

The Return of the God of War [The Protector] Chapter 4005 -

This message was also spread to the Taixu Shenzong, which caused a lot of uproar for a while.

“It is said that Gongsun Yueying has a very high status among the younger generation of the Sun Moon Divine Fire Hall, and his strength is also very strong.”

“It’s not as simple as being tough? Gongsun Yueying and the rest of the geniuses are enough to easily destroy medium-sized sects. You can imagine how powerful they are.”

“If that’s the case, isn’t the strength of the person who shot it even more terrifying?”

The faces of the disciples of the Taixu Shenzong showed a look of astonishment.

They know very well the difference between kill and live capture.

In the face of Gongsun Yueying’s desperate counterattack, it was much more difficult to capture it alive than to kill it.

I am afraid that the strength cultivation base must be a level higher than hers to be able to do it.

“The key is that the shooter does this, which is equivalent to not taking the Sun Moon Divine Fire Palace in his eyes!”

“That’s right, Gongsun Yueying is the arrogance that the two temple masters value very much, and even one of the strong contenders for the future headmaster of the Sun Moon Divine Fire Temple.”

“Gongsun Yueying left Taixu Shenzong not long ago, will this matter involve us?”

The disciples of the Taixu Shenzong instantly became nervous, and some people even panicked.

To this end, Yin Xuejian also deliberately held an emergency meeting to discuss the matter.

All the holy sons and elders in the sect participated. It can be said that the Taixu Shenzong attaches great importance to this matter.

Inside the conference hall.

The faces of the senior members of the Taixu Shenzong were filled with solemn expressions.

“Let’s talk more about your opinion. We must agree on a countermeasure as soon as possible, otherwise the people in the sect will be in chaos.”

Yin Xuejian said in a serious tone.

The Great Holy Son was the first to speak: “Vice Sect Master, I think the real culprit behind the scenes is most likely aimed at the Sun Moon Divine Fire Temple.”

“In the battle for the dragon veins, the strong people of Sun Moon Shenhuo Academy were killed first, and then the deputy director Luo Yunyang and others who came to investigate the matter disappeared mysteriously.”

“Now, the arrogance of the Sun Moon God Fire Hall has been killed, and Gongsun Yueying’s whereabouts are unknown. These things are most likely done by the same person.”

Everyone nodded in agreement. After all, these things happened one after another, and it was absolutely impossible that it was just a mere coincidence.

“So all the sects related to the Sun Moon Divine Fire Temple are in danger?” Yin Xuejian’s tone became a little more solemn.

The Great Holy Son nodded and said, “I’m afraid that is the case, and the Taixu Shenzong bears the brunt, we must take action.”

“What do you mean?” Yin Xuejian asked with a meaningful look at the Great Saint.

As the successor of Taixu Shenzong in the future, Yin Xuejian also intends to cultivate his credibility.

So it will definitely be honed at times like this.

The Great Holy Son understood and said solemnly: “Recall the Tianjiao and the elders who have experienced abroad, and activate the guardian formation at the same time.”

“Furthermore, contact the suzerain as much as possible. In this situation, I am afraid that only the suzerain can completely stabilize the military heart in this situation.”

“The last thing is to send eyeliners to expand the scope of the investigation. As long as an abnormality is found, it will be reported to the sect immediately, so that there will be enough time to prepare for defense.”

“This statement is reasonable, just do as you say.” Yin Xuejian’s face was full of relief.

Everyone was ordered to go to make arrangements.

As soon as he left the conference hall, Gong Qianqiu found the Great Holy Son.

“Husband, will Taixu Shenzong really be implicated?”

“Our friendship with the Sun Moon Divine Fire Palace is not that deep, so we shouldn’t be so nervous, right?”

Although Gong Qianqiu was trying his best to control his emotions, he still couldn’t hide his nervousness.

The Great Sage said with a serious face: “I wasn’t alarmist just now. From these few things, I can see that the mysterious master is not acting according to common sense, otherwise Gongsun Yueying would never be alive.”

“Aren’t we in danger then?”

“All the powerhouses in the Temple of Sun and Moon Divine Fire were killed. Obviously, they are not afraid of the existence of large sects.”

Gong Qianqiu was even more uneasy in her heart, and she had even been scared out of a psychological shadow by that mysterious powerhouse.

The Great Holy Son sighed and said solemnly, “I am afraid that now only the Sect Master can help the Taixu Shenzong get through this disaster.”

The Return of the God of War [The Protector] Chapter 4006

At this time, Levi Garrison and his party stopped at the top of the Qingqiong Mountains.

“Sect Master, the building complex over there is the helm of the Taixu Shenzong.”

“According to our current schedule, we can arrive in less than two hours.”

Murong Qingxue said respectfully.

Levi Garrison followed the direction of Murong Qingxue’s fingers.

In the distance, the green hills are surrounded by green clouds and mists, and in the depths of the clouds and mists, many ancient buildings have already appeared.

"It's pretty good at finding a place. This area is very full of spiritual energy, and it's a good Feng Shui treasure land."

