

## The Return of the God of War [The Protector] Chapter 2316

“How do you say?” As

soon as Suzaku said this, everyone surrounded him.

I’m nervous.

Thought something happened.

Suzaku frowned, and said in amazement, “Impossible! How could this be?”

“What’s the matter ?? “

...

Everyone became more and more nervous.

“The boss’s body isn’t in any condition at all, okay! It’s okay! It’s like Maya Industry’s weapon has failed!”

Suzaku said in surprise.

...

She scanned Levi Garrison’s body with an instrument and found that any place was good.

No special elements were found.

This is against common sense.

“Ah? What’s going on? Impossible!”

“Once you are injured by a weapon of Maya Industry, special elements will inevitably occur in your body and corrode a little bit. No one can hide it! Even if it is the number one in the gods list. Dark God is no exception!”

“No matter how powerful the boss is, it is impossible to hide from it!”

...

This made everyone embarrassed.

They are all analyzing what is going on.

“Now I think it should be Kunlun Industry’s inhibitory agents

that have worked ! For the time being, it suppresses the reaction of special elements!” “For Kunlun Industry’s inhibitory agents, we have been working on it for a long time! There is still a certain guarantee in terms of effect. ! I am sure of this!”

Suzaku said.

At this point in the analysis, everyone showed joyful expressions.

“It’s great!”

“If the drug has an inhibitory effect, it can give us enough time to solve the problem from the root cause!”

“Yes, this is great! We can have plenty of time to find the ultimate solution!”

“If you don’t look for it, I don’t know. There are many forces that are studying the eradication method! Many have achieved good results. I believe that if there is enough time, a solution will be found!”

“So boss, you don’t have to worry, we will definitely let you live!”

...

Levi Garrison smiled helplessly, “In fact, you don’t have to worry about me, you waste it for me. Time is up. I don’t have anything! Isn’t that special element just poison? This kind of poison can’t

hurt me!” Xiao Feng said immediately, “Master, you’re all right now! It’s because the inhibitory medicine of Kunlun Industry is working! Sooner or later, this element will be immune to the potion, and the potion will not be able to stop it!”

“Yes, it’s because of taking the potion now! So it’s okay! You just listen to us!”

...

Levi Garrison was helpless.

How to explain, they won't listen.

And he didn't take any medicine at all.

"Boss, I think taking advantage of this time! You can improve your own strength to see, I think the suppression of special elements is also useful!"

Azure Dragon (Qinglong) said.

As soon as the words came out, they immediately got the support of others.

"This is a good method! Two birds with one stone! Not only will the boss' strength be improved, but also the boss will restrain the special elements by himself!"

...

Azure Dragon (Qinglong) glanced at everyone and said, "So, now is the time for everyone to play together..."

"Huh?"

Everyone was taken aback.

I don't know what Azure Dragon (Qinglong) means.

I saw Azure Dragon (Qinglong) took out a few books and handed them to Levi Garrison, “Boss, this is the exercise and auxiliary method that I practiced! I also brought the medicine and so on! You should be quick to practice! You don’t understand. You can ask me!”

Everyone understands.

It turned out that Azure Dragon (Qinglong) took out his own stunts and handed them to Levi Garrison to improve his strength.

Seeing all this, everyone was stunned.

Azure Dragon (Qinglong) did not reserve anything, and took everything out.

“Me too!”

Kirin ( Qilin ) said, taking out his stunt.

“And me...”

Xiao Feng also took out everything.

...

Everyone took them out one by one, without reservation.

If this is let outsiders know, it is estimated that they will be shocked to explode.

This is the unspoken secret of a group of strong people in the gods, it is their stunt. In the end, it was all for Levi Garrison.

## **The Return of the God of War [The Protector] Chapter 2317**

These are the secrets of the stunts of the strongest players!

Priceless!

It can even be said to be priceless!

I don't know how many people want it!

It is estimated that if one of these books is spread, it will attract tens of thousands of people to fight for it!

Now Levi has the stunts of dozens of powerhouses in the gods list before he arrives!

...

The exercises, auxiliary methods, some modern techniques, medicines, and artifacts add up to a thousand pieces.

This group of brothers and apprentices really had no reservations about Levi Garrison.

Everything is taken out.

...

“Boss, you can hold these things too! You can save your life at critical moments! Or increase your combat effectiveness!”

“Yes, sometimes we can’t be by your side in time! We have to rely on these to save our lives! Otherwise it will be dangerous!”

