

## The Return of the God of War [The Protector] Chapter 2676

But after Levi Garrison shouted out, everyone didn't react in any way.

Still fighting.

Seeing this, Levi Garrison couldn't help raising his tone and shouting: "Stop! It's all over!"

This sound is very penetrating.

Enough to hear the entire Kunlun Academy.

When everyone in the fight heard it, they stopped one after another.

stunned.

Everyone looked at Levi Garrison incredulously.

"Levi Garrison, did you deliberately?"

"I really want to kill you! Are you deliberately making trouble?"

...

Seeing that it was Levi Garrison shouting, no one agreed.

I felt that Levi Garrison was sabotaging on purpose.

“The selection is over. If you continue to fight, who are you calling?”

Levi Garrison sneered.

Everyone was about to condemn.

The superintendent Tiance stood up and said: “Wrong! It is indeed over!”

“The selection list for the dean and deputy dean has come out! I will announce it later! Those who are selected can directly report to the dean and deputy dean!”

Tiance Shenshuai continued.

This word came out.

No one pays attention to Levi Garrison anymore.

Don't even know when he left.

All of them just think about whether they have been selected...

Excited to the extreme!

“Next, I... wait a moment...”

Um? It seems that there is no need to announce it! “

When Tiance was about to make an announcement, he realized that Levi Garrison didn't give him a list at all.

Just as he was melancholy, he glanced.

But saw a scene in the field.

He smiled.

It turned out that Levi Garrison had arranged it a long time ago.

“Ah? No need to announce? What's the matter?”

All the students in the field were dumbfounded.

They are scared.

Could it be that something has changed?

But don't!

One by one looked at Tiance Shenshuai with worry and fear.

“No need to announce it!”

The handsome Tiance nodded.

“Touch your face! The red blood is chosen!”

Tiance Shenshuai continued.

He just glanced.

It was found that some people in the crowd were marked with red blood on their faces.
