

The Return of the God of War [The Protector]

Chapter 4001

Seeing that Levi Garrison didn't answer immediately, Gongsun Yueying's mood became even more uneasy.

But she didn't dare to urge Levi Garrison, for fear of angering him, she decided to kill herself.

After pondering for a while, Levi Garrison said with a smile: "From now on, you can serve me as my maid!"

To be his maid?

Gongsun Yueying's mouth twitched, feeling an unprecedented humiliation.

Even in the Sun Moon Divine Fire Hall, he is a high-ranking existence, and now he has been reduced to...

"It seems that you chose to die, you have a little backbone, and I will fulfill you."

Just as Gongsun Yueying was thinking wildly, Levi Garrison's cold voice sounded again.

Looking up, I saw that Levi Garrison's palm was releasing a very strong Qi machine, which was quickly condensing into a near-substantial Qi blade.

The murderous aura rushed in like an overwhelming force, making Gongsun Yueying feel suffocated.

"I promise you that."

Gongsun Yueying said with a cry.

In the face of life and death and dignity, Gongsun Yueying chose life without hesitation.

"Master always teaches, so that the green hills are not afraid of burning wood."

"I'm just following my teacher's orders."

Gongsun Yueying kept persuading herself in her heart.

"That's right, the person who knows the current affairs is Junjie."

Levi Garrison restrained his qi, and the majestic power and coercion also dissipated in an instant.

Gongsun Yueying also let out a sigh of relief. The sense of oppression just now was so terrifying that it made her even feel extremely difficult to breathe.

Levi Garrison continued: "I advise you not to make any small moves next, otherwise don't blame Lao Tzu for destroying flowers."

"So many Tianjiao of the Sun Moon Divine Fire Temple have been killed, and one more of you is not too much."

"I know... I know."

Gongsun Yueying instantly looked like an eggplant hit by frost.

Just now, she really thought about whether to find an opportunity to escape or sneak attack, but now she has directly abandoned this idea.

Since Levi Garrison said it clearly, it means that he was prepared.

It can even be seen as being confident and not caring about his little actions at all.

Swish!

Levi Garrison suddenly came to Gongsun Yueying in a flash, and tapped several acupoints on her.

Gongsun Yueyingzhi felt the qi in her body stagnate for a while.

"Seal the power?"

Gongsun Yueying was desperate for a while, and now it is even more impossible to escape.

Levi Garrison said with a smile: "This way I feel more at ease."

"By the way, you must be hungry after being busy for so long, right?"

Gongsun Yueying was a little confused, but she nodded honestly.

I heard that there are experts in this area, and their group came non-stop, and it has been a long time since they had a good meal.

However, Gongsun Yueying was very surprised that Levi Garrison was still concerned about his hunger and satiety?

"And you?"

Levi Garrison turned his head and asked Murong Qingxue again.

Murong Qingxue's delicate body was shocked, and then she came back to her senses as if she had woken up from a dream.

"Well, I'm hungry too!"

Murong Qingxue hurriedly replied.

A smile suddenly appeared on Levi Garrison's face.

But I don't know why, seeing this smile in Gongsun Yueying's eyes, a bad premonition suddenly rose in his heart.

"I'm just hungry too, those mounts are a waste of resources if they're not used."

Levi Garrison pointed to a few spirit beasts in the distance, and continued: "That horse-like guy is braised!"

"That deer is stewed in yellow!"

"And that ape steamed!"

"Finally, use that leopard to make soup, almost enough!"

What the hell!

Gongsun Yueying almost scolded, these are precious spirit beasts!

If they hadn't encountered a powerful expert like Levi Garrison, these spirit beasts would have taken action to help fight.

Now all of them have become Levi Garrison's appetizers?

"Little maid, please do it yourself!"

Levi Garrison's playful voice sounded again.

The Return of the God of War [The Protector] Chapter 4002

It's okay to change the spirit beasts to make food, but I still need to do it myself?

How cruel?

How excessive?

It is unbearable, but it must be endured.

