

The Return of the God of War [The Protector] Chapter 2270

After seeing this, the dark God who is always paying attention to the dynamics is vaguely looking forward to it.

The dark god wants Levi Garrison to sweep hundreds of thousands of people!

I also hope that his strength is mediocre... The

Dark God is called a entanglement.

The most critical moment is coming.

If Levi Garrison really opened the dark cage by himself.

Not to mention these hundreds of thousands, and there will be a few million more people who can do nothing about him.

...

Hundreds of thousands of people in the field are staring at Levi Garrison.

“Levi Garrison seems that you are determined to die? That’s good! You and Zoey die together!”

“Yes! Kill him and Zoey ! Only then can the anger be calmed!”

“Kill them!!!”

... ..

But at this time Ye Wudao said, "It seems to kill Levi Garrison directly. It's meaningless. I always feel that there are shortcomings. It is not refreshing enough!"

Ye Lingtian immediately agreed, "Yes! That's right! It seems that it is not enough! It almost means!"

"Yes, yes, yes...Anyway, letting Levi Garrison die directly, it really feels a little bit refreshed!"

...When the

two said these words, everyone agreed.

They all feel that it is really uncomfortable to get rid of Levi Garrison directly. It took so long for everyone to see Levi Garrison and let him die like this?

Especially the opponents and enemies who had had a feast with Levi Garrison felt even more unhappy.

They waited for three years, and they waited for Levi Garrison to appear, defeat him fiercely, to wash away the shame of the past, let Levi Garrison understand how weak he is in this era.

But if you kill him directly now, it really doesn't mean much.

Not good at all!

He died when he saw him, as if he had never appeared before.

Thousands of people want to humiliate Levi Garrison severely...

“Since Levi Garrison and Huoyun Cthulhu are so mad, ignore this era! I think it’s better not to kill him all at once!

Let’s keep him and let him know slowly The cruelty of this era! Let him know that his strength is weak in this world! Let everyone have a chance to vent!”

Ye Wudao made this suggestion.

Get a strong response from everyone.

Everyone had the same idea and would not let Levi Garrison die easily.

To humiliate and torture him slowly, everyone will do their best.

Let Levi Garrison kneel on the ground to admit defeat is everyone’s ultimate goal.

Like Ye Wudao, a strong man at the level of Young Marshal Tiance didn’t want Levi Garrison to be alive.

They were more like seeing Levi Garrison’s embarrassment.

They want to completely destroy the pride of this former king!

Some people were psychologically distorted and wanted Levi Garrison to kneel in front of him and beg to let him go.

... The

vast majority of people have the same purpose and quickly reached an agreement.

“But what about Zoey ? She must die! This demon can’t live for a moment!”

Everyone’s eyes locked on her.

Murderous.

“Then do it!”

Ye Wudao waved his hand.

Many masters in the field pressed on.

A big battle is on the horizon.

But at this time, Levi Garrison suddenly shouted, “Slow down!”

“What are you going to do?”

“Let me just say a few words! My wife was indeed used by the Dark God! All this was arranged by the Dark God! But I admit to my wife’s mistakes! There is no escape!”

“So I thought I implore you to change another way of punishing me, as long as you let my wife go! Let her live!”

Levi Garrison said.

In fact, with his strength, once he fights, he can naturally kill hundreds of thousands of people.

No one is left.

But he is responsible.

To do it wrong is to do it wrong.

Zoey did kill a lot of people.

undeniable fact.

You must bear the consequences!

You can't put your own mistakes on others.

So Levi Garrison chose a new solution.

“No!”

Everyone immediately shook their heads.

“Hold on!” someone shouted.
