

## The Return of the God of War [The Protector] Chapter 2578

Everyone was wondering.

I don't know what it means at all.

Moreover, they were too far away, neither the Underworld God nor Chen Kong heard what they said.

Without knowing what happened, Chen Kong left after a while.

Not only do they want to know, even Mr. X in the Lab of the Gods and the others urgently want to know.

Why did Chen Kong postpone?

And left?

Zoey Lopez discussed it for a long time, and the argument was inconsistent.

"You are talking about why Chen Kong left?"

Levi Garrison asked.

"Yeah! Don't you know?"

Zoey Lopez snorted coldly.

Levi Garrison smiled: "Of course! The Dark God thinks he is too weak..."

“Huh?”

Everyone was taken aback.

“Is he too weak?”

“Is he still weak?”

Everyone was shocked.

“That’s not right, if the Dark God directly said he was weak, afraid that Chen Kong would get angry on the spot? How could he leave? Impossible!”

Xiao Feng asked.

“That’s because...”

Levi Garrison was about to speak when the Underworld God’s voice sounded: “That’s because my master wants to make him stronger! He gave him a crystal containing terrifying energy, and opened the forbidden area No. 76. The resources of, let him absorb energy and continue to be strong. Breaking through the limit and reaching the strongest state...” After the

Underworld God explained this, everyone understood.

It turned out that Chen Kong was busy improving.

No wonder it left in such a hurry.

What?

The dark god dislikes Chen Kong and weak?

Still struggling to make him improve?

What is this operation?

Dark god arrogant?

Or is he too confident in his own strength, for him, Chen Kong is too weak?

Or is there another reason?

“It is possible that Master really feels that Chen Kong is weak, and they are a bit bullied by taking the top three shots together. That’s why Chen Kong can improve!”

Zoey Lopez said.

“Well, this may be there! After all, the top three strengths of the gods list are unfathomable. No one knows how strong they are... They think Chen Kong is nothing but a junior, and he is another person! It doesn’t hurt to improve him...”

Most people think so.

“Forget it, wait three more days! If Chen Kong becomes stronger, then this battle will definitely be more beautiful!”

“Well, yes, good food is not afraid of late!”

...

Everyone decided not to leave.

Continue to wait for the arrival of the decisive battle...

“Well, yes, wait, I’m looking forward to it too!”

Levi Garrison was lying in the makeshift room with a look of expectation.