They again Bring out some life-saving things.

Now they are really worried about Levi Garrison.

I was willing to take out everything.

Try every means to ensure the safety of Levi Garrison and make him stronger.

“The boss has so many skills and skills, there is always something suitable for you! We believe that with your qualifications and hard work. You will soon be on the list of gods! We are waiting for you to surpass us!”

Everyone looked expectantly. Levi Garrison.

Although the god list is what a weak list!

Levi Garrison is already strong enough to override everything.

But he really felt the hearts of his brothers and apprentices...

In any case, they were all on his side.

It's great to have them! ! !

"But I really can't use it!"

Levi Garrison said helplessly.

He didn't want to hurt the hearts of these brothers.

But he really doesn't need it.

Don't watch these things spread out casually, it will cause a sensation in the world.

But here in Levi Garrison, it's really no different from garbage.

At this time, Zoey's voice sounded, "Don't give it away! He doesn't like it! He won't practice these! What he practiced is what he did three years ago! He also asked me to practice! Said this is what The best method! There is no one!"

Hearing this, everyone was taken aback.

Everyone knew what Zoey said.

After all, three years ago, everyone was the beneficiary of this exercise.

At the beginning, Levi Garrison gave everything to them and taught them everything without reservation.

They all got a lot of benefits.

Especially Azure Dragon (Qinglong) Kirin ( Qilin ) and the others jumped into powerhouses, keeping up with Levi Garrison's footsteps.

But in this era, it is really unnecessary to mention that exercise.

That's obviously for laying the foundation!

Especially after each of them has laid the foundation, then practice this basic exercise, which is of no use at all.

The effect is very slow!

Not even effective!

In this era where everyone has the opportunity to become a peerless master, practicing this kind of exercise again is simply waiting to be eliminated.

That classic sentence stagnates is a step backwards!

In this era, progress is a little slower, that is, regress!

"Boss, we have to tell you the fact that that technique is enough to lay the foundation! But it is indeed eliminated! In this era, it is completely dead!"

“And this method of laying the foundation can now find tens of thousands of methods. Come, and be more scientific and reasonable!”

.....

Kirin ( Qilin ) is humane. Xiao Feng also stared at Levi Garrison eagerly, “Yes, Master! Things from three years ago are indeed eliminated! You should look forward! You can no longer guard the things in the past! One of these exercises is better than anything else. Yours is a thousand times stronger!

You choose one to practice!”

“Yes! You choose one to practice! We guarantee that your strength will improve! Don’t play virtual! Strength can’t be improved, you come to us!”

...

Everyone persuaded.

“Forget it, I’ll accept it for him! I will slowly persuade him to practice! It’s impossible to convince him for a while! He has a stubborn temper and a good face!” Zoey dyed his voice and accepted everything.

## **The Return of the God of War [The Protector] Chapter 2318**

“Well! Sister-in-law, we will also find a way for you to recover! I hope you can recover your strength as soon as possible! You should also persuade the boss to let him use it quickly!”

Everyone breathed a sigh of relief.

As long as the plum dye accepts it.

In their opinion, Levi Garrison would definitely use it.

He can't save face in front of their brothers and disciples...

"That's right! Elder sister-in-law, someone will come to avenge personal revenge in the future. If we are away, you can directly report our identity!"

...

"We should not keep some tokens to prove our identity. Now I don't know that there are more people who have a relationship with the boss! As long as they see the token that proves our identity, they will probably not move!"

...

Kirin ( Qilin ) and the others left a bunch of tokens that could prove our identity.

...

Now they are the strongest of the gods!

In this era, the list of gods is above everyone.

As long as the gods are mentioned, who is not afraid?

"Okay,

yes !” Zoey took all the tokens to prove his identity again.

“Well, in this case, we can rest assured! Everyone will continue to find a solution according to the division of labor!”

Azure Dragon (Qinglong) everyone left again.

Everyone is going to keep busy, looking for a solution for Levi Garrison.

... After

they left, Zoey said to Levi seriously.

“I know you are arrogant, especially now that your apprentices teach you exercises or something, you definitely can’t accept it!”

“But you shouldn’t let them down! Let’s do this! Don’t learn their exercises alone! You You can combine everything they have! Take the best and get rid of the dross! Come out of your own way!”

“I believe you have this ability! You can definitely do it!”

...

Zoey’s suggestion is very sincere.

It not only lived up to Kirin ( Qilin )'s good intentions, but also did not embarrass Levi Garrison, but also improved his strength.

