

The Return of the God of War [The Protector] Chapter 1819

This was Levi Garrison's most annoying moment, but Xuanlang Tianlong kept buzzing in his ears like flies.

Levi Garrison had the heart to kill.

He wants to shoot these four people out.

The Tianlong trio wanted to stop it, but it was too late.

The rattling atmosphere is on the verge.

Xuan Lang looked very excited and sneered: "Let me try how strong is the top twenty?"

"One punch for you!"

Levi Garrison already raised his fist and was about to blast out.

"Boom..."

Levi Garrison raised this fist.

The earth was trembling, and the wind gradually condensed.

An overwhelming momentum is coming!

The complexion of Tianlong people changed drastically.

The strong one in the sky list is really strong enough!

Even Xuan Lang's face changed drastically.

But he became more and more excited.

The stronger Levi Garrison is, the more interested he is.

Xuan Lang also began to run the strongest technique.

I am going to compete with Levi !

At the very moment of his death, the Western Heavenly King suddenly ran in in a hurry.

"Wang, there's news!"

She shouted at Levi Garrison.

A big battle was abruptly destroyed.

Hearing that, Levi Garrison abruptly retracted his fist and hurriedly left with the Western Heavenly King.

“Next time you won’t be so lucky!”

Before leaving, Levi Garrison left a word to Xuan Lang.

Xuan Lang would be half to death with anger.

“Listen to what he said? I suspect he didn’t dare! Just avoid me like this!”

Xuan Lang said angrily.

Tianlong looked at each other.

“Is that really the case? Is he scared?”

They couldn’t think of other reasons.

After all, they always thought that Levi Garrison had hidden Levilia, not lost it.

“Go, let’s follow, continue to stare at him, and see what tricks he has?”

On the other side, Levi Garrison followed the Xitian King to the Jiangbei base.

“Wang, we just got information! Someone took Levilia to a small island in the East Erudia Sea of Erudia

On, we must openly find a master for Levilia! ”

Levi Garrison frowned: "My daughter has someone else's turn to find her master?" Has my consent been

obtained?"

" Yes! And the condition for accepting monarchs as disciples is to bring out the treasures! Whose treasure is worth more! Who can accept the monarch as a disciple! "The

words are not astonishing and endless, when the Western Heavenly King said this.

Levi Garrison's face changed wildly.

"What? How about accepting my daughter as a disciple? "

You are challenging my bottom line!" !!! "

Levi Garrison's whole body is hostile, and there is a killing between heaven and earth.

All the surrounding people suddenly have difficulty breathing, even suffocation. The terrible hostility and killing intent are overwhelming. After the

Tianlong people arrived, they felt terrified.

“This, this, this... Isn't this a crooked way? This terrible evil! ”

This is the first time they personally feel the monarchs leaf comes out of hostility.

More and more of the leaf as monarchs of the devil.

” This does not get rid of the devil, sooner or later will be chaos in the big summer! ”

Xuanlang and several people have already given birth to a strong killing intent. In the

base.

Levi Garrison shouted wildly: “Quickly check it out!” Specific island! What time is it! Find it out for me
as

quickly as possible! ”

I don't care who it is!” You really provoke me this time, kill me! Kill without mercy! ”

...

Levi Garrison was very angry, very angry!

How could he not be angry when his daughter was taken into a disciple like this?

“Everyone is dispatched, find me! ”

Levi Garrison also asked Xiao Feng and his secret team to find someone.

He even gathered all the evil ways to recover.

Let them find it too.

Perhaps these people are more informed.

It just happened that the scene of the gathering of evil sects and crooked ways was really seen by the

Tianlong four.

“What is Levi Garrison going to do? With so many evil sects, is he going to turn around?” The

Tianlong four were frightened.

“Immediately notify the Tiance Mansion and the Baolong clan, let them send someone! Hurry up,

hurry up! Levi is here to make a big move!”

...

That’s right.

Levilia is to be accepted as a disciple.

This is their plan.