Levi Garrison said jokingly.

To be honest, Levi Garrison was quite excited at this time.

The Taixu Shenzong is right in front of him, and he will soon be able to seek revenge for Gong Qianqiu and the three saints.

The previous blood debts are finally about to be liquidated.

"Sect Master, the front is already the territory of the Taixu Shenzong, and there are several auras secretly hidden."

"It should be a master who guards the super spiritual veins. Should we go around? So as not to startle the snake."

Murong Qingxue asked tentatively.

Levi Garrison waved his hand and said, "It's not necessary, just kill it directly. I just want to make the disciples of the Taixu Shenzong suffer in fear."

"As ordered!"

Murong Qingxue said in a deep voice.

In fact, Murong Qingxue could also understand Levi Garrison's mood, and revenge Xuehen was naturally to make the enemy tremble.

Suffering in fear is the best way to get revenge, so that the past stagnation can be completely released.

The three of them continued to move forward, and it didn't take long before they were stopped by the masters of Taixu Shenzong.

"Who are you waiting for?"

"This place is the realm of the Taixu Shenzong. If you continue to move forward, you will be killed."

The guard's tone was cold, and he didn't take a few people in his eyes at all.

Of course, this is mainly because Levi Garrison and others intentionally hide their qi, and these people cannot detect their true cultivation.

"Kill it!"

Levi Garrison said lightly.

Murong Qingxue nodded, Gongsun Yueying also wanted to step forward to help, but Levi Garrison stopped her with his eyes in advance.

"Someone robbed the Holy Vein and asked for support!"

As soon as the words fell, the disciples of the Taixu Shenzong who were guarding around rushed over.

Murong Qingxue sneered, these people didn't even know that they were dying.

"You idiots with no eyeballs, it's better to die, so as not to waste cultivation resources."

After Murong Qingxue finished speaking, she directly rushed into the crowd. Under her fierce offensive, the guards of the Taixu Shenzong soon suffered heavy casualties.

In particular, the reinforcements that rushed to the scene in the future already had elder-level powerhouses.

At first, the elder didn't care, but soon he found Levi Garrison and Gongsun Yueying who were watching the play not far away.

He once went to the Sun Moon Divine Fire Palace to do business, and was very impressed with Gongsun Yueying.

"Isn't this the sweet girl of the Sun Moon Divine Fire Palace?"

"How can she follow a young man who is not good-looking, could it be..."

The elder suddenly seemed to realize something, and said hurriedly: "You stand up first, I have something important to report back to the sect."

The disciples of the Taixu Shenzong were suddenly a little stunned.

However, without giving them too much time to react, Murong Qingxue had already killed him.

These guards were of average strength, and Murong Qingxue easily dealt with them, killing as many as half of them in no time.

The other half of the staff had no idea of resistance at all, and fled to the helm of the Taixu Shenzong.

"Don't chase after poor thieves, let them report!"

Levi Garrison said with a light smile.

Murong Qingxue hurriedly stopped her figure, she immediately understood what Levi Garrison meant, this was to mentally torture Gong Qianqiu and others!

the other side.

The Great Holy Son, Gong Qianqiu and others are discussing how to prevent masters from committing crimes.

I saw someone running in with a panicked face outside.

"Elder Qi, what's wrong with you?" The Great Holy Son asked in confusion.

Qi Dapeng panted and said: "The big thing is bad, the mysterious master killed him."

The Return of the God of War [The Protector] Chapter 4007 -

This sentence is like a huge boulder falling into the lake from a high altitude, and the waves suddenly start.

“what?”

The Great Holy Son and others were all shocked.

“Elder Qi, can you speak clearly?”

“Where did the master come from? What master killed him again?”

“That’s right, let’s talk it out.”

Others asked.

Qi Dapeng said succinctly: “I was ordered to station in the Qingqiong Mountains. Not long ago, someone stepped into the boundary and conflicted with the disciples who guarded the veins.”

“I rushed to the scene and saw that one of them was Gongsun Yueying, the beautiful daughter of the Sun Moon God Fire Temple who disappeared not long ago.”

“Elder Qi, it’s a big deal, have you recognized the wrong person?” Gong Qianqiu asked nervously.

Qi Dapeng waved his hand and said, “Elder Gong doesn’t know anything. I have gone to the Sun Moon Divine Fire Palace to do business, and I have seen Gongsun Yueying more than once.”

“Moreover, Gongsun Yueying has an outstanding appearance and a little redness between the eyebrows is particularly obvious. I will never admit my mistake.”

sizzle!

The scene instantly sounded the sound of one after another sucking in the cold air.

Some time ago, many geniuses in the Sun Moon Divine Fire Hall were killed, and Gongsun Yueying’s whereabouts are unknown.

Now that it has reappeared, who else is there besides the mysterious powerhouse with Gongsun Yueying?

“Gollum!”

The Great Holy Son swallowed hard. For the first time in his life, he was so afraid.

Especially now that the sect master has not been contacted, if such a strong person attacks, it will almost be a disaster!