Three birds with one stone! ! !

If it had been in the past, Levi Garrison might actually do this.

Combine various exercises together.

He did this before, evolving many of his own stunts through taboo techniques.

Even in the dark cage, he integrated the taboo technique and other things he had practiced.

But finally found that this road can be super powerful.

Can't become the strongest!

It's the same now.

If Levi Garrison went to combine all these skills and skills, he would create something powerful and his strength would be raised to a terrifying level.

But it can't be the strongest! ! !

Zoey looked at Levi Garrison and smiled. "Try it, you can accept my method! It's nothing shameful! If you create it, it will be your own thing!"

“No need!”

“I don’t need these!”

Ye King’s Landing directly refused.

Zoey asked, “Should you continue to practice what you did three years ago?”

Levi Garrison nodded, “Yes, that’s right. Just practice my own way! Practicing miscellaneous things is not necessarily a good thing!”

Zoey Reluctantly shook his head, “Well, I respect your choice! I hope you can achieve results! Although the hope is slim...”

“When the master meets, you still want me to practice your exercises... But she also respects my choice... Let me choose! I still choose my own method! So I also respect your choice!”

Levi Garrison smiled “Yes, okay.”

“By the way, did you see the real face of the master? She must be the one who looks at my face! She will show her true face! It’s also because I didn’t embarrass you!”

Now think about it, for Ye. King’s Landing knew the true face of the Dark God, and she quickly figured it out.

It’s because of her.

After Zoey confessed some things, he ran to recover.

Levi Garrison just wanted to check, but received a message from the Underworld God and the others.  
problem occurs.....

## **The Return of the God of War [The Protector] Chapter 2319**

Someone challenged the dark god!

After the announcement of the new god list, the Dark God still ranks first!

And because Levi Garrison's punch made a huge movement in the Western Continent, it made the dark god aloft.

But after all, some people still can't bear it!

Feel the list is unfair!

Challenge the Dark God directly!

...

Come to compete for the first position in the gods list!

There are four people who are going to challenge the Dark God this time!

God's list is ninth, God's list is seventh, God's list is fifth, and God's list is fourth...

...

They find the Bible organization to challenge.

But today's god of darkness is Levi Garrison.

The Underworld Gods were helpless, they could only tell Levi Garrison everything and asked him what he meant.

"Okay, very good! Promise their engagement! Send out a notice to the whole world again, find me to challenge together!"

Levi Garrison said.

"Understand!"

Then, the Bible organization issued a message in the name of the Dark God-all those who would challenge him will come in three days!

At present, there are already four top ten powerhouses who have come to challenge...As

soon as the news came out, the world was a sensation!

It is very likely that a new pattern will appear...

If there is a hidden master who defeats the God of Darkness, it will be a new history...

But in the eyes of 99% of people, the God of Darkness is the role model. The first is invincible.

After Zoey learned the news, she sneered, “No one knows how terrifying Master is than I do! No one can beat her! No one! No. 1 in the God List is No. 1 in the God List! The assessments of major institutions will not make any mistakes. Yes!”

Levi Garrison shook his head helplessly.

unbeatable?

Why was he beaten to death with a punch?

But what she said was true.

Now I am the God of Darkness.

It is indeed invincible.

Levi Garrison didn't take all this seriously, so many people were fine.

Anyway, it was a punch...

“What? You don't believe it?”

Levi Garrison sneered when he heard it.

Zoey couldn't help but stared at him and asked.

"I...I believe..."

Levi Garrison nodded helplessly.

The Dark God is him now, how could he not believe it?

Zoey looked proud, "Master will have no opponents that can't be defeated! You wait to hear the news!"

Levi Garrison "...".

He still spends his thoughts on practicing basic exercises and finding traces of the Gods' Lab... But the outside world has already fried the pot.

For the dark god, everyone has never seen a shot.

This was the first time...

Levi Garrison

didn't even look at the techniques left by Xiao Feng and the others... But he didn't look at it, it didn't mean that others didn't.

People from Li and Zhao's family came secretly, and they were already in the room starting to choose their skills.

This is the strongest of the gods!

It's like a peerless baby...

but you can't ask for it...

Now there are thousands of pieces in front of you, all of this is crazy.

"This is mine! I fancy it first!"

"I want this one, you go and pick others..."

...

Li and Zhao's family are all crazy, robbing magical artifacts and so on frantically.

All of them are exposed...