Very depressing!

So in the eyes of a few spirit beasts with grievances and pleadings, Gongsun Yueying was sent away 'peacefully'.

Braised, steamed, braised...

There is also a delicious soup.

"This meat is not bad!"

"It would be even better if it was grilled with a little more sauce."

"It should be nice with some side dishes."

Levi Garrison commented while eating.

Murong Qingxue twitched the corners of her mouth, and looked at Gongsun Yueying sympathetically.

I saw Gongsun Yueying's eyes were dull, slightly hollow, and her face was pale, like a statue...

Gongsun Yueying swears to God that this is the most difficult and most embarrassing meal she has ever eaten.

Lifetime!

Uncomfortable! want to cry!

But don't dare!

Half an hour later, Levi Garrison clapped his hands and said, "I'm full! It's not bad! You two eat more, don't waste it."

Uh.....

Gongsun Yueying only felt the darkness in front of her eyes, and she fainted from anger.

Levi Garrison ignored her at all, but said to Murong Qingxue, "Wake her up and set off."

"Yes!"

Murong Qingxue was as silent as a cicada, and even more did not dare to neglect Levi Garrison's orders.

Levi Garrison looked into the distance and said faintly, "Taixu Shenzong, Lao Tzu is here."

the other side.

All Tianjiao were killed, and Gongsun Yueying's whereabouts are unknown.

Once this information was confirmed, there was an instant uproar in the Sun Moon Divine Fire Hall.

"The little princess is the proud disciple of the two palace masters. Is it the thing who dared to kidnap her away?"

"This matter is too bad, isn't this equivalent to blatantly declaring war on the Sun Moon Divine Fire Palace?"

"That's what I said, but the arrogance that Gongsun Yueying took out will be easily crushed even in the face of a medium-sized sect?"

"That's right, this is enough to show the horror of the murderer's strength. Could it be the work of a super-hidden sect master?"

"No matter who the murderer is, it is absolutely impossible for the Sun Moon Divine Fire Temple to let it go."

The members of the Sun and Moon Divine Fire Hall were talking a lot.

In fact, the two palace masters of the Sun Moon Divine Fire Palace were indeed furious.

Immediately issued an order to die, the strong men in the hall rushed out, and found Gongsun Yueying as soon as possible.

Of course, there are also Sun Moon God or the Academy and all other affiliated sectarian forces that cooperate with the action.

In the words of the deputy hall master of the Sun Moon Divine Fire Hall: The majesty of the Sun Moon Divine Fire Hall does not allow challenges.

Taixu Shenzong.

The sect was peaceful, and the disciples in the sect were busy, unaware that danger was approaching quietly.

Gong Qianqiu is sipping tea leisurely and contentedly.

After this period of development, the power of the direct subordinates has grown stronger and stronger, and his position in the sect has become more and more stable.

And recently, more and more knowledge in Kunlun Ruins has directly made Gong Qianqiu feel superior.

The large dragon veins were exhausted by the peerless masters in one day.

The top powerhouses of Sun Moon Divine Fire Academy were wiped out.

There are many strange and incomparable combat techniques in the various sects.

These are simply unimaginable in the secular world.

"Levi Garrison, the gap between you and me is getting bigger and bigger. Even if you defeat you, you won't have any sense of accomplishment."

"It's really boring to think about it like that!"

Recalling the time when he was cautiously improving his strength in the secular world, Levi Garrison was an almost insurmountable mountain.

And the strength shown by Levi Garrison is indeed disappointing.

But now it seems that at the beginning, he was no different from sitting in a well and watching the sky.

After arriving at the Kunlun Ruins, the middle-level sect can just pick out a core high-level leader and be comparable to Levi Garrison.

Not to mention the mysterious powerhouses who killed Luo Yunyang and other Sun Moon Shenhua Academy Tianjiao some time ago.

The Return of the God of War [The Protector] Chapter 4003 -

"If Levi Garrison saw this, he would definitely be frightened!" Gong Qianqiu said with a sneer.

