

## The Return of the God of War [The Protector] Chapter 2606

Zoey Lopez and the others have been waiting hard for Levi Garrison to be selected as apprentices by a certain boss.

Even more than she expected.

Levi Garrison has acted a little crazy recently.

She wanted Levi Garrison to settle down...

If there is a good master, that would be great.

But the list was announced little by little, and her heart became colder and colder.

Everyone around her was selected.

Even Li Songkui was chosen.

Levi Garrison is still not mentioned.

She was in a hurry...

Don't be the last one!

If the selection criteria were not based on strength, Levi Garrison would have a good chance.

He has great potential!

At least 80% bigger than the people present.

Compared to potential, there are really few who can compare to him...

Other people, Azure Dragon (Qinglong), have the same idea.

All are waiting for Levi Garrison!!!

I have been waiting for an hour.

The list was almost finished, and no Levi Garrison's name appeared.

Who is not in a hurry?

They were so nervous that their palms were sweating!

"Okay, the last group of people next!"

"A total of eighty-seven people!!!"

When this voice came out.

The audience was a little excited.

So far, a tutor has accepted the most disciples once.

“Begin to announce the list-Jiao Tianyu, Ning Jinye, Chen Qizheng, Yin Zhengping... Eighty-seven Zheng Wenbo!”

The list of eighty-seven people has been read.

“boom!!!”

Zoey Lopez they directly desperate.

There is no name Levi Garrison at all!

This is the last batch!

Levi Garrison missed the big opportunity...

Nothing!

Now they and Levi Garrison are completely in two worlds!

The gap between Levi Garrison and them is getting bigger and bigger...

Just as everyone was sentimental, Kunlun College continued to announce: "These 87 people will be selected under the word "Daxia" under the king's family!!!"

The language is not surprising and endless.