“Hurry up, let me know, the whole sect will enter the highest alert state.”

“Elder Qi, and a few of you, come with me now to see the vice sect master.”

“The rest of the people cooperate with the disciples in the sect to maintain the defensive formation. The most important thing is to stabilize the morale of the army, and don’t let them mess up their positions.”

The Great Holy Son forcibly suppressed the apprehension in his heart and ordered.

Everyone nodded and went out to prepare.

Several saints, together with Gong Qianqiu, followed the first son to see Yin Xuejian.

Once the news spread, the entire Taixu Shenzong was completely messed up.

Although the elders tried their best to appease them, they still had little effect.

“That is a peerless powerhouse that is not even afraid of the Sun Moon Divine Fire Temple. Can our Taixu Shenzong hold it?”

“It is said that the arrogance of the Sun Moon Divine Fire Temple that was destroyed at the beginning can easily wipe out a medium-sized sect, and in the end, won’t the entire army be wiped out?”

“This peerless powerhouse is likely from the super hidden world sect, and now that the sect master is not there, I am afraid that the Taixu Shenzong is over.”

“I heard that after hearing the news at that time, even the Great Holy Son and the others panicked. Let’s ask ourselves for more blessings!”

The aura of fear and despair spread inside the Taixu Shenzong.

The more the elders tried to appease, the more serious the negative emotions of everyone, and they directly entered a vicious circle mode.

clang clang!

Under the urging of the formation, the alarm bell kept ringing.

This made many disciples' already anxious emotions worsened.

Of course, there are also some die-hard disciples of the Taixu Shenzong. They have entered the sect to cultivate since childhood, and have extremely deep feelings for the Taixu Shenzong.

Now that the Taixu Shenzong has suffered a catastrophe, these die-hard disciples have vowed to live and die together with the sect.

Inside the conference hall.

Yin Xuejian's face was gloomy and solemn.

Although I thought that I might be implicated before, I never thought that the peerless powerhouse would come so quickly.

"Fortunately, we have summoned many masters before, but facing such a strong man is not enough."

"Go on, everyone will take out the strongest magic weapons and magic weapons, and start all defensive formations."

"Although these defensive formations are not enough to resist peerless powerhouses, as long as they can play a role in consumption."

"This seat will also sacrifice the divine calamity. After this period of warm upbringing, it will not reach the level of divine soldiers, but it will definitely increase its lethality."

Yin Xuejian said solemnly.

The Return of the God of War [The Protector] Chapter 4008 -

After all, Yin Xuejian was the deputy suzerain, but these words calmed everyone's panic.

Especially mentioning the calamity, it also gave everyone a little more hope.

The Taixu Shenzong originally majored in kendo, and Yin Xuejian's practice in kendo was closer to the realm of perfection.

If coupled with the blessing of the divine calamity, even if the mysterious powerhouse cannot be defeated, it can consume the opponent's qi to a great extent.

“And it is to spread out the mysterious powerhouse and let all the surrounding sects join in.”

“They should understand the truth that lips are dead and teeth are cold, and there may be a chance of cooperating with Taixu Shenzong.”

“There is only one dead end in fighting alone.”

Yin Xuejian’s voice was extremely cold.

This battle is related to the life and death of the Taixu Shenzong, and the strength of the strong man is too terrifying. Only by adopting the crowd tactics can there be a glimmer of hope.

Gong Qianqiu suddenly said: “Vice Sect Master, I suggest to inform the Sun Moon God Fire Hall as soon as possible.”

“It’s just that the murderer who killed many Tianjiao in the temple has been found, and even Gongsun Yueying is under his control.”

“If we can bring Sun Moon Divine Fire Hall and Sun Moon Divine Fire Academy into the camp, our odds of winning will be even greater.”

“This statement is reasonable. Just follow Elder Gong’s suggestion and quickly send the strongest disciple of Qinggong to send the message.”

Yin Xuejian said with admiration, “Saint Son, you are truly blessed to be able to marry such a virtuous internal assistant!”

“It’s all the husband’s guidance.”

Gong Qianqiu smiled sweetly.

The Great Holy Son suddenly felt light on his face, especially when he felt the envious eyes of others, he even felt airy.

“And then there is the activation of the killing sword array. This seat needs to use the power of the sword array to integrate into the divine catastrophe and cut out the strongest blow.”

“I really don’t believe that such a strong offensive can’t hurt him in the slightest.”

Yin Xuejian said sullenly.

Gong Qianqiu was suddenly a little surprised, she had never heard of the killing sword array before!

The Great Holy Son's voice transmission explained: "Killing Sword Formation and Protecting Sect Defense Formation are both the strongest formations in the sect."

"Especially, the Killing Sword Formation is formed by combining the power of the dragon veins with the sword intent of many strong men within the sect."

"Only by activating the special sword tactics in the sect can the killing sword array be drawn out. At that time, with the divine calamity, it will be able to exert the strongest power."

Gong Qianqiu suddenly realized that it was Taixu Shenzong. If it wasn't for the peerless Shenbing Zongzong before, I am afraid that he would have been among the big sects long ago.