The more Gong Qianqiu thought about it, the more proud he became, and he was even more fortunate that he had entered the Kunlun Ruins with the relationship of Taixu Shenzong in time.

"A random herb found in the Kunlun Ruins and placed in the secular world is a treasure that only exists in ancient books."

"Dragon veins are unheard of in the secular world."

"This leader can finally look down on everyone in the secular world in a true sense."

Gong Qianqiu suddenly felt a sense of loneliness and loneliness.

"We are not from the same world after all."

"Levi Garrison, if you have a chance to meet in the future, you will only have to kneel on the ground and beg for mercy."

Gong Qianqiu laughed wildly on his back, and he has now put his vision to a higher level.

Just like the peerless powerhouse who is not afraid of the Sun Moon Divine Fire Temple, that is the goal she will pursue in the future.

"Now Levi Garrison is like an ant, and there is no threat at all."

Gong Qianqiu said with a sneer.

the other side.

The Holy Son has been in a good mood in the past few days.

He is more and more compatible with Gong Qianqiu's double cultivation, and his strength has improved by a grade compared with before marriage.

The Great Holy Son even felt that if he faced the black-robed leader of the Sun Moon Divine Fire Academy during the battle for dragon veins, he could easily win.

This made the Great Saint Son overjoyed, and the effect of double cultivation has far exceeded his expectations.

Of course, the Great Holy Son also knows that this is inseparable from Gong Qianqiu's strength.

So he loved Gong Qianqiu more than before.

This caused other concubines to complain behind their backs, but they did not dare to ask Gong Qianqiu to trouble him in the open.

The three holy sons also ended up facing the wall ahead of schedule because of the intercession of the first holy son.

"The third one, I told you a long time ago that people have seven emotions and six desires. You have to cultivate some ruthless swordsmanship. The progress of cultivation is a bit slow!"

The Great Saint said proudly.

The three saints smiled awkwardly, and then added a sentence: "What the boss said is very true, but it's too late for me to regret it now."

The Great Saint smiled proudly.

Although he also knew that there were deliberate compliments in the words of the Three Holy Sons, it was indeed a sense of accomplishment to make the always arrogant Three Holy Sons bow their heads.

"Boss, if you run into Levi Garrison, can you deal with it with full confidence?"

The Seven Holy Sons directly changed the topic, because of Gong Qianqiu's relationship, he was extremely resistant to the Great Holy Son in his heart.

In particular, I don't want to see him look like a villain.

The Great Holy Son smiled and said, "Don't worry, now that Levi Garrison's strength is no longer in the eyes of this seat."

"Xiao Qi, Levi Garrison just defeated the leaders of the five small sects. Now the boss can easily do it even with one hand."

"What's more, Levi Garrison must have used the strength of other members of the base camp at that time, so the gap with the boss is even greater."

Seven Holy Sons interrupted with a smile.

The Great Holy Son said with deep approval: "What the third child said is reasonable, not to mention that the secular world doesn't even have the sacred vein when it comes to dragon veins."

"Even if Levi Garrison's cultivation talent is strong, if he doesn't have enough cultivation resources to support him, how can he be strong?"

"Don't worry, it doesn't matter if Levi Garrison doesn't come, but if you really come to the door beyond your own means, this seat will definitely be able to smash him to ashes."

The Great Holy Son is full of confidence. Since Shuangxiu has greatly improved his strength, he is even more convinced that he can defeat Levi Garrison.

"Actually, compared to Levi Garrison, I'm more worried about the mysterious powerhouse. After all, we have been associated with Sun Moon Shenhua Academy before."

The three saints said worriedly.

The Great Holy Son waved his hand and said, "Although this strong man is terrifying, he'd better not provoke the Taixu Shenzong."

"How do you say this?" The Seven Holy Sons asked.

The Great Holy Son said proudly, "Have you forgotten the background of the Sect Master?"

