

## The Return of the God of War [The Protector] Chapter 4126 -

Longyang City.

A team wearing the exclusive robes of the Zijin Chamber of Commerce went directly to the Longyang City Branch of the Taiyi Chamber of Commerce.

This team is a top-level expert sent by the Zijin Chamber of Commerce, and is specially responsible for investigating the murderer of the Dragon Burial Valley Massacre in this area.

Although the real local snake in this area is the Taiyi Chamber of Commerce, the Zijin Chamber of Commerce will have their exclusive information channel.

The investigation team soon discovered suspicious clues: the gangster had been to Longyang City before heading to the Dragon Burial Valley.

After following the vines, the Longyang City Branch of the Taiyi Chamber of Commerce gradually surfaced.

Wei Shuyang was not surprised to learn that the people from the Zijin Chamber of Commerce came to the door. He knew very well that the latter did have this strength.

At the beginning, Levi Garrison almost had a fight in the trading hall of the Taiyi Chamber of Commerce, and there were not a few witnesses.

No matter how strong the Taiyi Chamber of Commerce is, it is impossible to block Yoyo's mouth. After all, there is no airtight wall in the world.

"I don't know that the friends of the Zijin Chamber of Commerce are here, and the president of this association has lost his way. I hope you will forgive me!"

"I just don't know what your friends are doing from afar?"

Wei Shuyang was the first to say hello.

No matter how bitter and hostile you are in your heart, you must do your best on the surface. This is a basic operation that can last in the Kunlun Ruins for a long time.

"President Wei intends to make it clear here? Is this the way your Taiyi Chamber of Commerce treats guests?"

The leader of the exploration team asked with some displeasure.

Although the Taiyi Chamber of Commerce is a local snake in this area, as the elder of the Zijin Chamber of Commerce who has passed Jianglong, he does not intend to sell the so-called affection to the other party.

They even had arrogant expressions on their faces, and they didn't take Wei Shuyang and others into their eyes at all.

Wei Shuyang was displeased in his heart, and he said without a smile, "Everyone, please, come here, watch the table and serve tea."

Entering the welcome hall, the old investigation team leader asked directly:

"President Wei, I came here to ask you about the situation of the bandits in the Buried Dragon Valley, and I hope you will tell everything you know."

Seeing that the other party was straight to the point, Wei Shuyang didn't intend to hide it, and said directly: "I know the details of the person you are looking for."

"Oh? What's the identity of the bandit?" The black-robed elder was very excited immediately. He had no idea that the other party would admit it so happily.

Wei Shuyang didn't tell him, but changed the subject and said, "This seat intends to save his life. I wonder if the Zijin Chamber of Commerce can give him another face?"

Before Wei Shuyang finished speaking, the black-robed elder suddenly stood up and said coldly, "Wei Shuyang, what do you think you are?"

"I dared to ask Zijin Merchant to give you face? If we give it to you, I'm afraid you won't be able to accept it, right?"

"Besides, that madman killed seventeen top powerhouses of my Zijin Chamber of Commerce, this blood debt must be repaid with blood, this seat advises you Taiyi Chamber of Commerce not to come to this muddy water, otherwise the consequences are not what you can bear. "

The black-robed elder's tone was cold and condescending, and he didn't take Wei Shuyang in the slightest.

Immediately afterwards, other members of the investigation team of the Zijin Chamber of Commerce also agreed.

"Do you want face? How much is the face of your Taiyi Chamber of Commerce worth? I don't know how high the sky is."

"Hurry up and hand them over, or else the Zijin Chamber of Commerce will be irritated, and even your Taiyi Chamber of Commerce will clean up together!"

“Everyone is at peace with each other normally, but it doesn’t mean that the Taiyi Chamber of Commerce can be on an equal footing with the Zijin Chamber of Commerce.”

“The Taiyi Chamber of Commerce is a long way off! Hurry up and hand over someone, or we will pacify the Longyang City Branch of the Taiyi Chamber of Commerce.”

The more everyone talked, the more vigorous they were, until they almost pointed at Wei Shuyang’s nose and cursed.

Clap clap!

Wei Shuyang slammed the teacup to the ground, and the teacup made a crisp cracking sound.

## **The Return of the God of War [The Protector] Chapter 4127 -**

Deng Deng Deng!

A loud cry came.

Many Taiyi Chamber of Commerce powerhouses flocked to the reception hall and surrounded it.

