

CHAPTER 1458

They are now very powerful.

The equivalent of those who participate in the Unification Ceremony are all decided by them!

Of course they can't decide on people with high status.

Only those with a lower status have the right to decide.

"In their eyes, Levi Garrison's family is of low status."

""Will the old lady be upset?""

Someone asked.

"Songkui smiled and said: ""This time the Unification Ceremony, the top figures of the four main gates will come! Let's put it this way, the old ladies have no status. We will not let Zoey's family come in, and she will not say anything.""

""That's right, just do it!""

The reunification ceremony is about to begin.

Announcing the unity of the four gate valves.ym.bg.

The top celebrities and wealthy people of the whole university have received invitation letters.

They all came to participate in a hurry.

How could such a good opportunity be let go?

“However, the number of places is still limited!”

“In other words, an invitation is priceless!”

Songkui and the others instantly became sweet and delicious.

Some people even spend tens of millions to buy an invitation letter.

Someone sent several villas to ask for an invitation letter.

...

“Several of them use “rights” to send invitations to classmates and friends.”

People who are familiar with them are about to go to heaven.

It turns out that they are only in the middle in a familiar circle.

“Now they are all masters, which one is the most powerful.”

Songkui's goddess asked for an invitation letter and offered to invite him to spend the night together.

...

"This ""right"" made them gradually lose themselves."

But they don't care.

Because they are a member of the four gate valves!

"Now that the powerful are united and unified, their status has risen again!"

Harry and Meredith laughed from ear to ear every day.

"Isn't that the life goal, the family goal?"

All their goals have been achieved!ÿ!ÿ!

Little did they know that Levi Garrison was the one who made them take off!

""By the way, have you heard that? Levi Garrison had offended the North Liang family lords before and wanted to kill him. It was Tang Lao who saved his life because of the old lady He Zoey's face!""

""What the hell is a broom star! Old Tang has pleaded with him!""

“““Isn’t it, Don’t beg for him! I took the initiative to vote for the King of Northern Liang! Otherwise, most of the people at the helm of the unification of the four gates are Don!”

...

“At this time, there was a heavy message from within the gate of Xishu that in order to plead with Levi Garrison, the emperor of Xishu gave up fighting for the helm of the four gates.”

“Otherwise, they will be the strongest after the unification of the four main gates.”

Now the Western Shu gate powers are going to be at the bottom.

Levi Garrison is to blame for everything!

“““I originally planned to let the Zoey family participate in the ceremony, get to know more important people, and pave the way for the future. Now it seems unnecessary!”““

“When the old lady learned about this, she was also furious.”

“““My Xishu clan should have done their best to Zoey’s family!”““

“““My eldest brother must have pleaded with the king of Beiliang and others because of my face!”““

The old lady sighed.

“Otherwise, maybe Xishu Emperor will be the helm of the unification of the four gate sects.”

“““Grandma (old lady), we understand! Although you love Zoey, you still have to give them a small punishment! Let them know what you paid for!”””

Other people are naturally willing to see this kind of picture.

“Soon, this matter spread to Zoey.”

“““Grandma said not to let us participate in the ceremony!”””

Plum dyed a sad face.

“““It’s just a grand ceremony, what can I do?”””

Levi approached.
