

# The Return of the God of War [The Protector]

## Chapter 4151

Before the word "square" of the strong man in the headquarters of the Zijin Chamber of Commerce was spoken, he felt a cold light appear before his eyes.

Immediately afterwards, a stern sword chi roared, and it was too late to hide.

puff!

A line of blood sputtered out, and the body of the strong man at the headquarters of the Zijin Chamber of Commerce fell to the ground.

"Noisy!"

Levi Garrison said impatiently.

"If you can't control your mouth, I don't mind sending you on the road together."

Levi Garrison's icy voice exploded in everyone's ears like a thunderbolt from the blue, and everyone shivered involuntarily.

Mo Xie and others were also shocked. They never thought that Levi Garrison would dare to kill people alone on his own territory.

Too arrogant!

But then again, gangsters do have arrogant capital.

Just the blow just now, even if it is replaced by himself, he may not be able to avoid it perfectly.

Thinking of this strong presence, everyone is in danger.

In particular, they just heard that Levi Garrison's peerless magic weapon is unparalleled, and they don't want to try the magic weapon.

"Gong Qianqiu, you'd better come out by yourself, and wait for me to act at your own risk."

Levi Garrison said coldly.

Gong Qianqiu was trembling all over, and his face was extremely ugly, but he did not dare to disobey Levi Garrison's words.

She could clearly feel Levi Garrison's murderous aura when he said the last sentence.

Gong Qianqiu looked at the strong men of the Zijin Chamber of Commerce as if asking for help, but these people gave way and completely exposed her in front of Levi Garrison.

Even with all kinds of anger in their hearts, the strong men of the Zijin Merchant Association did not dare to touch Levi Garrison's bad head easily, which would lead to death.

Gong Qianqiu was helpless, so she could only bite the bullet and slowly walked forward, her legs seemed to be filled with lead, and she was struggling.

She didn't know what was waiting for her next, it might be death, or it might be death.

The scene of the strong man dying under the sword just now is vivid in his mind, and Gong Qianqiu is afraid that he will follow in his footsteps.

In this short distance of more than ten meters, Gong Qianqiu felt as if he had traveled through thousands of mountains and rivers.

"Hurry up, I have limited time."

Levi Garrison urged impatiently.

Gong Qianqiu was about to cry, and looked at Mo Xie and others again, but the latter avoided his eyes, obviously not planning to stand up for her.

Finally, after half a column of incense, Gong Qianqiu walked to Levi Garrison.

For some reason, she once again felt a sense of familiarity with the ordinary-looking gangster in front of her.

"If you can't keep your mouth shut, you will have to pay a price. Today, I will collect some interest first."

Before he finished speaking, Gong Qianqiu only felt a palm shadow approaching rapidly.

She instinctively wanted to dodge, but her legs seemed to be bound by some kind of force, and even the slightest movement became a luxury.

Snapped!

Levi Garrison slapped Gong Qianqiu's right cheek.

A bloody palm print appeared immediately, and his cheeks were swollen high.

"Asymmetry affects perception."

As Levi Garrison's voice sounded, Gong Qianqiu felt another burning pain coming from the left cheek.

Snapped!

Levi Garrison accurately grasped the strength, and sure enough, the extent of the swollen cheeks on both sides was almost the same.

"Looking at your eyes, you're still not convinced, let's keep fighting over there!"

clap clap!

"Still staring?"

clap clap clap!

Levi Garrison hit Gong Qianqiu in a series of hundreds of mouths, and her cheeks on both sides were about to be smashed.

Blood flowed from the corners of his mouth, miserable.

I don't know how long it took to fight, Gong Qianqiu only felt that Venus was shining and dizzy, and the whole face lost consciousness, completely numb.

"You are dismissed!"

Levi Garrison finally stopped, then looked at the other members of the Zijin Chamber of Commerce and asked, "If you are not convinced, you can stand up."

No one dared to answer the scene for a while, for fear of angering the evil spirit and causing death.

Looking a

t Gong Qianqiu's bloody cheeks, Mo Xie and other three elders felt a deep insult.

