

## The Return of the God of War [The Protector] Chapter 2507

Levi Garrison's arrogant appearance had to be before, so he was so angry that Zoey could stain them.

The incompetent yelling who thinks it is the weak... But

now it is arrogant, in everyone's opinion, it is very domineering and mighty!

Is a kind of unyielding performance!

Seeing Levi Garrison, Ye Wudao, Ye Lingtian and others were extremely angry.

Everyone in the Garrison Clan clenched their fists subconsciously when they saw this familiar face!

They will never forget this face.

Ye Longtian watched them one after another.

Including Ye Zhantian's eyes also swept over.

He happened to look at each other with Levi Garrison.

The eyes are facing each other, as if everything is frozen.

Ye Zhantian was stunned, his whole body motionless.

"Boom!!!"

His pupils suddenly enlarged, looking at Levi Garrison carefully.

Confirm again and again! ! !

He looked at Xuanyuan Qingya next to him again, and carefully and repeatedly confirmed.

His breathing is getting faster and faster, and his chest rises and falls sharply.

At last it was so nervous that it was suffocating!

I'm going to cry!

The blood color on Ye Zhantian's face disappeared completely, and his face was extremely pale, whiter than a piece of white paper...

His whole body was wetted with cold sweat earlier, and his clothes were soaked.

His face was covered with fine cold sweat, and his head was still breathing.

It's them!

It's them!

Ye Zhantian was so scared that his soul was not possessed, and he was going crazy.

His face was full of horror... the

whole person was shaking.

But everyone's attention was on Levi Garrison, no one paid attention to him.

I didn't see him so terribly frightened...

"It's you! Are you here to try the sword again?"

Levi Garrison said with a smile.

"Kacha!"

"Pouch!" As

soon as Levi Garrison said this, the chair Ye Zhantian was sitting on suddenly burst.

He sat on the ground

staggeringly ... The huge movement attracted the attention of the audience.

Everyone looked at him without blinking.

What's wrong?

The quality of the chair is so bad?

It broke apart all at once?

But the point is that someone with such a strong killer would still sit down on the ground... I

can't understand it!

unimaginable!

There will be this scene!

A strong man who overwhelmed the gods' ranking actually broke his chair and sat down on the ground...

"I, I, I..."

Ye Zhantian stammered and made a trembling sound.

He sat on the ground and backed away in horror.

Even more, he dared not look at Levi Garrison and Xuanyuan Qingya.

"What's wrong?"

Everyone is wondering what happened to Ye Zhantian?

Why are you so frightened?

Could it be that Ye Zhantian was thrown to the ground for fear of losing talent?

But indeed!

Ye Zhantian fell to the ground, it is indeed insulting to kill the gods!

unusual!

It's abnormal!

But not really!

A generation of killer gods will fall?

Still scared like this?

Levi Garrison sneered, "Is your mental quality so bad? I don't think about you. Look at you like that!"

Xuanyuan Qingya echoed, "Well, I was so scared that I was so scared!"

"Levi is here for you. Hugh is rampant! What does this have to do with you? Are you scared? Do you have that ability?"

Ye Wudao said immediately.

“Yes! Levi is here for you tortoise with a shrunken head! Only then did you appear!”

Ye Lingtian also mocked.

In order to avoid embarrassment, everyone quickly helped Ye Zhantian up.

Ye Longtian saw a hint, and quietly leaned in Ye Zhantian’s ear and said, “Brother is okay...”

Ye Zhantian calmed down his emotions as much as possible, and said in a low voice, “I...I’m okay... I might be too murderous. Heavy influence...”

“That’s good! I don’t seem to be normal lately! It should be that your practice may be on the verge of getting into trouble...”

Ye Longtian said.

“It should be so!”

Ye Zhantian lowered his head, not daring to look at the two Levi Garrison.

He didn’t dare to tell everyone that it was because he was afraid of Levi Garrison. Seeing that Ye Zhantian was okay, Ye Wudao immediately pointed to Levi Garrison and said, “Uncle, this is Levi Garrison! This is the person we want to sanction!”