Wei Shuyang stood up slowly, and said in a very cold tone: “This person is in the Taiyi Chamber of Commerce. You are so presumptuous, don’t you want to leave here alive?”

As soon as the words fell, all the strong men of the Taiyi Chamber of Commerce released a cold murderous aura.

The black-robed elder looked gloomy and stared at Wei Shuyang with burning eyes.

“Wei Shuyang, is this your personal opinion, or the attitude of the entire Taiyi Chamber of Commerce?”

The black-robed elder said coldly.

Wei Shuyang’s eyes did not evade at all, and he met his gaze and said, “This person is guaranteed by the Taiyi Chamber of Commerce. Leave here as soon as possible before I change my mind, otherwise it will be hard to say what will happen next.”

“Very good! I hope you don’t regret the decision you made today.”

The black-robed elder got up and left, walked to the door and suddenly turned around and continued: "The headquarters of the Zijin Chamber of Commerce has issued an order, no matter who dares to block the killing."

The black-robed elder really wanted to do it immediately, but he also understood that in the base camp of the Taiyi Chamber of Commerce, there was no chance for him to win.

Today's Qiu Xianxing is remembered in my heart, and it will not be too late to liquidate when the strong gather in the future.

Watching the investigation team leave aggressively, after a long time, Wei Shuyang also sighed faintly.

"This matter can't be done well. Whether the Taiyi Chamber of Commerce can go further depends on the outcome of this battle."

Wei Shuyang muttered to himself.

In fact, as Wei Shuyang expected, since the exploration team left Longyang City, more and more powerful people from Wandao City have gathered here.

There are also a lot of strong people in the Zijin Chamber of Commerce. For a time, it is like a hundred rivers meeting the sea, and Longyang City is instantly hot.

Facing such huge pressure, Wei Shuyang had no choice but to ask the headquarters for help.

Although the Taiyi Chamber of Commerce headquarters also decided to protect Levi Garrison through negotiation before, but after all, it is impossible to quench the thirst in the near future.

According to the eyeliner report, the Zijin Chamber of Commerce gathered around Longyang City and the strong affiliated sects of Wandao City are increasing exponentially.

According to this situation, it won't be long before the powerhouses of the Taiyi Chamber of Commerce in Longyang City will be at an absolute disadvantage.

Once the other party launches a general attack, the Longyang City Branch may even risk the destruction of the entire army.

Thinking of this, Wei Shuyang also began to panic.

the other side.

Gong Qianqiu also got the message that the Zijin Chamber of Commerce was looking for revenge on the bandits, and instantly swept away the haze of his previous mood.

Not long ago, the Sun Moon Divine Fire Hall and the Sun Moon Divine Fire Academy were warned by the divine arrows one after another, and Gong Qianqiu was so full of fire that he had nowhere to vent.

And the suzerain of the Taixu Shenzong can only return after a month, which makes it impossible to organize effective forces to deal with the bandits in a short period of time.

This made Gong Qianqiu even more depressed.

“I don’t know how strong this Zijin Chamber of Commerce is?”

Gong Qianqiu is a bit clueless, and the power displayed by the bandits is too terrifying.

Take those two divine arrows for example, they can exert such terrifying lethality from thousands of miles away.

Wouldn’t it be even more devastating if it were used at close range?

“My sister doesn’t know something, the comprehensive strength of the Zijin Chamber of Commerce is beyond imagination.”

“As far as the Wandao City branch is concerned, Wandao City has countless sectarian powers, even if the sects of the Sun Moon God Fire Temple are not ranked there.”

“What’s more, in order to deal with the gangsters this time, even the headquarters of the Zijin Chamber of Commerce has sent experts to assist. If you want to come to the gangsters, you will definitely die.”

The Seven Holy Sons explained.

The Seven Holy Sons used to explore the resources of the Dragon Vein, and had been to Wandao City, and had a good understanding of the strength of the Zijin Chamber of Commerce.

“That makes it even better to take advantage of this great opportunity.”

Gong Qianqiu secretly said in his heart.

Although the gangsters won’t take the initiative to kill her for the time being, but the matter of personally slaughtering and destroying the many strong men of the Taixu Shenzong and framing the gangsters will be revealed sooner or later.

You have to plan early to be safe.