The slaps before Levi Garrison seemed to be slapped on their faces, and they felt a burning sensation.

Levi Garrison's operation was tantamount to hitting everyone on the scene in the face. They were filled with righteous indignation, but they dared not speak out.

"Since you have no opinion, I will leave first."

After Levi Garrison finished speaking, he turned and left.

Gong Qianqiu is going to be left to Xiao Feng to kill. This time Levi Garrison came here just to teach her a lesson. Anyway, if you are idle, you are idle!

Seeing Levi Garrison's background slowly disappearing from sight, Mo Xie and the others finally couldn't bear it any longer, and scolded directly.

"Damn bastard, it's so deceiving, do you really think our Zijin Chamber of Commerce dare not take revenge on him?"

"To dare to beat someone in front of us, this hatred and hatred must be repaid tenfold."

“When the gangster is caught, this seat will make sure that he can’t survive or die.”

In the anger of the crowd, Mo Xie also reported the matter truthfully to Huangfu Hongsheng.

In the Zijin Chamber of Commerce in Wandao City.

Huangfu Hongsheng was furious when he got the news.

“Bastard, this person is so deceiving. If we don’t get rid of it, how will the Zijin Chamber of Commerce gain a foothold in Kunlun Ruins?”

Huangfu Hongsheng was furious and immediately made a final decision.

“Use all your strength to kill the bandits. If the people from the Taiyi Chamber of Commerce stop them, they will be killed together.”

A single command fell like a mountain.

The entire Wandao City moved.

Because the force sent last time failed, Huangfu Hongsheng decided to let the core force go out.

Especially at the headquarters of the Zijin Chamber of Commerce, thousands of top experts were dispatched to help.

All the elites of Xingchen Haidian were dispatched, and the Heijia Tianjun even dispatched more than 100,000 elites, vowing to smash the robbers to ashes.

As for the large-scale sects such as Longhu Temple and Tianyuan Jianzong, which had suffered huge losses before, they also made their best efforts and vowed to take revenge.

For a while, the Eight Directions Movement, countless large and small sects rushed to Wandao City to assemble and stand by.

Shhhhhh!

The elite lineup of more than 100,000 Heijia Tianjun walked in unison, making deafening footsteps, as if the entire base was shaking violently.

Especially in the middle of the army are ten large chariots, these chariots are dark green all over, exuding a faint cold light.

The top of the chariot appeared in a row of bazooka, with hundreds of black hole 'barrels' aimed at the front, and there was a faint flash of coldness in these 'barrels'.

If you look closely, you will find that those cold awns are clearly sharp spear tips.

I don't know what kind of material these spears are made of, but from a distance, it shows a rhyme that fits the heaven and earth.

The chariot is called Guijianchou, and the long spears hidden in the 'barrel' are all quasi-magic weapons made of top-quality raw materials.

And the whole body of the chariot was arranged by the formation master, which could use the power of heaven and earth as an energy source to motivate the chariot to fire.

Let these quasi-magic spears, which are already extremely lethal, bring out the power of top-level magic soldiers.

A single chariot activation switch can release hundreds of spear attacks at the same time, no matter how strong the cultivation base is, it is difficult to completely avoid it.

In particular, these spears also have a rhythm, and to a certain extent have a tracking effect, the enemy locked by the chariot will be tracked nowhere to hide.

These ten chariots are the siege artifact of the Heijia Tianjun, and they were all taken out this time to deal with the bandits.

Coupled with the more than 100,000 Heijia Tianjun elites who already have a combined attack formation, and the Ghostly Chariots, they can completely push any large sect horizontally.

Other sects also showed their elites, and the first of the six courtyards of Longhu Temple was dispatched, vowing to avenge the hatred of the Eight Vajra Arhats.

The leaders of the six major tribes of the Zhanhu Clan also came out of their nests, and their bloodlines have been fully awakened.

## **The Return of the God of War [The Protector] Chapter 4153 -**

The sound of tiger roars was faintly heard in every gesture, and the combat effectiveness was evident.

