

## The Return of the God of War [The Protector] Chapter 1835

” I definitely can’t show up now, the only thing I worry about is the safety of

my family!” “So you send Levilia to my mother first! The rest, you listen to my news!”

Levi Garrison still separated from Levilia first. Up.

After all, Levilia is in great danger following himself.

This is something he doesn’t want to see.

In the base of Shenlong Science and Technology Alliance.

Xu Zhengjie laughed wildly after hearing all the news.

” It’s God who helped me too!!!”

” Levi Garrison, you didn’t expect that there will be this day, right? Erudia’s public enemy!  
Hahaha, God has eyes!”

...

Xu Zhengjie was overwhelmed with excitement.

He clenched his fist tightly, and his eyes flew out.

The grudge between him and Levi Garrison was deep.

He would love to see Levi Garrison like this.

In addition, Levi Garrison was in this situation, and no one cared about him.

A Wen Lei has no threat at all!

” I have obtained the qualification for use in Lab One! I am about to carry out my great plan in Lab One! No one can stop me!”

Xu Zhengjie’s face was crazy.

These days, he is thinking of finding an opportunity to start planning.

Although Levi Garrison no longer pays attention to him.

But Wenlei is always a hidden danger in the science and technology base.

It happened that Levi Garrison had something to do, and his opportunity came.

Now he doesn’t care about Wen Lei.

Even if Wen Lei sees his conspiracy, what?

Without Levi Garrison, she couldn’t stop it at all.

The people in the entire base believed in themselves, Wen Lei used the lead to stop it?

Soon, Xu Zhengjie set a specific time.

Even arrange everything related to the experiment.

Immediately, the whole base was boiling.

Laboratory No. 1 is the largest laboratory. Every time it is opened, it will surely host a super large experimental project.

The main reason is that the instruments in Laboratory No. 1 and others are burning money once they are activated.

It is difficult for general experiments to afford such large expenses.

The frequency of use in Lab One is very low.

It may not be used once a year.

This time Xu Zhengjie was granted permission to use Lab No. 1 to make a sensation in the entire base.

& The experiment is scheduled for tomorrow.

After Wen Lei got the news for the first time, her face changed drastically.

Her right eyelid jumped wildly.

Something will happen!

Her first instinct!

She has been observing Xu Zhengjie.

Although he has made a lot of outstanding contributions in previous experiments.

But his subsequent experiments have not yet reached the point of using Lab One.

This is obviously a problem!

His action is about to begin!

But the leaders of the base and everyone trust him!

He even thinks that he can lead the Shenlong Technology Alliance to a higher level!

” No, I have to stop him!”

Wen Lei knew that she was not strong enough by herself.

She immediately thought of Levi Garrison.

She quickly dialed Levi Garrison's contact information.

It's just that no one answered at all.

Only then did she browse the news on the computer that Levi Garrison became the descendant of the Heretic God.

During this time, she has been in the laboratory.

I don't know anything about what's happening outside.

Now that she saw the news, she was also amazed.

" It's over, it's over!"

Levi Garrison couldn't count on it.

He cannot protect himself.

Now, no one can stop Xu Zhengjie.

" do my best!"

Wen Lei plucked up the courage and told her direct leader-Team Leader Xie Zhengfeng.

As a result, Xie Zhengfeng yelled at him.

” When is it all, still doubting his comrades? Xu Zhengjie has changed his mind. He can’t do anything that threatens Erudia!”

” I don’t want to hear similar words again in the future!”

Xie Zhengfeng was very angry.

” But he...”

Wen Lei wanted to say something else.

Xie Zhengfeng cursed: “You go quickly! Well, once Xu Zhengjie does anything, I will bear the consequences!”

Wen Lei was turned away.

She looked depressed.

” Something big!”