## The Return of the God of War [The Protector] Chapter 4128 -

There are thousands of thoughts in Gong Qianqiu's mind, but the final decision is to eliminate all adverse consequences.

Because once the incident of destroying the Taixu Shenzong and framing the bandits happens, then the sect master and the super sect behind him will destroy themselves first.

"Sister, many masters of the Zijin Chamber of Commerce are looking for the whereabouts of the bandits, why don't you use a knife to kill?"

The Seven Holy Sons suddenly proposed.

Gong Qianqiu nodded and said, "Xiao Qi, you and my sister want to go together."

"It's not too late, I'll set off and rush to Longyang City immediately. If there is any news here, let me know in time."

"Sister, don't worry, with me, the Taixu Shenzong can't mess up, but sister, you have to be careful along the way!" Seven Saint Son said with some worry.

Gong Qianqiu waved his hand and said, "Don't worry, Xiao Qi, although I am not a peerless powerhouse, I still have the ability to protect myself."

Saying goodbye to the Seven Holy Sons, Gong Qianqiu rushed straight to Longyang City without stopping.

Now Longyang City has become the focus of this area, and the comprehensive strength of Taiyi Chamber of Commerce and Zijin Chamber of Commerce is very strong.

The confrontation between these two top big chambers of commerce naturally attracted the attention of many sects and powerhouses.

Gong Qianqiu basically found the Zijin Chamber of Commerce's temporary stronghold in Longyang City without much effort.

The three black-robed elders in the temporary stronghold are in charge of the overall situation. They are all the peak powerhouses of the Zijin Chamber of Commerce in Wandaoyang City, and their strength is second only to the chairman Huangfu Hongsheng.

“Elder Moxie, there is someone outside who claims to be the saint of the Sun Moon Divine Fire Temple, saying that there is important information about the murderer of the gangster.”

The Chamber of Commerce elites said respectfully.

The three black-robed elders, Mo Xie, Mo Ya, and Mo Cheng, looked at each other and saw a hint of surprise and surprise in each other’s eyes.

“Let her in now.”

Elder Mo Xie said in a deep voice.

A moment later, an elite of the Chamber of Commerce led Gong Qianqiu in.

“Qianqiu has met the seniors of the Zijin Chamber of Commerce.”

Gong Qianqiu Yingying’s courtesy is neither humble nor arrogant, which makes the strong people of the Zijin Chamber of Commerce evaluate her a little higher.

After all, the atmosphere in the hall was very solemn at the moment, and the three black-robed elders also released their powerful auras to prevent Gong Qianqiu from talking nonsense.

“Tell the information about the gangsters quickly and truthfully. If there is any falsehood, don’t blame me for destroying the flowers.”

Elder Mo Xie said coldly.

Gong Qianqiu said respectfully: “Senior, please rest assured, even if I borrow hundreds of courage, I will not dare to deceive you.”

“Very good, tell me everything you know!” Elder Mo Ya nodded with satisfaction.

Gong Qianqiu’s affairs are meticulous and detailed, especially the emphasis on Levi Garrison holding the peerless magic weapon.

Sure enough, after hearing this message, the eyes of everyone present flashed a touch of greed.

No matter what level of sect, the peerless divine soldier has attracted much attention, not to mention that it is likely to be the divine soldier who caused the phenomenon of heaven and earth in the Buried Dragon Valley.

“You mean that the gangsters are now in the Xingyue Divine Sect?” Elder Mo Cheng asked with a sullen face.

Gong Qianqiu nodded and said: "The Xingyue Shenzong has been taken over by the bandits, and the entire sect is his accomplice."

Now that he has decided to use a knife to kill people, he will directly uproot the Xingyue Shenzong to avoid future troubles.

"Okay, you go down first. After this seat confirms this message, there will be a reward."

Elder Mo Xie waved his hand and said.

Gong Qianqiu stepped back and waited. Of course, she did not intend to leave. It was safer to stay in the Zijin Chamber of Commerce's many powerhouses than to return to the Sun Moon Divine Fire Hall.

In particular, the destruction of the Taixu Shenzong and blaming the bandits is still a ticking time bomb, so it is even more cautious.

The three elders of Mo Xie immediately sent people to the relevant area to investigate the information, and the information was quickly confirmed.

So Mo Xie directly reported the situation to the branch of the Zijin Chamber of Commerce in Wandao City.

