

The Return of the God of War [The Protector] Chapter 3998 -

As soon as Gongsun Yueying spoke, the scene instantly became quiet.

Everyone turned their attention to Levi Garrison, but after looking for a long time, they found nothing special.

“This guy’s cultivation base is mediocre and his appearance is average. Where did he attract the attention of our little princess?”

“I didn’t think that the little princess was so good at it. It’s all my fault that I look too handsome and unrestrained, and that’s why I didn’t get the little princess’ favor.”

“Yueying, are you mistaken? This kind of ordinary stuff is killed, even if you take it with you as a slave, it will lose its price.”

“Yeah, Princess Moon Shadow, if you want slaves, let’s go to the top cities and choose at random. Which one is better than this?”

Everyone has good words to persuade, and they are full of contempt for Levi Garrison.

It’s not that these people are too pretentious, it is because Gongsun Yueying’s identity is too noble. Not only is he beautiful, but he is also gifted in cultivation.

Therefore, Gongsun Yueying has a very high status in the Sun Moon Divine Fire Hall, and is even a strong competitor for the future hall master, and is respected as a little princess by all the male monks of the Sun Moon Divine Fire Hall.

Of course, there is no shortage of arrogance in the sect, but Gongsun Yueying has a very high eye, and all those top arrogances are shut out.

Now, she didn’t think that she would take the initiative to take a worldly monkey who had just entered the Kunlun Ruins as a slave. This is simply incredible.

Even the arrogance of some small and medium sects, can’t wait to scramble to become Gongsun Yueying!

He De He Neng, the descendant of the secular world, can actually be favored by the little princess of the Sun Moon Divine Fire Palace?

“What are you guys doing? I just see this guy as interesting. When I get tired of playing Tianjiao, I will kill him naturally.”

Gongsun Yueying said impatiently.

The Tianjiao of the Sun, Moon, Divine Fire Temple stopped talking, as long as they didn't value this monkey, otherwise wouldn't they be very shameless?

Murong Qingxue opened her mouth and found that she couldn't make a sound.

The tension and fear were extreme.

"Wow!"

"Wow!"

The several spirit beasts following the Tianjiao of the Sun Moon Divine Fire Hall suddenly screamed strangely, as if they were cheering for the masters.

Levi Garrison still looked at everyone calmly, more accurately speaking, he should be looking at those spirit beasts.

He found that these spirit beasts had different shapes, but they were very different from the animals in the world. For example, one of the spirit beasts, which was similar to a horse, even had two long horns on its head.

There is a third eye between the two horns, which looks majestic and piercing.

"Are you finished talking nonsense?"

"You can get out when you're done talking, or I don't mind sending you to see the King of Hell."

Levi Garrison said suddenly.

Uh.....

Everyone was stunned, and they never thought that Levi Garrison's first sentence was not on his knees begging for mercy, but actually... scolding himself?

It's just... how does it make sense?

"Monkey of the world, do you know what you are talking about?"

One of the Sun Moon Divine Fire Temple Tianjiao said angrily.

Levi Garrison shrugged and said, "Are you deaf and unable to hear?"

"Or are you stupid and don't understand?"

What the hell!

This Tianjiao was instantly furious. This seat is highly respected in many large-scale sects, but he was once again scolded by the waste monkeys in the secular world?

Deceiving too much!

fed up!

“you wanna die!”

Young Tianjiao directly drew his sword and stabbed Levi Garrison’s heart.

The speed of this sword is extremely fast, with an extremely cold sword gang, as if to draw a crack in this space.

“Stay alive!”

Gongsun Yueying hurriedly reminded.

In her opinion, the sword of her companion can definitely kill Levi Garrison under normal conditions.

Male Tianjiao promised on the surface, but in his heart he disagreed.

Levi Garrison dared to speak and insult himself, then he must die.

The Return of the God of War [The Protector] Chapter 3999 -

“Feng Xiao is really angry, this guy is sure to die!”