"Okay, everyone, go get ready!"

Yin Xuejian said solemnly.

Everyone left the meeting room.

Gong Qianqiu looked from a distance and saw that all the disciples in the sect were in a hurry.

Many elders also hold ancient swords and magic weapons, and these things have never appeared before.

Obviously these people took out the treasures at the bottom of the press box.

For a while, the Taixu Shenzong entered a state of preparation for the battle.

At the same time, the sects around the Taixu Shenzong also received relevant information.

Because the person in charge of the communication of the Taixu Shenzong deliberately exaggerated, the mysterious master was perfectly shaped into a lunatic who would unscrupulously plunder the cultivation resources.

He even blamed the mysterious master for the crime of devouring many sects before.

This made many small and medium-sized sects in danger, and immediately decided to hold on to the thigh of Taixu Shenzong.

As for the few medium-sized sects, they also felt that they had a better chance of winning together, so they sent strong men to the Taixu Shenzong.

On the other side, the Sun Moon Divine Fire Temple also quickly got the message.

The hall master immediately ordered all the elite Tianjiao to come out, and even the Sun Moon Shenhua Academy was dispatched to help at the fastest speed.

Of course, in order to ensure that nothing goes wrong, the Sun Moon Divine Fire Temple also issued orders to its subordinate sectarian forces to rush to support.

Many forces are like a hundred rivers meeting Qi Qi Hai and flocking to the Taixu Shenzong.

The Return of the God of War [The Protector] Chapter 4009 -

the other side.

Levi Garrison and others gradually approached the helm of Taixu Shenzong.

No resistance was encountered during the process, and all the disciples who were guarding the sacred veins on the periphery were ordered to retreat to the main rudder.

Of course, this is also to avoid being defeated by Levi Garrison and others.

Watching the halls at the helm of the Taixu Shenzong gradually become clear, and even the scene of the peripheral disciples hurriedly preparing for the battle came into view.

The corners of Levi Garrison's mouth twitched slightly.

"Gong Qianqiu, today is your doomsday, and there will be no future troubles in the base camp from now on."

"If Taixu Shenzong dares to meddle in its own business, let it disappear completely!"

"By the way, the divine robbery must be brought back. Although it is an object that I made casually, it is still Laozi's thing."

Levi Garrison couldn't hide the excitement in his heart, and all the previous blood debts could finally be settled.

At this point, Levi Garrison involuntarily accelerated the pace of progress.

After walking for another five or six minutes, Levi Garrison and the others had reached the periphery of Taixu Shenzong.

The three of them could clearly see the layers of energy fluctuations flowing in the formation.

Even with their ears, they could hear the whispering voices of the Taixu Shenzong disciples hidden in the dark.

“Master, someone is approaching, be careful!”

At this moment, Gongsun Yueying suddenly reminded.

Murong Qingxue was slightly startled, she didn't feel any suspicious aura approaching.

Levi Garrison nodded and said, “It's okay, it should be an acquaintance.”

Sure enough, after a while, a burly figure emerged from the depths of the jungle, and in the blink of an eye came to Levi Garrison and the others.

Murong Qingxue couldn't help but suck in a breath of cold air, because she found out that the person who came was the black-armored devil she encountered in Yulong City before.

“Xiao Feng, it really is you!”

Levi Garrison looked a little complicated, but then asked in a cold voice, “What are you doing to block the way?”

Pfft!

Xiao Feng fell to his knees directly, and said in a very earnest tone: “Master, please don't do anything to the Taixu Shenzong today.”

“What did you say?”

Levi Garrison's tone became even colder.

Xiao Feng quickly explained: “Master, give me a chance to atone for my sins!”

“Gong Qianqiu, I will kill her personally, and I will destroy the Taixu Shenzong myself, and I will ask the master to complete it.”

Bang bang bang!

Xiao Feng kowtowed to Levi Garrison three times in a row, and there was blood on his forehead.

Levi Garrison pondered for a moment, and he could feel Xiao Feng's true emotions about taking revenge himself.

At the same time, I also understand that Xiao Feng is definitely not coming to plead for Gong Qianqiu's lingering affection for her now.

Instead, he really wanted to take revenge on Xuehen through his own strength. After all, Gong Qianqiu played Xiao Feng all over the place.

If you can't take revenge yourself, I'm afraid that there will be a permanent demon in Xiao Feng.

"Okay, I promise you."

Levi Garrison said after thinking for a long time.

Xiao Feng said gratefully, "Thank you, Master, for your accomplishment. Thank you, Master, for your accomplishment."

"Xiao Feng, how are you now?"

"Extreme phagocytosis has many drawbacks. Now your body size and bones have changed. If you continue to devour it, the consequences will be disastrous."

Levi Garrison said earnestly.

Xiao Feng laughed miserably and said, "Master, all of this is my own fault. Now that I'm at this level, I deserve it."

"But Master, no matter what the price I will pay, I will kill Gong Qianqiu with my own hands."