"Do you think that Levi Garrison is brain-depleted? Do you want to use the top-level exercises? Practice the broken things three years ago?"

"Absolutely! Just sick! These are the top-notch ones. What is he pretending? I think his own things are better than these?"

“Hehe, it’s ridiculous! Pick one out of it, which is hundreds of times stronger than his technique...”

.....At

this moment, Zoey left. Come.

She stared at the crowd angrily, “What are you doing? Quickly put it down! This is what they left for King’s Landing! You can’t take it away!”

She stopped the crowd. “Zoey! Levi Garrison is not a fool to practice! Let it go for nothing, isn’t it a waste? It’s better to give it to us!”

## **The Return of the God of War [The Protector] Chapter 2320**

Others also echoed “Yes! He doesn’t practice! Such good things can’t be left in vain!”

These rubbish that Levi Garrison didn’t want.

Respected by them as a holy thing!

The top stuff!

After seeing it, all eyes were shining, just like crazy.

This is mainly because these things are considered treasures in this era.

...

Can it be crazy?

“What’s more, we are all a family! Who practiced is not the same?”

“It’s only Levi Garrison who doesn’t know the goods! Don’t you want this top-notch thing?”

...

...

Everyone is ridiculing Levi Garrison while dividing up these good things.

“Sub-dye, you do not want to practice it leaves monarchs? As good as this! These things given to us, let’s go practice! We quickly became strong, posterior lobe monarchs know the effect will practice!”

“Right, right This is the reason! Besides, good things should be shared together!”

“If we are strong, we can also protect you! Otherwise, we are too weak, and it is always cumbersome and not good!”

.....

Everyone said this, Zoey It feels reasonable.

A strong family does have many benefits.

Besides, if she wanted to stop, she couldn't stop it.

After the group of people was divided up, they ran away.

Zoey can't go back one by one.

And now Zoey's strength hasn't recovered, and he won't be forced to come.

Can only watch.

Zoey told Levi Garrison about the things being divided up.

"Hey! It doesn't matter! I don't practice anyway! But I failed Xiao Feng and the others! I will compensate them in the future!"

Levi Garrison said.

Levi Garrison's compensation is absolutely beyond their imagination.

Compared to the things they gave, it was simply the difference between the sky and the underground.

Zoey nodded, "Well, I won't tell Kirin ( Qilin ) about this!"

"Yeah! Good!"

...

Soon three days passed.

Levi Garrison left with an excuse.

In fact, he ran to fight as the dark god.

At this time, Xiao Feng and a few people appeared.

On the one hand, they wanted to see Levi Garrison's situation, but the most important thing was to see if Levi Garrison was practicing what they left behind.

They secretly searched for a circle, but they didn't find the techniques and skills they left behind.

In addition to the excuse that Levi Garrison left, everyone thought that Levi Garrison went to retreat to practice.

"Hahaha, Master chose our practice after all!"

"This is a good thing! Hahaha..."

Xiao Feng and the others laughed loudly.

"Actually, Master has a good grasp of the situation and everything in this era, as well as his own knowledge! But after all, I still can't help you!"

“But think about it! Whose master, in turn, wants to follow his disciples to practice, and they have to give them to his disciples. What do exercises give?”

“Isn’t it! It’s very difficult to pull down the bottom! In fact, you and I may not be able to do it!”

“But we are fortunate that the master is still practicing! I heard from the master that the master is very likely to leave. One way-fusion of the various exercises to form your own system and things...”

“Well, I am looking forward to it! I am very optimistic about Master! I will try to see him surpass you and me on the list of gods as soon as possible!”

...

These apprentices are very happy.

Xiao Feng quickly told Kirin ( Qilin ) Azure Dragon (Qinglong) the news.

Others are also very happy to hear.

After all, they are all for Levi Garrison now.

Levi Garrison is good, everyone is happy.

Everyone began to sigh, “Soon, I am afraid that there will be one more name from the past on the list of gods!”

...

They look forward to Levi Garrison's listing.

However, at this moment, Levi Garrison, who is the number one in the gods' list, came to the Bible organization and accepted the challenge of many people.

In addition to thirteen strong men on the god list, twenty-eight strong men who were not on the god list and quasi god list also came to challenge.

They are the ultimate powerhouses who have never appeared in the public eye... A big battle is on the horizon.

## **The Return of the God of War [The Protector] Chapter 2321**

The world's most eye-catching battle!

When these twenty-odd strong men who never showed up appeared, the world was shocked.

powerful!

Unprecedentedly powerful!

