

The Return of the God of War [The Protector] Chapter 2626

Tiance Shenshuai almost fled.

This made Jiao Tianyu and the others dumbfounded.

Levi Garrison scared them like this with a word?

Isn't it horrible?

It seems that they all know Levi Garrison's strength!

"So there was a mess of porridge outside..."

"They couldn't think that the movement came from here!"

...

Jiao Tianyu and they all laughed.

After all, in Kunlun Academy, they are the most undervalued!

"Okay, next I will teach you the most basic exercise! Go, follow me to the depths of the snow-capped mountains!"

Levi Garrison took everyone to go.

“Teacher Ye! Is your name really carved on the back of the stone tablet?”

Chen Qizheng asked.

Levi Garrison did not conceal: “Yes, no mistake! Chen Kong saw it that day, so he kept calling my name when he died!”

“Yes, yes, I heard it! I thought he knew you... Now it seems that he saw the name behind the stele!”

“Teacher Ye, do we have a chance to go and see behind the stele? It is also an inspiration to us!”

Zheng Wenbo pleaded.

“Okay, yes! When I finish teaching you! I will take you to see it together tomorrow!”

“Okay, thank you Mentor Ye!”

...

now.

The Kunlun Academy is still messed up.

“Okay, okay, I know the truth...”

After Tiance Shenshuai and his party arrived, they announced to everyone.

“Huh? What’s the matter?”

Everyone looked over.

“It was caused by the practice of the dean and deputy dean...”

Tiance Shenshuai replied.

Anyway, the three people mentioned are all Levi Garrison.

Nothing wrong.

“What? The dean and the vice dean have this movement when they practice?”

“My God! Too strong, isn’t it? This is definitely above Chen Kong!”

“I want to be an excellent disciple! I’m attracted by the dean or deputy dean!”

...

Knowing that this is a movement made by the dean and vice dean.

It is a great encouragement to everyone! ! !

One by one clenched his fists in a desperate posture!

Even Zoey Lopez looked excited.

She secretly vowed that she would return to the door of the dark god through her true power.

Now she dare not mention that she is a disciple of the Dark God.

What a shame.

The gap between the two sides is too great.

“Okay, everyone has nothing to do, go back to their respective doors!”

Commander Tiance commanded.