"This is the path I've decided to take, Master, don't ask any more questions."

"In the future, I will take revenge on Xuehen, and I will end it on my own. I will give an explanation to the brothers in the base camp and the master, Levilia."

Xiao Feng's attitude was extremely firm, and he did not give Levi Garrison a chance to continue to persuade him.

"Master, the unfilial disciple left first, and Gong Qianqiu's life is recorded on my account."

After speaking, Xiao Feng left quickly without returning.

Looking at Xiao Feng's back, Levi Garrison sighed faintly.

The past is vivid in my mind, as if it happened yesterday.

Xiao Feng was very persistent in chasing casualties at that time, and it was precisely because of this character that he stood out among many young people.

Unexpectedly, Xiao Feng finally fell into trouble in his character.

Character determines life, this sentence is really true!

“This child is really on the point, and his paranoid personality has not changed from beginning to end.”

“Of course, this also shows what kind of trauma Gong Qianqiu has brought him?”

“But since he has decided to go down this road, let’s just let it go!”

Levi Garrison silently made a decision in his heart.

Looking at the Taixu Shenzong nearby, especially when he could vaguely see the frightened expressions of the disciples in the distant sect, Levi Garrison sighed again.

“Since Xiao Feng decided to take revenge himself, then leave this opportunity to him!”

“Gong Qianqiu, Sanshengzi, let you live longer.”

Levi Garrison immediately waved to the two women and said solemnly, “Let’s go!”

The disciples of the Taixu Shenzong were waiting in earnest, and their spirits were extremely nervous.

Messages kept coming back from the eyeliner at the very edge of the sect.

There were even two outermost disciples who claimed to have seen the peerless master.

Xiang’s whole person seems ordinary, both appearance and temperament are mediocre to the extreme.

But he was accompanied by two beautiful young women, but it didn’t take long for another black armor master to come.

The two sides seemed to have talked about something, but the hesitation distance was too far, and the two eyeliners did not dare to approach, and they did not hear the content of the conversation.

In short, not long after the conversation, the three turned around and left, and finally disappeared without a trace in the jungle.

“Don’t take it lightly, the master should have discovered the energy fluctuation of the formation that we started.”

“Even if he has extraordinary strength, he is bound to act cautiously in the face of the Protector’s Great Array. I think he is looking for a better offensive direction.”

“Continue to expand the scope of exploration, and report immediately once the formation has power feedback.”

The Great Holy Son analyzed the message after hearing the message.

Everyone felt reasonable, after all, this explanation is the most logical.

Although the super powerhouse dared to kill the Tianjiao of the Sun Moon Divine Fire Temple on the periphery, the Dragon Vein was implicated in the guardian formation.

Inspiring the power of the dragon veins to launch an attack, and then combining with many masters to attack together, it really makes sense to be cautious.

Gong Qianqiu was in a particularly uneasy mood, and the cold sweat on his forehead flowed uncontrollably.

She knows how difficult it is to exhaust the power of the dragon veins in one day, and even the physical load will reach an extremely terrifying level.

In this way, it can be deduced that this mysterious master has a high probability of being a super-strength physique cultivator, otherwise the expansion of his strength will cause him to explode and die.

Regarding extreme swallowing, Gong Qianqiu felt that he had a say in the Taixu Shenzong.

Would such a terrifying powerhouse really be afraid of a formation based on dragon veins?

Gong Qianqiu is seriously skeptical about this.

Once the mysterious powerhouse attacks the Taixu Shenzong, the status that he has finally achieved will be in vain.

“Damn it!”

Gong Qianqiu clenched her fists tightly, and she even began to pray that the mysterious powerhouse would not attack Taixu Shenzong.

At least don't attack until you have built up enough strength, otherwise it will be difficult to make a comeback.

Time passed by, and the Taixu Shenzong still showed no signs of being attacked.

Whether Gong Qianqiu, the Great Holy Son, or the others of the Taixu Shenzong are extremely anxious and worried.

At this moment, a message came from the outer eyeliner, and the powerhouses of the Sun Moon Divine Fire Temple arrived, led by the two temple masters in person.

The disciples of the Taixu Shenzong suddenly cheered up, this is the best reinforcement.

They continued to wait for the arrival of the mysterious powerhouse.

The Return of the God of War [The Protector] Chapter 4010 -

Everyone waited for a long time in the complex emotions of anxiety and worry, but there was still no sign of the mysterious master attacking.

Almost everyone is very irritable.

It was as if he had gathered all his strength for a heavy punch, but ended up hitting a large ball of cotton.

"Don't take it lightly, the mysterious powerhouse is definitely playing psychological warfare."

"When we thought everything was going well, we suddenly took action and caught us by surprise!"

Yin Xuejian said with a serious face.

When everyone heard the words, they continued to maintain a state of concentration and preparation.

In the face of such a formidable opponent, the Taixu Shenzong did not dare to act rashly, after all, their suzerain has not been heard from until now.

However, with the passage of time, there were more and more powerhouses in the Sun Moon Divine Fire Temple and Sun Moon Divine Fire Academy.

