

## The Return of the God of War [The Protector] Chapter 4145 -

“Don’t stay here for a long time, run away!”

This is the only thought left in the mind of King Kong of the Dragon Tiger Temple.

Levi Garrison seriously injured himself in the way he is best at, which undoubtedly makes people feel hopeless.

“I want to leave now, it’s too late!”

Levi Garrison’s cold voice sounded again.

A moment later, under the horrified eyes of everyone at Longhu Temple, the chief King Kong of the sect was blown into a blood mist by Levi Garrison’s punch.

“What a terrifying \*\* intensity!”

“The bandit is actually a body cultivator, and it seems that he has stronger skills.”

“Chief King Kong’s blood feud must be avenged, let’s go together.”

The other King Kong groups in Longhu Temple attacked it, but they were all killed by Levi Garrison, and he didn’t even use magic weapons during the whole process.

This scene is utterly terrifying.

The other sectarian powerhouses retreated one after another, but Levi Garrison, the three and one beast, fought more and more bravely, and directly killed the Zijin Chamber of Commerce allied forces in a mess.

Wei Shuyang and the others who were watching the battle at the Xingyue Shenzong had long been shocked and stunned.

They were once again shocked by Levi Garrison’s powerful strength, especially the performance of Murong Qingxue’s two daughters was beyond everyone’s expectations.

The magic weapon in their hands has increased their combat power to such a degree that they deserve to be the top forging masters.

“It doesn’t make any sense for us to stay here, let’s go back to Longyang City to talk about the situation first!”

Wei Shuyang proposed, and others agreed.

Because he lost contact with the powerhouses of the Taiyi God Group before, this made Wei Shuyang quite worried. After all, those people were dispatched by the headquarters.

“Tell Mr. Ye at that time, and we will come back after we investigate the situation clearly.”

After Wei Shuyang explained, he took a few confidants to return to Longyang City on a cloud boat.

As for the army they brought, they still stayed in the Star Moon Sect, in case of emergency.

There was nothing to say on the road. When Wei Shuyang rushed back to the Longyang City branch, the 800 strong members of the Taiyi God Group had been surrounded by the Xingchen Haidian and the Heijia Tianjun.

“Wei Shuyang, you came back just in time, do you know what’s going on in the Xingyue Divine Sect?”

“Did you, the Taiyi Chamber of Commerce, help you to defeat the King’s army of Xiaoyao and Bailian Tianzong before?”

“You’d better answer truthfully, or your club will be crushed.”

Everyone asked in a cold voice.

Wei Shuyang said with a wry smile, “Everyone, it doesn’t make any sense for you to guard your troops here. The King of Xiaoyao and the Tianzong Bailian were both killed by Mr. Ye.”

“As for the Taiyi Chamber of Commerce, it has never helped.”

Whoa whoa whoa!

There was an uproar at the scene.

“Impossible, are you so fooled when we are three-year-olds?”

“The vice sect master of the Hundred Refinements Heaven Sect and King Xiaoyao are comparable to the top powerhouses, plus the army of spirit beasts and the sword formations of the gods, how can they be defeated by a gangster?”

“Hurry up and tell the truth, our patience is limited.”

The two forces did not believe Wei Shuyang's words at all.

However, thinking that there will be a large number of reinforcements going to the Xingyue Divine Sect in the future, the members of the two major forces are waiting for good news from other sects.

It's just that several days have passed, and the forces attacking the Xingyue Divine Sect are still in the air.

At the same time, some of the strong men of the Zijin Chamber of Commerce were also hiding in Longyang City.

They are also waiting for the final message of the coalition's attack, while always keeping in touch with Huangfu Hongsheng.

Huangfu Hongsheng didn't wait for the news for a long time.

Just as Xingchen Haidian and the Heijia Tianjun were anxiously waiting, they suddenly felt a buzzing sound, and when they looked from a distance, they saw a cloud boat flying in the sky.

"It seems to be Yunzhou of Dark Flame Pavilion, they are back."

Someone screamed in surprise.

However, the next scene directly left the members of the two major sects stunned in place.

