

CHAPTER 1370

“This.....”

Everyone was taken aback.

No one would have thought that meeting a young man would be heinously strong.

Is this still dunya?

They encountered such an existence as soon as they were born.

“The six hundred-year-old grandmasters are actually lost?”

“I was defeated so easily!”

“This son can be said to be against the sky! I am afraid that only Erudia Wulong had this qualification when he was young!”

The Western Shu Emperor exclaimed.

Who is Erudia Wulong?

Each one is against the sky! Among these hidden forces, these five people are the martial arts ceiling!

The four main gates and the strongest martial arts among the major hidden forces!

Five people are myths!

It is also a legend!

Today, the Emperor Xishu thought of these five people after seeing Levi Garrison.

I thought that the miracle of the Erudia Five Dragons could also be copied!

The four gate valves have been trained for so many years, but there is no one who succeeds the Erudia Wulong.

Didn't think of appearing in the dunya...

It's incredible!

However, the most frightening thing is that Levi Garrison is not succeeding the Erudia Wulong, but is comparable to or even the Erudia Wulong.

Linda's beautiful eyes were all incredible.

There are a lot of geniuses among the four main gates, and Linda worships several.

But it was the first time I saw someone like Levi Garrison.

too strong!

I instantly convinced her who was arrogant!

He is just a worldly person!

“Is it the Xishu clan? Is anyone else coming?”

Levi Garrison glanced at the owners of the Xishu clan.

Everyone dared not touch Levi Garrison’s gaze.

Even the emperor of Western Shu.

No one would dare to fight Levi Garrison!

“Little brother, this is a misunderstanding! We don’t have much contradiction, it won’t happen!”

The Western Shu emperor’s suit is weak.

Linda also agreed: “It’s wrong, we don’t have much grudges! We won’t fight each other!”

Levi Garrison sneered and said: “There is no contradiction? There is no grudge? But you are going to kill me? You innocently blocked this place? Why is it a misunderstanding?”

“We.....”

Facing Levi Garrison's questioning, everyone was dumbfounded.

"We are not right about this matter. I apologize to you on behalf of the Xishu clan! Sir, you can mention it if you have any conditions! As an apology!"

The Emperor Xishu even apologized.

This is something no one else thought of.

Linda also looked incredible.

Their vision and knowledge are not as good as that of the Western Shu Emperor.

Underestimated Levi Garrison's status in the minds of the Western Shu Emperor.

Also underestimated the value of Levi Garrison!

Fortunately, the Western Shu Emperor apologized, otherwise Levi Garrison would definitely pursue it to the end.

"Well, you have also learned a lesson, don't let me meet it next time!"

Levi Garrison turned around and was about to leave.

"Hold on! Mr. Hold on!"

The Emperor Xi Shu rushed to Levi Garrison and stopped him.

“Something?”

Levi Garrison frowned.

“Little sir, I am Emperor Tang, the head of the Western Shu family! An extraordinary person like you should know the four main doors, right?”

The Emperor Xishu asked.

“Yeah. I know.”

“Mr., as the head, I invite you to join the Xishu Clan! I promise that as long as you join the Xishu Clan, your status is second only to me! In the future I can even give you the Xishu Clan!”

“I promise you can use all the resources of the Western Shumen! You can do anything, with the Xishumen behind!”

The Western Shu Emperor actually made such a promise, which is even more unexpected to everyone.

Can actually become the second in command of the Western Shu gate...

They couldn't understand the eagerness of the Western Shu emperor.

As long as Levi Garrison joins the Western Shu gate sect, the Western Shu emperor can sit him on top of the four gate sects.