## **The Return of the God of War [The Protector] Chapter 4129 -**

When the message was sent back to Wandao City, Huangfu Hongsheng was furious, and immediately sent many strong men to kill the bandits and eradicate the Xingyue Shenzong.

All the sectarian forces in Wandao City started to move for a while, especially the affiliated sects of the Zijin Chamber of Commerce were the most active.

They also all learned that there is a peerless magic weapon in the hands of the bandits, and as long as they kill them, they can take the peerless magic weapon as their own.

Not only that, but you can also get the rewards distributed by the Zijin Chamber of Commerce, which is simply a good thing that kills two birds with one stone.

Among them, the three top sects, Bailian Tianzong, Wandaocheng Xiaoyaowang, and Xingchenhaidian, sent hundreds of top powerhouses.

The Bailian Tianzong has various categories, such as body refining, alchemy refining, etc. He is involved in everything that involves chain quenching.

The Free King of Wandao City is the largest mercenary leader in the Wandao City area, in charge of all mercenary organizations within his jurisdiction.

As for the Xingchenhai Palace, it is the most powerful sect in Wandao City. It is in charge of the entire Xingchen Sea, and the mineral resources in the sea are extremely rich.

The Heijia Tianjun of Wandao City even put on a tragic battle of 10,000 elites. They are usually the guards of Wandao City and are responsible for the defense of all islands.

The individual combat strength of the Heijia Tianjun may not be as good as that of the top sectarian powerhouses, but they are better at charging into battle.

In particular, the Heijia Tianjun has unique killing tactics and attack formations, and the combat power exerted by so many people is extremely terrifying.

Even the shock sect dare not underestimate the joint attack of the Heijia Tianjun.

This is just one of the sectarian forces that went to the Xingyue Sect.

The six forces of Dark Flame Pavilion, Holy Spirit Academy, Tianyuan Sword Sect, Zhanhu Clan, Dayan Shengzhai, and Longhu Temple were equally powerful.

It has attracted the attention and shock of many forces.

“Even the alien power of the Holy Theological Academy has also joined in. The influence of the Zijin Chamber of Commerce is really not trivial.”

“The Zhanhu Clan, a group with half the blood of spirit beasts, has joined, and it is not surprising that other sects have joined.”

“All of what you said is understandable, but why did the Daoist sect, Dayan Shengzhai, get involved? Aren't they afraid of being targeted by the King Kong Gate of Longhu Temple?”

“One yard is one yard, these sectarian forces joined only to kill the bandits and get rich rewards from the Zijin Chamber of Commerce.”

“That's right. I'm afraid they never thought that there would be a time when they would fight together. The situation forced them.”

“The movement caused by the gangsters this time is too big, especially the King Kong Gate of Longhu Temple is not easy to take action. It seems that the Zijin Chamber of Commerce will have the physical cultivation method or magic weapon they want.”

Everyone was talking about how powerful the Zijin Chamber of Commerce was, and everyone believed that the gangsters would definitely die.

Because apart from these top sects that can be ranked, there are countless small and medium sects involved.

At the same time, the Zijin Chamber of Commerce also sent a large number of strong men to supervise the battle, vowing to bring down the gangsters to ashes.

Many forces are like a hundred rivers meeting the sea, rushing to the Xingyue Divine Sect in a mighty manner.

This news was soon learned by the Taiyi Chamber of Commerce, and Wei Shuyang was even more panicked.

He thought that the Zijin Chamber of Commerce would investigate for a while before knowing the exact location of Levi Garrison.

After all, the Taiyi Chamber of Commerce, who knew the inside story the most, kept silent from top to bottom, and it would be difficult for other sects to find out.

“There must be someone reporting the secret, go and find out what’s going on?”

Wei Shuyang immediately ordered.

I have to say that the information of the Taiyi Chamber of Commerce is really well-informed, and it was quickly investigated that it was the new saintess of the Sun Moon Divine Fire Temple who went to inform.

Combined with some of the information revealed by Levi Garrison before, we can also guess Gong Qianqiu’s general intention.

“This woman is really playing with a knife to kill with one hand!”

Wei Shuyang couldn’t stop sneering in his heart, but many sects had already attacked the Xingyue Shenzong, and he could no longer stand idly by.

Wei Shuyang immediately took out the communication tool and informed Levi Garrison of the information he got.