The Seven Holy Sons suddenly realized, and suddenly remembered that the sect master was born in a super family, and even belonged to the terrifying existence that swept across the Sun Moon Divine Fire Temple.

The Return of the God of War [The Protector] Chapter 4004 -

Levi Garrison, Murong Qingxue, and Gongsun Yueying rushed on their way non-stop, and they had arrived near the Taixu Shenzong.

Murong Qingxue said respectfully, "Sect Master, we are now only more than thirty miles away from the Taixu Shenzong, do we continue on our way?"

"No hurry, rest here for half a day."

Levi Garrison paused, then turned to look at Gongsun Yueying and instructed: "brew the new tea picked yesterday, I want to taste it."

“Yes, Master.”

Gongsun Yueying said very meekly.

Seeing Gongsun Yueying who was busy immediately, Murong Qingxue was stunned.

Since the incident of cooking spirit beasts in tricks, Gongsun Yueying has become extraordinarily well-behaved and docile.

To Levi Garrison, it can be said that he obeys every word, pouring tea, pouring water, beating his back and rubbing his shoulders, just like a close-fitting maid.

“This is the daughter of the sky in the Sun Moon Divine Fire Palace!”

“A few young geniuses from the younger generation that the two palace masters value most.”

“Now that I have become a little girl, such a huge identity change, if it were me, I would have collapsed long ago, right?”

Murong Qingxue began to admire Gongsun Yueying’s strong psychological quality of being able to bend and stretch.

In fact, Gongsun Yueying was completely convinced by Levi Garrison.

Gongsun Yueying felt resentment when the spirit beasts around her were eaten, and she even started to look for opportunities to take revenge.

However, as soon as he had such thoughts several times in a row, he was noticed by Levi Garrison in advance, and was warned by the strength of the side-by-side attack.

Feeling the suffocating energy pressure, Gongsun Yueying had no idea of revenge at all.

Even if the strength is terrifying, the scheming and insight are also impeccable.

Levi Garrison has almost become synonymous with the perfect peak powerhouse.

This convinced Gongsun Yueying.

Even if he becomes Levi Garrison’s servant, he has no regrets.

“Master, tea is ready.”

Gongsun Yueying said softly.

Levi Garrison took the teacup and squeezed it lightly, then said with a smile, "Your tea skills are very good!"

"Thank you for the compliment, master."

Gongsun Yueying said respectfully: "If the tea set is complete, the tea brewed by the slaves will be better."

Levi Garrison nodded, then turned around and said, "Now that the restriction on your cultivation has been lifted, you can find a chance to escape!"

"The slaves dare not!"

Gongsun Yueying knelt down on her knees, and said in a trembling voice: "It is a blessing for slaves to follow the master's side, and she will definitely not escape."

Seeing this scene, the shocked look on Murong Qingxue's face could no longer be added.

Because she could clearly feel the sincerity of Gongsun Yueying's emotions when she said these words, and there was no pretentious element at all.

In other words, this is what she really thinks in her heart.

"As expected of the suzerain, it is truly amazing to be able to convince a top sect's sweet girl in a short period of time!"

Murong Qingxue was very emotional.

at the same time.

Numerous arrogances were killed in the Sun and Moon Divine Fire Hall, and the news that Tian's daughter Gongsun Yueying was arrested and whose whereabouts were unknown gradually spread.

There was an uproar among many sectarian forces.

There are even many sect leaders who quickly recalled the arrogance of the sect who had experienced abroad.

For fear that these sects hope to follow in the footsteps of Gongsun Yueying and others in the future.

"Who exactly dares to attack the Sun Moon Divine Fire Temple?"

“What is the ultimate goal of the real murderer behind the scenes? Could it be targeting the rising stars in all the sects in the region?”

“And is this person related to the peerless powerhouse who exhausted the power of large dragon veins overnight some time ago?”

Many guesses and questions arose in the minds of the people.

For a time, all the sects in this area were in danger.

Even those sects closely related to the Sun Moon Divine Fire Temple have been upgraded to the highest defense level and activated the great formation of protecting the sect.