## **The Return of the God of War [The Protector] Chapter 4146 -**

The Dark Flame Pavilion Yunzhou slowly landed on the ground from the sky, and the three people and one beast walking out from above shocked the audience in an instant.

"These people are not from the Dark Flame Pavilion, who are they?"

"Holding a sword and magic weapon, isn't this guy a gangster?"

"Where are the powerhouses of the Dark Flame Pavilion?"

After a short silence, everyone screamed and looked towards the sky where the cloud boat was coming.

However, after looking around for a long time, I didn't see any trace of the superpowers that were killing the Xingyue Divine Sect.

In an instant, there was a bad premonition in everyone's heart.

"It turned out to be... Mr. Ye?"

The high-level officials of the Longyang City Taiyi Chamber of Commerce Branch recognized it immediately.

Wei Shuyang arrived when he heard the news, and when he saw Levi Garrison, he was extremely shocked.

But now is not the time to ask for details.

In recent days, the two major forces of the Heijia Tianjun and Xingchenhaidian have been fighting with each other with the Taiyi Divine Ancestor Eight Hundred Powerhouses.

"Are you a gangster?"

The leader of the Black Armored Army asked in a cold tone.

The eyes of the others also shifted in an instant, but they questioned in a condescending manner.

Levi Garrison nodded calmly and said, "That's right, it's me!"

"What about the Dark Flame Pavilion, Dragon Tiger Temple, and Tianyuan Sword Sect?"

The leader of the Black Armored Army continued to ask questions.

Levi Garrison said with a smile: "I killed them all, why, you can't wait to follow them?"

"what?"

The leader of the Black Armored Corps and the others screamed in surprise, with incredible expressions on their faces.

"The coalition forces headed by the six major factions are tyrannical. Even if they lose, they can at least retreat completely. How can they be killed?"

"This guy is just bluffing. It seems that he escaped here first knowing that he was defeated."

“Just a few of them are thinking about making noises? It’s a fool’s dream.”

Everyone ridiculed Levi Garrison for talking nonsense.

However, Wei Shuyang and other Taiyi Chamber of Commerce experts who had seen Levi Garrison’s strength had no such idea.

They saw the invincible scenes of Levi Garrison and the others when they rushed to kill the coalition camp, but in less than half a column of incense, the coalition suffered countless casualties.

It is precisely because he had no worries, Wei Shuyang decided to lead a few confidants to return to Longyang City to investigate the situation first.

However, even so, when Levi Garrison said this, Wei Shuyang and others couldn’t help but gasp.

“The coalition is dominated by the six top sectarian forces, and was killed by Levi Garrison in such a short time?”

Wei Shuyang was amazed again and again. If he hadn’t seen Levi Garrison’s terrifying combat power with his own eyes, he would not hesitate to think that this information was a fantasy.

“If you have this request, I don’t mind giving you a ride.”

Levi Garrison said this in a very light tone, but the leader of the Heijia Tianjun felt extremely murderous.

“Arrogant, do you think my 10,000 Heijia Tianjun is made of mud?”

The leader of the Heijia Tianjun said angrily.

Levi Garrison shook his head, which made the leader of the Heijia Tianjun think that Levi Garrison was intimidated, and the corner of his mouth could not help but rise slightly.

However, Levi Garrison’s next sentence suddenly froze the smile of the leader of the Heijia Tianjun.

“Under my sword, your army of ten thousand is not as strong as the mud.”

While speaking, Levi Garrison shook the dragon burial and thunder slaying in his hand.  
contempt!

**\*\*Naked contempt!**

“you wanna die!”

The members of the Black Armored Corps were instantly furious, and they wanted to do something to Levi Garrison.

However, the deputy hall master of Xingchenhai Palace and the leader of the Heijia Tianjun had a very solemn expression, and even had a hint of retreat in their hearts.

The two instantly recognized that Levi Garrison was holding two top-level peerless weapons, and once they fought, they would suffer heavy casualties.

“Tough bandit, you kill seventeen peak powerhouses in our chamber of commerce. You must return blood for this blood feud.”

## **The Return of the God of War [The Protector] Chapter 4147 -**

Just as the leaders of the two major forces were resigned, an incomparably vigorous voice sounded.