After getting the information at that time, the two major forces notified the strong people who had experienced and performed tasks in various places in the Kunlun Ruins to gather to defend against the enemy.

It's just because the distances are different, that's why they arrive at the Taixu Shenzong at different times.

It is precisely because the masters of the two major forces gather more and more, and their confidence is getting stronger and stronger.

"Don't wait any longer, go directly to the Qingqiong Mountains, are we still afraid of him alone with so many masters?"

The Lord of the Sun Moon Divine Fire Hall said immediately.

As a large-scale sect, the Sun Moon Divine Fire Temple has its own pride.

Especially in front of so many sectarian powerhouses, the temple master felt that the domineering and strength of the Sun Moon Divine Fire Temple should be displayed even more.

A single command fell like a mountain.

The experts from the Sun Moon Divine Fire Hall and the Sun Moon Divine Fire Academy rushed towards the Qingqiong Mountains.

Other sects waited and watched, but the affiliated forces of the two major sects followed closely, and it didn't take long for the Qingqiong Mountains to be surrounded by water.

However, after a blanket search, no suspicious persons were found.

At this moment, the experts from the Taixu Shenzong who got the information also rushed to the scene.

Of course, in addition to wanting to get rid of the huge hidden danger of the mysterious powerhouse as soon as possible, he also wanted to gain some affection in front of the Sun Moon Divine Fire Palace.

In order to make it easier to send Zongnei geniuses to the Sun Moon Shenhua Academy for further study.

However, everyone fluttered in the Qingqiong Mountains, and they were puzzled.

"Where did the mysterious master go? Even if you choose the best time to attack, you can't leave the entire mountain range!"

“It’s a bit strange that so many strong men are exploring together, but they can’t find the other party’s trace!”

“You said he wouldn’t run away?”

There was a lot of discussion.

After all, so many powerhouses are gathering, all of them are releasing energy for exploration, no matter how strong the opponent is, there is nowhere to hide.

But until now, there has been no discovery, so the mysterious master may have left.

The Great Holy Son and Gong Qianqiu walked side by side, and beside them were the core executives of the Taixu Shenzong.

They also frowned deeply, and obviously did not figure out what the mysterious powerhouse intended.

“Husband, what do you think this mysterious master is doing?”

Gong Qianqiu asked tentatively.

“I really can’t figure it out.”

The Great Holy Son shook his head and continued: “But according to the style of the mysterious master who did not leave no room for killing, it is not the style of thunder and rain, and there must be some kind of conspiracy brewing.”

Everyone nodded, and the mysterious master slaughtered the Sun Moon Shenhua Academy and many sectarian powerhouses in order to win the dragon vein.

This is obviously not afraid of offending people without any scruples.

Even just not long ago, the mysterious powerhouse directly broke into the Qingqiong Mountains and let the disciples of the Taixu Shenzong go back to report.

Otherwise, if you really want to make a surprise attack, with the strength of a mysterious powerhouse, how can you let those disciples who have cultivated at the lowest level escape?

“Don’t guess, I have a conclusion in my heart.”

A sound like muffled thunder exploded in everyone’s ears.

Everyone looked for the voice and saw Yin Xuejian accompanied by two old men with white hair and beard.

The person who spoke was the burly old man standing in the middle.

He was wearing a black robe, with sun and moon flames embroidered on his chest, and a palace below was lifelike.

“This person is Situ Wanli, the master of the Sun Moon Divine Fire Temple.”

The Great Holy Son hurriedly introduced Gong Qianqiu’s voice transmission.

Gong Qianqiu was shocked, and did not expect to see a real big man so soon.

Even a vice sect master like Yin Xuejian had to nod and bow down to others with a flattering expression.

“Palace Master Situ, what do you mean?”

Yin Xuejian asked respectfully, as if asking for advice humbly.

Situ Wanli said solemnly: “According to this seat, that person was scared away when he saw all the powerhouses of the Sun Moon Divine Fire Hall all approaching.”

“The reason why he dared to blatantly come to take revenge is to deceive your Taixu Shenzong. In the final analysis, he is a waste who bullies the soft and fears the hard.”

Everyone suddenly felt a sense of enlightenment.

They were all preconceived before, because the various practices of the mysterious master showed that he was a peerless powerhouse without any scruples.

That’s why everyone doesn’t think about it.

“Even if the arrogance of the Sun Moon Divine Fire Hall is powerful, they are definitely not as strong as the many masters of the Taixu Shenzong today.”

“It’s not wrong, it must be as the Situ Hall Master said, otherwise that person would not have slaughtered so many people.”

“Isn’t it just worrying that Tianjiao will return to the Sun Moon Divine Fire Hall to report the news and expose their identities?”

“Now that we are strong, he naturally won’t act rashly, he must be afraid.”

Everyone present was shocked, swept away the previous malaise.

It turned out that the peerless powerhouse was also afraid at times.

Everyone seemed to break through the shackles of the previous psychological shadows in an instant, and regained a new life of confidence.

