

The Return of the God of War [The Protector]

Chapter 3983

despise!

**N*ked contempt!

The members of the Sun Moon Divine Fire Academy suddenly felt angry.

Even in large sects in general, they are treated as guests.

It's a sin that deserves death for a mere scoundrel of a middle-class sect to dare to look down on them like this.

Mu Rong Wanqing and others also let out a sigh of relief, they really didn't want to tear their face with Sun Moon Shenhua Academy.

"Don't waste time, let's go together!"

Levi Garrison hooked his fingers at Luo Yunyang, full of provocation.

Luo Yunyang said with a sneer: "Isn't this seat too embarrassing for you? You'd better survive in their hands first!"

Levi Garrison smiled without saying a word, he chose to fight alone with a special meaning.

Although they are now using force to forcibly suppress the Xingyue Sect to become the suzerain, they may not be completely convinced in the hearts of these people.

Especially in the face of superpowers like Sun Moon Shenhua Academy, these people's determination to follow themselves will be even more shaken.

But as long as it is easy to kill the masters of the super sect in front of everyone, the last trace of worries and shackles in their hearts will be completely cut off.

“kill!”

One of the little leaders of the Sun Moon Divine Fire Academy burst out.

The others shot in an instant, palm wind, fist wind, sword gang, and sword light crisscrossed, giving Levi Garrison no chance to escape at all.

“Break it for me!”

Levi Garrison’s eyes were cold and harsh, and he suddenly released his energy to this kind of person.

The violent energy breath smashed towards everyone like a tsunami.

Bang bang bang!

Several figures were shaken and flew out.

It wasn’t until after they fell to the ground that others discovered that the attackers’ meridians had been cut off.

Although there is still a breath left, it is no different from a vegetative person.

sizzle!

Everyone gasped involuntarily.

“Levi Garrison is so strong?”

This thought filled the hearts of everyone present.

The Xingyue Shenzong was shocked by Levi Garrison's terrifying power, and even when they were discussing at the beginning, they were far less powerful than the power they showed now.

At that time, Levi Garrison not only had reservations, but also retained so much?

Luo Yunyang and other members of the Sun Moon Divine Fire Academy were simply amazed at Levi Garrison's strength.

It is really terrifying to be able to shock these people to the point where their meridians are completely cut off by the Qi machine alone.

"Even this seat may not be able to achieve this level."

The expression in Luo Yunyang's eyes gradually became solemn.

"Don't hold back any more, go all out to kill him."

Luo Yunyang gave the order again.

Levi Garrison had an even more smile on his face, and he swept away at high speed.

"Want to escape? It's a fool's dream, chase it!"

Luo Yunyang took the lead in chasing him out. He thought that Levi Garrison had exhausted his physical strength with the blow just now, and now he wants to escape.

However, when he chased outside, he found that Levi Garrison was standing with his hands on his shoulders, apparently waiting for his own troops to chase after him.

"you wanna die!"

Luo Yunyang was completely angry, and what Levi Garrison did was a provocation of the red scorpion.

While speaking, other Sun Moon Shenhua Academy personnel rushed out and surrounded Levi Garrison.

"Come on together and smash him into pieces!"

Luo Yunyang said in a condensed voice.

However, before the words fell, Levi Garrison's figure disappeared first.

"Be careful behind you!"

Luo Yunyang hurriedly reminded the subordinates in front of him.

However, it's too late!

Levi Garrison slapped the back of his head with a palm, and the man died on the spot without even uttering a word.

"You all have to die today!"

Levi Garrison's cold voice sounded in everyone's ears, but no one could find his trace.

"Ahhh!"

After a while, screams in the courtyard came one after another.

Levi Garrison is like a messenger from hell wielding the scythe of the god of death, and a fresh life is taken away by the wind.

In just three or five minutes, all the members of the Sun Moon Divine Fire Academy had been killed.

"Sun Moon Divine Fire Academy is only at this level? It's really disappointing!" Levi Garrison said quietly.

The Return of the God of War [The Protector] Chapter 3984

Levi Garrison's face was relaxed and comfortable, as if he had just done a trivial thing.

sizzle!

