

The Return of the God of War [The Protector] Chapter 2663

He also said why Levi Garrison had disappeared.

It turned out to be taken away by this group of people.

“At least let me know that the king is alive side by side, right?”

On the communicator side, Tiance Shenshuai said.

Heard this.

Black Hawk they breathed a sigh of relief.

It was also certain that Mr. X did not lie to them.

Levi Garrison’s position is indeed very important.

Substitution is imperative!

“Come on, tell him!”

Black Hawk handed the communicator to Levi Garrison.

Tiance Shenshuai asked: “Change or not?”

“Of course, change! Do you want to see me die in their hands? Hurry up! Hurry up! Send people back!”

Levi Garrison urged.

In the eyes of the Black Hawks, they looked like they were afraid of death.

“Okay, got it! Come on, I’ll talk to Tianshield!”

The superintendent Tiance understood what Levi Garrison meant.

This sentence came out.

He knew that these seventeen people were totally useless.

“Tiance, the supernatural commander, you first send the seventeen people back. After confirming that they are correct, we will release Levi Garrison!”

Black Hawk said.

Tiance Shenshuai deliberately said: “Ah? Then you won’t regret it? I sent the people, but in the end I sent Daxia side by side with Wang Zhen.”

“Don’t worry! He is too weak for us, he can be caught all the time! I won’t fail to keep my promise!”

Black Hawk looked at Levi Garrison with disdain.

In their eyes, it is indeed the case.

Anyway, Levi Garrison was too weak, and he would catch him whenever he wanted to.

There is no need to do anything to lose face.

What's more, he still wants Levi Garrison to see the next thing alive...

Levi Garrison has been closed for a while, and it doesn't mean anything.

The plan of the Sky Shield Bureau was to release Levi Garrison next and then catch him back.

Then let it go, and then catch it back.

Provocatively despised Levi Garrison and Daxia again and again!

This is much more interesting than staying closed all the time.

After the negotiation.

The superintendent Tiance immediately found the seventeen agents who had been arrested.

Send someone to send them back to Warhawk Nation!

About seven or eight hours later.

Seventeen agents successfully reached the War Eagle Nation and were picked up by the Sky Shield Bureau to the designated location.

It is confirmed that they have not been interrogated, and no information has been disclosed.

The Sky Shield Bureau, especially the Black Hawk agent, let out a long sigh of relief.