After a while, an old man with white beard and hair slowly walked forward and glared at Levi Garrison.

“The chief elder of this Zijin Chamber of Commerce headquarters must settle this blood feud with you today.”

The old man’s eyes were sharp. The elder of the branch of the Zijin Chamber of Commerce in Wandao City, whom Levi Garrison killed in the Dragon Burial Valley before, was his junior fellow.

The two brothers and sisters had a very good relationship. After learning the news, the chief elder from the headquarters immediately asked Ying to come over and kill the bandits.

“10,000 Heijia Tianjun and Xingchenhaidian, the strong men, plus the elders of the Zijin Chamber of Commerce brought by this seat, how many of them are still afraid of them?”

I have to say that the words of the chief elder are very provocative, and they directly led the powerhouses of the Heijia Tianjun and Xingchenhaidian.

“Leader, the Heijia Tianjun would rather stand and die than retreat easily.”

“We have a powerful army rushing technique, and we will be able to kill him on the spot.”

“Xingchenhaidian also listened to Zijin Chamber of Commerce.”

The crowd was furious, and they had long been very unhappy with Levi Garrison’s previous arrogant attitude.

“kill him!”

“Let’s go together and kill him!”

“Those two women are reserved for this seat.”

Everyone was shocked, the sword was drawn out of the sheath and the bow was drawn, and they glared at Levi Garrison and others.

“Wow!”

Lei Kirin roared, and the huge lion’s face was full of anger: I ignored this beast, courting death!

Levi Garrison nodded and smiled: “Okay, let’s fight!”

The 800-strong Taiyi God group also received a death order to save Levi Garrison’s life at all costs.

Therefore, the 800-strong powerhouse did not give in at all, and released their terrifying aura one after another.

The atmosphere instantly became tense, and the war was about to break out.

“Wait!”

Wei Shuyang lost his voice.

Wei Shuyang had seen the terrifying combat power of Levi Garrison’s divine soldiers. Longyang City would probably be destroyed in such a large-scale battle.

“what are you doing?”

The leader of the Heijia Tianjun asked with a cold face.

Wei Shuyang said in a deep voice, “Everyone has something to say. You may not understand Mr. Ye’s strength.”

“At that time, King Xiaoyao was stabbed to death by the peerless magic weapon thrown by Mr. Ye, and the magic weapon of Bailian Tianzong was completely destroyed by him.”

“What’s more, we can talk about the loss of the Zijin Chamber of Commerce, why bother to let those hostile sects see jokes in secret?”

“Even if Mr. Ye’s terrorist forces are not mentioned, the Taiyi Chamber of Commerce headquarters has issued a death order to keep Mr. Ye safe at all costs.”

“These 800 Taiyi God group powerhouses are just the vanguard, do you really plan to fight to the death and break the net?”

As soon as these words came out, even the chief elder of the Zijin Chamber of Commerce Headquarters, who had an extremely tough attitude just now, made a contemplative gesture.

As Wei Shuyang said, once the Taiyi God Group really tries to protect the bandits at any cost.

Even if the Taiyi Chamber of Commerce is finally defeated, the Zijin Chamber of Commerce will have to pay a heavy price, not to mention the strength of the bandits themselves is very strong.

At that time, the competitors and hostile forces of the Zijin Chamber of Commerce will definitely take advantage of it, and the Zijin Chamber of Commerce may even be gradually eroded until it is completely annexed.

Combined with the help of the powerful Taiyi Chamber of Commerce, the bandits once killed the army of the King of Xiaoyao and the Bailian Tianzong.

And there are eight hundred Taiyi God group powerhouses in front of them to help out, if they really fight, they may not be able to get anything cheap.

Seeing that the powerhouses in the Heijia Tianjun and Xingchenhaidian were all thinking, Wei Shuyang hurriedly struck while the iron was hot to persuade the other party.

“Mr. Ye, please look at your own face and don’t conflict with them in Longyang City!”

Wei Shuyang’s tone was clearly pleading, and he knew that Levi Garrison’s attitude was very important.