“The Temple of Sun and Moon Divine Fire is mighty.”

“Situ Hall Master is domineering.”

“we won!”

The crowd cheered and cheered loudly.

Seeing this situation, Situ Wanli nodded with satisfaction, which was also the effect he wanted.

Many Tianjiao were killed by mysterious masters, which caused heavy casualties to the younger generation of the Sun Moon Divine Fire Palace.

Therefore, the Sun Moon Divine Fire Temple is in urgent need of fresh blood.

But Situ Wanli would not surrender his identity to send people to recruit because of his face.

After this incident, the senior leaders of many sects are bound to send the talented younger generation to the Sun Moon Divine Fire Academy.

At that time, the newly cultivated forces will be used by the Sun Moon Divine Fire Temple.

“Everyone, be quiet, I have something to say here.”

With the sound of Situ Wanli’s voice, the originally noisy scene instantly quieted down.

“We can’t just blindly defend, that would be too passive, and it would make the madman even more reckless.”

“That’s why this seat reminds me that all the elites of the sects are present, and the Aether Void Shenzong is the center of the circle to search around in a carpet-like manner.”

“Everyone carries sound transmission tools with them to keep the information flowing between each other, so that the effect of timely support can be achieved.”

“Do you have any objections?”

Although the sentence pattern belongs to the category of questions, Situ Wanli has a command-like tone, and there is no room for negotiation.

However, the many sects present did not have any objections. After all, the Sun Moon Divine Fire Temple was indeed a large sect.

Coupled with the blessing of Sun Moon Divine Fire Academy, regardless of overall strength or influence, it is also a leader among large sects.

“It’s entirely up to the Situ Hall Master to decide.”

“I am willing to be the leader of the Sun Moon Divine Fire Temple.”

“Kill the madman, the hall master is mighty.”

Everyone’s emotions were high, and the momentum was like a rainbow.

“This seat will issue an order to kill the madman from today, let’s go!”

Following Situ Wanli’s order, hundreds of sects, large and small, launched a pursuit.

The Sun Moon Divine Fire Temple has distributed communication tools for them, and once they are found, they will immediately send a message.

the other side.

Levi Garrison left the Qingqiong Mountains with Murong Qingxue and Gongsun Yueying.

For him, the biggest purpose of this trip to Kunlun Ruins has been basically completed.

The goal set at the beginning was to investigate the situation of Kunlun Ruins and obtain deeper information of Taixu Shenzong.

Now, not only has the intelligence investigation been clear, but he has also overfulfilled the mission and used the Xingyue Divine Sect for his own use.

If Xiao Feng hadn’t decided to take revenge himself, the Taixu Shenzong would have vanished long ago.

Of course, the next step is to see when Xiao Feng will go to take revenge. At that time, Levi Garrison will either watch it secretly or help directly.

But with Xiao Feng’s current cultivation realm, he probably won’t go to Taixu Shenzong for revenge in a short time, otherwise it would be no different from seeking death.

With Xiao Feng’s character, he must reach a state of absolute confidence before going to Gong Qianqiu for liquidation, so it will take a long time.

“Now you can leave the Kunlun Ruins temporarily.”

Levi Garrison thought secretly.

“Sect Master, where are we going next?”

Murong Qingxue asked tentatively.

As the saintess of the Star Moon Sect, Murong Qingxue was still very worried about the safety of the sect.

Sooner or later, Luo Yunyang was killed in the Xingyue Divine Sect, and they would suffer the wrath of the Sun Moon Divine Fire Academy and the Sun Moon Divine Fire Temple.

If Levi Garrison is not in charge of the sect, then once the incident occurs, the Xingyue Shenzong will be wiped out in the blink of an eye.

Levi Garrison pondered for a moment and said, “Go back to the Xingyue Divine Sect first! I still have some things for you to do.”

“If the sovereign has any requirements, just mention it, and our entire sect will definitely go all out to complete it.”

Murong Qingxue said in a sincere tone.

Levi Garrison was willing to return to the Xingyue Sect, which was great news for Murong Qingxue.

“I need you to find some raw materials for forging weapons. Of course, the higher the quality of these materials, the better.”

Levi Garrison said with a smile.

In fact, this matter was planned in Levi Garrison’s mind when he learned that his forging skills were superb.

Levilia and others also need some top-level weapons to improve their combat effectiveness.

According to the information, the gods that he forged with low-level materials were all regarded by the Taixu Shenzong as the magic weapon of the town.

If you find some high-grade raw materials for forging in the Kunlun Ruins, and cooperate with the power of the dragon veins, can you create a peerless magic weapon?

The realm of cultivation can not be improved overnight, but the magic weapon belongs to the external force.

As long as there is enough blacksmithing, the same level of powerhouse can instantly improve the combat effectiveness.

“Good Sect Master, we will do our best to help you find forging materials.”

Murong Qingxue said excitedly.

Only with enough value can Levi Garrison pay more attention, so that he can not be afraid of the coercion of the Sun Moon Divine Fire Palace.

