

The Return of the God of War [The Protector] Chapter 1847

Others also shouted one after another: "Senior, please take the initiative to uphold justice! Kill these evil demons!"

"Senior, please uphold justice!"

...

At this moment, everyone found the backbone and shouted together.

This time the Cthulhu army panicked.

No one thought that a super strong suddenly appeared!

It looks like it should be on the top list!

In that case, things can be troublesome.

For a time, the Cthulhu army all became vigilant.

Levi Garrison was as dazzling as a blazing sun, and dangerous.

Bring them enough threats!

Far away from here.

A group of people gathered together in secret.

“Haha, everything with our plan to go! Now Cthulhu follow forces and those Tianjiao who have played against! Tianjiao were heavy casualties! Expected shortly to all be swallowed up!”

“Ha ha, hope that such scenes can be in the big summer each It happened in a corner!”

“By the way, immediately spread the news, it is best to let the people of the surrounding Tiance Mansion and Baolong clan know!”

... the

East Island forces planned everything.

At the last moment, Tiance Mansion and the others should be attracted to intensify the contradiction.

On the battlefield.

Everyone sees it.

These evil demons are scared!

The punch that Levi Garrison just showed was horrible!

The key point is that he looks like an ordinary person, without any True Qi fluctuations in his body, nor a trace of energy.

This is the demeanor of a peerless expert!

“He...should he be in the top ten of the top ten?”

Someone has already begun to doubt.

The top ten in the top ten will enter another area.

There are three masters in the Cthulhu Army who are comparable to the top rankings, but they can only be compared with the ones at the end.

It's incomparable with the previous one.

When I saw them, I was scared.

Fu Jia and Ning were still waiting for someone to show their ecstasy.

“We are saved! I thought they were going to die!”

If it were n't for the serious injuries, I'm afraid that many people would have to dance.

Turn around!

Who ever thought that such a master would appear at such a moment?

“You must be a master of the sky list, we have no grievances! We are dealing with them, it has nothing to do with you! You can leave first!”

Afraid of Levi Garrison’s strength, the Cthulhu army began to discuss letting Levi Garrison leave.

Upon seeing this, Jifengchen and others were all anxious.

Shouted one after another.

“Senior, don’t be deceived by these people the night before! My martial artist should take the responsibility of eliminating demons and defending the way!”

“Senior, please take

action and kill these demons!” “Yes, I want these demons to join the maggot Levi Garrison. God knows what you will find!”

“Senior, absolutely can’t let these maggots live! It’s better to kill them before killing Levi Garrison!”

“You should take Levi Garrison off and throw it in the toilet! With those maggots! As a team, let the evil demons in the world know that this is the tragic end of the heretic god!”

“Yes, that’s right! Levi Garrison is the heretic heir! As long as Levi Garrison has a miserable end, it can shock other evil spirits! “

...

Monsoon dust waited until he talked more and more vigorously.

Especially when Levi Garrison was involved, it was even worse.

The Cthulhu army was also angered.

You can insult them.

Insult the heretic god's descendants can't do!

"It doesn't matter whether you are a master of the sky list or the Dragon Clan of the Tiance Mansion!
Dare to insult the descendants of the Heretic God, and kill without mercy!"

Although the Heretic God's army perceives Levi Garrison's super terrifying strength.

But they will not back down.

On the contrary, it was all overwhelmed.

"You are looking for death!"

"Senior, hurry up! Kill this group of maggots first! Then kill Levi Garrison's maggots! Promote my righteous name!"

"Senior, our hope is all on you, you quickly take action! Come on!"

...

Jifengchen and others all urged.

In the eyes of the Cthulhu Army, a great battle is inevitable.

“I’m afraid I can’t make a move!”

Levi Garrison suddenly said at this moment.

“Senior why?”

Because I am the cotyledon of the maggot head in your mouth!”