This is a top-level killing god, once he insists on shooting, Longyang City will definitely be bloody.

## The Return of the God of War [The Protector] Chapter 4148 -

Levi Garrison knew Wei Shuyang's concerns. Burying the dragon and slaying thunder were powerful. Once the two sides clashed, Longyang City would be destroyed.

And Longyang City is the base camp of the Taiyi Chamber of Commerce branch, and it is also Wei Shuyang's lifelong efforts, so naturally he doesn't want to watch it collapse and destroy.

"Well, since President Wei has said it for this sake, I won't insist on fighting this battle."

Levi Garrison pondered for a moment and said.

Although the Taiyi Chamber of Commerce did not help much in this battle, it was a favor for them to choose to stand on their side from the very beginning.

Taiyi Chamber of Commerce will be a good partner for a firm foothold in Kunlun Ruins and long-term development in the future.

So Levi Garrison decided to give Wei Shuyang this face.

When he got the answer he wanted, Wei Shuyang also let out a long breath.

"What do you guys think?" Wei Shuyang turned his attention to the Zijin Chamber of Commerce.

The chief elder of the headquarters of the Zijin Chamber of Commerce had a gloomy expression on his face, and he was obviously still engaged in a fierce ideological struggle.

But he also tried to contact the leaders of the dark flame pavilion, the dragon tiger temple and the others just now, but he didn't get any response.

"Could it be that those sectarian forces were really wiped out by the bandits?"

This thought flashed in his mind, and the chief elder immediately gasped.

"Since President Wei is begging for mercy, this seat will give you this face temporarily, but this matter must not be taken lightly, let's go!"

The chief elder of the Zijin Chamber of Commerce headquarters said solemnly.

After a short thought, he finally decided to retreat first, and then quickly sent someone to the area where the Star Moon Sect was located to investigate the situation.

If those sectarian coalition forces are really killed by the bandits, then they need to think about how to get rid of them quickly, and rashly fighting each other is very likely to suffer heavy casualties.

“Let’s get out first!”

With the order of the chief elder, all the three forces withdrew from Longyang City.

The tense atmosphere suddenly relaxed, and even the 800 powerhouses of the Taiyi God Group breathed a sigh of relief.

They don’t know Levi Garrison’s cultivation realm, but facing the rush of 10,000 Heijia Tianjun, even if they can win in the end, they will suffer heavy casualties.

Not to mention that there are also the Xingchen Haidian and the powerful headquarters of the Zijin Chamber of Commerce besieged.

“Mr. Ye, please, we are just discussing the next thing.”

Wei Shuyang stretched out his hand and asked for a word, and Levi Garrison and others followed into the discussion hall.

After the guests and the host were seated, Wei Shuyang ordered people to serve tea.

After a few words of greetings, he turned and asked, “Mr. Ye, did you really kill all the allied forces of the Zijin Chamber of Commerce?”

“Almost! All the leaders were killed, and at most a few small trash fish ran out.”

Levi Garrison said lightly.

sizzle!

There were voices of gasping for air in the conference hall.

The powerhouses of the Taiyi God Group were also dumbfounded. They never thought that Levi Garrison’s strength was so tyrannical.

“The masters sent by the six major sects, including the Dark Flame Pavilion, Tianyuan Sword Sect, and Longhu Temple, are enough to destroy any large sect.”

“I can’t imagine how the alliance of the six major sects will destroy the entire army!”

“It’s incredible that there are so many affiliated forces and organizations that have received bounties!”

Everyone was amazed by each other’s voice transmission.

Although Wei Shuyang saw Levi Garrison kill King Xiaoyao and others with his own eyes, he still sighed after the fact was confirmed.

He actually really wiped out the power of those sects.

“It seems that Levi Garrison’s strength is far more terrifying than I thought!”

Wei Shuyang couldn’t help slandering, and then continued to ask: “Mr. Ye, what are your plans next?”

Since the Taiyi Chamber of Commerce has decided to stand on Levi Garrison’s side, the latter’s subsequent decisions will directly affect the fate of the entire Chamber of Commerce.

Levi Garrison said quietly: “Take me to Wandao City, I will never have future troubles.”