“Looking at his reaction, he must be scared and stupid, right?”

“I only care about my sister Qingxue’s skills, hehehe!”

The tone of the Tianjiao of the Sun Moon Divine Fire Palace was full of contempt, and in their eyes, Levi Garrison was no different from a corpse at this moment.

“It’s just beyond your own power to dare to speak out with this little strength.”

Seeing that Levi Garrison was stunned, Feng Xiao instinctively thought that he was frightened by his terrifying and unparalleled sword intent, and the corner of his mouth rose slightly involuntarily.

However, in the next second, Feng Xiao’s smile suddenly solidified.

He was stunned to find that Levi Garrison stretched out his fingers at some point and pinched them on the blade with great precision.

The originally violent Sword Gang disappeared without a trace for some reason.

“This...how is this possible?”

Feng Xiao couldn't believe his eyes.

According to the development of the normal script, shouldn't Levi Garrison splatter blood on the spot at this moment?

“Let go of this seat!”

Feng Xiao shouted, and suddenly released the terrifying energy, pouring it into the long sword, trying to use the more violent sword gang to force Levi Garrison to lose control of the long sword.

“Aren't you too conceited?”

Levi Garrison also released Qi.

The two air jets slammed into one place.

As soon as Levi Garrison deflated the air machine, he was like a sea of rivers, and in an instant, Feng Xiao's sword gang was completely swallowed and merged.

This scene made Feng Xiao stunned for a moment, and before he could react, he felt his arm go numb, and the long sword uncontrollably came out of his hand, and was instantly shattered into several pieces by a violent qi machine.

“Since you want it, I'll give it all back to you.”

As Levi Garrison's icy voice sounded, the broken blade of the long sword that shattered into several segments shot towards Feng Xiao like a violent storm.

Hesitating that the distance between the two was too close, Feng Xiao had no time to react, and was directly stabbed by Broken Blade. The powerful Qi gave Broken Blade an incomparably terrifying impact, piercing Feng Xiao's body in many places.

Puff puff!

The blood flower exploded, and Feng Xiao's whole body was shocked and flew out.

However, Feng Xiao died when he was still in midair.

Pfft!

Feng Xiao's body fell heavily to the ground.

The place was dead silent.

The geniuses of Sun Moon Divine Fire Hall and Sun Moon Divine Fire Academy even forgot to breathe. They never thought that the worldly monkeys, who were regarded as five scumbags in battle, could kill Feng Xiao with one blow.

You must know that Feng Xiao's strength in their team can completely rank in the top five. Even in the top Tianjiao of the entire Sun Moon Divine Fire Palace, he can definitely rank in the top ten, even stronger than some elders.

However, in front of Levi Garrison, he was so vulnerable?

What is the background of this guy?

Is there already such a terrifying powerhouse in the secular world?

Countless question marks appeared in the minds of the arrogant people in the Sun Moon Divine Fire Hall.

"Won't you avenge your comrades?"

Levi Garrison's voice sounded again.

provocative!

**Naked provocation!

The arrogance of the gods instantly burned with anger.

Especially being despised in front of the members of the Sun Moon Divine Fire Academy, making them feel that their proud majesty is being challenged.

"kill him!"

Gongsun Yueying said coldly.

Originally, she was thinking of taking Levi Garrison as a slave for entertainment, but now that Feng Xiao was killed, if she didn't give an explanation to others, how would she be able to stand in the Sun Moon Divine Fire Hall in the future?

"Guaranteed to complete the mission!"

“Don’t worry, Moon Shadow, I’ll blow him to ashes.”

“Don’t underestimate the enemy, this guy is still a bit powerful.”

The arrogance of the sun and moon gods and fire halls rushed forward to surround Levi Garrison.

Although Feng Xiao was killed, they were shocked, but several people believed that Feng Xiao was underestimated to a certain extent and caused his death.

“Okay, I’ll send you to the Palace of Hell to reunite with him.”