The Sect Master of Tianyuan Sword Sect led the five Supreme Elders together, and while walking, a complex sword formation appeared on the top of their heads. It was obvious that their swordsmanship had reached a state of perfection.

The other sects are basically the same, they are all masters, vowing to kill the gangsters without shame.

Especially the line of King Xiaoyao, they quickly stabilized internally and elected the new King of Xiaoyao.

The new King Xiaoyao was also extremely skilled at guarding beasts, and he formed an army of thousands of spirit beasts in a short period of time.

And there are ten quasi-king-level spirit beasts among these spirit beasts. They are also like well-trained troops, assembling in a neat and uniform formation to stand by.

Huangfu Hongsheng stood on the cloud boat, overlooking hundreds of sectarian camps.

But seeing the flags fluttering, the team is majestic and powerful, and the whole world is filled with a strong chill.

“Kill the bandits, take revenge!”

Huangfu Hongsheng shouted for luck, and his voice reached the ears of everyone present.

“Kill the bandit!”

“Blood revenge!”

“Kill the bandit!”

“Blood revenge...”

Many sectarian powerhouses shouted in unison, and the shouts of killing resounded through the sky, and the whole world seemed to change color.

“Set off!”

Huangfu Hongsheng gave an order, and the sectarian alliance army marched forward in a mighty manner, directly killing Longyang City.

The coalition forces rushed out of Wandaoyang City, immediately causing the surrounding area powerhouses to watch from afar.

Some people are puzzled, and some people who know the inside story help to explain.

“It turned out to be to kill that gangster, but to use such a terrifying lineup, President Huangfu is making a big fuss, right?”

“The Heijia Tianjun has even used the Guijianchou chariot. This is an artifact specially designed to deal with top powerhouses!”

“King Xiaoyao’s spirit beast army has also been dispatched. It seems that there must be at least ten quasi-king-level spirit beasts, and this spirit beast army is more than enough to push three or five large sects.”

“That’s the powerhouse of the Tianyuan Sword Sect! There are sword formations surrounding them while walking. This is a sign that Tianyuan Sword Art has been cultivated to the highest level.”

“There is also the Zhanhu Clan. These all have the fighting power of the tribal master, otherwise there would be no sound of tigers roaring while walking.”

“Let’s stay away! This time the Zijin Chamber of Commerce is real, no matter who it is, they will surely die.”

Everyone talked a lot, but they didn’t dare to approach, for fear of being affected by Chi Yu.

the other side.

Gong Qianqiu, who was slapped by Levi Garrison, also got the message, and she even couldn’t wait to come to watch.

When Gong Qianqiu saw the true face of such a terrifying coalition army, the feeling of annoyance and resentment suddenly became extraordinarily beautiful.

“Damn bandit, this sect master wants to see how you deal with it this time?”

“With this level of truth, no matter how powerful his strength is, he will surely die.”

The more Gong Qianqiu thought about it, the more excited he became, and the corners of his mouth could not help but rise slightly.

It was just that the corner of his mouth was involved in the wound, and he gasped in pain, and his resentment towards Levi Garrison became stronger.

“This sect master wants to see how the gangster died this time?”

Gong Qianqiu made up her mind that she would follow the coalition far away, and she would witness the whole process of the tragic death of the bandits with her own eyes.

If there is a chance, Gong Qianqiu even wants to personally kill the bandit to avenge the humiliation today.

At the same time, Wei Shuyang, who was far away in Longyang City, also got the message.

As early as when the Taiyi Chamber of Commerce decided to stand in line with Levi Garrison, Wei Shuyang sent a large number of eyeliners to watch every move of the Zijin Chamber of Commerce in Wandao City.

Therefore, Wei Shuyang had already received relevant information where Huangfu Hongsheng assembled his army.

Until the news that the coalition forces had assembled, Wei Shuyang was completely shocked and dumbfounded.

“It’s too bad. The Zijin Chamber of Commerce has used such a lineup. It seems that it will never die!”

Wei Shuyang said to himself in a bitter voice.

## **The Return of the God of War [The Protector] Chapter 4154 -**

Wei Shuyang frowned deeply, the sectarian force dispatched by the Zijin Chamber of Commerce was unprecedentedly powerful.

