

## CHAPTER 1384

Immediately, the emperor of Xishu contacted the senior officials of the North Liang gate clan.

He personally come forward!

To protect Levi Garrison.

Beiliang Gate Valve also has no way.

After all, this is the master of the Western Shu family!

The Beiliang family clan had no choice but to sell a face to the emperor of Xishu.

After all, the loss of Beiliang's gate clan was not too great, even the death of several people in FU Zakariya .

It doesn't matter, it's better to save face.

The emperor of Western Shu looked triumphant: "Sometimes the problems that the world can't imagine or can't solve are just one sentence to me!"

This is indeed the case.

To be pursued and killed by the Northern Liang family lords alone, this matter cannot be resolved at all. m.bg.

But he solved it in one sentence.

He mainly thinks that Levi Garrison is the same.

Although he is strong, he can be regarded as the successor of Erudia Wulong.

But before he grows up, the Northern Liang Family Clan can completely obliterate him.

In fact, there is no difference between him and ordinary people, but the North Liang family clan paid a great price.

But in the end there is no escape.

So he solved this matter for Levi Garrison, just to give Levi Garrison a great kindness.

He wanted to let Levi Garrison understand the power and value of the Western Shu family.

The next day.

The Emperor Xishu was going to see Levi Garrison.

The old lady and others wanted to follow, but they were all stopped by the Western Shu Emperor.

“You will only add to the chaos! Besides, Mr. Xiao will soon be a member of the Xishu clan! You will see it then!”

Soon, Linda brought Xishu Emperor to the villa.

“Little sir, Emperor Tang, the clan of Western Shu, and his granddaughter, please see you!”

The Emperor Xishu shouted.

Levi Garrison heard a familiar voice and opened the door.

“What’s wrong with you?”

Levi Garrison frowned.

This group of people is really lingering, and they have to pester him.

“Little sir, Emperor Tang is here to congratulate you!”

“Ok?”

“Give me joy? He Xizhi has?”

Levi was stunned.

“Little Mister, I learned last night that you had a grievance with the North Liang Clan Clan, so I personally solved this matter!”

“Little Mister, no matter how big your grievances were before, but from now on, the Xishu clan will no longer be held accountable! You also don’t worry about your life!”

The Emperor Xi Shu said smugly.

Levi Garrison finally understood.

Why did the people who were ambushing in the Beiliang Gate Retreat...

He did it!

But I Levi Garrison needs you to do this?

He didn’t pay attention to a North Liang family member!

If he wanted to pursue it, he would have done it in secret.

“Oh!”

Levi Garrison responded coldly.

“Ok?”

This made the Emperor Xi Shu and Linda both stunned.

It stands to reason that he should not be grateful for solving such a big trouble for him?

How is such an attitude?

Isn't he so arrogant that he thinks he can deal with the entire North Liang family sect alone?

Are you overconfident?

The emperor of Western Shu asked: "Mr. Little, do you not know that the Northern Liang Family Clan is going to deal with you?"

"Of course I know, they want to kill me not a day or two!"

"That's good! Little Mr. I will help you solve this situation of your own powerlessness this time. I don't ask you to thank me or ask for anything else. I just hope you join the Xishu gate!"

"My conditions are still the same as before! Come, you will be at the helm in the future!"

The emperor of Xishu stated his purpose.

Linda also looked at Levi Garrison with interest.

He can't refuse!

"Why should I thank you? I beg you to help me solve it? Besides, I don't really care about a North Liang gate valve!"