## **The Return of the God of War [The Protector] Chapter 4130 -**

After Wei Shuyang notified Levi Garrison of the information obtained by the Taiyi Chamber of Commerce, he still felt a little uneasy.

Although the number of contacts with Levi Garrison is not too many, Wei Shuyang feels that the latter is the kind of personality that is difficult to change once a decision is made.

Especially in the face of danger or a strong enemy, the more you persuade you to avoid the limelight, the more likely Levi Garrison will go in the opposite direction.

So Wei Shuyang immediately led the top masters of the Taiyi Merchant Congregation in Longyang City to fly to the Xingyue Shenzong in a cloud boat.

When Wei Shuyang and others rushed to the Xingyue Shenzong, they saw Levi Garrison leisurely drinking tea with Erlang's legs crossed.

With that leisurely appearance, where is the tension and anxiety on the eve of the war?

"Mr. Ye, why are you not in a hurry at all? The combined army of the Zijin Chamber of Commerce is already on the way, and they will be able to kill you soon."

"If you don't prepare in advance and say something you don't like to listen to, you may die in Huangquan!"

Wei Shuyang said bitterly.

As soon as the words fell, the senior members of the Xingyue Divine Sect also turned their attention to Levi Garrison.

Before that, they could not persuade Levi Garrison to think of ways to deal with it, but Levi Garrison was unmoved, and he was as relaxed and comfortable as a normal person every day.

Messages were constantly coming from the eyeliner in front, and many sects launched by the Zijin Chamber of Commerce kept approaching, and it didn't take long for the troops to descend on the city.

In the face of this level of offensive, let alone the Taixu Shenzong, even the Sun Moon Shenhua Temple or even a stronger sect would be wiped out in an instant.

Therefore, the core executives of the Xingyue Shenzong had no idea what Levi Garrison was thinking, and they were still unmoved by the burning eyebrows.

I don't know if it's the calmness with confidence, or the lying flat with nothing to do.

Levi Garrison shrugged indifferently and said, "President Wei, sit down and have a cup of tea together! Didn't they kill them?"

"Mr. Ye, you are... hey!"

Wei Shuyang took a long sigh, sat down and continued: "After our investigation, the informer is Gong Qianqiu."

"Oh!"

Levi Garrison nodded slightly.

Wei Shuyang was a little surprised, but Levi Garrison didn't seem to be surprised at all.

"I already guessed it was her."

Levi Garrison explained.

It's the same reason as before, although Gong Qianqiu deserves to die for his crimes, but it must be left to Xiao Feng to solve in the end.

Wei Shuyang suddenly realized, and then changed the topic back.

"Mr. Ye, it's not that I doubt your strength, but there are too many sects launched by the Zijin Chamber of Commerce this time."

"Just a random selection of more than ten large sects, such as Bailian Tianzong, Wandaocheng Free King, and Holy Spirit College, far surpasses the Sun Moon Divine Fire Hall."

"Especially, the Dragon Tiger Temple dispatched the eight great Vajra Arhats of the Vajra Gate. They are all top-level physique practitioners, and their strength is extremely powerful."

"I suggest that Mr. Ye and all the members of the Xingyue Shenzong withdraw to the Taiyi Chamber of Commerce headquarters, so that we may still have the strength to fight."

Wei Shuyang's tone was earnest, and he really didn't want Levi Garrison to make mistakes.

He had already expressed his attitude before facing the leader of the investigation team of the Zijin Chamber of Commerce.

Under this premise, if Levi Garrison's life is not guaranteed, then offending the Zijin Chamber of Commerce before will be meaningless.

It will even pull the entire Taiyi Chamber of Commerce into the water, which is not worth the loss.

However, as long as Levi Garrison and others arrive at the headquarters of the Taiyi Chamber of Commerce, they will be members of the Taiyi Chamber of Commerce.

Within the geographical scope of the Taiyi Chamber of Commerce headquarters, even the Zijin Chamber of Commerce would not easily launch an all-out war.

Although the Zijin Chamber of Commerce has a stronger comprehensive strength, even if the Taiyi Chamber of Commerce is eventually eaten up in an all-out war, they will suffer heavy losses.

At that time, it will naturally be eroded or even annexed by those same-level chambers of commerce that covet the Zijin Chamber of Commerce. This situation is definitely not what the Zijin Chamber of Commerce wants to see.

If Levi Garrison continued to stay here, there would only be a dead end.