“Go and invite the elders of the leaders of the Taiyi God Group to come over and discuss with us on important matters.”

Wei Shuyang gave orders directly to his confidants.

After a while, several elders of the Taiyi God Group rushed over.

When they saw Wei Shuyang’s particularly solemn expression, they instantly felt the seriousness of the matter.

“President Wei, what happened?”

One of the elders was the first to ask questions.

Wei Shuyang nodded and told several people all the information he had received.

The expressions of several elders were also a little ugly after hearing this.

The Zijin Chamber of Commerce sent such a large-scale coalition to retaliate against Levi Garrison. Even if all the members of the Taiyi God Group were dispatched, there was no chance of winning!

“That’s why I didn’t notify Mr. Ye directly. If he knew about this, he would definitely choose to take the initiative.”

Wei Shuyang sighed faintly and continued, “There’s really no room for manoeuvre at that time.”

The elders of the Taiyi God Group nodded in agreement. Before, Levi Garrison went directly to the temporary stronghold of the Zijin Chamber of Commerce and slapped Gong Qianqiu.

It can even be said that the matter has been coaxed to this point, slapping Gong Qianqiu and making the three elders of Mo Xie lose face is the fuse that triggered the ultimate war.

You must know that Wei Shuyang has come forward to reconcile and let Mo Xie and others retreat first.

If there is a good negotiation next, the compensation and compensation may be resolved in a perfect and peaceful way.

“President Wei, what are you going to do?” The Taiyi God Group elder asked in a deep voice.

Wei Shuyang pondered for a moment, then sighed: “No matter what method is used, Mr. Ye has to be stabilized. As long as he doesn’t act, there is still a chance to mediate.”

“But I haven’t figured out what to do for the time being. The coalition forces are so powerful, I’m afraid this information won’t be hidden for long.”

Wei Shuyang had a sad face, and the elders of the Taiyi God Group were helpless.

Thinking that such a powerful coalition force is about to attack, everyone feels like sitting on pins and needles.

“It will be a disaster for the entire Taiyi Chamber of Commerce if it is not handled well!”

Wei Shuyang let out a long sigh.

In fact, just as Wei Shuyang had expected, Murong Qingxue soon received the news of the gathering of the Zijin Chamber of Commerce.

Gongsun Yueying also saw the message on the communication tool, and the two pretty faces were as pale as paper.

“No matter how strong the master is, in the face of the siege of so many strong men, I am afraid that two fists can’t beat four hands!”

Gongsun Yueying said in a trembling voice.

She used to know more as a saint of the Sun Moon Divine Fire Palace, and even any of the leading sects could easily sweep the Sun Moon Divine Fire Palace.

Take the Heijia Tianjun as an example, there was a time when a 30,000-strong army used the Gui Jianchou chariot to push three large sects horizontally in a row, almost crushing their opponents.

However, this time, more than 100,000 elite Heijia Tianjun and ten Guijianchou chariots have been dispatched. This is the rhythm that is planned to be destroyed together with the Taiyi Chamber of Commerce!

Murong Qingxue was also trembling. Although she didn’t have as much knowledge as Gongsun Yueying, she could judge the approximate extent based on the number of troops that attacked the Xingyue Divine Sect not long ago.

“Let’s hide it from the Sect Master for now!” Murong Qingxue said in a low voice.

Gongsun Yueying also agreed with this approach, but then sighed and said, “How long can we hide it?”

The two women knew Levi Garrison’s temperament very well. If the latter knew about this kind of thing, they would definitely fight to the end.

But in the face of such a terrifying coalition, what chance do Levi Garrison and Taiyi Chamber of Commerce have?

Even if Levi Garrison can retreat with his powerful strength, then they are probably not so lucky, right?

Including the Taiyi Chamber of Commerce, I am afraid it is not possible to survive.

Thinking of this Gongsun Yueying, the fear in their hearts became even stronger.

## **The Return of the God of War [The Protector] Chapter 4155 -**

“What are you afraid of? When the soldiers come, they will block the water and cover the soil. No matter how many people come from the Zijin Chamber of Commerce, they will be cut with one sword.”