Then Levi Garrison took the two daughters back to the Xingyue Shenzong.

When the people in the sect saw that Gongsun Yueying had become Levi Garrison’s maid, it caused an uproar again.

Everyone was more afraid and respectful of Levi Garrison.

Even the little princesses of the Sun Moon Divine Fire Palace are willing to be slaves and maids. What reason do they have for not bowing their heads and becoming ministers?

“Find a dragon vein as soon as possible, and then the material for refining weapons. The higher the top, the better.”

“I have seen a lot in an ancient book, such as Tianxing Iron, Fire Gold, Dragon Stone, Divine Bone, etc...”

Levi Garrison found that as he kept saying these materials, the faces of everyone present became more and more ugly.

“Any questions?”

Levi Garrison asked with some doubts.

Everyone looked at each other, not knowing how to reply to Levi Garrison.

In the end, Murong Wanqing organized the language and responded, “Sect Master, these things are too rare, let’s take Longshi as an example!”

“It takes hundreds or even thousands of years for dragon veins to breed, and dragon stones with strong aura can even generate spiritual wisdom to some extent.”

“Forged weapons can really be used for this...”

Although the latter words were not completely spoken, Levi Garrison also understood what she meant.

Levi Garrison looked at the others with a smile, and sure enough, their reactions were similar.

Murong Wanqing's meaning is obvious, dragon stone is a top-grade forging raw material, and its preciousness and rarity far exceed that of ordinary dragon veins.

Even small dragon veins can't breed dragon stones, and even the dragon vein that Levi Garrison snatched from last time has no dragon stones.

One can imagine the preciousness and rarity of dragon stones.

And with such top-quality raw materials, ordinary forging techniques can't control it at all.

To put it bluntly, even if an ordinary blacksmith has a dragon stone, he cannot forge a peerless divine weapon, which is completely a waste of time.

The members of the Star Moon Sect are questioning their forging skills.

"Well, you bring me some of the raw materials in the sect."

"Then take me to the location of the Sacred Veins within the sect."

"Just for you, the elders of the sect, to create a handy guy style."

Levi Garrison said with a smile.

Being exposed on the spot by what they were thinking, the elders of the Xingyue Divine Sect looked embarrassed.

But being able to test Levi Garrison's forging skills on the spot made everyone look forward to it.

Especially seeing Levi Garrison's confident appearance, everyone was a little excited.

"It seems that the new Sect Master really has two brushes!"

Such thoughts flashed in everyone's mind.

Murong Wanqing immediately ordered people to take out many raw materials, and then took Levi Garrison to the land of the Holy Vein.

"let's start!"

Before he finished speaking, Levi Garrison had already started forging.

The skilled movements and superb techniques made the members of the Xingyue Divine Sect stunned for a while.

“Sect Master’s forging is too superb, isn’t it?”

“This seat has participated in the blacksmithing competition held jointly by many sects, and the level of the blacksmithing champion is far less than that of the suzerain.”

“I’m afraid this is comparable to the top forging techniques of Kunlun Ruins, right?”

“Elder Qi, please change your interrogative sentence into a declarative sentence. I am afraid that only the King of Foundry can compare with the suzerain.”

The King of Foundry is the existence with the strongest casting skills in Kunlun Ruins, and is revered as the God of War.

Many top sects exhausted all kinds of resources just to get a magic weapon.

However, the level of the God of War is far beyond the reach of the Star Moon Divine Sect, and even the Sun Moon Divine Fire Palace may not be able to reach that level.

It is said that only those super hidden families or sects can connect with the God of War.

However, after seeing Levi Garrison’s superb forging, the shock in everyone’s hearts could no longer be added.

It was soon replaced by excitement and excitement. As long as he could hug Levi Garrison’s thigh, why wouldn’t he have a peerless weapon?

It didn’t take long for Levi Garrison to forge several weapons.

“The material level is too low, plus only the power of the Holy Vein is blessed, you should deal with these broken things first!”

Levi Garrison threw a few weapons to Murong Wanqing and the elders.

Broken stuff?

To deal with?

Everyone watched the magic of the weapons in their hands circulate, even the magic weapons of those large sects were just like that, right?

Was Levi Garrison turned into a piece of shit? Also let yourself deal with it?

But then again, it seems that people are right, the raw materials provided by the Xingyue Divine Sect at that time were all ordinary products.

If those are replaced with high-grade raw materials such as dragon stone and Tianxing iron, it is likely that the refined weapon will be a peerless weapon.

“Does the Sect Master really want to give these to me?”

Murong Wanqing asked excitedly.

Levi Garrison nodded with a smile, and said, “That’s natural, I always count what I say.”

“If you can find high-level raw materials and become rich in the future, I will also forge a few peerless weapons for you to play with.”

Hearing this, there was an uproar at the scene.

“Thank you for the gift of the Sect Master!”

“The sovereign is mighty and domineering!”

“Sect Master, this forging technique has reached the pinnacle!”

The senior members of the Star Moon Sect were overjoyed and cheered.