Not inferior to the strong of the gods!

Excited!

...

No one thought that so many powerful people would suddenly appear to challenge the top of the gods list!

They estimate that they want to become famous now, and the best way to become famous is to challenge the most authoritative list of this era.

Directly challenge the first person on the god list!

...

But the real thing is still the top ten three of the gods.

The ninth blood ancestor on the god list!

The seventh East Island Ghost Blade!

The dark overlord Josa, the fifth on the god list!

Mayan industrial barbarian king of the fourth in the gods list!

...

After all, they have been famous for a long time!

And it's at the top of the list!

Other people are strong, but they don't know each other.

So the focus is on them.

The venue for the battle was chosen somewhere in the Western Continent...

Many people watched the battle, and almost all the eyes of the world gathered here.

In the anticipation of all the people, the Dark God appeared.

"Let's go together! I don't have so much patience!"

Levi Garrison said coldly.

A glance at the past, there is no one that can match the dead Dark God.

There is no one who can fight!

Levi lost interest when he came here!

Let's go together, forget it!

"Arrogant! I'll challenge you!"

The blood ancestor, the ninth on the god list, could not bear it, and rushed up immediately.

The terrible breath and power shocked the audience.

“Get out!”

Levi Garrison blasted out with a punch.

“Bang!” The

blood ancestor was blown out in an instant.

His body was torn apart and exploded... and

disappeared before everyone’s eyes! ! !

“Hiss!!!” There

was a gasping voice all over the room.

How strong is the blood ancestor?

Everyone has seen it in the past few years.

The fully awakened blood ancestor is simply an unbeatable existence!

In other words, it is unkillable.

The reason why he ranks ninth on the list of gods is because he can't be killed at all, and others can't help him.

The blood ancestor's body was so hard that the artifact could not penetrate, let alone other things.

But today, he was beaten by Levi Garrison.

The body exploded directly.

Shock!

The world is shocked!

No one thought that this kind of thing would happen... the

dark god is so strong? ? ?

The other three powerhouses of the gods list and the other unknown powerhouses to be challenged all trembled in their hearts.

"I'm coming!"

Dongdao Ghost Blade, the seventh best player, shot.

He is known for his ghostly skills... But as long as

you have all kinds of strange skills, Levi Garrison is just a punch.

“boom!”

The ghost blade played all kinds of tricks, and was fisted by Levi Garrison.

The dark overlord Josa, the fifth in the god list, also played a long time, and was also punched out by Levi Garrison.

The Mayan industrial savage king, fourth on the god list, everyone thought that even if he was lost, he could hold on under Levi Garrison for a while.

But it's still a punch!

It seems that everyone is equal in front of Levi Garrison.

Ordinary people who don't know how to practice exercises are the same as the top powerhouses of the gods.

Because they were all killed with a punch...

Levi Garrison used the same effort...

“Let's go on together! I'm impatient!”

Levi Garrison hooked his fingers, leaving more than 20 unknown strong men. As well as the nine strongest gods all rushed up.

“Bang!”

“Bang!”

...

Levi Garrison all punched.

After dozens of seconds, no one was standing.

All were beaten out.

But Levi Garrison also killed the blood ancestor.

There is no reason for him. The blood ancestor escaped from him three years ago.

He is also taking revenge... the

rest will let you be conquered by one punch!

Shocked!

The whole world is shaking!

I thought this battle would be fierce...

Where did you know it would be so short? All thirty or forty strong men fell for more than a minute.

Boring!

dull!

This battle is simply boring!

It doesn't mean anything... Not even the simplest counterattack!

## **The Return of the God of War [The Protector] Chapter 2322**

In front of the dark god, everyone is equal, after all, no one can get a punch.

No matter if you are fourth or twenty-seventh on the list!

all the same!

“Hey! No one can fight a little bit! Don't challenge me with this kind of garbage next time!”

Levi Garrison left after leaving a sentence.

It can be seen that he was disappointed...

...

yes.

Levi Garrison was very disappointed.

I thought there was someone who could play a little bit...

...

Isn't this era boasting so much?

Everyone is going to go to heaven?

Isn't it the one to kill with a punch?

Now this kind of challenge is really wasting his time.

But the whole world is crazy...the

gap!

For the first time, the world knows that the gap between the first and the first in the gods is so big... It

can even be said that the first in the gods is not in the same world as other people...

Maybe the second and third of the gods are a little closer, but the meaning is not Big.

The first dark god is too strong.

