

The Return of the God of War [The Protector] Chapter 2664

He must not expose any information in the Lab of the Gods...

Never let the world know that the Lab of the Gods still exists...

“Next, it’s time for us to let go!”

Agent Black Hawk returned to the base where Levi Garrison was detained.

He rushed his hand and ordered: “Open the locks on him! Send him back to Daxia!”

At this moment, Levi Garrison smiled mysteriously at them suddenly.

“No trouble, I’ll open it myself!”

As soon as the voice fell, Levi Garrison tried hard.

“boom!”

“哐啷!”

“哐啷!”

The terrifying force directly shattered the locks that Sky Shield Bureau thought “it would be impossible to open it anyway.”

Shattered before everyone’s eyes.

The scene suddenly became quiet...

Agent Black Hawk was stunned.

Agent Blade was stunned.

The polar bear agent was stunned.

...

Everyone present was stunned.

Everyone’s eyes are cracked, their scalp bursts, and the whole person is going crazy.

Oh my god!

Oh, God!

What did they see?

What did they witness?

Is all this true?

Are you dreaming?

“Papa.....”

Others slapped themselves severely.

Make sure you are not sleeping or dreaming.

All this is true!

“Really, my God, all this turned out to be true!”

Unbelievable!

unimaginable!

No one knows the horror of this shackle better than them.

This lock is the trump card of the Sky Shield.

He actually has nothing to do with the Lab of the Gods.

It's Tianshield's own thing.

As for the technology, I don't know where Tianshield got it.

It may also be developed by yourself!

The material is even more rare!

You can't find it in the world at present!

I don't know where the Sky Shield Bureau got it.

But they have done a lot of testing.

Once a person is locked, it cannot be opened at all without the help of external force.