The sound of sucking cold air was constantly heard from the scene.

The members of the Xingyue Shenzong also felt a chill in their hearts, and they were even a little glad that Levi Garrison was merciful at the time, otherwise they would not have escaped death.

Although they heard Murong Qingxue say that Levi Garrison had slaughtered the experts from the Sun Moon Divine Fire Academy, what they saw with their own eyes was another matter.

They once thought that Levi Garrison would have the last laugh, but they never thought that he would win so easily.

In the depths of everyone's hearts, the absurd thought that "top sectarian power is nothing but the same" arises.

Luo Yunyang was also horrified. These people are all elites of the Sun Moon Divine Fire Academy. How could they be so vulnerable in front of Levi Garrison?

"Who exactly are you?"

Luo Yunyang asked in a cold voice.

Advertisement

Luo Yunyang already suspected that Levi Garrison came from a peak powerhouse of a superpower, otherwise he would never have reached such a terrifying cultivation level.

"You don't deserve to know!"

Levi Garrison sneered and said, "Don't talk nonsense, now it's your turn to die."

"Insanity!"

Although Luo Yunyang was shocked by Levi Garrison's strength, he would never sit still.

Of course, Luo Yunyang also thought about escaping, but then he would fall into absolute passivity.

The situation of this pair of top powerhouse rivals will be fatal once they fall into a passive position, and it might be better to fight head-on and perhaps deserve a chance of survival.

“go to hell!”

The long sword pierced out, and the sword gang surged, as if to pierce the void out of a ravine.

Levi Garrison did not retreat but advanced, and punched the sword Gang.

The two were instantly fighting together.

After simply testing the depth, Levi Garrison suddenly lost interest.

Luo Yunyang’s cultivation is really not bad, even if Mu Rong Wanqing is far behind, but it is still not on a level compared to himself.

“Your subordinates haven’t gone far on Huangquan Road. I will send you to accompany them, so as not to be lonely.”

While speaking, Levi Garrison threw several punches in a row, completely blocking the direction that Luo Yunyang might avoid.

Luo Yunyang couldn’t dodge in time, and he was punched two times in succession in the chest, and the sound of bones shattering suddenly appeared.

The whole person is like a cannonball embedded in the thick wall of the Sun Moon Shenzong.

However, Levi Garrison didn’t give him any chance to catch his breath at all, so he stepped forward, stuck out three fingers and clasped his throat, and twisted suddenly.

Gaba!

The crisp sound of broken bones sounded, and Luo Yunyang's eyes were filled with extreme unwillingness to die.

After finishing all the powerhouses of Sun Moon Divine Fire Academy neatly, Levi Garrison said with a smile: "Send someone to clean up the courtyard, it's too messy."

The scene was dead silent, and after a while there was an uproar.

"He actually did it!"

"Isn't Luo Yunyang too weak? In front of Levi Garrison... Sect Master, he has no power to fight back?"

"Weak your uncle! Luo Yunyang can destroy the entire Xingyue Divine Sect by himself, but the Sect Master is too strong to make him vulnerable."

The courtyard and the reception hall were quickly cleaned up, and Levi Garrison was drinking tea leisurely, with a relaxed and comfortable face.

It was in stark contrast to the solemn expressions of the rest of the Sun Moon Shenzong.

"Sect Master, this is equivalent to declaring war with Sun Moon Divine Fire Academy and even Sun Moon Divine Fire Hall!"

"With the strength of the Star-Moon Divine Sect, it's really impossible to compete, you still have to think about how to deal with it in advance!"

Mu Rong Wanqing said worriedly.

Levi Garrison's strength is strong, but the Sun Moon Divine Fire Palace is a real big sect, and the network resources of experts are scattered everywhere.

As long as someone is sent to hold Levi Garrison, the Xingyue Shenzong will die without a burial.

"It doesn't matter, they dare to come, and they will be destroyed together!"

Levi Garrison paused and added: "What's more, as long as you don't say it, who would know that Luo Yunyang and others died in the Xingyue Shenzong?"

"Okay, I still have important things to do next, Murong Qingxue go with me!"