It's totally different from other people!

Feeling high above!

For the first time, let the world, let the strong of the gods, feel insignificant.

It turned out that it was just the reason for the ranking, giving everyone the illusion that they were not far behind the Dark God.

For example, the fourth and the first in the god list are too close.

But the truth is farewell!

There is no comparability at all!

At no time has everyone been so firm in the accuracy of the gods' list.

It turns out that the dark god can be ranked first, it is true!

There is nothing false!

The list of gods selected by major institutions is the most authoritative!

No flaws!

Since then, everyone's trust in the gods list has become more than before!

There will be no more doubts.

Basically, one's own ranking knows one's exact strength.

I will never go to leapfrog challenges to prove myself!

That's boring and stupid!

God list is authority!

Which is the number one!

No one will have any doubts at all!

"You said...Is the Dark God at the same level as the existence of two fingers knocking off the Heavenly Sword..."

Someone raised a terrible and bold question.

"That can't! The gap is still there! But it may have the power of a battle! People are a world!"

“Yes! The Dark God is definitely not an opponent! But at least they are at the same level as him!”

...

Darkness God’s battle shocked the world.

As a result, the god list has not changed at all.

The dark god still sits firmly on the top!

“No, no, there are people who question the authority of the god list? Did they really go to challenge the first place in the god list?”

Tiance young commander sneered.

The list of gods is ranked by major institutions, including Tiance Mansion.

After all, this kind of organization can collect information from all over the world and can basically cover every strong person.

The Marshal Tiance naturally believed in the gods’ list.

“But the marshal said that the Dark God’s combat power is beyond the predictions of our top ten organizations! And much stronger...” At

this time, the subordinates said something unusual.

Marshal Tiance frowned and nodded, "This is indeed! The previous evaluation of the power of the Dark God was not so strong! He seems a bit abnormal this time! Too strong!"

"I heard, ex. A few days, there was a big shock in the Western Continent, as if it was the Dark God who broke through! This time it was a small test for him!"

"Yes, and no one except the Lab of the Gods could let the Dark God use his full strength! We treat him It's normal for his combat power to be vague at all!"

...

Others all analyzed.

Marshal Tiance nodded, "Well, it is!"

On the other side.

Beijing Garrison Clan.

"Xiaozu is too strong? I don't know how you face the Dark God?"

Tyrone Garrison (Ye Lingtian) wanted to know. Ye Wudao shook his head helplessly, "No! I am definitely not the opponent of the Dark God!"

## **The Return of the God of War [The Protector] Chapter 2323**

“I thought I could challenge the God of Darkness, but now I think about it, let’s forget it! My god list is eighth! I am not an opponent at all! This list is authoritative!”

“Today I have seen the authority of this list. ! I originally thought that Young Master Tiance was ranked sixth, and he should be between me! This kid should be stronger than me!”

“But in a word, the Dark God is not in the same world with us at all!”

... ..

Hearing Ye Wudao’s words, Tyrone Garrison (Ye Lingtian), Ye Kuanglan and others gasped.

“Is the Dark God so terrifying? This is not at the same level as the other powerhouses in the god list...”

...

Tyrone Garrison (Ye Lingtian)’s face was pale.

“What crazy and absurd thing hasn’t you seen now? Forgot the existence of the two-finger knocking off the sky sword?”

“As far as I know, the earth sword, which is as famous as the sky sword, is in the hands of the dark god and is used as a magic weapon card. Who is strong and who is weak, can you tell at a glance?” After

...

Ye Wudao reminded him, everyone’s expressions changed wildly.

really.

Compared to whoever said it, the Dark God is really nothing.

“I have to work harder! Fight for an early battle with the Dark God!”

“But I want to tell you one fact-in fact, among the ancient Garrison Clan, the Dark God is not the top one. Waiting for the ancient Garrison Clan You knew it when you were really born!”

Ye Wudao said.

“So strong? God bless my Garrison Clan...”

Tyrone Garrison (Ye Lingtian) and the others were full of expectations.

“Yeah! Of course!”

Ye Wudao smiled.

“By the way, when will Xiaozu go find Levi Garrison?”

“Didn’t you let the Garrison Clan issue a killing order? It’s time to find him...”

Tyrone Garrison (Ye Lingtian) said.

Now he is eager to show Levi Garrison a wave of force.

After the new god list is updated, he is ranked 78th!

Thousands of gods, this ranking is super powerful.

“That’s right! It’s not good for Levi Garrison to live too freely!”