The hearty voice came, which immediately startled Murong Qingxue and the two girls.

I don't know when Levi Garrison was already standing behind him.

“metropolitan!”

“Owner!”

Murong Qingxue and Gongsun Yueying hurriedly greeted each other.

Levi Garrison said with a smile: “I already know what you guys are talking about, there is nothing to be afraid of, the mere Zijin Chamber of Commerce doesn't care about me.”

“Master, the sects sent by the Zijin Chamber of Commerce this time are indeed very powerful. They are dozens of times more than those before, and they must not be taken lightly!”

“Yeah, Sect Master, I've also heard of Gui Jianchou's chariot, which is a powerful weapon specially used by the Heijia Tianjun to deal with top experts.”

The voices of the two women were trembling, trying to make Levi Garrison change his mind, even if he chose to avoid his edge.

The affection on Levi Garrison's face is still unwavering, and he said very easily: “That's right! I still have six peerless gods that have no test results!”

To be precise, there should be forty-six peerless weapons, but Levi Garrison only regarded the ten peerless weapons that he forged at first as the strongest divine weapon.

Seeing Levi Garrison's heart-filled expression, Gongsun Yueying and the two daughters didn't know how to persuade them.

It's just that they are still pessimistic about the upcoming war.

A four-handed hero with two fists can't stand the crowd, especially if the opponent is the elite of the elite, it is easier for the quantitative change to lead to the qualitative change.

Stronger than Levi Garrison may not be able to truly have the last laugh.

“If you are afraid, hide away, don't get in the way in front of me.”

Levi Garrison said impatiently.

“I won’t leave the sect master, I will fight side by side with you.”

“I’m not leaving the master either, it’s a big deal!”

The attitude of the two women is very firm, of course, it is more helpless.

In their opinion, there may still be a chance to stay by Levi Garrison’s side, and once they leave the country, they will surely die.

Whether it was the Star Moon Sect or the Sun Moon Divine Fire Hall, even the more powerful sects would have no resistance in the face of such a large coalition of the Zijin Chamber of Commerce.

“That’s right!”

Levi Garrison was very satisfied with the reaction of the two women.

In fact, Levi Garrison’s previous rhetoric was not without purpose. Through the last general battle, he had already made a preliminary estimate of the strength of the Zijin Chamber of Commerce.

Back then, he did his best to lead Lei Kirin into the enemy camp, but he still killed the two major forces without leaving behind.

At this moment, Wei Shuyang’s voice came: “Mr. Ye, I have found you.”

Looking at Wei Shuyang with a smile on his face, Levi Garrison asked, “Is there anything you want to do with me?”

Levi Garrison was a little puzzled. According to normal logic, the Taiyi Chamber of Commerce should also have received the news of the Zijin Chamber of Commerce’s aggressive attack. There is no reason why it is so easy.

“It’s nothing, it’s just that Mr. Ye has been here in Longyang City for so long, and I haven’t been able to fully enjoy the friendship of the landlord. It’s really rude.”

“So I came here specially to invite you to our Xianju Manor in Longyang City, and please don’t refuse!”

Wei Shuyang said sincerely.

Levi Garrison was slightly startled, and then asked with a chuckle, “Shouldn’t President Wei be actively preparing for the battle? You still have the heart to invite guests to dinner?”

“Mr. Ye is joking, hey!”

Wei Shuyang sighed softly and continued: “The battle of the Zijin Chamber of Commerce’s coalition forces is inevitable, why should I not worry about it?”

“But I also know that no matter how I persuade, Mr. Ye will not temporarily avoid the edge. Instead of making Mr. Ye unhappy, it is better to let it take its course and wait with peace of mind.”

“What’s more, I have seen Mr. Ye Huawei with my own eyes. As long as the powerhouses of the Taiyi God Group come out, they may not have a chance of winning.”

“Since this is the result, why not have fun?”

Wei Shuyang said something very sincere and frank, so Levi Garrison didn’t doubt it too much, so he agreed.
