is not the real culprit behind the scenes, they can at least know the clues of the inside story.

"This seat will personally bring people to Xingshi to ask for guilt."

Luo Yunyang said in a cold tone.

Immediately, Luo Yunyang personally led a team of more than 20 people to rush to the Xingyue Shenzong.

There was nothing to say on the way, Luo Yunyang soon arrived at the Sun Moon Divine Sect, and Mu Rong Wanqing personally led someone to greet him.

After entering the main hall of the Xingyue Divine Sect, Luo Yunyang sat directly in the middle, as if this was his territory.

"What kind of broken tea leaves are these? Your Xingyue Divine Sect is also a medium-sized sect, and you can't even get some decent tea leaves?"

"It's really a pain in the back when running all the way. Come here and give Lao Tzu a squeeze and relax."

"Are you unconvinced by what you see? If you don't do it, I don't mind letting you disappear."

Several experts from the Sun Moon Divine Fire Academy were arrogant, and actually directly sent the core high-level officials of the Star Moon Divine Sect to serve them.

There were all kinds of sarcasm and sarcasm in the words, and it was obvious that they didn't take the Star-Moon Divine Sect in the slightest.

In the face of this arrogance and arrogance, the members of the Xingyue Shenzong also dared not to speak out.

With the strength of the Sun Moon Divine Fire Academy and the Sun Moon Divine Fire Temple behind them, the Star Moon Divine Sect was indeed insignificant in front of them.

Seeing his subordinates being arrogant and domineering, Luo Yunyang didn't say anything to stop him, and even encouraged him, taking the lead by the way.

Luo Yunyang's idea is easy to understand, just to give the Xingyue Divine Sect a dismantling, so that the next chapter will be more powerful.

"Mu Rong Wanqing, do you know the guilt?"

Luo Yunyang asked with a cold face.

Mu Rongwan was in a cold sweat. Luo Yunyang was the vice president of Sun Moon Shenhua Academy, and she was definitely a powerful figure.

In particular, Luo Yunyang was still the top five elders of the Sun Moon Divine Fire Palace, which basically represented the attitude of the Sun Moon Divine Fire Palace.

"I don't know what crime Wanqing committed? Can Vice President Luo make it clear?"

Mu Rong Wanqing clearly felt that her voice was trembling. This was the first time he had come into close contact with a top sect's powerful figure.

"I think you are pretending to be confused. A few days ago, your saintess Murong Qingxue led the team to snatch the dragon veins."

"All the members of the Sun Moon Divine Fire Academy were killed, but Murong Qingxue retreated completely. What's the inside story, why don't you hurry up and recruit them?"

"If your answers are not satisfactory to this seat, then there is no need for the Xingyue Divine Sect to continue to exist."

Luo Yunyang's tone was extremely cold.

The Return of the God of War [The Protector]

Chapter 3982

"Vice President Luo, this junior really doesn't know what happened."

Mu Rong Wanqing said with a bitter face.

With Levi Garrison on one side and Sun Moon Shenhua Academy on the other, Mu Rong Wanqing really didn't know how to respond except for the reply 'I don't know'.

No one on both sides can afford to offend. The key point is that Levi Garrison has not made any statement from beginning to end, and Mu Rongwanqing does not dare to make an assertion.

Luo Yunyang suddenly became angry, threw the teacup directly on the ground, and said coldly: "You dare to deceive this seat, you are courting death."

Mu Rong Wanqing looked at Levi Garrison from the corner of her eyes, hoping to get some clear instructions from the latter.

However, Levi Garrison was pacing back and forth at the moment, as if thinking about something.

Seeing that Mu Rong Wanqing didn't reply, Luo Yunyang was even more annoyed.

Just as he was about to continue to attack and put pressure on him, he saw Levi Garrison walking back and forth as if he was doing nothing.

"hateful!"

Luo Yunyang slammed the table.

Pointing at Levi Garrison's location with a little bit, he said coldly, "Kneel down and apologize to this seat, or you will die today."

The rest of the Xingyue Divine Sect were silent, and some people even fell to the ground, how dare this person even walk around?

This is simply challenging the majesty of the Sun Moon Shenhuo Academy, which makes Luo Yunyang feel that his face has been damaged.

"You dare to let Lao Tzu kneel?"

Levi Garrison paused and continued: "I'm called Levi Garrison, and the person you're looking for is Laozi."

"The people from the Sun Moon Divine Fire Academy in the Land of Dragon Vein also died at the hands of Lao Tzu."

"You immortal, now that you know the truth, what can you do to me?"

A stone stirred up a thousand waves.

Hearing this, there was an uproar at the scene.

"Why did the sect master admit it himself?"

"Luo Yunyang is very powerful. If he were to leave today, the Xingyue Divine Sect would definitely be destroyed by the academy and even the Sun Moon Divine Fire Hall."

"Hey, it's troublesome this time."

The disciples of the Xingyue Divine Sect were suddenly surprised and panicked. Levi Garrison's actions were tantamount to declaring war with the Sun Moon Divine Fire Academy.

The key point is that this person in front of him is the deputy dean of the Sun Moon Divine Fire Academy. His cultivation realm is unfathomable. Isn't this just hitting the gun himself?

There is absolutely no need to admit it, only to deny the real situation of the Dragon Veins dispute, even Sun Moon Shenhua Academy can do nothing.

"It turned out that he did it, how is this possible?"

"This guy's cultivation is mediocre, can he kill the college supervisor and others?"

"No matter what, this bastard must be killed, and it is an unforgivable sin to dare to challenge the majesty of our Sun Moon Divine Fire Academy."

The members of the Sun Moon Divine Fire Academy were mostly incredulous and angry.

They hadn't paid attention to Levi Garrison before, especially Luo Yunyang who had conducted a strength investigation and found nothing unusual.

Even the current Levi Garrison, in Luo Yunyang's eyes, is nothing more than a mediocre little fish.

"Levi Garrison?"

Luo Yunyang quickly searched in his mind for the great figures of many sects, but did not find that this name existed.

"Whether you did it or not, you must die today, kill him!"

Luo Yunyang said in a cold tone.

"As ordered!"

Several members of the Sun Moon Shenhua Academy swarmed up and surrounded Levi Garrison.

Mu Rong Wanqing and the other core executives of the Divine Star and Moon Sect suddenly felt their scalps go numb, and there was no room for recovery.

Levi Garrison is now the nominal suzerain of the Xingyue Shenzong after all, and it would be unreasonable if he didn't help.

But they really didn't have enough courage and ability to deal with the masters of Sun Moon Divine Fire Academy, and it was difficult for them to ride a tiger for a while.

"If you want the entire sect to be destroyed, you can help."

Luo Yunyang was exceptionally keen, and naturally felt the subtle changes in the scene.

Although the Xingyue Divine Sect was a medium-sized sect, if they fought desperately, they would definitely suffer heavy casualties if they brought these people by themselves.

"You don't have to shoot, I am enough."

Levi Garrison said with a smile.
