

# The Return of the God of War [The Protector] Chapter 2701

“But! Just follow my plan! Disasters can be prevented! But the risks and losses you mentioned all exist!”

After hearing what Levi Garrison said, Lu Xiong’s brows clenched.

Levi Garrison meant to say that according to his plan, whether this disaster comes or does not occur.

It can be prevented!

But all kinds of risks exist!

This is equivalent to betting again.

But putting aside the risk, Levi Garrison is still sure!

Lu Xiong could see this.

“Do you dare to bet?”

Lu Xiong asked.

Levi Garrison nodded: “I dare to bet! Even if I am a sinner through the ages, I dare to bet!”

“Okay! Just wait for your words! Then I, Lu Xiong, will support you unconditionally!”

Lu Xiong said.

“Lao Lu, calm down! Do you know what you are doing?”

“You have to understand your identity, you are not suitable for making such a decision!”

The others are anxious.

Shouted immediately.

“I know! My bet is on him! I will take it if something happens! I am willing to take any responsibility!”

Lu Xiong said calmly.

“No! You can’t bear the responsibility! You bear thousands of people! It’s the entire Daxia! What are you responsible for? Death? Is it useful?”

Xiao Liejun said.

The others also said: “Yes! Once this matter starts, there is no way back! No one can afford to take responsibility!”

Lu Xiong still unswervingly supported Levi Garrison: “I choose to trust him! I have intuition, and he can turn the sky over! He can definitely!”

“Then let’s vote for Yanlongwei internally! Fair and just!”

Hong Qingcang proposed.

“Okay! Voting is fair and just!”

Everyone agreed.

“you.....”

Lu Xiong glared at the crowd fiercely.

Isn't this obvious?

Do I still need to vote?

“Okay, support the king's raise of the word side by side!”

Hong Qingcang shouted.

Only Lu Xiong raised his hand in the court.

Everyone else looked at each other.

“Well, don't support the raising of the hand of the word side by side king!”

“Wow!”

“Wow!”

...

Everyone raised their hands one by one.

The situation is obvious.

The results of Yanlongwei’s internal voting that Daxia decided on came out...

Of course it does not support Levi Garrison!

“I tried my best... I have no idea...”

Lu Xiong looked at Levi Garrison helplessly.

“One word side by side, this is the result! No one can support you!”

Everyone said.

“Nothing! I’m satisfied with one vote!”

Levi Garrison smiled.

“But it is possible that what the king said side by side is also possible. Next, we will send people to investigate and find clues...”

Xiao Liejun's words were comforting.

After leaving Yanlongwei.

He took a deep look.

What should I do next?

Let the disaster come?

Regardless?