“But he got a weapon of Maya Industry, and the next thing is torture! We don’t need to do it anymore!”

Ye Wudao sneered.

“That

’s true ! Kill him directly, but it will make him cheaper!” “But his children can be brought back to the Garrison Clan for training! Just follow the name of the ancient Garrison Clan, Tiance Mansion and Baolong, as you said. The whole family can’t stop...”

Tyrone Garrison (Ye Lingtian) suggested.

“Well, this is true! Immediately send the Garrison Clan’s power to find where this child is. My Garrison Clan’s blood will definitely be recovered!”

... The

Dark God’s shocking battle caused a super sensation all over the world.

After Levi Garrison finished all this, he returned to Daxia.

Zoey greeted him immediately.

“Have you seen the news? Master has swept everything with top combat power! The fourth and fifth of the gods list can’t

beat the master’s punch...” Zoey excitedly showed off the master’s achievements to Levi Garrison.

Levi Garrison nodded with little interest, “Well, I know.”

He did everything.

Don’t you know?

“I will recover as soon as possible, strive to enter the gods’ list, and chase in the footsteps of the master! You have to be together...”

Zoey is now much more normal than at the beginning.

But the obsession with the Dark God is still deep...

Levi Garrison had to take his time.

Now, confessing everything, she wouldn’t believe it at all.

“Look at my recovery almost halfway now...It won’t be long before I can fully recover...”

Zoey is also an extremely independent person.

She was looking for various ways to recover herself... and

now she has begun to see results...

“Hey! What should you do? Have been guarding things from three years ago? But Xiao Feng and their stunts have been divided up. It is estimated that it will be difficult to come back now!” “Why not? Let’s compete! Three months later, I will surpass you on the quasi god or god list...”

## **The Return of the God of War [The Protector] Chapter 2324**

Zoey looks forward to looking at Levi Garrison with excitement!

Levi Garrison doesn’t take it seriously at all. “

Okay ! Okay !” “Well, let’s start now! Let’s see who will be higher in three months? I haven’t recovered yet! You are on the quasi god list eight thousand six hundred and seven. Fifteen! See who has made the most progress by then, and who has made the highest progress!”

Hearing Levi Garrison’s promise.

Zoey was full of power in an instant.

She mainly wanted to use three months to give Levi Garrison a head!

...

Let him understand the cruel reality! ! !

Let him know that it is impossible to progress by relying on that basic exercise method, and it is impossible to adapt to this era.

In three months, she will not be able to fully recover, but she will be stronger than before!

...

She conservatively estimated that in three months, at least rushed into the top 30 of the gods list!

By the time she leaves estimated at more than 8,000 monarchs or quasi-God hovered standings, and even can be said that Ye monarchs have retreated more than nine thousand .....

After all, everyone in this crazy era of progress, progress is slow, then it Will be eliminated.

If Levi Garrison continued to practice that basic exercise, three months would basically have stagnated.

This is a great step backward!

It is impossible for him to continue to rank in more than eight thousand.

Three months later, he is most likely to fall out of the quasi god list...

But Zoey wants to use this cruel fact to make Levi Garrison sober...

Let him put down and put down his self-esteem!

Come slowly accept this era, adapt to everything, and then seek powerful methods.

Zoey was forced to use this method.

Relatively speaking, she knew Levi Garrison and knew that his temper was very tough.

This method is necessary to make him sober.

When Zoey told Xiao Feng Kirin ( Qilin ) the news to them.

Everyone also agreed.

And a thumbs up to Zoey.

They all say that this method is good for her!

Use the most practical data to make Levi Garrison sober...

Levi Garrison didn't take this as a matter of all...

Not to mention that he is above the list of gods, it is his vest-the dark god is the number one in the list of gods .

What's the comparison? ? ?

But Levi Garrison didn't refuse, as Zoey was happy.

For the next time, he was still using all his power to find the whereabouts of the Gods Laboratory.

On the other hand, he is also practicing the most basic exercises.

study without limit!

The secret of this technique is that it can be stronger...

Levi Garrison didn't know where the end point was.

Originally, he thought it was used to lay the foundation.

But now it can continue...In

this period of time, there are very few people who avenge personal revenge, or not.

After all, there are so many powerhouses guarding the gods.

If there is no absolute strength to crush Xiao Feng, this group of strong gods, you can't dare to touch Levi Garrison.

On the other hand, many people are waiting for the special elements of Mayan industrial weapons on Levi Garrison to take place.