Before he finished speaking, Levi Garrison’s figure disappeared instantly.

The Return of the God of War [The Protector] Chapter 4000

“Insanity!”

“Go together!”

“Cut him to pieces!”

Levi Garrison’s provocation immediately aroused public indignation.

The arrogance of the Sun Moon Divine Fire Temple directly shot.

Levi Garrison was not afraid at all, and even hooked his fingers at everyone, full of provocation.

The cultivation of these people is really good, and even two of them can be compared with Luo Yunyang.

However, for Levi Garrison, these people were too weak after all.

“Just like you can become the arrogance of the sect, it seems that there is no successor in the Sun Moon Divine Fire Palace!”

Levi Garrison's figure is erratic like a ghost, and he doesn't have any fancy moves, but the power that erupts is extremely terrifying.

"Ahhh!"

The screams came one after another.

Two of the Sun Moon Divine Fire Hall Tianjiao couldn't dodge in time. They were hit in the chest by Levi Garrison's fist, and they were directly penetrated by the fist wind.

The eyes of the two were full of incredible, and they only felt that the vitality was quickly leaving the body until they fell into endless darkness.

In less than three minutes, more than a dozen Sun Moon Divine Fire Hall Tianjiao were killed by Levi Garrison.

The place was dead silent!

Gollum!

Murong Qingxue swallowed hard. Although she had long known that Levi Garrison was strong, she was still stunned when she saw this scene with her own eyes.

Combat power explodes!

The most shocking person in the field was Gongsun Yueying.

She is the one who knows the strength level of these companions best. Together, a dozen or so of them can easily obliterate a medium-sized sect.

Even in the face of ordinary large-scale sects, you have to shy away from these people.

However, Levi Garrison killed them all without breaking a sweat?

"It's not an illusion, is it?"

Gongsun Yueying suddenly had the urge to pinch herself to confirm the truth and illusion.

As for the arrogance of the Sun Moon Divine Fire Hall, they have long been frightened, and even their bodies are shaking violently.

They were really scared, and even the powerhouses of the Sun Moon Divine Fire Temple were powerless to fight back.

Not to mention myself, it is tantamount to ants!

"escape!"

Such thoughts appeared in the minds of the members of the Sun Moon Divine Fire Academy.

It was the first time they felt so close to death.

"Let's die together too!"

Before he finished speaking, Levi Garrison shot again.

The members of the Sun Moon Divine Fire Academy turned around and ran, and they had no idea of resistance at all.

But Levi Garrison obviously wouldn't give them a chance to escape.

Wherever the palm wind passes, there will be screams and wailing sounds.

It was like a death god wielding a sickle, frantically reaping the lives of members of the Sun Moon Divine Fire Academy.

In just a moment, Gongsun Yueying was the only one left in the team of dozens of people from the two top forces.

"Now it is your turn."

Levi Garrison said with a smile.

Gongsun Yueying's delicate body was shocked, and the panic and fear could no longer be concealed on her face.

Although Gongsun Yueying prides herself on being extremely talented, she has never looked down upon her peers.

But Levi Garrison gave her the urge to kneel and worship.

No matter what creatures worship the strong, people are especially obvious.

In the Kunlun Ruins, the strong are respected, and this kind of worship for the peerless strong is even more serious and common.

"You...what do you want?"

Gongsun Yueying said with a trembling voice.

Having seen the scene where Levi Garrison was hunting his companions just now, Gongsun Yueying had completely given up the idea of running away.

But just now he claimed to take Levi Garrison as a slave, but now that the situation has taken a turn for the worse, Gongsun Yueying is really uneasy.

Killed?

Tortured?

Or tortured and then killed?

She didn't want to accept any consequences.

"If you can let me live, I promise to give you all the cultivation resources of the Sun Moon Divine Fire Temple."

"Of course, if you feel that these chips are not enough, you can ask for anything."

"As long as it is within my ability, I will be satisfied."

Gongsun Yueying was making the final fight.