But it has never been, Levi Garrison has been doing well.

This makes everyone very confused.

No one can be safe after being hit by a Maya Industrial weapon.

Not to mention a month has passed.

Levi Garrison is still fine...

Not only is the outside world curious, but Suzaku is also curious.

Is it all right?

How can this be?

Isn't it terrible?

But they figured it out themselves.

That is the progress of Kunlun Industrial Pharmacy, which can completely suppress the onset of elements for the time being.

From the past few days, it has been raised to one month or even longer.

...

Everyone knows that it is the dominance of Kunlun Industrial Pharmacy.

Has been helping Levi Garrison to renew his life and prevent him from getting sick.

Garrison family and Levi Garrison's enemies were very upset when they heard this.

They were still waiting to see Levi Garrison's miserable appearance... the

result was suppressed by the medicine.

"I can't go on like this... I think I will destroy all these medicines, right?"

Ye Wudao sneered.

"This method is feasible!" Tyrone Garrison (Ye Lingtian) and the others agreed.

## **The Return of the God of War [The Protector] Chapter 2325**

Kunlun Industrial Headquarters.

Mia and his assistant came out with four password boxes.

This is a batch of medicaments newly developed by the experimental team of Zhuque and Kunlun Industry for Levi Garrison.

Priceless!

It also costs a lot!

The most precious medicinal materials are used.

...

Nothing survived.

Only these are currently produced.

In the eyes of Suzaku, these medicines were for Levi Garrison's life.

...

Can't stop for a day!

Because the production cycle is very long, it takes about fifteen days.

Even if the speed is fast now, it will take more than ten days.

Therefore, it must be produced all the time.

They were really desperate to develop and produce medicines at all costs... After

Mia and the others got the new medicines, they immediately went to Levi Garrison.

Just after leaving the Kunlun Industrial Base, a group of people appeared.

Each of this group wore a mask.

A group of people surrounded Mia.

“Give us the boxes in your hands, and you leave!” The

headed masked man said coldly.

“No! This box can’t be given to you!”

Mia looked around vigilantly, and at the same time wanted to quietly send a distress signal.

Now they regard these medicines as more important than fate.

“I won’t give it to you if I die!”

“You run back with the potion, and I will stop them!”

Mia quietly signaled to the others.

“Do it directly! Don’t give them a chance!”

...

This group of masked people did it directly.

It was abrupt to snatch the potion.

Mia resisted strongly.

But the masked people in front of them are too strong, far beyond them.

“Not good! They are all strong in the god list!!!”

Mia reacted, but it was too late at this time.

All the medicine boxes in their hands were snatched away.

After this group of masked people got the potion box, they didn't take it away, and directly shattered on the spot.

All the potions were destroyed...not

even a small tube of potions was left behind.

All ruined.

This group of people moved quickly. After destroying the potion, they left immediately, disappearing without a trace.

They really came for the potion!

After destroying the potion, he immediately withdrew.

“Boom!!!”

Mia’s face was pale, and his head almost burst.

“Puff!”

She fell to the ground with a butt, and went stupid.

The others are the same, standing still, like walking corpses.

Seeing the broken potion, everyone was stunned.

This broken piece is not a potion!

This is hope!

This is Levi Garrison’s fate! ! !

Mia sat slumped on the ground and did not respond for a long time.

Mia was still sitting on the ground until Suzaku and the others came.

“How is it? You are not injured? Are you all right?” The

first time Zhu Que asked about Mia’s condition.

“Sister Suzaku...we are fine...just slightly injured...but...but the potions were all destroyed by them! Nothing left!!!”

Mia cried directly while holding Suzaku.

“All the medicine is gone...”

“Da Da Da...”

Kirin ( Qilin ), Azure Dragon (Qinglong) and the others staggered and almost fell to the ground.

Tiger (Baihu), Xuanwu and others broke out in a cold sweat.

The medicine is gone.

It means that Levi Garrison’s hope is gone!

Without the inhibitory effect of the medicament, Levi Garrison’s physical injury would immediately occur.

So far, the element of Mayan industrial weapons in Levi Garrison's body has never occurred.

No one knows how serious the element will be if it has no inhibitory effect.

Is it a minor attack or is it directly fatal?

No one knows.

And it has never happened. Once it happens, everyone is afraid.

There is no estimate at all.

It is very likely that the long-term suppression has caused the elements to spread all over the body, making the attack even more terrifying.

"The medicine is gone...no..." "Is the boss in danger?"
